| Madoff, Michelle | Comments - Bill No. 1331 - (Cooperation) Housing Authority for the administration and implementation of the "Rehabilitation and Modernization of Housing for Low and Moderate Income Persons" Program                                                                                                                                                   | 1374 |
| Madoff, Michelle | Possible cutbacks in the Department of Environmental Services, specifically the refuse workers and the number of crews                                                                                                                                                                                                                                  | 1379 |
| Madoff, Michelle | Proposing that budget discussions begin about April or May                                                                                                                                                                                                                                                                                              | 1380 |
| Madoff, Michelle | Problem that is being created by the situation of only eight (8) members of Council - not enough people to assure that there would be five votes or six votes if necessary to override a veto                                                                                                                                                           | 1381 |
| Madoff, Michelle | Post Agenda on Wednesday, September 28, 1988 at 1:30 P.M. to discuss the Buhl Science Center                                                                                                                                                                                                                                                            | 1383 |
| Madoff, Michelle | Discussion of the wage tax, City of Pittsburgh's wage tax is 2.215 and the School Board has a 1.9 wage tax                                                                                                                                                                                                                                              | 1384 |
| Madoff, Michelle | Post Agenda on Wednesday, September 28, 1988 at 1:30 P.M. to discuss the Buhl Science Center                                                                                                                                                                                                                                                            | 1385 |
| Madoff, Michelle | Discussion - Bill No. 1444 - Declaring the week of October 9-15, 1988 as "Fire Prevention Week"                                                                                                                                                                                                                                                         | 1389 |
| Madoff, Michelle | Tax Reform issue - the wage tax is precieved as four (4%) percent even though Pittsburgh's wage tax is 2.215 and the School Board has a 1.9 wage tax                                                                                                                                                                                                    | 1406 |

#### ONE-HUNDRED TWENTY-FIFTH COUNCIL

SOPHIE MASLOFF ..... President  
MICHAEL PERRY ..... City Clerk  
LINDA M. JOHNSON .. Asst. City Clerk

Pittsburgh, PA  
Monday, January 4, 1988

In accordance with the provisions of the Act of the Assembly of the Commonwealth of Pennsylvania, approved May 31, 1911, the Members-elect of the Council of the City of Pittsburgh, together with those holding over, convened in the Chambers at 10:00 a.m.

The Council was called to order by Michael A. Perry, City Clerk, who acted as Chairman Pro tem of the meeting.

#### Mr. Perry:

This being the day and the hour fixed by the Act of Assembly of the Commonwealth of Pennsylvania and the Pittsburgh Home Rule Charter for the organization of the Council of the City of Pittsburgh, the One Hundred and Twenty-Fifth Council will be in order.

Please rise for the Pledge of Allegiance to the Flag, and will you please remain standing for the invocation which will be delivered by Father Joseph

Kurutz, Pastor of Saint Raphael's Church.

I pledge allegiance to the Flag of the United States of America and to the Republic for which it stands, one Nation, under God, indivisible, with liberty and justice for all.

#### Father Kurutz:

Father in heaven, we glorify your name and ask you to forgive us any action or word that lessens that glory. As we anticipate the new year we ask your blessings on those who would govern the people of Pittsburgh.

Open their hearts to your word. Guide them to keep only those qualities that reflect the image of your perfection.

Father help them to govern with charitable wisdom so that they may approve the better things for the people being served.

May he grant the members of Council health enough to make work a pleasure, wealth enough to support their needs, strength enough to battle difficulties and overcome them.

Patience enough to work until some good is accomplished, charity enough to see the good in every person, love enough to move them to be useful and helpful to others.

Faith enough to make real the things of God, and hope enough to

remove all anxious fears concerning the future.

I pray God in his kindness will grant Mayor Caliguiri a renewed wholeness of strength and health so that he may continue to serve the City of Pittsburgh for many years.

We ask this as your adopted children bound by your love and conceived in your love. Amen.

Mr. Perry:

Thank you, father.

Thy first order of business will be the presentation of Certificates of Election.

**Mr. Perry:**

We are honored to have with us the  
morning The Honorable James J. Hanley,  
District Magistrate for the 15th & 31st  
Wards, who will administer the Oath of  
Office to Michael F. Coyne.

**Magistrate Hanley:**

Raise your right hand and repeat  
after me.

I, Michael F. Coyne, do solemnly  
swear or affirm that I will support the  
Constitution of the United States, and of  
this State, and the Charter of this City,  
and that I will faithfully discharge the  
duties of the office to the best of my  
ability.

The Oath of Office was  
administered by Magistrate Hanely and  
Michael F. Coyne signed the oath.

**Magistrate Hanely:**

Congratulations.

**Mr. Perry:**

We also have with us the Honorable  
W. Terrence O'Brien, Judge, Court of  
Common Pleas, who will administer the  
Oath of Office to Jim Ferlo.

**Judge O'Brien:**

Raise your right hand and repeat  
after me.

I, Jim Ferlo, do solemnly swear or  
affirm that I will support the  
Constitution of the United States, and of  
this State, and the Charter of this City,  
and that I will faithfully discharge the  
duties of the office to the best of my  
ability.

The Oath of Office was  
administered by Judge O'Brien and Jim  
Ferlo signed the oath.

**Judge O'Brien:**

Congratulations:

**Mr. Perry:**

Also, The Honorable Walter R.  
Little, Judge, Court of Common Pleas,  
who will administer the Oath of Office  
to Otis Lyons, Jr.

**Judge Little:**

Raise your right hand and repeat  
after me.

I, Otis Lyons, Jr., do solemnly  
swear or affirm that I will support the  
Constitution of the United States, and of  
this State, and the Charter of this City,  
and that I will faithfully discharge the  
duties of the office to the best of my  
ability.

The Oath of Office was  
administered by Judge Little and Otis

Lyons, Jr. signed the oath.

**Judge Little:**

Congratulations.

**Mr. Perry:**

We also have with us The Honorable Lawrence W. Kaplan, Judge Court of Common Pleas, who will administer the Oath of Office to Michelle Madoff.

**Judge Kaplan:**

Raise your right hand and repeat after me.

I, Michelle Madoff, do solemnly swear or affirm that I will support the Constitution of the United States, and of this State, and the Charter of this City, and that I will faithfully discharge the duties of the office to the best of my ability.

The Oath of Office was administered by Judge Kaplan and Michelle Madoff signed the oath.

**Judge Kaplan:**

Congratulations.

**Mr. Perry:**

Also, The Honorable Leonard W. Boehm, District Magistrate for the 29th & 32nd Wards, who will administer the Oath of Office to Jack Wagner.

**Magistrate Boehm:**

Raise your right hand and repeat after me.

I, Jack Wagner, do solemnly swear or affirm that I will support the Constitution of the United States, and of

this State, and the Charter of this City, and that I will faithfully discharge the duties of the office to the best of my ability.

The Oath of Office was administered by Magistrate Boehm and Jack Wagner signed the oath.

**Magistrate Boehm:**

Congratulations, Jack and Happy Birthday.

**Mr. Perry:**

Being that the newly elected and re-elected members of Council have been duly sworn-in, the Clerk will call the roll.

**PRESENT:**

|                 |              |
|-----------------|--------------|
| Mr. Coyne       | Mrs. Masloff |
| Mr. DePasquale  | Mr. Pollock  |
| Mr. Ferlo       | Mr. Wagner   |
| Mr. Lyons, Jr.  | Mr. Woods    |
| Michelle Madoff |              |

**Mr. Perry:**

Nine members present.

The next order of business is the nomination and election of the President of City Council, nominations are now in order.

**Mr. Lyons:**

Mr. Perry, I rise to brace in nomination the name of the Honorable Sophie Masloff to be President of this Council.

**Mr. Perry:**

Sophie Masloff has been nominated.

Michelle Madoff seconded the motion.

**Mr. Perry:**

No seconds required.

**Michelle Madoff:**

I did it anyway.

**Mr. Perry:**

Okay.

Any more nominations?

**Mr. Ferlo:**

Mr. Perry, Members of Council, ladies and gentlemen, I place before this body the nomination of Councilman Jack Wagner for the office of President of City Council.

**Mr. Perry:**

Mr. Wagner has been nominated.

**Mr. Ferlo:**

In announcing his desire to be Council President, Mr. Wagner has proposed some important and quality changes in both the character and role of Council and its Committees.

He has made a commitment to address the problems of Pittsburgh by creating something new and preserving something old by following the mandate of our charter and the rules of Council.

Mr. Wagner over the past four years has been a leader on Council. He has been independent, constructive and he has worked diligently to make Council fulfill its legislative mandate. I have not always agreed with every issue and position taken by Councilman Wagner nor will I necessarily in the future, but all of us on Council can be assured that with Mr. Wagner as President we can expect

someone who will democratically conduct the affairs of Council, will articulate the need for legislative independence, will engage department directors as well as the public in a fear and hospitable fashion, will actively seek out the opinion and concerns of all Council members on important issues facing the city, and will provide new and energetic leadership as this Council and our city attempt to resolve many pressing issues.

Ladies and gentlemen, fellow colleagues please give Mr. Wagner your utmost consideration. Thank you.

**Mr. Perry:**

Mr. Wagner has been nominated.

Any more nominations? Any more nominations? Any more nominations?

**Mr. DePasquale** moved to close nominations.

**Michelle Madoff** seconded the motion.

Which motion prevailed.

**Mr. Perry:**

Clerk will call the roll on the election of President of City Council.

**Mr. Wagner:**

City Clerk, may I comment?

Mr. Perry, Members of Council, ladies and gentlemen, first of all I want to thank Mr. Ferlo for nominating me for the very important position of President of Council. As all of you know I've served on this Council for four years and I have been an open, visible person not only accessible to all of you, but also accessible to the public, the news media, and all people in the City of Pittsburgh.

In running for the Presidency of Council, I want to state clearly why I'm running and the platform of which I am running on. We have done extensive research in our office pertaining to Council and the history of Council, and I am always of the belief that we must look inward to determine if we need to make change. Not only change in personnel, but also change in the positions, the platforms, the committee structure, and how Council is run.

I firmly believe that the residents of this city have asked us to do that repeatedly, and in researching the past of Council, I firmly feel that there is a great need in changes in the make-up and the structure of Council, and looking at the Committee structure of Council we have found that there has not been significant change in the Committee structure of Council for over 45 years. When I say significant change I mean change addressing the problems of the City of Pittsburgh. No matter who is elected Council President today and I believe certain people have better odds than others, but no matter who is elected as Council President today there is a great need to look at improving Council by changing the Committee structure.

I have proposed certain changes and I want to briefly go over them with you. I believe we need a Committee on Council pertaining to economic development and the retention of jobs in the City of Pittsburgh.

Presently, we have a Committee that is listed as the Committee on Planning, Housing and Development. It is a very important Committee of Council but it contains too much. It contains the Urban Redevelopment Authority, the Housing Authority, the Planning Department, Zoning, and many other responsibilities.

I firmly feel we should zero in on the economic area along with the Administration to address that concern. I also feel in the area of finance we should become actively involved in local tax reform. I know the Mayor has proposed an excellent program to Harrisburg on tax reform. I feel it's the duty of this Council to become actively involved in that lobbying effort.

Some other proposed changes that I would like to see occur are in the area of Public Works and Water. We all know the load of legislation that passes through this Council. In some Committees there is significant legislation in others there hardly none. Those two departments Public Works, and Water I feel should be under one Council member, and I think that would be the appropriate way to change and improve Council. In addition I'd like to see greater importance placed on the Environmental Services area in city government. Presently it falls under the Committee on Public Works. There is a great need with the problem in our country as it relates to landfills and the expiration of our landfill contract in 1988 to address that problem. I would like to see a Committee pertaining to that.

Other Committees I think should remain the same, such as Public Safety, such as Parks and Recreation, and I'd like to see an improvement in the Committee on Hearings also, which is the responsibility as this present time of the President of Council.

I firmly believe there's a greater need for inner-governmental communication between this Council, this City, and the City School Board. I think these changes are necessary on Council. They are some of the new ideas that I would like to see proposed or considered no matter who is the

President of Council, and in addition to that I there's a need to look at the old, the charter, the rules of Council and begin to enforce those rules as they relate to the charter and to the rules of Council.

One significant area I believe is in the attendance of Council. I firmly believe that we should have a better attendance record on Council, and I'm stating that publicly.

I also think there's a need to enforce not only that rule but the decorum on Council, and I want all of you to know that if I am elected Council President, I will do that. Not only changes in the Committee structure, but changes to improve the old rules, to enforce the old rules here on City Council.

Lastly, I simply want to state that I appreciate the support that has been given me, the commitment that has been given to me for the President of City Council. Not only Mr. Ferlo but many members of the public have supported me in this endeavor. I'm not sure how it will turn out, we'll know within seconds, but I want to thank each and everyone of you, thank you.

**Mr. Perry:**

At this time, would any member care to withdraw his name?

Clerk will call the roll on the election of the President of City Council.

**Mr. Coyne:**

I cast my vote for Mrs. Masloff.

**Mr. DePasquale:**

I cast my vote for Mrs. Masloff.

**Mr. Ferlo:**

If I have nothing else but a sense of commitment and a willingness to keep it, I'm going to follow through and support Mr. Wagner.

**Mr. Lyons:**

I cast my vote for Mrs. Masloff.

**Michelle Madoff:**

And for the first woman of the City of Pittsburgh as President of Council, it is my pleasure to vote for Sophie Masloff.

**Mrs. Masloff:**

I cast my vote for Mrs. Masloff.

**Mr. Pollock:**

I cast my vote for Mrs. Masloff.

**Mr. Wagner:**

I cast my vote for Mr. Wagner.

**Mr. Woods:**

I cast my vote for Mrs. Masloff.

**VOTING FOR MRS. MASLOFF:**

|                 |              |
|-----------------|--------------|
| Mr. Coyne       | Mrs. Masloff |
| Mr. DePasquale  | Mr. Pollock  |
| Mr. Lyons       | Mr. Woods    |
| Michelle Madoff |              |

**VOTING MR. WAGNER:**

Mr. Ferlo  
Mr. Wagner

**Mr. Perry:**

Mrs. Masloff has been elected as President of City Council.

**Mr. Woods:**

Mr. Chairman, I would like to make a motion that for the unity on Council that we make it unanimous all nine members voting for Mrs. Masloff.

**Mr. Ferlo** seconded the motion.

Which motion prevailed.

**Mr. Perry:**

Mrs. Masloff receives a unanimous vote.

The Honorable Rita Wilson Kane, Register of Wills, will administer the oath of office to Sophie Masloff, President of City Council.

**Mrs. Kane:**

Sophie Masloff, will you raise your right hand and repeat after me.

I, Sophie Masloff, do solemnly swear or affirm that I will support the Constitution of the United States, and of this State, and the Charter of this City, and that I will faithfully discharge the duties of the office to the best of my ability, and with fidelity.

Congratulations.

**Mr. Perry:**

Members of Council, ladies and gentlemen, may I present to you the President of the Council of the City of Pittsburgh.

**Mrs. Masloff, President of Council:**

Thank you Mike, thank you very much.

I am honored with the confidence you have placed in me in assuming the important responsibilities as President of

this Council. It is a great thing that Council has finally chosen a woman to lead it and I am especially grateful that I am the woman it has chosen.

You know, I've been reading in all the newspapers and hearing on all the broadcasts that I'm grandmotherly, that I'm like everyone's grandmother. This is truly remarkable for a woman of 45.

Again, I am delighted that Pittsburgh now joins the ranks of cities with women as Council President, and I am grateful to all of you who made it possible.

I am especially grateful to a few people whose support I would like to briefly acknowledge at this time. Through all my years in the public sector, my family has been most supportive. Perhaps it is a cliché that a public official is never off duty. But it can still be difficult for families when home life is interrupted by unscheduled meetings and other public business. Through all these years, my husband Jack has been supportive and understanding, and just as wonderful as can be. I've thank him many times privately, and Jack, I would like to thank you now, publicly, for all the wonderful years.

My daughter, Linda couldn't be with us, but her daughter Jennifer is here. Jennifer, will you stand up for a moment? Your mother will say I'm spoiling you again, but you're the best granddaughter a grandmother could have.

I would also like to express my deep appreciation to Rita Wilson Kane. In addition to her distinguished public service, Rita is a lifelong friend and advisor, and there aren't words enough to express my appreciation and affection for her. So Rita, let me just say, thank you.

And I am so thrilled that Mayor Caliguiri is here today. Dick, I know you're not one to seek the spotlight, but it has been my pleasure to serve on City Council for your entire tenure as Mayor. Your courage and leadership have brought Pittsburgh to the forefront of American cities. It's been rewarding to work with you, and I look forward to working with you to maintain the City's momentum.

Finally, I'd like to ask Loretta Miller to stand. As those of you who phone my office know, Loretta is my aide, and she works long and tirelessly for the City. Loretta, they tell me it's going to get even harder, so hand in there, and thank you sincerely.

As a member of Council these many years, I have observed some of the trials and tribulations of the President and the restraint required on occasion in wielding the gavel and I have given some thought to having the walls of my office padded.

However, being a person of a positive nature, I believe that my experience as a member of Council has prepared me to conduct the business of this body with fairness and with dignity.

As a daughter of immigrant parents, I have traveled a long, eventful road working in the public service.

It has been rewarding in the sense that over the past four decades I have witnessed the dramatic physical and environmental changes that have won us national recognition as America's most livable City — and even more so in the fact that I have been able to make a real contribution in the City's progress as an elected official.

I look forward to joining my colleagues in Council — both as a

member and now as President — in continuing to work together in the best interests of the people of Pittsburgh. We must remember that it is the average person on the street to whom we are responsible.

I cannot succeed in my new duties without your assistance and support. In the coming year, Council will face many new challenges — in maintaining the City's economic stability and stimulating growth in all areas of development.

We can expect diverse viewpoints on matters of City business coming before us — with the usual debates and controversy. That's as it should be.

However, in doing so, I would hope that we do respect the viewpoints of all members so that we can conduct our sessions in a calm and orderly fashion — in a manner that will ensure the respect and confidence of the people we serve.

As those of you who have worked with me in Council know, I am a woman of few words — and even with the pride and satisfaction that I feel at this moment, I will be brief.

I would like to welcome to the Council table, our new members, Otis Lyons, Jr., Jim Ferlo and Mike Coyne.

I look forward to working with you and if there is any way that I can be of assistance to you, do not hesitate to ask. I hope that your service as members of City Council will be both productive and enjoyable.

In closing, I would like to confirm my dedication to helping establish a record of achievement, a record on which all Council members and Mayor Caliguiri can proudly stand for re-election in 1989. And even more importantly, I confirm my commitment

to helping the City of Pittsburgh successfully meet all the challenges of the future.

Thank you all very much.

**Mayor Caliguiri:**

Thank you so much Madam President and that certainly has a nice ring to it, we'll all have to get use to. It's indeed a pleasure to be with all of you today, and I can assure that '88, Otis is going to be a much better year for you and I. We're going to be stronger people for it, there's no doubt about it.

Madam President, and allow me to congratulate Sophie and your words are well taken and I can assure you I will reciprocate and work very very closely with you and members of Council to make '88 even a better year for the City of Pittsburgh, and also allow me to congratulate the newly elected members of Council, Mike Coyne, Jim Ferlo, and Otis Lyons. You certainly worked tirelessly in this year to get where you are now today and I certainly look forward to working very closely with the three of you, and of course Michelle Madoff and Jack Wagner the two incumbents that were re-elected. Again, I look forward to working with each and everyone of you, and to all members of Council that are here today.

1988 is going to be a critical year for Pittsburgh, and it's a year that we must work closer together. Some of your comments Jack are well taken, that we must form a partnership within ourselves, we must communicate even more than we have before. Because only in that way can we begin to do the things that your supporters and the people out there recommend and expect of us. We've got to do this in order for Pittsburgh to continue to move ahead, and I certainly make that commitment to

all nine of you, that we will work together, the department heads, the Administration, the Mayor's Office and yes myself personally want to work a lot closer, because our agenda is full. There are many things we have to do. Starting with tax reform, which is just a few weeks away. That will open the door to many things for the City of Pittsburgh to continue to move forward, and I need each and everyone of you. I refuse to do it alone, nor the Administration, we need you as members of Council, we need City Council to help get the Legislature to put this legislation through. Plus all the other legislation that is necessary to keep Pittsburgh the number one City, and I also look forward to your own legislation that will be initiated at this end.

Again, the Administration doesn't have a corner on proper legislation. It comes from both sides because we are partners, we are in this together. It has to be that way. That commitment is to you, to you and I. The commitment also to the people in this audience and to the citizens of this City that we will work close with them in 1988, because we do have a proud City, a very warm City, a very caring City, and a City that is very very progressive. In order to keep it that way all of us each and everyone of us have got to continue to work with one another. That is my commitment to you, that is my commitment to members of City Council, and let me tell you I look forward to 1988 with all the vigor, all the energy, all the electricity that I have inside me, and there's plenty inside me today, I can assure you, and I hope it's working.

They say you change these things only every ten years, but I'm going to work this darn thing so hard they're going to have to change it every two years in me. Again, to all of you for all your support, your encouragement, I will work

twice as hard in 1988 for this great City and this great people of Pittsburgh, thank you all and God bless of all you.

**The Chair:**

I will now entertain remarks from our newly elected and re-elected members.

**Mr. DePasquale:**

Point of order, Madam President, but Mike isn't the first order of business appointing the Committees before we --

**The Chair:**

No.

**Michelle Madoff:**

Mayor Caliguri, you almost filled my thunder. You should have go together with me.

Mayor Caliguri...Members of Council...Friends and Supporters.

I'm not quite sure whether the first thing I should do is to apologize to the democratic party for getting re-elected...or to thank my friends and supporters for voting for me? Perhaps, the reality is that I wouldn't be here today, if many of the players in the organization hadn't voted for me...So, I'll just thank all of you who worked so hard for my re-election and all who found me worthy of your vote...thank you!

I believe it is appropriate at this time, to talk a little more about reality...the reality we are all confronted with as Pittsburghers...the need for jobs...and when we speak of jobs. We must surely be grateful for the opportunities that await us with the development of the land around the airport...and the expansion and

development in Cranberry Township...and of course...the connecting of the marvelous new highway networks...that will bring residents from these developing residential areas...into Pittsburgh...The hub of the five region county area, west of the Allegheny's, Pittsburgh...where visitors will come by the thousands to enjoy themselves at our new Benedum Center for the Arts...our magnificent symphony orchestra at Heinz Hall...take in a ballet, visit Station Square...catch a Steeler or Pirate game at the stadium...or perhaps these suburbanites will come from these new residential developments...to take in an art exhibit at Carnegie Museum...and a look at the new Buhl Science Center...and then...as the evening comes to an end...they will take this marvelous network of new highways and scoot back...in 45 minutes or less, to their suburban homes...where they don't have to pay a four percent wage tax.

An interesting reality is the 57 percent of the City's work force are non residents who pay wage tax where they live...and yet...on December 25, 1987, Commonwealth Court rejected Mayor Caliguri's suit aimed at allowing Pittsburgh to collect, at least, some reasonable percentage...above the \$10 dollar occupation tax commuters now pay...some small percentage of the four percent wage tax inflicted on Pittsburghers out of the necessity to pay for services and tax exempt amenities we all enjoy...City residents and suburbanites!

Would anyone really want to live in their suburban communities if Pittsburgh didn't offer the availability of infinite entertainment...fine restaurants...excellent hospitals...universities? Of course not!

As Harrisburg wrestles with the proposed new tax reform bills...still on

the back burner...Pittsburgh Legislator's...City Council the Mayor and the Administration, have already indicated that 1988 may end the freeze on tax increases, and worse yet...the serious consideration of cutting back on services...vital services...police, fire, paramedics, refuse workers....certainly no later than 1989 if we don't receive meaningful tax reform...we will see a greater exodus to the suburbs...the population in the last 20 years decreasing from 700,000 to under 400,000 will witness a further population loss.

Now add to this the reality...the forthcoming massive requests for real estate decreases on assessments, because of properties selling for less, in a buyers market...which can severely decrease the anticipated revenues in the general fund...Gateway Towers is a classic example.

The reality is that if we don't rid ourselves of the four percent wage tax we are truly up the proverbial creek without a paddle.

So what do we do? I'm convinced that the Administration and Pittsburgh residents will do whatever must be done...Perhaps, if we are denied tax reform, we will in the mold of Gandhi...take our cars...trucks...buses, whatever, and camp out on the doorsteps of our Legislators in Harrisburg...tie up the highways...so they can't leave until tax reform is a reality and I'm confident Mayor Caliguri would join us...if there is no alternative.....

Certainly, in reality, there are some bright spots....such as the potential to generate new jobs through the development of the Pittsburgh High Technology Center and the incubator businesses, generated by both Pitt and Carnegie Mellon....and of course from my perspective, the best opportunity to

generate new jobs, entrepreneurial jobs, is the long awaited "Riverside Festival" which must break ground this spring!...jobs and salaries, that increase our tax base is the only guarantee of keeping Pittsburgh the most livable City in the country.

Well so much for reality now for my wish list....I hope and pray that this new Council will move into the 21st Century and quickly hire its own legal Council, a Fiscal Analyst to work with our Budget Office....and an engineer to help Council members be better informed so that we don't vote in a vacuum and thus become a truly professional body.

The purpose of these experts would not...be to one-up the Administration, but to help Council in budget deliberations, help us determine funding priorities, and provide an intelligent overview of construction contracts...presently, too often awarded far in excess of the estimate...the most glaring recent example is the second phase of Grant Street, awarded at more than \$1 million over the consultants estimate....this could go a long way towards lowering the four percent wage tax.

In the difficult time ahead...we must put an end to confrontational politics...we must put all differences behind us...from this day forward we must work not only with the Administration, but somehow work out a viable working interaction with the Controller's Office...The City is facing tough times...the constraints of a tight budget do not permit..personal interests to perpetuate adversarial governing...We must all pull together. This doesn't mean we will always agree with the Administration, but perhaps both sides can agree that two heads are better than one...as long as we don't usurp each

others roles...maintaining separation of powers....Personally, while I have voted with the Mayor on almost all major issues, I will continue to exercise my right and commitment to the voters to vote no when I disagree...and as I did on the creation of the Water and Sewer Authority.

But if Reagan and Gorbachev can sit down together for the good of the world...than there is no reason that Council and the Administration can not work together for the good of our community. We are up against the wall folks and we must face up to the realities!

I hope that in the next two years I will continue to be a productive member of Council, continue to introduce meaningful legislation...finish my report on tracking hazardous materials in an attempt to avert another Bloomfield episode...push for a county referendum that would permit Metropolitan government by at least the year 2000. Push for the use of tax abatements to encourage suburbanites to move into Pittsburgh and encourage business to locate here...I will continue to be available to the voters...and trust that I will do you proud..thank you!

**The Chair:**

Thank you, Michelle.

**Mr. Wagner:**

Thank, you, Madam President. Reverend Clergy; Mayor Caliguri, honored guests, my fellow colleagues old and new, ladies and gentlemen, life has a funny way of wearing its history between people and events. So many times when problems seem to press the top of my list; a part of my solution can be traced to the wisdom I have received from my Father and Mother. Families...deep

rooted ethnic ties, are the foundations that make for solid communities within a great City, Pittsburgh. I proudly stand before you on this January 4, 1988 as a check and balance City Council member who cares about 88 neighborhoods with a promise to vote with common sense on behalf of the residents of this great City.

Mayor Richard Caliguri, and the members of Council, old and new, can look back on the policies and voice their opinions for change...but it is the thinkers and the movers that will challenge the future with wisdom of the past so the tomorrows will enrich the lives of our people. The future is now...the rewards will follow, but we must...communicate, and we must have team work, as everyone has said this morning. Solid communication from all levels must open up. No one...no one has all the answers...in many cases the answers will not sit well with the majority of people in our City...and sometimes with the majority of Council...but that is why you and I live in the greatest country in the world, and that is reason why we must communicate. Open your minds...give your opinions...work hard to understand their views. 1988, should be the year we all work to communicate better. With better communications will come better progress...and better progress will bring better team work, and better team work will bring about a better system to polish the number one City in America.

The Wagner platform is simple. It represents hard work, dedication, and goals. My short range goal for the City of Pittsburgh, I referred to briefly before is Local Tax Reform. Without it the City of Pittsburgh will face a serious economic crisis in the near future. The tax reform package suggested my Mayor Caliguri to our representatives in Harrisburg is a good one. City Council, the Mayor and again I stress the

Pittsburgh School Board must work closely, together in this lobbying effort, at the state level to bring about local tax reform as quickly as possible. I have written the Governor, I have written the Lieutenant Governor, I have written every State Senator, I have written every Legislator for changes in the tax structure and I will commit to you that I will continue to lobby each and everyone of them in the near future. Changes in the state law would then permit appropriate recommendations for adjustments in local taxes including and we all are aware the four percent wage tax. However, I must stress again the four percent wage tax must be addressed jointly not only with City government but the Pittsburgh School Board that represents half of that four percent wage tax.

In addition to my short range goal I have a constant long range goal which always been and will continue until we solve the problem jobs for people in the City of Pittsburgh. First we must always strive to keep and maintain the jobs we have. I will drop anything I am doing to work with a company to keep their jobs in Pittsburgh. That's my number one priority as an elected official. This must be the Number one commitment from City Council. I commend the Mayor for doing that in the past with many companies and I commend Governor Casey, publicly for his efforts with Sharon Steel to keep that company alive. Our City Council must do the same with the Clark Candys', Unertl Optical's, and the Wheeling-Pittsburgh Steels'. Our theme must be, what the coach of the Pittsburgh Steeler's has said many many times, "Whatever it takes". A zoning change, a low interest loan or improved infrastructure-we must and I stress we must keep the jobs we have.

My long range goal and I believe the long range goal also must be

economic development. And our greatest economic development opportunity in Pittsburgh relates to our past its our rivers and our riverfronts. We found out just yesterday how important our rivers are to Pittsburgh. Thank God we have two rivers that provide a dependable source of water. We may be the only major City in America that has this asset. We must market our water and we must develop our 35 miles of riverfront property. In the past this has been steel mills, it has been railroad lines along the riverfronts and it has been manufacturing plants. In the future it must be condominiums, technology centers, festival markets, science centers, and marinas.

And it is no secret the one project that is critical to Pittsburgh's future is Riverside, as referred to by my colleague - A Festival Market adjacent to David L. Lawrence Convention Center that will bring 10 million people to Pittsburgh each year, millions in new tax revenues and at least 2,000 new jobs. We must break ground on Riverside in 1988. It is the catalyst we need for downtown and riverfront development in Pittsburgh.

We must also proceed, aggressively, with other important riverfront developments many of which the Mayor has spearheaded: Herrs Island, more commonly referred to now as Washington's Island and I've even heard Lower-Troy Hill as a possibility, Buhl Science Center, and the J & L Technology Center, and other. One other riverfront project I would like to see us pursue is something that hasn't been talked about Brunot Island. A parcel of land in the center of the Ohio River that now houses an idle power plant. The island is 3-times the size of Herrs Island and would make a magnificent condominium development project in the City of Pittsburgh. I have always said, "Give young people a boat

dock, just give them a boat dock and they will move back to Pittsburgh by the thousands." We need marinas and we need condominiums.

Last, but certainly not least, are our 88 neighborhoods and all of you know what my campaign theme was, "Who cares about 88 neighborhoods". We must develop economic programs to assist all of our 88 neighborhood business districts, because they are the heart and soul of everyone of the neighborhoods in the City of Pittsburgh. Just as the downtown is the heart and soul of this City. Those 88 neighborhood business districts are the heart and soul of those 88 neighborhoods. We must find ways to have economic development projects not just in the CD areas, but also in the Brookline's, the Carrick's, the Troy Hill's, and the Lawrenceville's. The neighborhoods that don't qualify for the federal funding, that is key to our future.

We have a great future because we have a great past and because we have great people. It has been my honor to represent you, the people of Pittsburgh, for the past four years, and it is my honor, my sincere honor to represent you again for the next four years.

I would like to just take a moment and mention three important ladies in my life, and I will be completed with my speech. First of all, my Mom is with me and I'd like her to please stand up, Laverne Wagner. Secondly, my wife Nancy, please stand up, and thirdly, sitting between the two of them my Aunt Marie.

Again, I want to thank the other members of my family, all my friends and all of you that have supported me and have stuck with me, and again I ask you to please stay in contact with me. My ideas are your ideas and they are the ideas of the future. Thank you very

much.

**The Chair:**

Thank you, Jack.

**Mr. Lyons:**

Thank you Madam President. When I first decided to run for City Council my campaign consultant Ron Kaiser told me that the first thing I had to do was to get a good organization and then get it into operation with a lot of workers and a lot of money. Well, we had a good organization but I really didn't like the part that I had to do with all of the operating. It seems like it was the doctor's and me who were doing all of that.

I don't know what words can tell you just how proud and honored I am today, and when I can say to all of you, to the voters of the City of Pittsburgh who elected me, to my friends and family who supported me, to the Minister's and their churches who prayed for me, to the doctor's and nurses who care for me, and most of all to our God who gave me another chance to do this bidding, I have a new strength and new resolve to be what I have always wanted to be, a Councilman for all of the people of the City that I so love.

I ask for your support and help. To all of you the only words that I can find, that I can say is thank you, and God bless each and everyone of you. Thank you.

**The Chair:**

Thank you, Otis.

**Mr. Coyne:**

Good morning ladies and gentlemen, as I take the oath of office as a Member of Pittsburgh City Council,

and make my first address as a member of this legislative body, I am humbled by the thought of the great opportunity and serious responsibility that so many good citizens of this City have granted to so few among them as their elected representatives.

Taking the oath of office is for me both an ending and a beginning. This oath marks the end of an exciting campaign for a position on City Council that began a year ago. The successful campaign that so many friends and supporters helped me to wage was the best way possible to meet with and listen to the citizens of Pittsburgh. It was a campaign that was well received by the Democratic City Committee, the press, and everyday Pittsburghers. It was a campaign well run and hard fought. Most importantly, it was a campaign that the residents of this City were willing to support with their vote to show the expression of their concern about the direction of City Council and City government, to all of those I am deeply grateful.

But today it is for me also a beginning, an important beginning. It is the first of many days to come upon which I am called to apply my energy, my experience and my dedication to do all in my power to advance the interests of our City, and to attend to those among us who need the helping hand of a compassionate government.

It is the first day on which the needs of our unemployed, our unskilled, our elderly, our youth, our neighborhoods and our industries become my obligation. It is an obligation that I eagerly accept.

Our City is facing many challenges. We elected representatives must demonstrate our resolve to make unprecedented decisions in times which

are equally as unprecedented.

We are to understand that the challenges of Pittsburgh especially in the areas of job and economic development have a significant impact on the whole region of Southwestern Pennsylvania. We must begin to realize that similar problems in our neighboring municipalities have a significant impact on our City. This realization must plant the seed of a more cooperative future between the City of Pittsburgh, Allegheny County, the State of Pennsylvania and the other municipal governments throughout this region. I am convinced that real solutions to many of our problems will only be reached through this kind of a cooperative effort.

We also live in an era when our political leaders are given high exposure but often fall short of the public's expectations. Too often City Council has not called upon the best in its members to fairly and firmly debate the issues, to vote each member's conscience and then to get on with the next matter of business.

The citizens of Pittsburgh who I met during my campaign do not want us to make headlines for the sake of headlines, or to debate personalities instead of issues. They want us to attend seriously and courteously to the City's business, and to the goals of our region. We must as a body earn their respect. Members of this Council need to be leaders, philosophers and teachers, as well as politicians.

As to the challenges of Pittsburgh, I certainly cannot and will not claim to have all of the answers. I will judge the issues on their merits and do what in my best judgment is in the interest of the City of Pittsburgh. I will treat each member of this Council and all of City government with respect, and expect in

return to get the same. Most importantly, I will remember that it is the people of Pittsburgh who have given me the opportunity to serve on this Council, and the responsibility to govern in their name. Thank you all, very much.

**The Chair:**

Thank you, Michael.

**Mr. Ferlo:**

I want to apologize to those of you who are standing ahead of time; I wish that my comments were as short as my height, but that's probably not going to be the case.

I want to say congratulations to Councilwoman Sophie Masloff, and I want to welcome Mayor Caliguiri, thank Judge O'Brien for swearing me in. Welcome members of the clergy, all the friends and family members who are here today, basically I just want to say to my colleagues and to the people of Pittsburgh...I say Good Morning and Thank You. Thank you for your vote of confidence and thank you for allowing me the opportunity to hold public office for the next two years. Time, this morning, does not allow me to list all the individuals and organizations that are responsible for my victory at the polls--in the endorsement process, in the primary, and in the General Election. I must point out, however, the uniqueness of our campaign effort because it was a truly broad-based coalition of people;

...there were union leaders and there were members of the rank and file;

...there were Committeemen and Committeewomen of the Democratic Party and others frankly who make up the life blood of that organization they were a key component of our campaign; numerous ward chairman and chair

officers came to my aid and I am most appreciative of their support.

...there were neighborhood leaders and there were block club activists played their part;

...police officers, paramedics, firefighters and their families actively supported my campaign;

...we have activist groups such as ACORN and the District Council Coalition proponents who were also there;

...despite my vocal support for the district Council movement Chairpersons from the 3rd Ward, and the 5th, the 12th and the 13th Wards supported me fully as one of the endorsed Democratic candidates as they did so many times in the past for the rest of the ticket;

...we received strong support from the liberal as well as the left community in the City of Pittsburgh. There are many issue groups playing a role with volunteers and contributors from such diverse groups as PAJE, ADA, NOW, NARAL, National Council of Senior Citizens, CBTU, the Gertrude Stein Political Club and the Rainbow Coalition. All of these groups see the potential of Council as a legislative and policy setting body which can respond, in some measure, to their concerns...they trust that I will articulate issues in a new and forthright manner.

...strong and visible support came from elected officials such as our City Controller Tom Flaherty who is here with us today, State Representative Tom Murphy from the North Side and Councilman Jack Wagner. Other good Democrats such as Treasurer Jay Costa, Representative Ivan Itkin and Council President now Sophie Masloff gave me strong support.

...over 500 separate individuals and families contributed money to my campaign. 300 Ferlo volunteers added to the strength of the Committeepeople at the polls this past May. 200 friends door knocked their neighbors in voting

districts throughout the City. They distributed close to 100,000 pieces of literature. Our campaign quite frankly was grass roots to the core. It was a people to people effort with all kinds of people working together. It's what Pittsburgh is all about. Pittsburgh is also about people and neighborhoods living together in harmony. Some will argue that the separate incidents of racial violence in Point Breeze and Morningside were isolated incidents. The important issue is that we can never let even one incident be tolerated or allowed to gain acceptance. All of us—especially those of us in public positions—must speak out adamantly against racism, anti-Semitism, and other forms of bigotry—in any expression or manifestation. We are a city rich with the achievements and heritage of all who came to this country—willingly or unwillingly—seeking a better way of life. We must learn to work together—Black and white alike—our city's survival and well being is at stake—and a future we must all share deserves and demands nothing less than tolerance, cooperation and mutual respect.

I hope that the character of my campaign will influence and set the pace for future campaigns under the new District Council system.

I have some immediate concerns. I hope citizens will call on me to add their voices to these and other issues:

...having approved the creation of the Public Safety Department, I believe very strongly that Council must now provide some oversight on its effectiveness to date...I am particularly concerned about the closing or the alteration of the operations at the No. 4 Oakland police station. I'm particularly concerned about the effectiveness of the first responder program. We must review the efficacy and legitimacy of

testing procedures which have resulted in so many Pittsburghers—Black and white, male and female, being turned down from the Police Bureau. Our professional paramedic workforce should strongly achieve parity in both stature and benefits with their sisters and brothers in the police and fire bureaus.

...Council should not hesitate to debate Councilman Pollock's proposal regarding the lowering of our city's 4 percent wage tax...I am committed to developing a community consensus on the difficult decisions of where to reduce revenues, where to reduce services and where new revenues should or should not come from if state tax reform is not realized in the immediate future. Council itself must become a Grace Commission and better scrutinize city expenditures. All of Council should take a more critical—while constructive—look at the actions of Department Directors and Authority Executives on a whole range of issues. This is the mandate of our Home Rule Charter. Scrutinizing '88 spending I believe should enable City Council to rescind the proposed and unnecessary swimming pool fees and I will formally move for their abolition.

...I hope my election can in some way bolster support for the effort by unemployed Armour workers to re-open a meat processing company—their business plan is completed and I will work to ensure continued public support for this important effort to establish an employee-owned company that I feel will put people back to work, and it's very clear that Mayor Caliguri has been supportive all the way on this project.

...I am concerned and supportive of several projects now under way in the community.

For instance:

I strongly support Bloomfield-Garfield Corporation's effort to reopen an abandoned Giant Eagle under a new Market House concept in that community. It is unfortunate that Pittsburgh taxpayers helped to finance Giant Eagle's expansion of its warehouse in the West End when the result was both union-busting and the closing of many inner-city stores, causing many of our poor and elderly to travel great distances to shop at a supermarket. I will never vote to have public funds earmarked to development projects that contribute to union-busting in our city.

In addition to BGC's efforts, we have the effort of the Lawrenceville Development Council working to establish a small business incubator and the efforts of the Steel Valley Authority to explore the feasibility of making the South Side electric arc furnace productive once again.

I have recently been approached by the Minority Business Development Center which is working to establish a small business incubator in Homewood and I will work to assist them in this minority enterprise effort.

I am quite alarmed at the URA's policy of benign neglect, owning large sections of land in the Black community without a creative and community supported plan for its development.

We have great talent and developing expertise at the community level. Over the next few weeks and months I will work to meet with community and business leaders in each of Pittsburgh's neighborhoods and develop an inventory of their concerns and hoped for projects. I will work creatively and quite frankly politically to muster public and private resources to

support their agenda.

The recent report on the need for a regional economic strategy issued by the Working Group on Community Development should be formally reviewed by City Council through our public hearing and post agenda format. I will work with other Council members to host Pittsburgh's first Town Meeting here in Council Chambers in the evenings so people can come, this Spring where all of Pittsburgh can be invited to discuss these and related issues such as the wage tax debate.

Some time ago Mayor Caliguri announced his desire to create the Mon-Ohio Reconstruction Commission. I believe he hoped for inter-county cooperation and financing of major job creating projects. The plan was visionary and desirable but politically difficult for a number of reasons. Toward this end I will soon propose to the Administration a specific economic development project which I feel can be multi-county in scope, can attract private investment, will be of long term economic value, with the potential to create at least 500 decent paying jobs for Pittsburgh residents.

...I will soon raise for public debate a JOBS POLICY ORDINANCE that would require that development projects receiving public funds in Pittsburgh result in guaranteed hiring of at least 50 percent city residents. Our Renaissance should more directly benefit Pittsburgh residents who are badly in need of work and an opportunity to provide for their families. While some may view this as parochialism on my part I will do everything I can in the next two years to make Pittsburgh City and School Board tax dollars benefit Pittsburgh residents, Pittsburgh neighborhoods, and Pittsburgh-based businesses; especially those in moderate and low income

communities. On a related matter, everyone who works for our City, our School Board, and our public authorities should be residents and taxpayers in the City of Pittsburgh. With unemployment so high in our city—especially among our youth, and this falls most heavily on minority youth in the city—I can see no reason for a non-city resident to be recruited to the city workforce.

New ideas are needed in the area of public housing policy. Rather than tear down Allequippa Terrace I would suggest that we explore a model project whereby residents and tenants in that community develop the capabilities and skills to manage and operate their own community. I find it disturbing that an Authority Director continues in his refusal to meet with community representatives who have legitimate concerns about that agency's policies. We have been too quick to tear down housing in low income and working class communities. We need to promote public and private dollar investment to improve a housing stock in low and moderate income neighborhoods while at the same time providing jobs for the unemployed. Our economic development strategy should include reinvestment in neighborhood housing and community services. Surplus state dollars should be earmarked to investment that takes place in these targeted neighborhoods.

No one in our city should have to go to bed hungry or be in need of shelter. I will learn more about the efforts of the Mayor and the Administration to deal with this crisis and they've done a lot, and if need be I will propose a re-direction of public and private resources to address this calamity.

Throughout our Home Rule Charter we have expressions of Council's independence and the need for creative

citizen input into decision making at all levels of government. All of my background in the community will not be forgotten and I have some unique ideas on how citizen input can be expanded and made more meaningful. My experience on the picket line will not be forgotten and I will continue to speak out on the just concerns of labor and working people in our city.

My roots and upbringing are working class. I grew up with ten sisters and brothers. We didn't have much but we were thankful for what we had. My upbringing and my beliefs have greatly influenced my view of the world. I believe we should build a society that places people before profits and greed. I feel very strongly that Municipal officials have a responsibility to speak out on wasteful and outrageous military spending which has produced an American economy that is uncaring, debt-ridden, non-productive and one that has robbed local governments of badly needed revenues.

I am committed to being a full time Councilperson. I promise to work hard at my job and treat the concerns of individual constituents with as much priority as I would those presented by groups and organized interests that come before this body. If I can help, I will. If it is not within my power to help I will tell you that up front.

In closing, I would like you all to meet some of my family members who were able to be here today, and since I have a big family there's just a few people here...I guess the person whose made all this possible she's even shorter than me and our Honor here today and that's my mother Isabella, also enjoined here today by my sister Carol, my sister Aqualina who likes to be called Lyn, and I hope you all join me in welcoming a new Pittsburgher whose hopefully paying

the four percent wage tax, this is a relative and a new Pittsburgher to our city, he's the Reverend Dr. Roger Ferlo—other than a few months ago the last time I saw Roger was in tenth grade and he's now a city resident, he's here with his wife Ann and his daughter Elizabeth and he's assumed his duties as Pastor of the Church of the Redeemer in Squirrel Hill, and I welcome here to the City of Pittsburgh.

People of Pittsburgh, in closing and to all of you who have assembled here today, THANK YOU!!

#### The Chair:

Thank you, Jim.

In addition to our honored guests, family of our Council people, clergy who have all been introduced, I want to add to the introductions: Controller Tom Flaherty, former Council member and President Bob Stone, and former Council member Jim Lally.

The Chair now wishes to announce the appointment of the Chairwomen and Chairmen of Standing Committees of Council as follows: Committee on Finance - Mark Pollock; Committee on Public Works - Ben Woods; Committee on Planning, Housing and Development - Otis Lyons, Jr.; Committee on General Services - Michelle Madoff; Committee on Water - Jim Ferlo; Committee on Parks and Recreation - Michael Coyne; Committee on Public Safety - Jack Wagner; Committee on Engineering and Construction - Eugene DePasquale; Committee on Hearings and Cable - myself, Sophie Masloff.

Also, the appointment of Council members to the Board of Trustees of Carnegie Library: Jack Wagner, Mark Pollock, Otis Lyons, Jr., and myself, Sophie Masloff.

Also, one member to the Board of Trustees of the Buhl Planetarium: Michael Coyne.

#### MOTIONS AND RESOLUTIONS

##### The Chair:

What is the pleasure of Council with the respect to the adoption of the Rules of Council?

Mr. Pollock moved that the Rules of the proceedings of Council be adopted as the Rules of this Council.

Mr. DePasquale seconded the motion.

Which motion prevailed.

##### The Chair:

We are honored this morning to have with us Rabbi Walter Jacob, of Rodef Shalom Congregation, who will offer Benediction.

##### Rabbi Jacob:

Lord, our God, we are grateful to you for your gifts of dedication and leadership to this our Mayor, to our Council, and to the officer presiding over that Council. We thank you for all your blessings and we ask your gifts of insight, wisdom and creativity upon these men and women who will lead us in the years to come, as they represent a City diverse, so may they also represent a City with a inner-harmony. Bless us in the year at which we have entered so that the optimism and hope expressed on this day may bring us into a good new year. Amen.

##### The Chair:

I will now entertain a motion to adjourn this meeting.

---

And on the motion of Mr. DePasquale

Council adjourned.

1. The first part of the report is a general introduction to the subject of the study. It discusses the importance of the study and the objectives of the research.

2. The second part of the report is a detailed description of the methodology used in the study. It includes information about the sample size, the data collection methods, and the statistical analysis techniques.

# Municipal Record

## Proceedings of the Council of the City of Pittsburgh

VOL. CXXII Monday, January 11, 1988

No. 2

### Municipal Record

#### ONE-HUNDRED TWENTY-FIFTH COUNCIL

SOPHIE MASLOFF ..... President  
MICHAEL PERRY ..... City Clerk  
LINDA M. JOHNSON .. Asst. City Clerk

Pittsburgh, PA  
Monday, January 11, 1988

#### PRESENT:

|                 |              |
|-----------------|--------------|
| Mr. Coyne       | Mr. Pollock  |
| Mr. DePasquale  | Mr. Wagner   |
| Mr. Ferlo       | Mr. Woods    |
| Mr. Lyons       | Mrs. Masloff |
| Michelle Madoff | (Pres't)     |

The Meeting was opened by the recitation of the pledge of allegiance to the Flag of the United States of America.

I pledge allegiance to the Flag of the United States of America and to the Republic for which it stands, one Nation, under God, indivisible, with liberty and justice for all.

#### PRESENTATIONS

##### The Chair:

Before we begin, I want to comment briefly on a change of Committee assignments that I have made, specifically those involving the

Committees on Water and General Services. I want to make it clear that the switch of Councilman Ferlo from Chairman of Water Committee to General Services had nothing to do with his ability to serve in that capacity. I have the utmost respect for his competence and to do a responsible job in any task that is presented to him as a member of Council.

My sole reason for the change was that I had indicated to the senior members of Council that I would try to accommodate them in their preferences as Committee Chairpersons. Councilmember Madoff asked that her Committee assignment be changed from General Services to Water and I acceded to her wishes.

Mr. Ferlo, I want you to know that I have the utmost confidence in your ability.

**Mr. Ferlo:**

Thank you.

**Michelle Madoff:**

Mrs. Masloff, may I comment?

**The Chair:**

Yes.

**Michelle Madoff:**

I want to congratulate you on the fact that when you became President of Council you let everybody's committee

remain as it was and did not change anybody. I'm sure the Administration would have liked to see some changes but you were your own person and you did your own thing.

I would like to inform Council that when we were discussing other matters prior to the announcement of who would have what committee, I had asked you for Water weeks ago and you thought I was joking. I was very serious. I feel that Water provides me a lot of time to do a lot of other projects that I'm in the middle of doing. I did not anticipate when I had asked you for Water that we would have this spill.

I also would like to congratulate Councilman Ferlo; I thought the meeting he convened was very productive. I think that he will be very helpful to me in Water and I would hope that he would help in the same way that anything that he is interested in working on, that I will offer my services as would other members of Council.

I just wanted to get that straight for the record. It was not a change that happened before or a request from me after the fact, but a request from me to you prior to the fact of the appointments but you thought I was joking.

#### The Chair:

Yes. Hereafter, the resolutions that are going to be read and adopted will all be before the meeting starts and I'm asking Councilpeople to limit their resolutions to three. We will have no more than three each Monday meeting. Any that come in after the number of three will be held over to the following week. This week we have two and they're both presented by Councilwoman Michelle Madoff. Would you present the, please.

#### Michelle Madoff:

I wonder if Lou Gaetano is in the audience and would he please step forward.

As you know, my background is in environment and energy and occasionally I do a little consulting in that field. I was not aware of what a tremendous job was being done by the City of Pittsburgh in an area that I think we're going to find very surprising. I picked this up in the newspapers and I was sort of overwhelmed.

#### Michelle Madoff presents

No. 40 WHEREAS, Public Technology Inc., a non profit research association of the National League of Cities, has awarded the City of Pittsburgh's Department of Public Works, under the direction of Director Lou Gaetano, for entering a program which will save the City money through the installation of 28,000 new street lights; and

WHEREAS, Pittsburgh was one of only 13 cities and counties recognized in awards given this month by Public Technology, Inc.; and

WHEREAS, the City will save \$1 million annually in electricity costs by replacing the present mercury street lights with the new energy-efficient sodium lights; and

WHEREAS, this program began in August, 1987 in the West End Area of the City and has reached the North Side, and in five years the entire City will have the new energy efficient lights; and

WHEREAS, the City of Pittsburgh will not have to borrow money to pay for the lights because replacement and installation costs are being paid for by

the contractor, General Electric Co.

NOW, THEREFORE, BE IT RESOLVED, that the Council of the City of Pittsburgh hereby thanks and commends Director Lou Gaetano of the Department of Public Works for his skill, insight and commitment towards saving money for the City of Pittsburgh by moving forward in the field of improved technology.

**Michelle Madoff** moved to adopt the resolution.

**Mr. Lyons** seconded the motion.

Which motion prevailed.

**Mr. Gaetano:**

First I'd like to thank Mayor Caliguiri for supporting it and also for the help of Mina Gerall, Jack Wilson and Rege Recker. Thank you very much.

**Michelle Madoff:**

For the next resolution I'd like to have the immediate world here please. I don't know if someone is here from the Governor's Office; we tried to get someone here. Is there someone here? We tried but we could not. Okay, but we'll send the award to him.

Would the Western Pennsylvania Water Company step forward, please? John Rosa. Duquesne Light representative, Tom Slavonic; Dan Sciuolo Co. Inc., Angelo Sciuolo; Chester Engineers, Don Bertram; Pennsylvania Department of Environmental Resources, Terry Fabian; Water and Sewer Authority, Richard Cosentino; Department of Water, Alex Sciuoli; Department of Public Works, Lou Gaetano; Department of Public Safety, Director Glenn Cannon, Lou DiNardo and Fire Chief John Lahey; Department of

Engineering and Construction, Dave Borenman and Robert Baumgardner; American Red Cross, Sandra Kelly.

We didn't get everybody. I have to tell you, it's very difficult. I want to read the resolution and then make a little quick statement.

**Michelle Madoff presents**

No. 41 WHEREAS, a massive petroleum spill occurred on or about January 2-3, 1988 at the Ashland Oil Company facility in Jefferson Borough, Allegheny County, Pennsylvania which resulted in the release of large quantities of petroleum products, first into the Monongahela River and then into the Ohio River affecting communities in a vast region, causing a gross reduction of water services and severe damage to the aquatic environment; and

WHEREAS, City, County, State and Federal resources have been marshaled to deal with one of the worst inland water waste spills in the nation's history; and

WHEREAS, members of the private and public sector, working around-the-clock in bitter cold weather, performed above and beyond the call of duty by providing essential services under dire conditions; and

WHEREAS, Governor Robert P. Casey, representatives from Western Pennsylvania Water Co., Duquesne Light, American Red Cross, Dan Sciuolo & Co., Inc., Chester Engineers, the Department of Environmental Resources, the Water & Sewer Authority, and the City of Pittsburgh's Departments of Water, Public Works, Public Safety and Engineering & Construction, should be commended for their assistance in providing tank trucks, fire prevention services and for completing months of

work in a matter of days with the coordination and installation of a pump station which will provide up to 8 million gallons of water a day to affected City and suburban area customers.

NOW, THEREFORE, BE IT RESOLVED, that the Mayor and the Council of the City of Pittsburgh commend these individuals as well as all other governmental and private agencies involved in this recent episode for their untiring efforts to insure a sufficient quantity of water during this crisis to preserve the safety, health and welfare of a large number of citizens.

Michelle Madoff moved to adopt the resolution.

Mr. Pollock seconded the motion.

Which motion prevailed.

Michelle Madoff:

You know, numerous other groups worked hard and diligently, including the Coast Guard, the County Public Works Department, but mostly men and women who were the ones on the jobs, some for as long as 48 hours without sleep because I was out there with them, not for a very long time but I saw people who had been working on three shifts without sleep. People were giving them coffee and the neighbors were being kind to them but they were really doing the job. You could see their faces, really the commitment of people in our community that come out in the time of need. These are truly the unsung heroes and the heroines who brought together the communities and contained the effects of this gigantic spill.

I thank all of you and members of the community say thank you, thank you, thank you. I speak for the community.

Before we have any discussion, if I may, I would like to have somebody from West Penn Water, John Rosa or Robert Robowski, would you tell very briefly, in 25 words or less, what happened and what you were able to do.

Mr. Rosa:

I don't know that 25 words or less will take care of it but I'd just like to express my sincere appreciation and gratitude to all of the individuals that were so cooperative in our effort to finish construction of our Allentown booster station from four months to three days. That includes Duquesne Light Company, the City of Pittsburgh, all departments within the City. And I'd just like to express my sincere appreciation to everyone.

Mr. Slavonic:

We had overhead and underground crews working around the clock on Monday night after the oil spill that connected the power up to the new Allentown booster station. We got it on-line within 24 hours after the request.

Mr. Sciallo:

Our company assisted the City Water Department and the others involved in the laying of the 12 inch line so that the water could be transferred from the City to Western Pennsylvania.

Michelle Madoff:

How many people worked and how long did it take?

Mr. Sciallo:

We worked around the clock for approximately three days and the number of people, I think, was probably a dozen or so.

**Mr. Fabian:**

Our activities really involved two facets; number one, continued investigation of the spill and the adverse environmental impact as well as working with the water companies and getting their water intakes and water treatment plants back on line. It's significant that we had to staff three emergency operation centers down at Ashland Oil Company, here in Allegheny County and also up in Beaver County. A lot of employees who worked a lot of long, hard hours, including our operations engineer and our water supply program, Dave Plank, who put in 40 hours straight working with the water companies to get the treatment facilities back on line.

So, it's my heartfelt thanks to the City and to everyone who cooperated with the Department and all of the other agencies in this effort and the fact that it's not myself or any one individual with the Department who worked on it but really the staff or the public servants who served you very well in this case. Thank you.

**Michelle Madoff:**

From the Department of Water, Alex Sciulli, the first Water Director I've ever liked in nine and a half years. I should say respect rather than like.

**Director Sciulli:**

Welcome back, Michelle.

All the other directors are up here but basically I just want to name a couple of people in the Water Department who were very instrumental in making this a success; the Assistant Directors, Tom Bruecken, Jim McNamara and Ed Blair and Clarence Perkins and also special thanks to Donna Sagmeister and Ray Wisloski. Thank you.

**Mr. Gaetano:**

I'd like to thank all the people from the Department of Public Works and all the employees who did come out in that cold weather. I thank you all.

**Mr. Baumgardner:**

Our involvement was with the pumping station at Knox Street and we worked with the Water Department in getting the pumping station started. We were really concerned about the effect it would have on the Pittsburgh system, so we spent a little time at the pumping station getting it under operation.

**Ms. Kelly:**

As you may know, disaster relief services are one of the two congressionally mandates services provided in this country by the American Red Cross. Unfortunately, we've had a lot of practice here in Pittsburgh lately.

We were please to be of assistance in this particular incidence. Shortly after the tank collapsed we opened a shelter at the Thomas Jefferson High School; we had about 50 folks who were there overnight. We thought it was over until Monday evening when we opened the second shelter at the David Lawrence Convention Center. Fortunately, we had no one as a direct result of this incident who took advantage of the shelter.

We have been open at our chapter, have a command center there, and have had it open since the incident occurred, have taken hundreds and hundreds of calls and really pretty much coordinated with the EOC all kinds of offers for water and kind gifts of containers and water and services, volunteers. We just have been there to help in any way that we can. We're really pleased and thank

you very much.

**Michelle Madoff:**

We have three more people to call up but I'd like to make one last thank you.

I think very frequently we get zapped by the media, and probably we deserve it, sometimes we don't deserve it, but I think the media did really a tremendous job. They covered from its inception of the problem. I must tell you I found out about it watching CNN. They were people who really and truly covered every angle and are still working on the problem and I think many of them, I'm sure, were working around the clock to cover the situation.

It's particularly important that we have a good news media when this was a national news story; it was not just a local story. And I personally want to thank them.

Also, I would like to have Glenn Cannon from Public Safety, Lou DiNardo and Fire Chief, John Lahey come up and we'll wind this down. But my real thanks to all of you very much.

**Director Cannon:**

Thank you, Michelle. I'd just like to say on behalf of the men and women in the Department of Public Safety that we are very pleased to be honored today and when we say thank you it goes to all these you have in this line here that let us be able to protect the citizens of our City and in particular when we called Public Works in the middle of the night they all got out of bed and responded, as did the Water Department. Our hazardous materials team was out there long before any other City workers doing an outstanding job trying to stop that. But our Bureau of Fire pumped water for

over 100 hours continuously into the West Penn system and the West View system to make sure that they had some water in there. As you know, the weather deteriorated and that was an outstanding accomplishment.

**Chief Leahy:**

Thank you, Michelle. I'd like to accept this on behalf of the members of the Bureau of Fire and especially the individuals who sat around the clock, 24 hours, on the four engines supplying West Penn and the ones supplying West View water, as well as the Public Works Department, the Water Department and General Services who supported us continually and made sure that our vehicles were fueled and operating at all times.

As the temperature changed, it created quite a few problems for us but as a result of everything working well and the support that we were receiving as part of the Public Safety system, it worked excellent as far as we were concerned. And we believe that the cooperation from all the departments and agencies that were involved made it a successful operation. Thank you.

**Michelle Madoff:**

I really was remiss. This is not really a resolution from Michelle Madoff to all these wonderful people and department heads who work for us. It's really, I am sure, a joint resolution from all of Council including the new President.

**The Chair:**

Yes, thank you.

I want to tell you a true story. Many people have called the Zoo and asked what the water buffaloes had to do

with the water. It's true.

**Mr. Wagner:**

I also would like to compliment all the people here today for the excellent work they did and the people that all of you represent in City departments, water companies, authorities and private companies and also various organizations. I know Councilwoman Madoff has not been remiss; there is also many other organizations involved.

**Michelle Madoff:**

If you think of anybody I forgot, please mention them.

**Mr. Wagner:**

A few I can think of are Meals On Wheels; those people took lots of water, gallons and gallons of water, to shut-ins not only in the City but also outside the City, both Stroh Brewery and also Adolf Coors Company provided tank trucks to supply water to the region, the Salvation Army certainly was extremely involved; I saw them out and about just about everywhere. Cameron Coca Cola donated some of their services and obviously the members of the public that conserved water probably did the most and played the most important role during the emergency crisis. In addition to the media, and the media did, as was indicated, an excellent job on continual coverage both written, visual and the verbal media, constantly was on the air telling us the status of the situation.

But last and certainly not least, I want to compliment people that are not here that I think made all of this possible and it's the people that designed the Pittsburgh water system, the people that designed it decades and decades ago. They designed a system that is an exceptional, a cadillac system in the

industry. Our system has tremendous capacity for lots and lots of water and without that over capacity that the City of Pittsburgh has we could not have supplied West Penn Water with water and West View Water with water and also various tank trucks in many other ways of supplying water. So, that capacity, I believe, gave all of us the ability to do the job and I certainly want to compliment those people. And when I say those people, I mean past Administrations, past Directors of the Water Department, various engineers that were involved in the design of this system. They did a service to this City decades ago that we're just realizing the potential of today.

Certainly last but not least, I hope the word goes out to say that the City of Pittsburgh has a lot of water and we want to sell it. We want to sell it to anyone that wants to buy the water because we have large quantities and high quality of water. And that's something we want to aggressively do in the future and in doing so we can reduce the cost of water to people that live in the City. I believe this is an excellent time for us to begin to do that aggressively because certainly we could not have helped out if we didn't have the water.

**Michelle Madoff:**

I would like to add to that, if I may, and I beg the indulgence of our President. One of the things that I think Jack may want to share with you is that there was a meeting Friday morning of the Water and Sewer Authority. I talked to Jim Roddey about creating a grid in this area, sort of like the Health Department and the Air Pollution Bureau. We need a metropolitan system of water where they can interconnect at any give time. I think that has got to be one of the paramount issues that the

Water and Sewer Authority is going to continue addressing and I believe the issue was raised on Friday.

**Mr. Pollock:**

I've always said that the danger in these mass resolutions is that you're always going to overlook somebody. I know the Dravo Corporation also hauled water at their expense, at no charge, and I'm sure we're missing a lot of other companies that also pitched in and maybe aren't being recognized.

I think we also, as much as it might sound ironic, we also should thank Mr. Hall, the President of Ashland Oil, who has cooperation fully, to my understanding, with all authorities, has been totally candid about the problem and about admitting liability. He stands ready, willing and able to satisfy all claims and I think that, in this era of massive liability and lawsuits, for him to be as candid as he has is truly an uncommon thing.

Finally, I think that we should also point out that much of what Director Cannon and Lou Gaetano and Director Sciulli's departments did, and other departments of the City, was not only for the benefit of the City but for the entire metropolitan area, and even other areas down river. It's times in crises, like the Shaler flood a year or so ago, that the City comes in to bail out the boroughs and townships and I just want to point this out, that it's a two-way street and that when we have our problems, and most of the time it's fiscal ones, that we need their help as well. We're all in this together.

**Michelle Madoff:**

Overheard in the suburbs at a meeting that one of my administrative assistants attended was someone saying,

"We ought to be supporting the City with some money." This only goes to prove that when we had the water it was fortunate for the City of Pittsburgh that it was on the Monongahela, not at the intake on the Allegheny.

**The Chair:**

Is there any further discussion? Now we'll move on to our regular order of business.

**PRESENTATIONS**

**Mr. Coyne presented**

No. 6 Resolution providing for a license to Duquesne Light Company to install, use, operate, maintain, repair, renew and finally remove at its sole cost and expense, two (2) poles, together with crossarms, cables, wires, guys and other necessary appurtenances thereto belonging, upon, over, along, across and through certain property of the City of Pittsburgh situate in the 26th Ward, designated as Block and Lot 76-D-1, in connection with electrical service to Riverview Park

Which was read and referred to the Committee on Parks and Recreation.

**Mr. DePasquale presented**

No. 7 Resolution providing for the issuance of a warrant in favor of Gannett Fleming Transportation Engineers, Inc. in the amount of \$18,900.24 in partial payment of an Emergency Contract to design a tieback wall to stabilize the conditions of distress within the south approach embankment, above and below Melwood Avenue; at the Bloomfield Bridge Project Site, payable from the Bloomfield Bridge Trust Fund. (PRIOR APPROVAL FOR THE ENTIRE AMOUNT OF THE CONTRACT (\$45,000.00) WAS

**GRANTED BY COUNCIL ON JUNE 23, 1986)**

Which was read and referred to the Committee on Finance.

Also,

No. 8 Communication from Paul McDermott, Director, Department of Engineering and Construction, requesting authorization for Anthony Kubit to attend the Mid-Atlantic Institute of Transportation Engineers' meeting at the Holiday Inn in Grantville, PA, December 10, 1987, at a cost not to exceed \$260.00, payable from Code Account No. 1482, Miscellaneous Services, Department of Engineering and Construction. (PRIOR APPROVAL GRANTED)

Which was read and referred to the Committee on Engineering and Construction.

**Mr. Ferlo presented**

No. 9 Resolution providing for the issuance of a warrant or warrants, without previous authority of law, in the amount of \$646.03 in favor of the "National Academy for Professional Driving" for payment of materials to be used in the City's "Hands-On Driver Training Program", not covered under contract. Funds are available in Code Account 1147, Materials, Department of General Services.

Also,

No. 10 Resolution amending Resolution No. 936, effective December 11, 1987, entitled: "Providing for the issuance of a warrant, without previous authority of law, in the amount of \$36,000.00 in favor of Mon Valley Petroleum for payment for the purchase of fuel for the initiation of the "Gascard

Total Fuel Management Program," not covered under contract. Funds are available in Code Account 1144, Gasoline and Diesel Oil, Department of General Services.

Which were read and referred to the Committee on Finance.

Also,

No. 11 Resolution amending Resolution No. 281, effective March 30, 1987, entitled, "Providing for the letting of a Contract or Contracts for the furnishing and delivery of Motorized Fire Equipment for the Department of General Services", by increasing the amount from \$500,000.00 to \$711,000.00, payable from the Capital Project Fund GS87-01, Fire Department Pump and Ladder Trucks, Department of General Services.

Also,

No. 12 Resolution further amending Resolution No. 1187, effective January 1, 1987, as amended, entitled: "Resolution adopting and approving the 1987 Capital Budget and the 1987 Community Development Block Grant Program; and approving the 1987 through 1992 Capital Improvement Program, by increasing a line item and by adjusting the Summary Totals. GS 87-01, Fire Department Pump and Ladder Trucks, Project authorization is being increased by \$211,000.00 to cover the cost for the purchase of a foam pumper truck. Funds are available in Code Account GS 87-01.

Also,

No. 13 Resolution providing for a Professional Services Agreement or Agreements for consultation on "Underground Storage Tank Management" at the City's Garage Facilities at a cost not to exceed

\$60,000.00, payable from Code Account 1128, Miscellaneous Services, Department of General Services.

Also,

No. 14 Resolution providing for a Professional Services Agreement or Agreements for the direct purchase of natural gas for use by City facilities at a cost not to exceed \$10,000.00, payable from Code Account 1134, Miscellaneous Services, Department of General Services.

Which were severally read and referred to the Committee on General Services.

**Mr. Lyons presented**

No. 15 An Ordinance amending the Pittsburgh Code, Title Nine, Zoning, Article III, Chapter 921, Section 921.02, Zoning District Map No. 6 by changing: From "R4" Multiple-Family Residence and "M3" Light Industrial Districts to "S" Special; "R2-T" Townhouse Residence; and "M1" Limited Industrial Districts certain property generally bounded by CALIFORNIA AVENUE; MARVISTA STREET; UNIONDALE CEMETERY; and BRIGHTON ROAD, 21st and 25th Wards.

Also,

No. 16 Resolution approving a Conditional Use Exception under Section 993.01(a)A(44) of the Pittsburgh Code, Title Nine, Zoning, Article V, Chapter 993 for authorization to use the existing structure located at 362 SOUTH NEGLEY AVENUE by Abraxas Foundation, Inc., as a Group Care Facility for 17 youths with full-time adult supervision, 8th Ward.

Which were read and referred to the Committee on Planning, Housing and Development.

**Michelle Madoff presented**

No. 17 Resolution providing for the issuance of a warrant in favor of Marion A. Monheim, in the amount of \$1,600.00 for consulting services rendered to Michelle Madoff, chargeable to and payable from Code Account No. 1001-2, Salaries, Wages and Services of Council. —(SPONSORED BY MICHELLE MADOFF)

Which was read and referred to the Committee on Finance.

**Michelle Madoff:**

Point of order. That money is not money being paid for out of the City Clerk's Office. The procedure is when anyone hires a consultant, for the new members of Council, you transfer your own money over to Mr. Perry and then he pays the money to the consultant. It is not additional funds.

**The Chair:**

We do have a fund, though, for consultants and for solicitors.

**Michelle Madoff:**

Yes, but this is a separate fund; it has nothing to do with our consultant fund. This is a consultant that I've hired and I need to pay her, but the mechanism for paying is to transfer the money to the City Clerk and he then pays. It is not additional funds; it is out of my stipend for my staff.

**Mr. Pollock presented**

No. 18 Resolution authorizing the Mayor to issue and the City Controller to countersign a warrant in the amount of \$788.89 to the Commonwealth of Pennsylvania representing payment required for unclaimed funds for the year

1979, pursuant to the provisions of the Deposition of Abandoned and Unclaimed Property Act of August 9, 1971.

Which was read and referred to the Committee on Finance.

Mr. Pollock moved to suspend Rule 8 by providing for consideration of the bill only until or after the 9th calendar day following the meeting in which the bill was introduced so the bill will be on the agenda this Wednesday.

Mr. Wagner seconded the motion.

Which motion prevailed.

Also,

No. 19 Resolution amending Resolution No. 846 of 1987: "Providing for the filing of an application or applications by the City of Pittsburgh with the Commonwealth of Pennsylvania for a grant or grants in connection with the Job Training Partnership Act; providing for the execution of Grant contracts and for the filing of requisitions and other data; providing for the appointment of the Private Industry Council and authorization for the Private Industry Council and the City of Pittsburgh to enter into agreements authorized by the Job Training Partnership Act; providing for required assurances; providing for execution of payment vouchers and for certification of authorized signatures; providing for a contract or contracts with various agencies/employers for services and programs related to training and employment for the Job Training Partnership Act Projects; and providing for the deposit of funds into a bank account" by deleting the names of individuals holding certain City of Pittsburgh positions.

Also,

No. 20 Resolution providing for an Agreement with Dickie, McCamey & Chilcote, P.C. for professional legal services for the City Controller in the amount not to exceed \$65,000.00, chargeable to and payable from Code Account 1048, Miscellaneous Services, Department of City Controller.

Also,

No. 21 Resolution providing for an Agreement or Agreements with an accounting firm to provide professional auditing services as required by the Pennsylvania Department of Labor and Industry in connection with the Job Training Partnership Act (JTPA) Program at a cost not to exceed \$30,000.00, chargeable to and payable from the JTPA-1 Trust Fund.

Also,

No. 22 Resolution providing for an Agreement or Agreements with a Consultant or Consultants for the design and implementation of City-wide training programs for City employees at a cost not to exceed \$65,600.00, chargeable to and payable from Code Account No. 1100, Miscellaneous Services, Department of Personnel and Civil Service Commission.

Also,

No. 23 Resolution amending Resolution No. 782, (Items C & F) approved October 6, 1987, authorizing the sale of properties in various Wards of the City of Pittsburgh. The reason for the above Amendment is to correct errors as listed below: Item C - Sale of lot at 1343 Montezuma Street, 12th Ward, Block & Lot 173-E-106, to George M. Griffin & Sabrina Griffin, his wife, for the sum of \$450.00. Corrections: Lot size should be 34.66 X avg. 100.66 X 18.38 instead of 34.66 X Avg. 100.66 X

18.33, and the Treasurer Sale number should be 1212 D instead of 1212. Corrections for both the Proposal and the Resolution. Item F - Sale of 2 Sty. Brk. hse. 13th Ward, Block & Lot 175-B-89A to Albert Earl Taylor, for the sum of \$1,500.00. Correction: Address of property should be 7445 Rear Cassina Way instead of 7445 Cassina Way, as recorded on the Resolution.

Also,

No. 24 Resolution Repealing Resolution No. 902, Item F, approved October 13, 1986, which authorized the sale of property in the 16th Ward, being a 2 Story, Brick house, located at 145 Rinne Street, designated as Block 13-S, Lot 38 to Patrick J. Goslin, for the sum of \$5,000.00. The reason for the above repealing Resolution is that the former owners are in the process of redeeming the property.

Also,

No. 25 Resolution providing for the filing of a petition or petitions for the sale of certain properties in various Wards of the City of Pittsburgh, acquired at tax sales in accordance with Act No. 171 of 1984.

Also,

No. 26 Communication from Melanie Smith, Director, Department of Personnel, requesting authorization for Dave Farley to attend the Annual Meeting and Urban Job Training Council in Washington, D.C. January 20-21, 1988, at a cost not to exceed \$600.00, payable from the JTPA-1 Trust Fund. (PRIOR APPROVAL GRANTED)

Also,

No. 27 Communication from Melanie Smith, Director, Department of

Personnel, requesting authorization for Barbara King to attend the PA Hall of Fame of Champions of Older Workers Council meeting in Wilkes-Barre, PA, December 10, 1987, at a cost not to exceed \$320.00, payable from the JTPA-1 Trust Fund. (PRIOR APPROVAL GRANTED)

Which were severally read and referred to the Committee on Finance.

Also,

No. 28 Communication from Mark Pollock, amending the Rules of Council by deleting a portion of Rule VIII(a) which requires that printed copies of bills to sent to each Council Member's home at least 48 hours prior to Regular or Special Meetings and inserting "Printed copies shall be delivered to each Council Member's Office."

Which was read.

Also,

No. 29 Resolution supplementing Resolution No. 1093 effective December 31, 1987, entitled, "Fixing the number of officers and employees of all departments of the City of Pittsburgh and the rate of compensation thereof for the year beginning January 1, 1988" by adding the following sections to the other authorization language to allow the 4 percent wage increase for non-union employees and elected officers.

Which was read and referred to the Committee on Finance.

**Mr. Pollock:**

I make the motion to consider the bill on the four percent wage increase for non-union employees and elected officers today, in Accordance with Section 318 of the Home Rule Charter.

**Michelle Madoff** seconded the motion.

**The Chair:**

What is your amendment?

**Mr. Pollock:**

I was making a motion to consider;  
I haven't made my motion to amend yet.

**The Chair:**

All in favor of the motion?

**Mr. DePasquale:**

What is the motion?

**Mr. Pollock:**

The motion was to consider this, to  
vote on it today, to read it and vote on it  
today, under Section 318 of the Home  
Rule Charter.

**Michelle Madoff:**

And I seconded it already.

**The Chair:**

This is just to pass this today due  
to the fact that this is an increase in  
wages. We have to pass it today in order  
to give the employees their increase. It  
would be too difficult to go back.

**Mr. DePasquale:**

Point of order, Madam Chairman.  
If we don't consider this bill today, is it  
automatically law or what?

**The Chair:**

No, it will just go into Committee.

**Michelle Madoff:**

Clarification on why we're  
considering it today. I believe, in  
conferring with my colleague, that every  
day we delay, it costs the City more  
money and if we do it today it will save  
us money.

**The Chair:**

It would be impossible for the  
Payroll Department to go back  
retroactive if it's paid today. It would  
have to be done manually. So, they want  
to pass it today so that it can go through  
the computer. That's the purpose of  
acting on it today.

**Michelle Madoff:**

Thank you.

**The Chair:**

Is there any further discussion on  
the motion?

And on the question, "Shall the  
motion pass finally?"

The ayes and noes were taken  
agreeably to law, and were:

Ayes:

|                |                 |
|----------------|-----------------|
| Mr. Coyne      | Michelle Madoff |
| Mr. DePasquale | Mr. Pollock     |
| Mr. Ferlo      | Mrs. Masloff    |
| Mr. Lyons      | (Pres't)        |

AYES 7                      NOES 2

(MR. WAGNER AND MR. WOODS  
VOTING NO)

And a majority of the votes of  
Council being in the affirmative, the  
motion passed finally.

**Mr. Pollock:**

Now I make a motion to amend this bill, this resolution, so as to delete the elected officers, specifically only the members of Council, from consideration from the four percent raise. So, only the City Controller and the Mayor would be left in.

**The Chair:**

For the purpose of discussion is there a second?

**Michelle Madoff:**

I will second it but I'd like to further amend it. I have a problem. I do not wish to exempt the Controller from this.

**The Chair:**

He wasn't mentioned. We're just deleting the members of Council. The Mayor and the Controller are staying in. The amendment only deletes members of Council.

**Mr. DePasquale:**

Point of order, Madam Chairman. You have a motion on the floor and a second. She's getting into another motion.

**The Chair:**

Roll call vote on the motion.

**Mr. DePasquale:**

Wait a minute. Did Mr. Pollock say he's deleting the Mayor and the Controller?

**The Chair:**

No.

**Mr. DePasquale:**

No, not deleting the Mayor and the Controller. He's talking about only deleting City Council.

**The Chair:**

Yes, that's the amendment.

**Mr. Wagner:**

I would like an explanation of the amendment.

**Mr. Pollock:**

It's kind of self-explanatory. The way the legislation has come to us, the resolution would include all non-union employees and elected officials which are the Mayor, the City Controller and the nine elected members of Council. My motion to amend would delete the nine members of Council and would leave in the bill the non-union employees, the Mayor and the City Controller.

**Mr. Wagner:**

I have a further question. Has there been a list provided to this Council as to who all these non-union people are and the titles of those positions?

**The Chair:**

No, there has not but we all know who they are. I mean, there is a list of them. The Personnel Office probably knows who all the non-union members are. Those are the ones that are going to be considered.

**Mr. Wagner:**

My question is, why hasn't a list been provided of all those job titles in various departments.

**The Chair:**

We probably could provide it for you later, but not at this moment.

**Mr. Wagner:**

But we are going to vote on this bill today, final vote.

**Mr. Lyons:**

Madam President, in accepting the budget of \$293.3 million, was the raises for everyone included in that figure?

**The Chair:**

Yes.

**Mr. Lyons:**

So, in other words, we have already passed the overall picture for Council and everyone to get the raise by accepting the budget?

**The Chair:**

Yes.

**Mr. Lyons:**

My point is made clear.

**Mr. DePasquale:**

Point well taken.

**Michelle Madoff:**

May I respond, Madam President? We were told at the time that we could not actually vote on the amount or even vote affirmatively to accept our own raises unless and until we met the Home Rule Charter referendum, that it was passed, that we were, as Councilmembers and as elected officials, tied in to the raises. We just found out

what the raises are; the raises are four percent. They could have been three, they could have been ten; they are four. We have the option of accepting or denying ourselves the raise.

I previously had submitted during budget time a letter saying that I had changed my mind and did not want the funds until the issue of taxation reform passed in Harrisburg and that if I got the money I would give it back to the general fund so there would not be any question of I changed my mind because new members coming to Council said we wouldn't have it and there would be sufficient votes to defeat it. I think we just vote our conscience today and we're separating Council from the non-union and the union negotiated four percent increases.

**Mr. Ferlo:**

I disagree with the amendment. I see no need to separate all the elected officials; either we're going to approve across the board four percent for all elected officials, all eleven, or we're not. I see no reason whatsoever to make that type of a judgment.

**Mr. DePasquale:**

I agree with Mr. Ferlo but I want to take it a point further. I wish the maker of the amendment would explain why he's excluding the Mayor and the City Controller.

**Mr. Pollock:**

I'll be happy to explain it. I said publicly and I'll say it here in Council, I think Mayor Caliguiri, or any Mayor who is sitting in the Mayor's Office right now who is being paid only \$59,000 is vastly underpaid. In fact, it's an obscenity that the Mayor only makes this much money. When you look at how much the other

elected officials in this town make, whether it be Commissioners or Legislators or any other elected officials, their salaries are either higher or very, very close. And I'd say Mayor Caliguiri, the Mayor of the City of Pittsburgh, whoever it is, has a 24 hours a day, 7 days a week job and the duties and responsibilities of running this City with the population that we have demand a salary far in excess of \$59,000.

In addition to that, the City Council is in the position of setting the budget. I recently called for drastic cuts in the budget, for lay-offs if possible, for cuts in services, and that is why I feel that as an example and a demonstration of our good faith to cut the budget and to cut the wage tax, that Council should hold it's line on increases but that the Mayor clearly deserves a sizeable increase.

It should also be pointed out that the Directors, after this increase, will be making between \$55,000 and \$57,000. So if you have the Directors between \$55,000 and \$57,000, maybe even some \$58,000, and the Mayor is only \$59,000, there's something totally inadequate with that.

**Michelle Madoff:**

I might point out to my colleague that the Airport Director has always exceeded the salary of the County Commissioners. It sometimes relates to whom you can hire, what their skills and talents are.

I'm not sure that I agree with you; I think being Mayor is sometimes a lot easier than being on this Council. One of the services we offer is scapegoating and when you're a Mayor you have a lot of staff. Even though our stipend for staff has increased tremendously, I could use ten people in my office.

I'm not going to quibble about it because I don't think it's a major issue. I think the major issue is that Councilmembers do get \$33,800. We have tax reform pending. It doesn't look very good from the last thing I heard when I was with the Lieutenant Governor the other day. I think some of the issues you pointed out in your own observation and your estimates that even if we got everything the Mayor wanted, we're still going to be in big trouble. And when we talk about the non-union employees, you're talking about people, I believe, correct me, Madam President, people who are in \$17,000 to \$21,000. We're getting \$33,800 and we do have a lot more responsibility.

I'm willing to waive my raise until the tax reform is approved. Hopefully it will be and that it will generate at least some revenue. I don't think the Councilmembers who have to support their families, and if there are members of this body, I think there may be some, who support their family just on what they earn on Council. I don't know; I'm looking around to see if there's anybody like that. I have other income. I'm not being a heroine, I'm not making some great gesture. It's a very small gesture and a very insignificant gesture by my rejecting the raise. The original reason I had voted for it was that there were maybe particularly some new members of Council who will have to live and support families on their \$33,800. A lot of people may think that's a lot of money but when you're on call — You want to talk about being on call 24 hours a day, 7 days a week, ask the President of our Council; she knows what it's like.

I think we just ought to call the vote and vote.

**Mr. Ferloc**

I still say, Mr. Pollock, in your

consistency in your logic, you're saying that you're willing to bite the bullet and so you want to relegate that responsibility to Council; however, you feel that the Mayor and the Controller deserve the increase. I still don't see the consistency in your logic.

**Mr. DePasquale:**

Madam President, as you know, we have 31 days after the budget is closed to make any deletions or additions. This is the first time in all my 15 years on Council that we have ever had a motion to have a deletion, and it's just nine Councilpersons.

My other curiosity is, we have three departing members, not to mention their names right now, who voted on this issue and voted, I believe, in favor of it. We're undoing the action of the 1987 Council through the 1988 Council and I think it's illegal. Absolutely.

**Michelle Madoff:**

One last comment, if you will indulge me. I had raise the same issue that Councilman DePasquale is raising and I was told by then President Mr. Woods that I was wrong, that we couldn't vote on it and we'd have to vote on it after we got back. So now, based on that information, we are now voting on our salaries.

I'd like to make a suggestion that we vote on the four percent for the non-union employees separately, for the Mayor and the Controller separately, and for Council separately, because if one goes down, it may take everything with it.

**The Chair:**

No, it won't. The amendment will only delete the members of Council from

the bill.

**Michelle Madoff:**

I know but if people still want the Mayor to get his raise and the Controller to get his raise, then you would be defeating the four percent for the non-union employees.

**The Chair:**

If somebody wants to make an additional amendment to delete the Controller, you can do that. Make the motion.

**Michelle Madoff:**

I'm suggesting that we take the Controller separately, that we take the Mayor separately and that we take Council separately.

**Mr. Ferlo:**

There's an amendment on the floor.

**The Chair:**

Yes, there is an amendment on the floor, and that is to delete members of Council.

**Mr. Lyons:**

Madam President, amendment can never, by Robert's Rules of Order, take away from the motion; you can only add. Therefore, the amendment here is out of order.

**Michelle Madoff:**

Which amendment?

**Mr. Lyons:**

This amendment here, to delete. On an amendment to a motion, you can

never subtract from the original motion.

**The Chair:**

You can amend any motion.

**Mr. Lyons:**

No, you can't; not downward. You can amend it up but you can't amend it down. You cannot take away from your original motion.

**The Chair:**

Our Parliamentarian doesn't agree with you, Otis.

**Mr. Lyons:**

The House is out of order then because the amendment, under Parliamentary procedure, is that you can add to the motion but you cannot detract from the motion.

**Parliamentarian:**

The motion can be amended.

**The Chair:**

That's the final word. Now we're going to go with the amendment as made by Mr. Pollock. The amendment reads, motion to amend resolution, the four percent wage increase for non-union employees and elected officials by deleting the members of Council. That's the amendment.

Is there any further discussion on the motion?

And on the question, "Shall the motion pass finally?"

The ayes and noes were taken agreeably to law, and were:

**Ayes:**

Mr. Coyne  
Michelle Madoff

Mr. Pollock

AYES 3

NOES 6

**VOTING NO:**

Mr. DePasquale  
Mr. Ferio  
Mr. Lyons

Mr. Wagner  
Mr. Woods  
Mrs. Masloff  
(Pres't)

And a majority of the votes of Council not being in the affirmative, the motion was defeated.

**Mr. Pollock:**

Now on the original bill.

**Michelle Madoff:**

Clarification. On the original bill, Madam President, does that mean that we all get raises?

**The Chair:**

We haven't voted on the original bill.

**Michelle Madoff:**

If the bill should pass, then everybody would get raises.

**The Chair:**

Yes.

**Mr. DePasquale:**

Point of order, Madam Chairman. You can now entertain Michelle Madoff's amendment.

**Michelle Madoff:**

Excuse me. I was in the middle of a statement, please. I was getting clarification from the President of Council.

As the present bill reads now, we will be voting on what? Would you be very specific because I would like to know what I'm voting on.

**Mr. Pollock:**

Would you like me to explain?

**The Chair:**

Yes, as Finance Chairman.

**Mr. Pollock:**

Without the amendment, we are voting on a four percent raise for all non-union employees, the Mayor, the City Controller and the nine elected members of Council.

I have a comment on the regular bill. As I stated a little earlier, I believe very strongly that the Mayor of the City of Pittsburgh deserves a higher salary than \$59,000. I also believe that the non-union employees should have fairness dictate that they receive an increase commensurate with their brothers and sisters in the City workforce. Accordingly, I will be voting for this because my amendment failed, but should it pass, I will turn back the increase in salary to myself to the City of Pittsburgh as an indication of my good faith to cost control and budget control.

**Mr. DePasquale:**

Madam President, what happened to the motion of Michelle Madoff to eliminate the four percent wage increase for white collar workers?

**The Chair:**

There was no second and it was never acted on.

**Michelle Madoff:**

In order for me to have an amendment, I had to have Mr. Pollock rescind his motion and he did not. Therefore, my motion failed.

**Mr. Ferio:**

In relation to the resolution before us, I'm going to support it. As you know, I think more than anybody at this table here today I have a clear track record in opposition to a fairly significant pay raise which could best be described as a pay grab in 1983. I think all of you remember, my colleague, Councilman DePasquale was then Council President. It was a riotous hearing, as he best described, and probably one of the largest public hearings; one, because it was clearly a pay grab of the magnitude of \$12,500; secondly, it was done just a few days before Christmas without any public notice or any ability for community groups and those who have already commented on the budget to have any kind of an input. It was done in such a fashion that did not exactly win the respect of the citizens of the City of Pittsburgh.

Unfortunately, I had no input on this budget that I have to live with this year. I say unfortunately because, as somebody who is going to be around for the next two years, I would have preferred a situation where this present legislative body could have had some input on the budget that the previous Council, including some outgoing members, have formulated and that we have to now live with.

But I think the increase that is

being proposed today within the context that I've just described is not only fair but I think it represents an incremental approach. And I think also it is keeping with the reform effort that was passed and approved by voters following the tremendous protest of the pay grab of '83. I think the voters expressed themselves.

It is always a difficult situation when elected officials vote for a pay increase. I resent the earlier comments to the extent that I disagree with them that somehow his Honor, the Mayor, his position is more deserving and more warranting of an increase or that of the Controller. I'd like to think that we are all responsible officials, that we have as much responsibility as either the Controller or as the Mayor of the City of Pittsburgh. And for all of those reasons today, I am supporting the resolution as announced earlier.

**Mr. Coyne:**

I'd like to make a motion, Madam President, that we separate all elected officials from the pay increase from the non-union employees.

**Mr. Woods:**

Point of order, Madam Chairman. The motion is out of order; we just went through that. And you must have all motions, and perhaps we can get Mr. Coyne a copy of Council's rules, that all motions must be in writing.

**The Chair:**

Is there any further discussion on the resolution?

**Michelle Madoff:**

One quick comment. You know, it's really unfortunate, as I pointed out

earlier, that one of the services that Councilmembers offer is scapegoating. As my colleague, Mr. Ferlo, pointed out, the pay grab of '83 was really a media event. Councilmembers have not received a pay raise for a substantive period of time. The Administration had given \$10,000 pay increases, the Mayor had given it to all of the department heads, and it was the appearance of a pay grab. It is true that I was one of the people that said that until the economy of this community turned around, we should not take raises. Again, I fortunately am in the position where I will not starve or it will make not one bit of difference in my scale of life. I do care about the other members of this Council who may have to live on their \$33,800. But I like Mark Pollock and I stated this in a press release I gave out before Christmas, we'll deduct the taxes and turn the balance in to the general fund until tax reform is passed in Harrisburg.

**Mr. DePasquale:**

Point of order. Just to make it clear, to retain the pay raise it has to be an aye vote because we had a nay vote the last time to not delete it.

**Parliamentarian:**

Madam Chairman, I'm afraid I didn't hear the question.

**Mr. DePasquale:**

I merely said to inform Councilmembers that we need an aye vote to retain the pay raise as we had needed a nay vote for the deletion. I made it clear so there's no misunderstanding of how to vote.

**Parliamentarian:**

I think that's correct. I think that

there was a nay vote which defeated the amendment.

**Mr. Ferlo:**

Madam President, I just want to conclude my comment. I apologize for not thinking totally on this but I do want to make this point. I do feel strongly that there are a number of members of this Council who have tenure, unlike myself and maybe some of the new members, and I do feel they are deserving of this incremental and fair approach. I do want to say that as a new member, though, I don't feel I am deserving of the increase. I'm going to vote for the resolution and I'm announcing publicly that I will donate the additional income to emergency food shelter and community groups in the City and I'll be glad to have reporters audit that contribution one year from now. So, for the next two years I will make that contribution.

**Michelle Madoff:**

Question, please, Madam Chairman. We've already had three people who are members of this Council say they're not going to take the money even if they get it. I would respectfully ask my colleague to withdraw his motion and replace it with a motion that would separate the Council from this general motion so that we can indeed vote separate because if we vote it down we don't have to give it back. We don't have to go through the exercise of taking the taxes out and having it audited. We just don't take it.

**The Chair:**

Mr. Pollock, will you withdraw your motion?

**Mr. Pollock:**

I think we already vote on it.

**Mr. Woods:**

Point of order. You cannot do it; we already voted, Madam President, and now you must call the vote. If someone chooses not to accept the raise, that's fine. They can take that money and do as they want.

**The Chair:**

Is there any further discussion on the bill as amended?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

|                 |              |
|-----------------|--------------|
| Mr. DePasquale  | Mr. Pollock  |
| Mr. Ferlo       | Mr. Woods    |
| Mr. Lyons       | Mrs. Masloff |
| Michelle Madoff | (Pres't)     |

AYES 7                      NOES 2

(MR. COYNE AND MR. WAGNER  
VOTING NO)

And a majority of the votes of Council being in the affirmative, the bill passed finally.

**Mr. Wagner presented**

No. 30 Resolution providing for a transfer of funds from Code Account 45, Health Insurance-Municipal Employees, Department of Finance, to Code Account PSTA, in the amount of \$100,000.00, and providing for the reimbursement to Code Account 45 at a later date. This transfer is necessary to augment cash flow for

use in purchasing necessary equipment, supplies, and services for the Department of Public Safety.

Which was read and referred to the Committee on Finance.

Also,

No. 31 Resolution providing for an Agreement or Agreements with Instructors for the Training Academy at a cost not to exceed \$20,000.00, chargeable to and payable from the Department of Public Safety, Bureau of Administration, Code Account PSTA.

Also,

No. 32 Resolution amending Ordinance No. 9, approved April 2, 1979, and effective April 19, 1979, entitled: "An Ordinance providing for charges by the Department of Emergency Medical Services for ambulance service to non-residents; and creating a special trust fund in connection therewith," by setting a termination procedure and date for Trust Fund transactions. (PRIOR APPROVAL GRANTED BY COUNCIL JANUARY 5, 1988)

Also,

No. 33 Resolution amending Resolution No. 1206, approved December 13, 1985, and effective December 17, 1985, entitled: "Resolution authorizing and directing the City Treasurer to deposit within the Department of Public Safety Third Party Payer Trust Fund (DPSTPP) certain fees generated by the Bureau of Police and the Bureau of Fire of the Department of Public Safety, and authorizing the use thereof by the Department," by setting a termination procedure and date for Trust Fund transactions. (PRIOR APPROVAL GRANTED BY COUNCIL JANUARY 5, 1988)

Also,

No. 34 Resolution further amending Resolution No. 519, approved May 18, 1981, and effective May 29, 1981, as amended by Resolution No. 1148, approved November 8, 1982, and effective November 22, 1982, as amended by Resolution No. 464, approved June 10, 1987, and effective June 16, 1987, entitled: "Resolution providing for an Agreements or Agreements with the School District of Pittsburgh for the provision by the Department of Emergency Medical Services of paramedics at certain student athletic events; providing for reimbursement to the City of the cost thereof; creating a special trust fund in connection therewith; and authorizing deposits of funds from other Agreements by changing the name of the trust fund, authorizing certain additional deposits from all Bureaus of the Department of Public Safety, authorizing the expenditures of trust funds for premium pay," by setting a termination procedure and date for Trust Fund transactions. (PRIOR APPROVAL GRANTED BY COUNCIL JANUARY 5, 1988)

Also,

No. 35 Resolution further amending Resolution No. 179, approved February 20, 1981, and effective March 2, 1981, as amended by Resolution No. 83, approved February 4, 1985, and effective February 15, 1985, entitled: "A Resolution providing for the changes for third party payers from ambulance service rendered to the residents of the City of Pittsburgh, and creating a special trust fund in connection therewith, and authorizing payment of Department of Public Safety related costs and expenses from the trust fund," by setting a termination procedure and date for Trust Fund transactions. (PRIOR APPROVAL GRANTED BY COUNCIL JANUARY 5,

1988)

Also,

No. 36 Communication from Glenn Cannon, Director, Department of Public Safety, requesting authorization to amend Council Bill No. 3728, by deleting the name of Dom Cimino and adding the name of Richard Bruce to attend the BOCA Mid-Winter Trust Conference in Springfield, Missouri, January 11-14, 1988, at a cost not to exceed \$2,650.00, payable from Code Account No. 1476, Miscellaneous Services, Bureau of Building Inspections, Department of Public Safety. (PRIOR APPROVAL GRANTED BY COUNCIL DECEMBER 29, 1987)

Which were severally read and referred to the Committee on Public Safety.

The Chair presented

No. 37 Communication from David Donahoe, Executive Director, Urban Redevelopment Authority, City of Pittsburgh, submitting a report entitled, "Position and Salary Report" as of December 31, 1987, consisting of names, positions and salaries of all fulltime employees of the said Authority as of December 31, 1987.

Also,

No. 38 Communication from Reginald B. Young, Treasurer, City of Pittsburgh, submitting a report of deposits and the Market Value of securities pledged as collateral by the City Depositories of November 30, 1987.

Also,

No. 39 Communication from Reginald Young, Acting Director, Department of Finance, submitting the Annual Defense Spending Report for

1986, for the City of Pittsburgh.

Which were read, received and filed.

## MOTIONS AND RESOLUTIONS

Michelle Madoff presents

No. 42 Resolution resolving that Eugene P. DePasquale and Jim O'Malley be removed from the Board of Alcosan for misfeasance, malfeasance and abuse of power and that City Council hereby authorizes the City Solicitor to petition the Court of Common Pleas of Allegheny County for their removal.

Michelle Madoff moved to adopt the resolution.

Mr. Pollock seconded the motion.

Michelle Madoff:

Discussion. We went this route once before. As a matter of fact, I have a file yeah high that goes through '81, '82, '83, '84, '85. We had a lawsuit and there was a 5-4 vote on a number of items.

In order for this to be a reality, in order for Council to have the right to remove any member we appoint to a board, we must have five people. If we don't have five, then we are not going to be successful. Precedent has already been set; I've heard that from three different attorneys. I believe that the Controller's report speaks to the issue. I think it is time that the outraged Alcosan ratepayers, and incidentally, anybody who cares to make a contribution to the lawsuit which I filed today on behalf of the outraged Alcosan ratepayers can make a contribution to Box 23177, Pittsburgh, PA 15222. Make you checks out to "Outraged Alcosan Ratepayers". This morning I filed a

lawsuit on behalf of myself and six other outraged ratepayers. Many, many people have come to me and said, "I'd like to be included in the lawsuit." Unfortunately, it's not a class action suit, it's a ratepayers' suit and it becomes very expensive. These attorneys are working for a mere fraction of what they would get on a regular fee from clients.

I think we have to show once and for all that there cannot be abuse of power, there cannot be \$1.5 million spent for patronage jobs, as stated by one of my colleagues and a member of the Board, Mr. DePasquale, in today's paper.

I think if we don't vote, we as a body don't care. If we're not outraged, then the public is going to be darned outraged with us. And I think it's time to really show our innards, to show what we're made of, how we feel about Alcosan and really get on with the issue of changing it. We know that the Commissioners, particularly Commissioner Foerster, has tried to bring about reform. We know that Tom Murphy has tried to bring about reform. We know it's hung up in Harrisburg. And we just cannot let Alcosan proceed as it is presently.

**Mr. Wagner:**

Madam President and members of Council, the motion or resolution that has just been made is impractical, irrational and ill-conceived. I have read the Charter, I have researched the Charter, and this Council has no authority to remove anyone from any authority in the City of Pittsburgh. In addition to that, and this may be some startling information, this Council does not have the authority to appoint anyone to any authority in the City of Pittsburgh. This is the total jurisdiction of the Mayor to both appoint and remove.

In regard to the three appointments of the City to Alcosan, the practice of appointing those members began back in the Pete Flaherty administration. Since that time, a Charter has been adopted and that Charter clearly indicates how people are appointed to authorities. I have with me the Charter, copies of it, and I want to pass it out to all Councilmembers. I want them to please refer to the specific page that I'm talking about to clarify this issue once and for all.

Under the executive branch of government in the Charter of the City of Pittsburgh, Section 221; it's on the first page. "Removal Of Authority Members - The Mayor may remove any member of any authority at will except as otherwise provided by law. A removal shall not be effective until the Mayor transmits reasons to Council in writing."

I would also refer to Section 219, two sections above in the Charter. "Appointment And Term Of Members Of Authorities - The Mayor shall appoint all members of authorities subject to approval of Council except as otherwise required by law. They shall serve for terms as provided by law." This is appointment now, not removal.

I ask you to turn to the last page that I have here explaining the Charter which is the commentary of the Charter. Again, under Section 219, it explains the section I just read. "Authorities exist pursuant to state law. Appointment of their members is controlled by law, unlike Boards and Commissions which are established pursuant to this Charter. Unless state law mandates a different method of appointment, all appointments are to be in accordance with this Charter."

In other words, the Mayor has total authority for the appointments to the

Alcosan Board, not this Council. A procedure has been adopted and has been in existence for years, of which Mr. DePasquale and Mr. O'Malley fall under. That procedure is not back up by the Charter. What I mean when I say that is, this Council has been following a procedure that is not accurate. Therefore, we cannot, at will, today, say that we can remove anyone from any authority because we have never been granted by this Charter the power to put anyone on any authority.

Now there's a bill in Harrisburg today. I believe it is Bill No. 323, Alcosan Legislation. That bill suggests that several changes be made in Alcosan to take the power away from Council. Let the world know today, this Council never did have the power. And if anyone doubts my word, ask the appropriate legal authorities in the City, ask Mr. Perry, ask anyone else. Therefore, the motion that has been made here is not a valid motion. It does not fall under the guidelines of the Charter of the City of Pittsburgh which this Council, the Mayor and the Controller must operate. I strongly recommend that we do that from this day forward and from this day forward, that means that this motion is not a practical motion, it is not a legal motion. And this Council, from this day forward, cannot appoint anyone to the Alcosan Board or any other board in the City of Pittsburgh.

**Mr. Coyne:**

Madam President, I would like to go along with what Councilman Wagner has said. The same question occurred to me last week when I saw the resolution was introduced. I also have not been able to find anywhere where City Council has the authority to appoint to this board or to any other board. The authority in the legislative branch is only to approve and, therefore, I agree that

this has no merit right now.

But I think we should carry this one step further in where it says that the Mayor shall appoint members of all boards and commissions subject to the approval of Council. I think Council needs to approve the appointments from this point on of the Bureau of Water Assessors, City Court, the Civil Service, Minority Women's Business, the Pension Fund, the Personnel Appeals Board, the Water and Sewer Authority, the Public Auditorium Authority, the Parking Authority, the Stadium Authority and the URA. According to the City Charter, Council does have the ability to ratify, unless otherwise stated by law, the appointment for every one of those boards. So, I think Council has been losing their oversight privileges with the appointments up to this time.

**The Chair:**

As I recall, all the members of those boards have been submitted to the Council and we've acted on them.

**Mr. Coyne:**

Okay, I couldn't find where that occurred.

**The Chair:**

Well it has, practically every one.

**Mr. Ferlo:**

Madam President, I agree with Councilman Coyne. This is probably one of the best illustrations of why this legislative body needs a Solicitor and our own legal opinion, not the legal opinion of Mr. Pellegrini who, in all respect, is the Solicitor and legal counsel and advisor to his Honor, the Mayor. I think until such time that we can have our own solicitor educate us and give us a legal

opinion regarding this and probably a whole host of other questions that will come before this body over the course of this year, I would frankly like to make a motion to table this motion recognizing, Michelle, that it will go down to defeat. I'd like to make a motion to table this until such time that we act on the question of our own solicitor and get a legal opinion.

**The Chair:**

Mr. Ferlo, there's 17 solicitors downstairs. We can get an opinion on any matter from any one of them at any time.

**Mr. Ferlo:**

But I think it's clear from the history of this City, from David Lawrence on up, that the Solicitor — There's the old joke about if the Mayor wants a "no" he'll take the legal opinion out of the left pocket, and there's a lot of truth to that matter. There's a motion to table.

**The Chair:**

There's already a motion on the floor.

**Mr. Pollock:**

I agree with Mr. Wagner's reading of the Charter; it doesn't take a great deal of intelligence to figure out what it says. But what I'm asking Mr. Wagner, since there has been a policy in effect for probably 15 or so years whereby Council was granted this authority whether by agreement or by custom, is it his position that the Mayor remove Council's appointees? In other words, who would he suggest be the body or the individual or the entity to remove appointees that were granted to Council to make, whether in compliance with the

Charter or not.

There's a doctrine of law called Laches which says that if something is in effect for a long period of time, the parties cannot raise that issue at a later date. And I would submit that the Doctrine of Laches would apply here, that this policy has been in effect for so long that Council is governed by its failure to act in the past. In other words, if we wanted to raise a claim that Council didn't have the charterial authority to appoint, then it should have been done a long time ago and we are precluded from now raising it at this time.

**Mr. Woods:**

I agree with what everyone has said here except for, I think, Mr. Ferlo and Mr. Coyne. Council has always approved every appointment that the Mayor has made. We follow the Home Rule Charter and I've been here for six and a half years and I've never known anyone that has been appointed to any commission, board or authority that hasn't come before this Council that we have not approved, other than the two people at Alcosan, which we do the appointment. That came under the original agreement; I think it was then Mayor Bahr or Flaherty under Alcosan with this Council. But, like Mr. Wagner says, since that time, the Home Rule Charter has come into effect in 1976 and the Mayor has not exercised his authority and this Council kept doing it and I think the precedent is set that this Council, until someone takes us to court or the Mayor wants to challenge us, we still appoint Alcosan. But all other authorities, the Mayor does do that.

**Mr. Pollock:**

One other point. I was corrected by two attorneys who were fortunate to

have here today, Frederick Frank and June Schulberg, that I cited the wrong doctrine of law; it's the Doctrine of Estoppel, not the Doctrine of Laches. So I want to make that correction.

**The Chair:**

You stand corrected.

**Michelle Madoff:**

May I continue with my motion? It is very obvious what is happening here today. Everybody is terrified; nobody wants to vote. We voted, I voted against, others voted for; the majority voted to appoint. It is now, by precedent, the law.

There are three issues before us. It is the precedent that has established the law. Further, if you read the very first paragraph of 219 it says, "The Mayor shall appoint all members of authority subject to approval of Council except as otherwise required by law." And I believe if you ask the Parliamentarian you will find out that "otherwise required by law" falls into line with what Mr. Woods said. There was otherwise. Otherwise was that this Council did indeed appoint three members to the Alcosan Board.

Furthermore, I have spoken to the Mayor on five separate occasions over the years and said, "Dick, what are you going to do about this?" He said, "Michelle, what can I do? It is not my appointment; it is Council's appointment."

Now it has been Council's appointment. We put those people on and it is the prerogative and there is ample precedent, according to three attorneys that I've spoken to, to remove what we have put on. We either have the courage today to say we don't like what's

going on in Alcosan, we're going to remove those two people or we're not. And no matter what else is said here today, that is a fact.

Mr. Ferlo pointed out that we do need our own legal counsel. I had a bill today that recommends legislation that we indeed hire our own solicitor, our own fiscal analyst and our own engineer because we could save ourselves a great deal of funds. I decided to postpone that until next week because I thought we had enough for one day with what was going on here. With the water awards and my lawsuit this morning, it was just a little more than I could handle. But I think it is very clear.

Section 219 of the Charter says, "except as otherwise required by law". "Otherwise required by law" means that this Council did indeed have the authority to appoint to the Board. But let's assume that we're wrong; let's assume it's an error. If you live next door to a neighbor and they have a fence on your property and there supposed to be a 15 foot difference between the two houses, after a certain period of time it becomes law because they're on your property.

These appointments have gone on for so long that it is really law now and we can't change it. We can, in the future, change it, but as of now we have appointed to the Alcosan Board two people who, according to this report not done by Michelle Madoff, done by the Controller of the City, and both editorials and both papers have said, one to me and one to the Controller, what are you going to do now? Well, I did something; I filed a ratepayers' case this morning. And I'm urging those who are as outraged as the others who've joined me to send their checks to help pay for the lawsuit.

Now it boils down to courage; now it boils down to where your guts are. Now it boils down to the public listening to your vote. Are you going to have the courage to remove these two people or are we going to just have business as usual?

**Mr. Coyne:**

Madam President, I don't think it comes down to a question of courage or a question of doing the right thing. Mr. DePasquale and Mr. O'Malley have been convicted in the press; they have not had a chance to stand a fair trial or no charges have really been brought against them. The accusations made in Mr. Lucchino's report are general accusations and could probably be put on the head of any individual. But I don't think that really is the matter right now. The matter is that the City Charter says "as required by law". I would like to see the law if the Councilwoman may provide it for me that says —

**Michelle Madoff:**

I would like to respond to that.

**Mr. Coyne:**

I have the floor Madam President.

**The Chair:**

We'll have one more round and then we'll vote on the resolution. Mr. Wagner.

**Mr. Ferlo:**

Excuse me. I don't think Mr. Coyne was finished with his comments.

**The Chair:**

Oh, I'm sorry, Mr. Coyne. I thought you were. Excuse me.

**Mr. Coyne:**

I would just like to state that it doesn't come down to a matter of courage or anything; it comes down to a matter of doing the right thing and the right thing is giving someone a chance to be heard and not to act up and also as to following the City Charter that was voted on by the people of Pittsburgh. I feel that we need to stand by that today.

**Mr. Ferlo:**

I second that.

**Mr. Wagner:**

Madam President and members of Council, let's get back to basics. This Charter is the law by which we live. The motion that has been made here today is not a valid and legal motion. Past procedures for appointments to Council have not been valid or legal also. The authority is clearly given to the Mayor and the Mayor only. Now Mr. Pollock indicated that you don't have to be a genius to read the Charter; that's right, and I'm not a genius. But I do know what the Charter states and this Council has no authority to appoint to any authority of the confines of the City of Pittsburgh according to law. We have been in error for over a decade and I've gone back and I've researched when the last mayoral appointment was made to Alcosan. There were three under Pete Flaherty's administration; one in 1970 of John Miller for five years, one in 1971 of John LaBoone for five years, and one in 1975 of Fred Egler for five years. Since that point in time when there is a tremendous difference between the executive branch of government and this legislative branch of government, the Mayor of the City at that time chose not to argue with Council when Council put forth its own names for Alcosan. That was a flaw at that time and it's been a flaw ever

since. It's been in violation of the Charter ever since. And the time has come for Council to deal with this issue. We do not have the power, we do not have the authority to deal with this issue.

There was an extensive audit done by the County Controller of Alcosan. In that extensive audit there was never one mention of this, even though that individual was on Council when this change occurred. The Mayor was on Council when this change occurred. And it is the law of the City of Pittsburgh.

It took me four years to realize this and, unfortunately, it took me four years to realize this. But it's only been through extensive research out of my office that we have found this out. I have talked with the Solicitor; the Solicitor has verified that this is accurate. I have talked with other people and they have verified that this is accurate. We have the Assistant City Solicitor here now and, if this Council permits, I would like him to comment on the issue.

**The Chair:**

Mr. Wagner, so the point you're making is that the three appointments we made were purely out of the goodness of the heart of the Mayors, whoever they were. So that really, we had no legal authority to make them; the Mayors gave them to us.

**Mr. Wagner:**

Our authority is only for confirmation of the appointments made by the Mayor and from this day forward, including the motion that is on the floor for removal, that is an invalid and illegal motion. When it comes to authorities in the City of Pittsburgh, we must follow the Charter.

**Mr. Woods:**

There is a motion on the floor and I believe —

**The Chair:**

It's a resolution.

**Mr. Woods:**

It's a resolution, it's a wish, so Council can vote on it, and I have the courage to vote on it. Whether I agree or disagree with you, that is my conviction and I can stand up to public scrutiny for that.

But I would like to say one thing. Council does have the authority to appoint. If the Mayor does not appoint within 60 days, any authority, board or commission, this Council can appoint. And I want that for everyone to know because this Council, when I sat on it, we did it. If the Mayor does not act within 60 days and he doesn't number them, this Council can, unless it's prohibited by law and there's nowhere that I know of that it states that we cannot do that.

**Michelle Madoff:**

I would like to point out, Madam President and members of Council, that the Home Rule Charter says, "except as otherwise required by law". And "except as otherwise required by law", I've been here nine and a half years, I believe Sophie Masloff has been here longer than I have, and the time that you were here and Mr. DePasquale was here, you've been here longer than I have, those appointments were always made to Alcosan by City Council; is that not fact?

**The Chair:**

Out of the goodness of the heart of

the Mayor.

**Michelle Madoff:**

I spoke to the Mayor five times, and he will not deny it, that he said, "I cannot make those appointments; the law says that they are made by Council." And it says, "except as otherwise required". As otherwise required, he did not have the authority to appoint to Alcosan. And again, as Mr. Woods has pointed out, when there's no appointment made by the Mayor within 60 days, we do make it. Therefore, that's after the fact. The fact is, this Council did indeed have the authority to appoint. It also has the authority if we get five votes.

This whole thing is a red herring and let me just read you one little statement. In today's paper, Mr. DePasquale is quoted as saying that he was made the fall guy for the summer jobs program which he said many local officials use for patronage purposes to the tune of \$1.5 million. He was one of the people that voted on it and at one point there were only two members of the Alcosan Board; they were Mr. O'Malley and Mr. DePasquale. This is a red herring. Either you've got the courage to vote them up or you don't want to. I've raised the issue; vote your conscience.

**Mr. DePasquale:**

Madam President, I never made the statement that it was used for patronage. I said certain County officials and City officials sent a list of names over of young people they wanted hired for the summer program and I made it a point to say that they were mostly disadvantaged kids. I never used the word patronage. If some reporter quoted me, he quoted me incorrectly.

**Mr. Pollock:**

Madam President, there's one other place that one must look when deciding whether this action is proper or not and that, of course, is the state statute which set up the authorities, which is the state authority law. That also has provisions for the removal of board members. It is my understanding that the statute requires or states, provides, that any ratepayer, any citizen, can bring an action himself or herself in the Court of Common Pleas. So, it's my understanding that this resolution is asking that City Council be the named party bringing the petition alleging misfeasance, malfeasance and abuse of authority. We're not determining that by this vote, we're not making that a judgment; if this resolution passes, it is only a resolution that the City, whether it be the City Council itself or the City of Pittsburgh, be the party bringing the action in the Court of Common Pleas for a hearing and a determination by the Court that indeed there was misfeasance, malfeasance, and/or abuse of authority and, if so, that the two named board members, or one or the other, or both, be removed for those allegations.

**The Chair:**

But that's not how the resolution reads.

**Mr. Pollock:**

Well I think it's the way it would have to be interpreted.

**Michelle Madoff:**

That is exactly what happens. If we vote, we go to our Solicitor and the Solicitor takes it to court. Either we win in court or we do not win in court.

**Mr. DePasquale:**

Point of order, Madam Chairman. A while ago Mr. Wagner brought out the point that the Charter states the fact, as someone said a while ago, you don't have to be any brainstorm to read that all the authority members are picked by Council. However, there's some misinformation here in this respect. To the best of memory, the first time I voted on a person to serve at Alcosan was Mr. Egler in 1975. I raised the question on the floor then, where does Council get the right to appoint a board member to Alcosan or any board. I was told then that it was in Alcosan's indenture and I found out since that it is in the indenture. However, the Charter would supersede that indenture and I don't want to dispute that whatsoever.

I just want to make it clear and if we have to go back awhile to when Lawrence was the Mayor in the late 1940's, I understand when they were putting up the plant, when they were getting the money together, what have you, the County refused to participate or participated to a very small extent. Then Mayor Lawrence said, "Well, if that's the case, then the City is going to run this place and the City is going to have three board members and the County is going to have two", and it was placed in the indenture.

I just want to bring that fact up because that's how it came about that the City has three members over there and the County has two although there's a larger group of people in the County being served than in the City of Pittsburgh. But as I said, Mr. Wagner is correct; the Charter, it appears, does supersede the indenture.

**Mr. Wagner:**

Madam President, just one last

point of clarification. Again, the Charter dictates that unless State law mandates a different form of appointment or removal, we must follow Home Rule. That is precisely the reason why a bill has been introduced in Harrisburg by Representative Murphy, to supersede the Charter as it relates to Alcosan. The State is trying to mandate a different form of appointment for Alcosan. Therefore, this Council, I believe, because of many reasons that bill has been introduced, I suspect, I don't even know precisely the reasons, but the authority still falls back on the City of Pittsburgh through the Charter.

Now, Mr. Woods is right; if 60 days expires, Council has the right to appoint. To my knowledge, that has never happened with an appointment to Alcosan. The 60 day period has never expired and this Council has always acted prior to the expiration of a term, as we recently did with an appointee, or prior to the 60 day expiration period; therefore, Council has not acted according to the Charter. In addition to that, the Mayor has not acted, and we're going back 12, 15 years. And the time has to come finally for this Council, this Administration, this City, to adhere to the dictates of this Charter as it relates to Alcosan. For that reason, any motion to appoint or remove is an invalid motion. And I want, please, in addition to us voting on this today, please, City Clerk, ask for a legal opinion, independently from our Solicitor or from anyone, as it relates to this issue.

**Mr. Ferloc**

I would like further clarification from either Councilman Pollock or Councilwoman Michelle Madoff regarding the question of whether or not the lawsuit continues regardless of an affirmation of this resolution.

**The Chair:**

Any individual can have a lawsuit. This resolution is only the will of Council; we're not in the lawsuit at all.

**Mr. Ferlo:**

Exactly. So the lawsuit will continue regardless.

**The Chair:**

Sure. This is only the will of Council.

This is it and then we're going to call the question.

**Michelle Madoff:**

I'll be very brief. Let's be very honest here, folks, the public is not stupid; the public is a lot brighter than we give them credit for. If this had been on any other innocuous situation about appointments, you had better believe that Mr. Whoever, I don't even want to mention names, would not have dragged out the Charter and said, "We cannot have the right to do this." It's only because it's a very sensitive issue.

**Mr. Wagner:**

This is the only authority we've ever appointed.

**Michelle Madoff:**

This is a very sensitive issue and the fact remains that this is really a red herring. This is a matter of voting your conscience —

**Mr. Woods:**

Madam President, point of order. You've cut the debate off and now we're rehashing the same debate so that my

colleague can get the last shot in. That's bullcrap. Would you please call the question?

**The Chair:**

Please wind up.

**Michelle Madoff:**

Madam President, the only thing I want to say is that Representative Murphy introduced legislation in Harrisburg because the former Council, the previous Council, didn't have the courage to remove the members of the Alcosan Board. That is why he is doing it because I have spoken with him.

**The Chair:**

Roll call vote on the resolution. The resolution is to petition the Court of Common Pleas of Allegheny County for their removal. Aye is to petition the court; no is not to petition the court.

**Mr. DePasquale:**

Being that I'm one of the parties named, I don't know if it's ethical for me to vote or not.

**The Chair:**

Let your conscience be your guide, Jeep.

**Mr. Wagner:**

Madam President, it reads to remove; it doesn't read to petition.

**The Chair:**

No, the resolution reads, "authorizes the City Solicitor to petition the Court of Common Pleas". Now, either we do or we don't authorize the City Solicitor to petition. Aye means

yes and no means no.

**Mr. Woods:**

Call the question.

**Mr. Wagner:**

I refuse to vote and this is not an abstention. I refuse to vote. We are not permitted to vote to appoint or remove from Alcosan.

**The Chair:**

Is there any further discussion on the motion?

And on the question, "Shall the motion pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Ferlo                      Mr. Pollock  
Michelle Madoff

AYES 3                      NOES 5

VOTING NO:

Mr. Coyne                      Mr. Woods  
Mr. DePasquale              Mrs. Masloff  
Mr. Lyons                      (Pres't)

And a majority of the votes of Council not being in the affirmative, the motion was defeated.

**Michelle Madoff:**

I got two more than I thought.

**The Chair presents**

No. 43 Resolution approving the  
re-appointment of Michael P. Brady, 162  
Ulysses Street, Pittsburgh,

Pennsylvania 15211, as an at-large member of the Pittsburgh Cable Communications Advisory Committee, for a term to expire December 31, 1990.

Which was read.

**Mr. Woods** moved to approve the re-appointment.

**Mr. DePasquale** seconded the motion.

Which motion prevailed.

**Mr. Ferlo:**

Madam President, I want to submit a report from the Committee on Water. I won't go in length to talk about the reality of the oil spill; obviously, it has preoccupied everyone's minds for the last couple weeks. We had what I thought was a fairly important public hearing, post agenda session, this past Thursday of the Water Committee which I previously chaired for a very brief moment and I thought it was a productive hearing. Several Councilmembers were kind enough to participate and they were very helpful throughout the proceedings.

There is a formal report which I would like to have included in the Record or approved as part of the proceedings but I just want to comment in summation that there were several key things that came out of it, one specifically is model legislation that will be developed by both Congressman Walgren in cooperation with Congressman Coyne's office at the Federal level and on the State level with Senator Michael Fisher. We will be provided, members of Council, with draft copies of these documents so that we can have some input prior to their adoption and debate in the Congress and also on the State Senate.

Secondly, I'm calling today for the formation of a river clean-up committee

and I hope that Councilwoman Michelle will permit me an opportunity to work on this with her. It was very clear that there were several recommendation regarding the purposes of this committee; obviously, it would be to recommend to City Council what action should be taken to clean up the oil spill, including the river banks, the river bed, the damage to the fish, fowl and personal property. It would be also to inform City Council of short and long term environmental and ecological effects of the Ashland spill, and thirdly, it would be to inform Council of the potential risks as well as the consequences of a similar disaster on our rivers and to suggest precautionary measures which can be taken to avoid such a catastrophe in the future.

I've suggested about 15 individuals and I've supplied Council with a listing of those potential members of this committee and maybe Councilwoman Michelle and other members of Council will have suggestions regarding this committee and I'd be happy to work with Michelle on this committee and the recommendations that will be forthcoming to Council.

Thank you.

**Michelle Madoff:**

May I respond? I think the suggestion is very well taken. There was a meeting out at the Hilton Hotel on Friday at 3:00; I had a call from Senator Fisher's Office. No one else was invited from the City, Water Department or any divisions that worked so hard to help in this problem. The issue really addressed, basically, what was going on in the other counties and the other boroughs and townships, not the City, and I feel that it was sort of an oversight.

There is already in place three

committees already addressing this issue and I think it would be not in our best interest to duplicate the efforts. I think that Mr. Ferlo and I need to sit down and find out what is actually going on so that we don't duplicate the same efforts of the same people because I believe almost the same people that you've listed were at that meeting and a committee was formed. So, we will talk about that and not spend money foolishly.

**(BEGINNING - COUNCILMAN FERLO'S  
REPORT OF WATER COMMITTEE -  
1/7/88)**

TO: Honorable Sophie Masloff  
President, City Council

**REPORT OF WATER COMMITTEE,  
THURSDAY, JANUARY 7, 1988**

**Councilmembers attending:**

Jim Ferlo, Chair  
Michael Coyne  
Michelle Madoff  
Jack Wagner

**Speakers:**

Richard Cosentino, Director,  
Pittsburgh Water and Sewer  
Authority  
Alex Sciulli, Director,  
Department of Water  
Louis Gaetano, Director,  
Department of Public Works  
Glenn Cannon,  
Director of Public Safety  
Dante Pellegrini,  
Department of Law  
Jim Roddey, Chairman,  
Pittsburgh Water and Sewer  
Authority  
Martin Jacobs, Fire Marshall,  
Allegheny County  
Jon Delano, representing  
Congressman Doug Walgren  
Richard Nagel, representing  
Senator D. Michael Fisher

John Kaus, Director,  
Allegheny County Emergency  
Management Team  
Bob Robowski, Manager,  
Pittsburgh District, West Penn  
Water  
Gerry Berron, Director,  
Environmental Services,  
Allegheny County Health  
Department  
Jamie Rooney, representing  
Congressman Bill Coyne  
Barry Moore,  
Pennsylvania Game Commission  
Mike Koryak,  
Corps of Engineers  
Jan Sykora,  
Professor of Industrial and  
Environmental Health Sciences,  
Graduate School of Public Health,  
University of Pittsburgh  
David Hastings,  
Executive Director,  
Clean Water Action Project

#### MINUTES

Director Cosentino: Commended all agencies involved in the crisis. Questioned if the Allegheny River is vulnerable to upstream spills. Has questioned PA Department of Environmental Resources and is working with them on answers. There are no future plans to take water from the Monongahela. Future interconnections with other systems will be discussed at Pittsburgh Water and Sewer Authority meeting.

Director Sciuilli: Commended all City agencies. On first day of crisis, Pittsburgh Water Department contacted West Penn Water and West View Water to ask what needed to be done. Pittsburgh Water Department proceeded with the following:

- 1) Hydrant connections were made with West Penn Water - 4 pumpers pumping 3 million gallons/day
- 2) A connection with West Penn Water due to be completed in April was accelerated - pumping 6-8 million gallons/day
- 3) Existing interconnect with West View Water was opened - pumping 8-8.5 million gallons/day

City will calculate payment from this pumping through engineering methods: diameter of pipe and flow. West Penn Water will install a meter in its connection. The City has a 2-3 day storage capacity before any part of the City goes dry. City's total storage capacity is 450 million gallons.

Director Gaetano: Thanked cooperation of City Departments and all City employees involved.

Director Cannon: Commended Public Works and other Departments. Public Safety first had to face the immediate incident of the oil spill. Containment of that oil spill quickly moved to contractors hired by Ashland Oil. Next Public Safety focused its attention on the drinking water problem. Fire Bureau personnel staffed 5 pumpers around the clock. Chief Leahy organized a meeting with suburban fire departments to discuss fire protection in their communities. 4 flushers were moved to City locations in case of fires. With the County EOC, City has been monitoring tankers to make sure they are filled. Department assisted County in placing water buffaloes around County. Director Cannon acted as coordinator of crisis. He is appointed by Mayor and Governor as Emergency Management Coordinator. Director Cannon also commended Department of General Services for their work on converting

trucks.

Chairman Roddey: Commended all involved. DER allows City 120 million gallons/day intake from the Allegheny. City currently uses 60-65 million gallons/day. DER wants to cut back City intake. City should do a better job of marketing water. During crisis, City is pumping 90 million gallons/day.

Solicitor Pellegrini: Over \$1 million has already been spent on water - to be recouped from Ashland. City is authorized to recoup costs. Total cost of clean-up and aftermath will not be calculated until at least summer. Damage to rivers and river beds are either federal or state responsibility. All Departments are going to report to Law Department and City will calculate overhead and indirect costs (23% and 11%). Workmen's Compensation, if any, will be included in costs. Those numbers should be known in one month. Can Ashland set aside money up front for City to start drawing upon? The crisis should not cost the City one cent. Businesses would have to recover damages directly from Ashland. If City is not satisfied with Ashland it will not hesitate to sue to recover damages.

Mr. Jacobs: Three different investigations are occurring on the tank collapse. Companies installing an above-ground or in-ground tank should contact County Fire Marshall who sends applications and permit requirements. Inspector goes to site to inspect area. Ashland contacted County in 1986 that they were planning to build a new tank. Existing tanks are under DER regulation. Do other Ashland tanks meet all standards? City should question DER. County is learning from this accident. Will study future changes in permitting, inspection and training.

Mr. Delano: National Engineering Laboratory (of National Bureau of Standards) will conduct an investigation into collapse of tank. They will receive full access to site, materials, and documents of Ashland. Bittell is investigating tank collapse for Ashland. Federal legislation is needed for above-ground storage facilities:

- 1) Lack of regulations for above-ground facilities at federal level - including inspection which might be delegated to the local level
- 2) Containment dikes - do they need to be redesigned?
- 3) Liability and compensation need federal approach. A comprehensive system will be discussed by U.S. Senate. Superfund approach maybe developed (funded perhaps by taxing all oil companies).

Congressman Walgren will circulate draft of legislation to City Council and other municipal bodies and officials for review and consultation.

Mr. Nagel: State is working on bill dealing with above-ground storage tanks.

Director Kaus: Commended Director Cannon and others for their efforts.

Mr. Robowski: Thanked Duquesne Light, City Departments. West Penn Water is hooking into Robinson Township system.

Director Berron: EPA is involved in river bank clean-up.

Mr. Rooney: Congressman Walgren sits on Science and Technology Committee. City Council will help lobby for federal and state legislation.

Mr. Moore: Game Commission is part of PA Emergency Management Response Team. They deal with impact on water fowl in rivers. Thousands of birds were

affected by the oil spill. Brady's Run Park in Beaver County is being used as a cleaning station. Pick-up points are at Three Rivers Stadium and in Beaver County. Commission is coordinating efforts with West Virginia and Ohio. Commission is relying on volunteers to help. Telephone 238-9523 or 238-9524. There could be a long-term impact on birds. Birds will swallow oil when preening. Responsibility of cleaning up dead fish and fowl is theirs. But they have limited staff. Will cooperate with municipalities to clean up fish and fowl. Could Ashland fund a clean-up of fish and fowl?

Mr. Koryak: Rivers are currently dangerous for small boats.

Dr. Sykora: Some oil sinks to bottom of river, into sediment. Oil is ingested by fish. Migration of fish could cause problems downstream. Some hydrocarbons are carcinogenic and could be a problem for people eating fish. Who would be studying this issue?

- 1) Corps of Engineers
- 2) EPA in Wheeling
- 3) ORSANCO (Ohio Sanitary Commission)

Studies should be done for the next year on fish life. 1-2% of oil settles to the bottom of the river. Higher accumulations will settle in river pools. Samples should be taken at different points in the rivers. The most likely place for hydrocarbons to settle would be from Jefferson Borough to the Point. Focus needs to shift from drinking water to cleaning the river and sediment. Mechanical Cleaning and product decomposition will help. We need a plan on cleaning the river and sediment. There are questions of efficacy of such plan. Panel should be formed including engineers, wildlife specialists, aquatic biologists, etc.

Mr. Hastings: Catalogue other potential sources of river pollution. In testing the river PCB's might be stirred from the bed. No current standards exist for xylene and toluene levels in the rivers. Check with the Water and Sewer Authority on the issue. A State Clean Water Fund exists. Perhaps the City should start a Clean Rivers Fund. 112 Toxic waste sites draining into rivers upstream are in Allegheny County alone. Ashland will probably be fined by DER with funds going into the Clean Water Fund.

#### SUGGESTIONS FOR MEMBERS OF RIVER CLEAN-UP COMMITTEE

Director, Water Department  
Director, Public Safety Department  
Director, Public Works Department  
Director, Pittsburgh Water and Sewer Authority  
Dr. Jan Sykora  
EPA On-Scene Coordinator  
Marine Biologist  
Julian Andelman, Graduate School of Public Health  
Barry Moore, PA Game Commission  
Al Bailey, Chester Engineering  
Representative of Audobon Society  
Representative of Sportsmen's League  
David Hastings, Clean Water Action Project  
Representative from DER  
Mike Koryak, Corps of Engineers  
Gerry Berron, Director, Environmental Services, Allegheny County  
Jamie Rooney, Congressman Bill Coyne's Office  
Jon Delano, Congressman Walgren's Office  
Rich O'Neil, Representative, Tom Murphy's Office

cc: Hon. Michael Coyne  
Hon. Eugene DePasquale  
Hon. Otis Lyons  
Hon. Michelle Madoff  
Hon. Mark Pollock

Hon. Jack Wagner  
Hon. Ben Woods

**(END OF REPORT)**

**Mr. Pollock:**

Madam President, on another subject. I just want to take a second to announce to this Council and to the viewing public and the citizens of Pittsburgh that there is a very important and very moving exhibit on display at Carnegie Mellon University. The exhibition is the Smithsonian's Touring Exhibit entitled "From Field To Factory, The Afro-American Migration From 1915 to 1940". This exhibit chronicles the experiences of Blacks who left southern farmlands to go north to work in the industrial towns and in factories in search of a better life. Obviously Pittsburgh, because of its steel mills and glass factories and coal mines, played a very significant role in this migration. There are some extraordinary photographs and artifacts which I urge all Pittsburghers to view.

The exhibit is at the Hunt Library on the Carnegie Mellon Campus which is near the tennis courts, on the fourth floor. It will run until February 7th.

I want to thank Carnegie Mellon for bringing this exhibit here and, again, I want to urge all Pittsburghers to see this. It's truly a phenomenal exhibit.

**The Chair:**

Thank you for bringing that to our attention; it's very worthwhile.

**Mr. Woods** moved to approve the Minutes of Monday, December 7, 1987.

**Mr. DePasquale** seconded the motion.

Which motion prevailed.

**Mr. DePasquale:**

Madam President, I move to adjourn this meeting and meet again on Tuesday, January 19, 1988 at 2:00 p.m.

**Mr. Woods** seconded the motion.

And on the motion of **Mr. DePasquale**

Council adjourned.

# Municipal Record

## Proceedings of the Council of the City of Pittsburgh

VOL. CXXII

Tuesday, January 19, 1988

No. 3

### Municipal Record

#### ONE-HUNDRED TWENTY-FIFTH COUNCIL

SOPHIE MASLOFF ..... President  
MICHAEL PERRY ..... City Clerk  
LINDA M. JOHNSON .. Asst. City Clerk

Pittsburgh, PA  
Tuesday, January 19, 1988

#### PRESENT:

|                 |              |
|-----------------|--------------|
| Mr. Coyne       | Mr. Pollock  |
| Mr. DePasquale  | Mr. Wagner   |
| Mr. Ferlo       | Mr. Woods    |
| Mr. Lyons       | Mrs. Masloff |
| Michelle Madoff | (Pres't)     |

The Meeting was opened by the recitation of the pledge of allegiance to the Flag of the United States of America.

I pledge allegiance to the Flag of the United States of America and to the Republic for which it stands, one Nation, under God, indivisible, with liberty and justice for all.

#### PRESENTATIONS

##### The Chair:

Before we begin, the first order of business, of course, will be the presentation of read and adopted resolutions. In the future, these

resolutions will be taken first. Also, each member of Council is permitted to submit one read and adopted resolution each week, if they so desire.

##### Michelle Madoff:

May I respond, Madam Chairman? I think that is a very productive suggestion.

##### The Chair:

Thank you.

##### Mr. Pollock presents

No. 66 WHEREAS, the Pittsburgh-Donetsk Exchange Project is a unique cultural photographic exchange program between the City of Pittsburgh and the Ukrainian City of Donetsk; and

WHEREAS, this project evolved out of an effort to promote peace and a better understanding of each other's way of life through the medium of photography; and

WHEREAS, through the non-profit Pittsburgh Peace Institute, Donald L. Gibbon, a Calgon research scientist and the project's organizer, raised \$8,000 for the project from foundations, Calgon and Westinghouse Electric corporations and individuals; and

WHEREAS, under the direction of Donald L. Gibbon, works by 38 Pittsburgh photographers were shown in Donetsk in May, 1987; and

WHEREAS, the exhibition of Soviet photographs depicting life in the Ukraine is now on display at the PPG Wintergarden until January 30.

NOW, THEREFORE, BE IT RESOLVED, that the Council of the City of Pittsburgh does hereby thank Donald Gibbon and all those responsible for the Pittsburgh-Donetsk Exchange Project for their dedication and commitment to fostering world peace; and

BE IT FURTHER RESOLVED that the Council does hereby encourage all citizens to attend the exhibit in an effort to gain a better understanding of and an appreciation for the Soviet way of life.

Mr. Pollock moved to adopt the resolution.

Mr. Woods seconded the motion.

Which motion prevailed.

Mr. Pollock:

Before introducing Donald Gibbon, I wanted to just take a second to describe the exhibit which is on display at PPG Wintergarden. It's an absolutely magnificent collection of photographs and its incredible how much the City of Donetsk looks like Pittsburgh. It is also a steel and coal-mining town and you see some photographs and you would swear that they are scenes from Pittsburgh. It's something that should definitely be viewed.

The people were here from the Ukraine and they made a presentation to the City. The Mayor was unable to attend but they gave me this to give to the Mayor that they brought from the Ukraine. It is a steel and coal structure which is really magnificent which I will, of course, give to the Mayor, as well as a book on the City of Donetsk which

anyone can look at if they'd like.

Michelle Madoff:

May I ask a question, please? Are you the same gentleman as your gallery in Shadyside that I've been talking to on the phone?

Mr. Gibbon:

Yes.

Michelle Madoff:

I'll be there next week. I've been trying to buy some things for ages.

Mr. Gibbon:

I had thought that while these delegates were here from the Ukraine last week that they might make some overtures about a more formal relationship between the City of Donetsk and the City of Pittsburgh. It turns out that they were not the appropriate people to do that, and yet, when I started this exchange project, I intended to operate at a relatively low, people to people level for some time. That's going to continue.

Peacelinks is trying to have a benefit ballet on April 14th. They're hoping to have Donetsk ballet dancers here for that. Larry Evans is working on the Steel Valley Oral History Project and is hoping to go to the Soviet Union and tape the history of steelworkers in the Soviet Union. We are working on a people to people outdoor exchange. There are lots of things going on. I suspect that sometime in the future I'll be back talking about sister city status with this very interesting place.

Thank you very much.

**Mr. Pollock presents**

No. 67 WHEREAS, PATRICIA HUSSEY and BARBARA FERRARO are nuns of the Sisters of Notre Dame who have devoted their lives to serving and teaching the poor, the disadvantaged, the homeless and others in need; and

WHEREAS, PATRICIA HUSSEY and BARBARA FERRARO have a deep concern for and total commitment to people who "fall between the cracks" and who are in the shadows of society; and

WHEREAS, PATRICIA HUSSEY and BARBARA FERRARO believe the struggles of the working class and of women need to be addressed and attended to; and

WHEREAS, PATRICIA HUSSEY and BARBARA FERRARO were among 97 Catholics including 22 other nuns, a priest and two brothers who signed an advertisement noting a diversity of opinion on abortion among committed Catholics; and

WHEREAS, PATRICIA HUSSEY and BARBARA FERRARO have refused to renounce their statement and are expected to imminently face proceedings to separate them from their Order; and

WHEREAS, PATRICIA HUSSEY and BARBARA FERRARO are women of great courage and compassion whose commitment to service and to bettering mankind are the standards by which all people of conscience should strive to live; and

WHEREAS, PATRICIA HUSSEY and BARBARA FERRARO will be in Pittsburgh on January 23, 1988 to speak and receive the Clara Bell Duvall Award of the National Abortion Rights Action League of Pennsylvania at the League's dinner event honoring the 15th

Anniversary of the historic Supreme Court decision legalizing abortion.

NOW, THEREFORE, BE IT RESOLVED, that the Council of the City of Pittsburgh welcomes these women of courage and conscience to Pittsburgh and wishes them good fortune in their struggles to remain nuns.

Mr. Pollock moved to adopt the resolution.

Mr. Ferlo seconded the motion.

**Mr. DePasquale:**

Point of order, Madam President. Before a vote is taken, I would like an interpretation from our Parliamentarian as to this being a violation of separation of State and Church and not belonging in City Council whatsoever.

**The Chair:**

I'll accept your point of order that this resolution is out of order, Mr. DePasquale. Is there a second?

**Mr. Woods:**

I second it. It is out of order.

**Michelle Madoff:**

Discussion.

**The Chair:**

I want to say that I, too, believe that this is out of order because this matter is not within the purview of City Council. It involves a religious dispute and your government should not take a position on religious matters. I rule that this is out of order.

**Michelle Madoff:**

May I comment, Madam President?

**The Chair:**

No, it's ruled out of order.

**Mr. Ferlo:**

I think there should be a point of discussion on this.

**Michelle Madoff:**

Before it's ruled out of order, before we vote on ruling it out of order, but of course that's your prerogative, may I make a comment?

**The Chair:**

Okay.

**Michelle Madoff:**

You've always been very fair and very gracious and I just would like to point out that while I think you may be absolutely right, unfortunately, or fortunately, depending on the views of the members of this Council, precedent has dictated that repeatedly issues have been brought before this Council and exactly the same issue, Pro-Life Week. I was chastised severely by somebody who was a pro-lifer because I said I don't believe it belongs before this Council. But everybody voted for that and not everybody was a majority vote in that favor. I believe, Madam President, you voted and your statement to me was that everybody should have the right to do pro-life or anti, that whichever position they had, you didn't have an objection. I think this resolution falls under the same category. Would I be correct in assuming that, Mr. Pollock?

**The Chair:**

Just a minute. Mr. Woods?

**Mr. Woods:**

Being of Roman Catholic faith, I think this resolution is encouraging these two nuns to break the rules of the Roman Catholic faith and this is what this Council is voting on. If you read the last paragraph, "Now, therefore, be it resolved" that's exactly what it's saying. It is talking about abortion in the first few paragraphs but in the end it is encouraging these nuns among 97 other individuals in the Roman Catholic Church to go against their church.

Now I think it is completely out of line for any Councilmember to congratulate or to pin medals on anybody's chest for going against somebody else's religion. I would not do it to your religion and I really expect the same courtesy with mine.

I think this resolution is out of order in this Council and I agree with you, Madam President, there is a separation between State and Church, and this is one.

**Michelle Madoff:**

Madam President, if that is going to be the decision, then we should go back and take every bill, every resolution, that has come before this Council, either pro-life or pro-abortion, and make that a rule that that is not the business of this Council. As you stated yourself, Madam President, and you said previously that the reason you let it go, this is a democracy, everybody should have a right to voice their opinion and it's only a wish; it is not a position.

I personally believe that we are not telling the Catholic Church what to do;

these are two women who are standing up on principle. And if Mark Pollock, as a member of Council wishes to congratulate people for having the courage of their convictions, that's his prerogative because we have set a precedent of doing that at least two dozen times in the nine and a half years that I've been here.

I'm sure many people know there's a marvelous play in town over at the Pittsburgh Public Theater. My rabbi sat two rows behind me. The Stein movie about the Jewess who became a nun but was never stopped being a Jewess.

What I understand is that these ladies, women, believe that they are nuns but they have a position that is different from someone else's, and they have the right to support that position. There are many people who believe in the right to choice; I believe that's the position, the right to choice. It's not the right to have abortions; it's the right to choose.

**Mr. DePasquale:**

Point of order, Madam Chairman. We're getting into a religious discussion. The matters that Council refers to are not religious matters.

**The Chair:**

The ruling has been made and any further discussion is out of order, the Solicitor informs me.

**Mr. Pollock:**

Madam President, I respect Mr. Woods' comments and I will amend the resolution. I will amend the resolution by deleting "wishes them good fortune in the struggles to remain nuns".

I think we certainly have the right to welcome them to Pittsburgh; they are

human beings.

**Mr. Lyons:**

Madam President, I have nothing against the nuns that are here but I could not put a slur or an insult on the Catholic Church to vote for anyone or anybodies or persons or a group of people who have taken and support abortion because I think that is diametrically opposed to Catholicism and the teaching of the Catholic Church. I feel that it would give Council a dim view if they would pass the resolution.

**Mr. Wagner:**

Madam President and members of Council, I'm not sure if the resolution is before us as read or as amended.

**The Chair:**

It hasn't been amended yet; we're still in discussion on the original resolution.

**Mr. Wagner:**

Well, on either form, originally or as amended, I firmly believe that this resolution is demeaning to this Council, to this government, and the City of Pittsburgh, and also to the residents of the City of Pittsburgh. It is a slap in the face to the Catholic Church and I believe that's what Councilman Woods was saying earlier and I believe that's what Councilman DePasquale was referring to. It's more than a pro-abortion resolution supporting these two people; it is taking a position differing with the Catholic Church.

This Council should not, at any time, and I can remember no time where we have taken a position differing with any organized religion since I have been a member of this Council for four

years. True, we have taken positions on issues for and against that are similar to abortion and abortion, at one time, we have taken and I have had a resolution in that regard in the past, but we have never, never, never, ever had a resolution differing with an organized church. I think it's demeaning for this Council to present any resolution of that type.

Furthermore, it is condoning, in essence, the actions of two nuns who violated the doctrine and it is a matter that should be settled between those two nuns and the church to which they belong. And we should not be here complimenting them for their actions.

So, I would, therefore, say, if we are going to vote on it, I strongly would suggest to oppose it, but more importantly than that, I don't think the issue or the resolution, as it sits or amended, should be in front of this Council.

**Mr. Ferlo:**

Madam President, thank you; I'll just take a minute. First of all, I think Mark has offered a very good point in terms of making a recommendation to amend it and I will support him on that as far as leaving out the last part of the sentence, "and wishes them good fortune in their struggles to remain nuns". I don't really care to get into a debate on the policies of the Roman Catholic Church and I agree with Mr. Woods and Mr. DePasquale and Mr. Wagner to the extent that this resolution, to some extent, initiates that discussion.

But let's be honest here. The real debate right here is that a number of Councilmembers can be define in the narrow sense of the word as pro-life and a number of other Councilmembers would define themselves as pro-choice.

A majority of the people in this City, frankly, support a woman's right to choose. That's the real issue that's before us today.

I think Mark has offered a constructive way in which we can continue to debate and have a democratic vote up and down on the question by his amendment and I'll second his amendment to delete, "and wishes them good fortune in their struggles to remain nuns".

I don't think we're going to change anybody's minds around the table here today on the resolution. I think let's amend it and let's just vote it up or down and be done with it.

**Mr. Coyne:**

Madam President, I would also have to agree that I feel this is a very inappropriate resolution to have before Council. I disagree with Councilman Ferlo insofar as it's a question of one's stand on abortion. I feel that City Council has no right to get itself involved in the affairs of the Catholic Church and I don't really feel this is an appropriate motion for Council.

**The Chair:**

The motion before us now is whether this resolution is out of order. That is the motion before us now.

**Mr. Ferlo:**

You have to remember that this is the law of the land we're talking about. People's right to choose is the law of the land.

**The Chair:**

But that's not the resolution before us.

**Mr. Ferlo:**

I'm suggesting that we amend it, it would be amended appropriately and within the confines that Mr. Wagner and Mr. Woods had talked about, and then we could vote on it's merit, up or down. Obviously, some people are going to view this as something that supports abortion; they're going to vote against it. And others of us will support it. I think we can at least eliminate the latter part of that sentence and have the vote, up or down, on the actual merits of the resolution.

**The Chair:**

The motion before us is whether this resolution is out of order.

**Michelle Madoff:**

Point of order, Madam Chairman. I believe that I have been consistent, if memory serves me well, I can't think of any time that I voted, that I have consistently said on pro-choice, pro-life, pro-abortion, that it doesn't belong in here. I think that if we do not vote on this bill today, we introduce legislation that says never again will all these members who are opposing the right to choice, which is, incidentally, the position by the polls that have been taken, the majority are the Catholics, that we don't deal with that here; it is not our business to deal with it. We don't vote this one down or vote on this one and then vote on others. We don't vote on things that are not our business. We don't vote on school issues, do we, Madam Chairman? We're not allowed to vote on school issues because we don't have the say so on that. We should not be voting on this or on anything else. But, if we're going to have the same people who are saying now, "It is my issue and I'm offended", be able to vote and introduce the pro-life week and then

vote against the right to choice weeks, then that is not fair or just either. We should not be voting on any of it. I want a resolution immediately after this vote to vote on that floor motion.

**The Chair:**

I have ruled that this is out of order. Is there a challenge?

**Mr. Pollock:**

I challenge the Chair.

**Mr. Ferlo** seconded the motion.

**Mr. Pollock:**

Discussion on the challenge, Madam President. With my proposed amendment, I would question where in this resolution it condemns or condones abortion, where it gets involved with the Catholic Church. With my amendment, all it says is it welcomes two women who are coming to our City to speak who have displayed a degree of courage and that is indisputable and that is all the resolution says. So where does it get involved with the merits of the abortion issue? Where does it get involved with what's happening within the Catholic Church? It is merely a resolution welcoming two people who are coming to our City to speak and that is all it is and that is all it says with the amendment.

**Mr. Ferlo:**

Exactly.

**The Chair:**

I will ask for a vote on the challenge to the Chair.

**Michelle Madoff:**

Madam Chairman, this is a very

serious issue. This is going to be in all the media and it is going to be that the debate was shut off, that all the voices were not heard. I think there are some things that need to be said. Whether it is appropriate to do it now, and I will follow your instructions and abide by your rules, if you think it's appropriate to raise it at the end of the meeting, I will then have a floor motion that never again do we have any of the issue which is now before us addressed.

But, here we have Mr. Pollock has invited one of the two women, I don't believe the other woman is here, as a guest to speak. We have never been rude to anyone. Well, I've had someone speak here who was awarded an award for being pro-life. She spoke and personally attacked me but I was gracious, I listened to her, and I think if we have a guest, we listen to the guest. That was all that's being said here. I will vote against anything that doesn't belong in this Council. We haven't even heard what she has to say.

**Mr. DePasquale:**

Madam President, you have a motion on the floor to overrule the President's motion, so why don't we vote on it?

**Mr. Ferlo:**

Point of procedure, Madam President. I don't see how the President of this Council, regardless of the particulars of this issue, can in any way suggest that there be a limitation of debate or a limitation of a Councilmember's right to raise legislation, either ordinance, resolution, authorization, period. That's not right and if we're going to establish this principle on this issue then we're going to have many fights on this Council in the future if an individual is going to, just by

their own caveat, have the authority not to be able to introduce things.

There's nothing wrong with political debate. Let's debate the merits of the resolution as amended by Mr. Pollock. There are going to be members here who feel strongly on the abortion issue and they will vote against it, as well they should. Those of us who consider ourselves pro-choice will discuss the issue and we'll support it and it will be over with. I can't see not allowing a vote to take place on the resolution.

**The Chair:**

Mr. Ferlo, that's my ruling. Do you want to challenge the Chair?

**Mr. Ferlo:**

So challenged.

**Mr. Pollock** seconded the motion.

**Mr. Coyne:**

Could you explain what the two choices are? I'm not sure —

**The Chair:**

The Chair has ruled that this is out of order and it has been challenged.

**Mr. Coyne:**

I'm against the challenge.

**Michelle Madoff:**

If you're with Mr. Ferlo, you vote yes. If you aren't, you vote no. And I'm going to abstain on the basis that I will introduce a resolution not to have any of this before Council ever again.

**The Chair:**

Is there any further discussion on the motion?

And on the question, "Shall the motion pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Ferlo                      Mr. Pollock

AYES 2                      NOES 6

VOTING NO:

Mr. Coyne                      Mr. Wagner  
Mr. DePasquale              Mr. Woods  
Mr. Lyons                      Mrs. Masloff  
                                    (Pres't)

(MICHELLE MADOFF ABSTAINING)

And a majority of the votes of Council not being in the affirmative, the motion was defeated.

**Michelle Madoff:**

Madam President, a ruling please. At what point would it be appropriate for me to have a floor motion that none of this, either position, be introduced before Council? You cannot rule Mr. Pollock's position out of order and then let other people come before Council —

**The Chair:**

Michelle, put that in writing and submit it to us.

**Michelle Madoff:**

I will do that. Mr. Perry, would you get that ready for me, please? Thank you very kindly.

**Mr. Ferlo:**

And that motion will be illegal and I'll go to court if I have to. You cannot limit debate or an ability of a legislator to come to this table and propose anything. You can vote it up or down, you can be against it; but you cannot in any way limit — You're not going to limit my ability to bring any issue to this table; I can tell you that right now, Michelle. There are some things we may not want to talk about, and that's a separate issue from allowing a Councilmember to raise the issue.

**Mr. Woods:**

Point of order, Madam President. You have made a ruling and I assume we are going to go on with our regular order of business. We can discuss that whenever that bill comes up.

**The Chair:**

Our next order of business, Mr. Ferlo, you have a resolution.

**Mr. Ferlo:**

I'd like to ask Evelyn Patterson to come up here, please, from the Senior Citizens Health Care Coalition.

Madam President, I'm very honored to have as my first resolution as a newly elected official to this body the following resolution.

**Mr. Ferlo presents**

No. 68 WHEREAS, the Senior Citizens Health Care Campaign is a three year old, Pittsburgh based non-profit coalition formed by the Pennsylvania Alliance for Jobs and Energy and the Pennsylvania Public Interest Coalition, working to address problems in the health care field for

older Americans, problems such as skyrocketing costs, patient rights and access to care; and

WHEREAS, the elderly are the fastest growing age group in the Pittsburgh region, and have higher health care costs and lower incomes than any other adult age group; and

WHEREAS, every medical insurance program sets rates which doctors must accept if they wish to be included; and

WHEREAS, even though Medicare's rates are reasonable and adjusted annually, only 30% of Pennsylvania's doctors accept Medicare's reasonable charges all the the time; and

WHEREAS, Pennsylvania seniors were overcharged \$61 million in out-of-pocket expenses by Medicare-participating doctors in 19186; and

WHEREAS, these enormous overcharges severely restrict older people's access to needed health care, causing unnecessary pain, suffering, and even death; and

WHEREAS, other state governments have taken effective legislative steps to curtail Medicare overcharging and the City of Pittsburgh and its many medical institutions are known as national and international leaders in the health care field.

NOW, THEREFORE, BE IT RESOLVED, that the Council of the City of Pittsburgh supports the efforts of the Senior Citizens Health Care Campaign and calls on the Commonwealth of Pennsylvania to enact a law requiring all licensed physicians to charge Medicare beneficiaries no more than Medicare's reasonable charges, ensuring access to needed quality health care regardless of

income; and

BE IT FURTHER RESOLVED that the Council of the City of Pittsburgh urges the appropriate committees of both the Pennsylvania House and Senate to conduct a public hearing in Pittsburgh on this issue so that citizens and organizations may present their viewpoint in support of medicare overcharge legislation.

**Mr. Ferlo** moved to adopt the resolution.

**Michelle Madoff** seconded the motion.

Which motion prevailed.

**Mr. Ferlo:**

Just briefly, I do want to let you know that Alan Kukovitch is a State Representative from Manor, Pennsylvania, West Moreland County, and will be the prime sponsor. I did have a meeting with State Representative Tom Murphy of the North Side and he's willing to also introduce the resolution.

At this time, I'd like to introduce Evelyn Patterson who is the spokesperson for the Senior Citizens Health Care Campaign for a brief comment.

**Ms. Patterson:**

We Seniors in Pennsylvania have named this act that we want to go through MOM, that's Medicare Overcharge Measure. It's surprising how many senior citizens die from lack of medical attention due to the fact that they cannot afford to pay high doctor bills. If we get MOM passed it will mean so much to all of us. No senior citizen will be turned away for lack of medical insurance. Medicare itself does not pay all of what the doctors are asking for.

Many Seniors, it's up to them

whether they go to a doctor or whether they have food on their table to eat. It may sound foolish, I guess, you say, people aren't like that. But if you are around many Seniors, you will see that they have to go without a lot of things that are really necessary to their health. Telephones have been given up because they can't afford it. Lots of Seniors have to stop and think, will I eat or will I keep warm. This is a tragic thing.

Seniors don't like to be noted as a needy person, poor; they call us everything. But I want each of you to know, we have paid our dues to society and we're just asking you to please help us to get MOM passed.

**Michelle Madoff:**

Mr. Ferlo, I want you to know that I'm a member of AARP and I have spoken before the AARP Association and one of the issues that we addressed last year and I will be back to talk to them about, we are an aging society. When you get to be 60, you're middle aged, prime, and we have the largest vote in the nation and if we put our strength together we will get what is right. A nation is judged by how it treats its children and its senior citizens. Thank you for being here.

**Mr. Ferlo:**

I just want to thank members of Council for their support and, Madam President, I didn't make it part of the resolution but could we communicate this resolution to Governor Casey and members of the House and Senate and the Allegheny County Delegation.

**Michelle Madoff:**

And could we have it please go to all the members of the AARP groups in

the area and invite them to be present at the hearing, please?

**The Chair:**

Of course they're not going to be called senior citizens anymore; they're special population.

**Michelle Madoff:**

Thank you. I agree with that because we're only youngsters.

**Mr. Coyne presented**

No. 43 Resolution authorizing the Mayor and the Directors of the Department of Parks and Recreation, and Finance, on behalf of the City of Pittsburgh, to enter into an Agreement or Agreements with Bell Atlantic Mobile Systems, Inc. to allow installation of Mobile Telephone Equipment at 6720 Stanton Avenue in Highland Park, for a one (1) year period, with an option for two (2) additional years. The purpose of this installation is to guarantee telephone service throughout the Highland Park area.

**(PRIOR APPROVAL GRANTED BY COUNCIL JANUARY 6, 1988)**

Which was read and referred to the Committee on Parks and Recreation.

**Mr. DePasquale presented**

No. 44 Resolution Repealing Resolution No. 126, effective February 25, 1987, entitled: "Providing for a Contract or Contracts or use of existing Contracts, for Construction of a Parking Lot for Fowler Pool and Park at a cost not to exceed \$70,000.00, chargeable to and payable from Code Account CDEC 86-53." The \$70,000.00 in this Resolution has been reprogrammed for additional monies needed for Construction of the West Penn Pool and

Recreation Center. The Parking Lot Construction will be done by City Forces.

Also,

No. 45 Resolution amending Resolution No. 1255, effective December 31, 1985, entitled: "Providing for an Agreement or Agreements with a Consultant or Consultants for Professional Engineering Services in connection with the Rehabilitation of the Swinburne Street Bridge; and providing for the payment of the cost thereof," by providing for a Supplemental Agreement or Agreements. and by increasing the total allocation by \$25,000.00 (from \$80,000.00 to \$105,000.00).

Which were read and referred to the Committee on Engineering and Construction.

Mr. DePasquale moved to suspend Rule 8 by providing for consideration of the bills only until or after the 9th calendar day following the meeting in which the bills were introduced so the bills will be on the agenda this Wednesday.

Mr. Coyne seconded the motion.

Which motion prevailed.

Also,

No. 46 Resolution providing for the issuance of a warrant in favor of Triangle Roofing, Inc. in the amount of \$3,500.00 in payment of Emergency Repairs to the Aviary Roof, payable from Code Account EC 87-48. (PRIOR APPROVAL GRANTED BY COUNCIL AUGUST 4, 1987)

Which was read and referred to the Committee on Finance.

Mr. Ferlo presented

No. 47 Resolution instructing the City Solicitor to communicate to the Secretary of the DER a request of an INVENTORY OF UPSTREAM CONTAMINATION THREATS TO DRINKING WATER SUPPLIES AND AN EMERGENCY PLAN OF ACTION and instructing the Director of Water and the Director of the Water and Sewer Authority to conduct water quality testing at the riverfront and bed near the Harrison Township lindane flow and the Bruin Lagoon-Bear Creek site. — (SPONSORED BY MR. FERLO)

Which was read and referred to the Committee on Water.

Mr. Ferlo moved to suspend Rule 8 by providing for consideration of the bill only until or after the 9th calendar day following the meeting in which the bill was introduced so the bill will be on the agenda this Wednesday.

Mr. Lyons seconded the motion.

Michelle Madoff:

I would like to oppose that and I'll give my reasons. I think it's a outstanding resolution and I will probably be voting in favor of whatever action comes out of the meeting, but we need a little time. I have a meeting tomorrow with some of the people who are going to be doing some grab samples. I've been talking to the Water and Sewer Authority to have some documented evidence of the actual dilution, what the readings are. I, of course, have always been a proponent of a healthy environment; I don't want to see anything going into outfalls. I remember in the old days, in my environmental days, David Nixon went down the rivers and the outfalls burned his hand. We need a little time; this Wednesday would be too quick.

**Mr. Ferlo:**

Michelle, if you support the attempt to clean up the rivers then you should support the resolution. All this resolution does is get us, officially as the City of Pittsburgh, to do some of this water testing.

**Michelle Madoff:**

I don't need a resolution to do that. I can do it just by being head of the Water Committee and any member of this Council, it doesn't have to be head of the Water Committee —

**Mr. Ferlo:**

Michelle, if you don't have an objection to the resolution —

**The Chair:**

Michelle, what is your pleasure?

**Michelle Madoff:**

I'm just saying, just let it run to a week from Wednesday, that's all.

**Mr. Woods:**

There's a motion on the floor.

**Michelle Madoff:**

The motion on the floor is to hear it Wednesday. I'm only asking that we just let it go in the normal procedure.

**The Chair:**

Mr. Ferlo's motion has been seconded. All in favor? Opposed?

**Michelle Madoff:**

I'll make it unanimous.

**Mr. Ferlo:**

Thank you, Michelle.

WHICH MOTION PREVAILED.

**Mr. Lyons presented**

No. 48 Resolution amending Resolution No. 412, effective May 18, 1987, entitled: "Providing for an Agreement or Agreements with the Northside Common Ministries for the furnishing of professional services in connection with their Food Pantry Program for the benefit of the needy residents of the City of Pittsburgh during 1987, at a cost not to exceed \$10,000.00, chargeable to and payable from Code Account 1103, Miscellaneous Services in the Department of City Planning, and transferring \$10,000.00 from Code Account 45, Health Insurance to Code Account 1103, Miscellaneous Services, Department of City Planning," so as to add 1988 as a contract year.

Also,

No. 49 Resolution amending Resolution 883, effective August 25, 1987, entitled: "Providing for an Agreement or Agreements with the Pittsburgh AIDS Task Force, Inc. for the furnishing of professional services in connection with its programs of advocacy services, emergency fund, education, risk reduction and other programs of awareness and compassion for the benefit of all the residents of the City of Pittsburgh during 1987 at a cost which is not to exceed \$40,000.00, chargeable to and payable from Code Account 1103, Miscellaneous Services in the Department of City Planning, and transferring \$40,000.00 from Code Account 10, Accounts Payable - Prior Years to Code Account 1103, Miscellaneous Services in the Department of City Planning," so as to

add 1988 as a project year to the Agreement.

Which were read and referred to the Committee on Planning, Housing and Development.

**Mr. Pollock presented**

No. 50 An Ordinance amending the Pittsburgh Code, Title Two, Fiscal, by changing the Rate of Interest on certain Delinquent Earned Income and Home Rule Taxes.

Also,

No. 51 Resolution providing for the issuance of a warrant in favor of Evan Pattak in the amount of \$490.00 for consulting services rendered to Mark H. Pollock, chargeable to and payable from Code Account No. 1001-2, Salaries, Wages and Services of Council.  
—(SPONSORED BY MR. POLLOCK)

Also,

No. 52 Resolution designating banks and lending institutions to act as depositories for the year 1988 in accordance with the Pittsburgh Code, Title Two - Fiscal, Article III, Depositories.

Also,

No. 53 Resolution amending and supplementing Res. No. 1094 of Dec. 31, 1987, entitled: "Resolution adopting and approving the 1988 Capital Budget and the 1988 Community Development Block Grant Program; and approving the 1988 through 1993 Capital Improvement Program," by decreasing ULO allocation to the YMCA of Pittsburgh (Garfield) from \$12,000 to \$10,000, and adding a new line item, Bloomfield Garfield Corporation to be funded at \$2,000. —  
(SPONSORED BY MR. POLLOCK)

Also,

No. 54 Resolution Repealing Resolution No. 38, Item C, approved February 2, 1987, which authorized the sale of property in the 11th Ward, being a 2-1/2 Story, Brick house and Frame Garage, located at 5536 Baywood Street, designated as Block 83-B, Lot 96, to Michael G. Richer and Mary Ann Keller, his wife, for the sum of \$7,500.00. The reason for the above Repealing Resolution is that the former owners, James M. and Gerard L. Davia, are redeeming the property. As per Court Order, the sale must be cancelled, and all monies returned.

Also,

No. 55 Resolution Repealing Resolutions, approved on various dates, authorizing the sale of properties in various Wards of the City of Pittsburgh, in accordance with Act No. 171 of 1984, and providing for the forfeiture of hand money.

Also,

No. 56 Resolution providing for the filing of a petition or petitions for the sale of certain properties in various Wards of the City of Pittsburgh, acquired at tax sales in accordance with Act No. 171 of 1984.

Also,

No. 57 Communication from Mayor Richard S. Caliguiri, requesting authorization for James Simms to attend the National Forum for Black Public Administrators Conference in Fort Worth, Texas, April 24-27, 1988, at a cost not to exceed \$1,500.00, payable from Code Account No. 1017, Miscellaneous Services.

Also,

No. 58 Communication from Melanie Smith, Director, Department of Personnel, requesting authorization for Dave Farley to attend the regular meetings of the Pennsylvania Service Delivery Area Association and the State Job Training Coordinating Council in Harrisburg, PA, January 26-27, 1988, at a cost not to exceed \$450.00, payable from the JTPA-1 Trust Fund, federal funds.  
**(PRIOR APPROVAL GRANTED BY COUNCIL JANUARY 11, 1988)**

Which were severally read and referred to the Committee on Finance.

**Mr. Woods presented**

No. 59 Resolution granting unto Mr. E.D. Goslin, 219 Dasher Street, his successors and assigns, the privilege and license to construct, maintain and use, at his own cost and expense, a parking area on a portion of the Right-of-Way of Waino Way from the closed portion of West Lacock Street to General Robinson Street in the 22nd Ward of the City of Pittsburgh.

Also,

No. 60 Communication from James N. Walker, Director, Department of Environmental Services, requesting authorization for Robert Lewis and Darryl Mabrey to attend the Governmental Refuse Collection and Disposal Association Chapter Meeting at the Penn Harris Inn & Convention Center in Camp Hill, PA, January 26, 1988, at a cost not to exceed \$40.00, payable from Code Account No. 1181, Miscellaneous Services. Permission is also requested for use of a City vehicle.  
**(PRIOR APPROVAL GRANTED BY COUNCIL JANUARY 12, 1988)**

Which were read and referred to the Committee on Public Works.

**The Chair presented**

No. 61 Resolution providing for authorization to advertise for, award and enter into contracts or use existing contracts for the purchase, lease and/or installation, etc. of equipment, services, materials and supplies in conjunction with the regulation and utilization of the City of Pittsburgh's Cable Communications System at a cost not to exceed \$125,000.00, chargeable to and payable from the Community Communications Trust Fund, Bureau of Cable Communications, Department of Public Works.

Which was read and referred to the Committee on Finance.

Also,

No. 62 Petition from the residents of the City of Pittsburgh, requesting a public hearing concerning the proposed construction of the United States Post Office facility located at Allegheny & Pennsylvania Avenue. (This petition is valid in accordance with Section 320 of the Home Rule Charter).

Also,

No. 63 Petition from the residents of the City of Pittsburgh, requesting a public hearing to discuss the proposal made by West Penn Hospital to install a 772 car parking lot in Lawrenceville. (This petition is valid in accordance with Section 320 of the Home Rule Charter).

Also,

No. 64 Communication from Charles T. Blocksidge, Ph.D., Director of Property Assessments, County of Allegheny, submitting the CERTIFIED total assessments of land and building for the City of Pittsburgh.

Which were severally read, received and filed.

**Michelle Madoff:**

May I ask a question that you clarify it for me, please? On the last bill that was introduced, Mr. Blocksidge, on the assessments, I don't know whether anybody else on this Council, and if you've been reading the letters to the editor, people were saying there were no taxes raised by the County but everybody was reassessed two years in a row. I would think that since our income is based on the assessments and there's so many appeals taking place, that I would like to request, and I understand that it is appropriate and legal for any member of Council to request a hearing. We don't need a petition.

I would like to request a hearing on the reassessment, have Mr. Blocksidge here to explain why people are being assessed two years in a row, what is happening, and make sure the public knows about that hearing. So, may I have that as a request as a member of this body?

**The Chair:**

Is there a second?

**Michelle Madoff:**

You don't need a second. A hearing may be requested by any member of Council.

**Mr. Perry:**

You have to have a majority of the members --

**Mr. Woods:**

You have to get a second.

**Mr. Pollock** seconded the motion.

**Michelle Madoff:**

I can't imagine anyone opposing.

**Mr. Ferlo:**

Could you just restate what the hearing is for, Michelle?

**Michelle Madoff:**

The hearing is merely to address the terrible issue of the fact that people are very concerned about having to give up their homes and they've been assessed two years in a row. Many people are applying because of the options that have taken place to have their assessments lowered. It's going to affect the total income to the General Fund and we need to have some feeling of what has happened; nobody knows.

**Mr. Ferlo:**

Madam President, the reason I'm going to support this is that I think it's unfortunate that County Commissioners have told the citizens that there's no tax increase and then a week before Christmas everybody gets a reassessment. So, I support having the public hearing.

**The Chair:**

Yes, but whether we have a hearing or not, it's a fact, and I can't see that a hearing will accomplish anything. The people know what's happened; they know that it's the County that has changed the assessments. However, if it's your pleasure --

**Michelle Madoff:**

I'd like to have a hearing, if I can, please.

**Mr. DePasquale:**

Madam President, if I may. I'm not opposed to the resolution with the exception that I talked to Charlie Blocksidge, as I think every member of Council did, especially those in those wards that were affected. Obviously he said that the only route to go was the appeal route and the forms are available over there. I don't know what purpose a hearing would serve but, at the same time, I'm not opposed to it because, obviously, I'm concerned with that increased assessment. As Madoff said, on one hand they're saying no tax increase and the County, which sets the taxes for the City, sets about to raise them.

**Michelle Madoff:**

My understanding, from the calls that are coming into my office, Mr. DePasquale, is that the assessments took place two years in a row. They were assessed one year and assessed the next year. And I want to get that clarified and why that happened.

**Mr. DePasquale:**

It takes place every three years, Michelle.

**Michelle Madoff:**

I know, but this was two years consecutively, and I want to know what's happening. And I want to get a feeling for the people that are appealing for example, in the Gateway Building there's a body of people who are now saying these apartments that sold for 284 are selling for 84. We don't want to pay more than —

**The Chair:**

Do you have a motion for a

hearing?

**Michelle Madoff:**

That was my motion.

**The Chair:**

Is there a second?

**Mr. Ferlo:**

There is a second, Madam President. And again, before you vote on it, those members of Council who don't want to participate in the hearing don't have to come. So please support this.

**The Chair:**

Is there any further discussion on the motion?

And on the question, "Shall the motion pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

|                 |              |
|-----------------|--------------|
| Mr. Coyne       | Mr. Pollock  |
| Mr. DePasquale  | Mr. Wagner   |
| Mr. Ferlo       | Mr. Woods    |
| Mr. Lyons       | Mrs. Masloff |
| Michelle Madoff | (Pres't)     |

AYES 9 NOES none

And a majority of the votes of Council being in the affirmative, the motion was approved.

**Michelle Madoff:**

Let this go down in the records of history that in 1988 Michelle Madoff had a unanimous vote.

**Mr. Woods:**

Change my vote, Madam President.

**Mr. Ferlo:**

Madam President, Mr. Perry read into the Record a receipt of a petition from the Lawrenceville residents on the shopping center parking lot debate. I know a number of residents have called my office and possibly other members, they've been calling Mr. Lyons, requesting an evening meeting, a public hearing in the evening so that the people from that community can participate in the discussion.

I know Mr. Perry and the staff do not want to work in the evening but Council staff members are on salary and I would encourage them to at least grant this hearing in the evening.

So, Madam President, I would like to make a motion --

**Mr. DePasquale:**

Madam President, we have three resolutions in front of us. What Jimmy is talking about he can talk about after --

**The Chair:**

He's talking about the petition --

**Mr. Ferlo:**

I just wanted to ask that this public hearing be held in the evening on the Lawrenceville issue.

**The Chair:**

Well, you know there's a question of time and a half for the employees. It's a problem.

**Mr. Ferlo:**

Why do you need time and a half? Most of the Council staff people work as their paid, salaried staff people.

**The Chair:**

Not for overtime.

**Mr. Ferlo:**

There are many employees throughout the City who work above and beyond the eight hour day.

**Mr. Woods:**

Madam President, point of order. We haven't voted on receiving the bills yet, that were read, and people are making motions on top of motions.

**Mr. Ferlo:**

I'm only making one motion.

**Mr. Woods:**

You're one person that made one motion.

**The Chair:**

We've received and filed the hearings, Mr. Woods.

**Mr. Woods:**

We didn't vote on that yet.

**Mr. Ferlo:**

Yes we did.

**Michelle Madoff:**

Excuse me. Isn't that something that the President of Council decides? You may ask the question, you ask it

publicly at the end of the meeting and request it, and then it's up to the Chairman to make that decision.

**The Chair:**

Are the petitions for the hearing in order, Mr. Perry?

**Mr. Perry:**

The petitions are in order for a hearing. Yes.

**The Chair:**

And I will set the hearings.

**Michelle Madoff:**

Thank you.

**Mr. Ferlo:**

And, Madam President, once again I am requesting that you please consider the request of the Lawrenceville residents in holding the public hearing in the evening. I'll drive Mike Perry home.

**Michelle Madoff:**

I will second that.

**The Chair:**

I will take it under advisement.

**Mr. Wagner:**

Madam President, I would like to make a motion for the same hearing, the Lawrenceville hearing, to be televised.

**Michelle Madoff** seconded the motion.

**Mr. Ferlo:**

Thank you, Mr. Wagner, for reminding me of that.

Call the question on the motion.

**The Chair:**

I said I'd set the public hearings.

**Mr. DePasquale:**

We're voting to televise it.

**The Chair:**

Oh, to televise it. Sure; no question about that. I don't think there will be any objection; however, we'll have a vote if you want to have that particular meeting televised.

Is there any further discussion on the motion?

And on the question, "Shall the motion pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

|                 |              |
|-----------------|--------------|
| Mr. Coyne       | Mr. Pollock  |
| Mr. DePasquale  | Mr. Wagner   |
| Mr. Ferlo       | Mr. Woods    |
| Mr. Lyons       | Mrs. Masloff |
| Michelle Madoff | (Pres't)     |

AYES 9                      NOES none

And a majority of the votes of Council being in the affirmative, the motion passed finally.

#### UNFINISHED BUSINESS

**Mr. Pollock presents**

No. 28 Communication from Mark Pollock amending the Rules of Council by deleting a portion of Rule 8-a which requires "that printed copies of bills be

sent to each Councilmember's home at least 48 hours prior to the regular or special meetings" and inserting "Printed copies shall be delivered to each Councilmember's office".

Mr. Woods seconded the motion.

(COMMUNICATION FROM MR.  
POLLOCK - BILL NO. 28)

January 6, 1988

President and Members  
Pittsburgh City Council  
5th Floor  
City-County Building  
Pittsburgh, PA 15219

Dear President and Members of Council:

In accordance with Rule XII of the Rules of Council, this is to give you notice of my intention to seek a change in the Rules of Council on Monday, January 18, 1988. The proposal is as indicated below:

**RULE VIII.**

a. ...When returned therefrom, such bill shall be printed and a copy (mailed to) delivered to the Council office of each member at least forty-eight hours previous to a regular meeting of Council, or when possible, twenty-four hours previous to a special meeting of Council.

This change would eliminate the current policy of copies of bills being mailed to the Council Member's homes at considerable expense to the City. This practice is all the more desirable because the copies frequently do not arrive at the homes until after the votes on the legislation have already occurred.

I would be grateful for your favorable consideration of this logical and desirable amendment.

Yours very truly,

Mark H. Pollock

MHP:msy

cc: Mike Perry, City Clerk

(END OF LETTER)

**Michelle Madoff:**

I have a problem with that. Discussion. I concur with Mr. Pollock because, frankly, it arrives after the fact. We get one in our office, there's one out here, and the printing costs are just getting ridiculous. Unfortunately, though, and the Councilmembers who have been here for a number of years and have X number of vacation weeks, what happens if you're ill and you don't have it? Providing you put a provial in that any member who is on vacation or out ill would have their either delivered by the driver or somehow get that copy through their aide or something, that they make an effort to see that that happens, I would support the bill, with that amendment.

**The Chair:**

It seems to me that if it's delivered to your office your aide would see that you get it. I don't see that that has to be a motion.

**Michelle Madoff:**

I'm just concerned that sometimes you get very busy. I would like to make sure that there's just a follow up and that we all get them, that's all. I don't have a problem with it. They come after the fact anyway.

**Mr. DePasquale:**

Point of order, Madam President. I

think the sending of that material is absolutely ridiculous and a waste of postage. But at the same time, and I have to refer to the Chief Clerk, is there a law on that, Mike, that it has to be sent?

**The Chair:**

It's a rule of Council and this is a bill to change the rule.

**Mr. Wagner:**

I have a comment, please. I'd like to ask the City Clerk, periodically it is late, and why is that and why can't that be corrected?

**Michelle Madoff:**

I've been asking that for nine years.

**Mr. Perry:**

Well sometimes an employee is off sick —

**Michelle Madoff:**

A patronage employee.

**Mr. Wagner:**

Point of order, Madam President. I've asked Mr. Perry to respond.

**Mr. Perry:**

There are times an employee is off sick, suspension of Rule 8 on a lot of bills. Otherwise, there's no excuse why they're late.

**Mr. Wagner:**

What percent of the time do they come late and can that be corrected?

**Mr. Perry:**

It could be corrected. The only thing is, when we have our Monday meeting and meet again on Wednesday, it all depends on how many bills we have. It could be corrected; everything could be corrected.

**Mr. Wagner:**

The reason why I mentioned this is, I, for one, have always enjoyed receiving that and the bills to be introduced on Monday, particularly the bills being introduced on Monday since the Mayor's Conference Meeting no longer takes place on Monday morning. But the bills themselves are a reminder and a refresher of each and every bill that's on the agenda and will be up for final vote that Monday. Generally speaking, I have received it on a Saturday at home. If that can be corrected, I think we should continue with that procedure, particularly because we do have three new Councilmembers and they have not even experienced this procedure and now we're voting on it. Maybe, in fact, they would appreciate getting those bills, a second copy of those bills.

**Mr. Perry:**

As far as getting the bills earlier than Saturday, I don't know.

**Mr. Wagner:**

I'm not saying we would. But what I am saying is, when you see a final copy of all legislation to vote on Monday, the only other time you see it is when you come in and sit down at this table prior to the meeting. That's the only time we get a copy of all those bills. True, we do vote at the Standing Committee Meeting on Wednesday; many bills are held at that meeting and sometimes we're not sure which bills are coming up for final

vote and which bills are not.

**The Chair:**

Those bills will all be put in your box on Friday so that you'll have a chance to see them before Monday as an alternative to mailing them because they never get there. Then we'll be sure to have them.

**Mr. Pollock:**

I've been on Council for two years and my bills have only arrived on Saturday maybe about six times and the rest of the time they've come Monday, Tuesday or Wednesday. To make extra copies, you're talking about photocopy cost, you talk about postage cost, manpower, one of our assistant clerks sitting there rolling them up, trying sometimes to have two packages mailed out, and the amount of expense involved is ridiculous to mail out nine of these when, many times, it's out of Mr. Perry's hands and it's in the hands of the Post Office and these don't always get delivered on time. So, as I said, I've only received them on time about a half a dozen times in my two years. I think it's an extreme waste of the resources of the City, of postage, of photocopying and of manpower, and it's ludicrous if these can't be hand delivered to our office. And if you ask Mr. Perry for a recommendation, he's already told me that he supports the idea to amend this and, in fact, has encouraged me on this.

**The Chair:**

I agree with you, Mr. Pollock.

**Mr. Woods:**

I just want to say that I agree also. I think it's just as easy — Mr. Perry could have them in our boxes Thursday, Friday morning at the latest.

**Michelle Madoff:**

Madam President, not only do the bills arrive after we've left for Council on Monday but the letter from the Law Department that introduces the Administration bills or the Committee bills that come to us ten days in advance come after the fact; I don't get those until several days later.

I don't know whether you're aware or all members of Council are aware, but I instituted a policy about eight years ago when I realized that if I wanted to do my job I'd better know what's going on. Mike was very gracious, and so was Linda Johnson, to provide me, as soon as possible, with copies of every bill. What I do is take my Wednesday list, my Finance Meeting list, go down, see what's important. They're numbered, they're in numerical order, and pull them out when I want them to look at them, and that has probably been the most effective, the most enlightening way of being a productive member of this Council.

I know Mark gets the bills; I believe Jack Wagner gets them too. I told him about it when he got to Council. I get them; I don't know if the others have requested it. But if you haven't requested it, may I strongly suggest that.

I'd like to end on one note; Mike Perry is a gentleman and I think he doesn't want to ruffle anybody's feathers. The fact remains that one of the reasons we don't get some of this material, and it isn't just this excessive amount of postage and work and money that it costs, there are a lot of things that don't happen; the transcripts are not up to date. It wasn't until we computerized, and I believe we're going to go to a new laser printer very shortly. One of the handicaps was the fact that Mr. Perry did not choose his own people; they are chosen by a

patronage system of this Council and some are better than others and nobody ever tested them to see if they were doing the job or could do the job to begin with.

**Mr. Ferlo:**

I don't think we should attack the staff, Michelle.

**The Chair:**

I don't either. Your comments are out of order, Michelle.

We have agreed, whatever the reason is, —

**Michelle Madoff:**

May I finish my sentence please? My sentence is that now that we have a new bill before us, that regulates both the Controller and Council, that should not happen. Everybody will be tested.

**Mr. Ferlo:**

I support Mr. Pollock's resolution mainly because I think staff time would better be spent at evening public hearings.

**Mr. DePasquale:**

Call the question on the bill.

**The Chair:**

Is there any further discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

|                 |              |
|-----------------|--------------|
| Mr. Coyne       | Mr. Pollock  |
| Mr. DePasquale  | Mr. Wagner   |
| Mr. Ferlo       | Mr. Woods    |
| Mr. Lyons       | Mrs. Masloff |
| Michelle Madoff | (Pres't)     |

AYES 9      NOES none

And a majority of the votes of Council being in the affirmative, the bill passed finally.

#### REPORTS OF COMMITTEES

**Mr. Pollock presented**

Bill No. 65

Report of the Committee on Finance for January 13, 1988 transmitting one resolution to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 18

A Resolution entitled, "Resolution authorizing and directing the Mayor to issue and the City Controller to countersign a warrant in the amount of Seven Hundred Eighty-Eight Dollars and Eighty-Nine Cents (788.89) to the Commonwealth of Pennsylvania representing final payment required for unclaimed funds for the year 1979 pursuant to the provisions of the Deposition of Abandoned and Unclaimed Property Act, Act of August 9, 1971, P.L. 74."

Which was read.

**The Chair:**

Is there any discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

|                 |              |
|-----------------|--------------|
| Mr. Coyne       | Mr. Pollock  |
| Mr. DePasquale  | Mr. Wagner   |
| Mr. Ferlo       | Mr. Woods    |
| Mr. Lyons       | Mrs. Masloff |
| Michelle Madoff | (Pres't)     |

AYES 9                      NOES none

And a majority of the votes of Council being in the affirmative, the bill passed finally.

**MOTIONS AND RESOLUTIONS**

**Michelle Madoff:**

Madam President, I have another item and I don't know — Should I do it later?

**The Chair:**

Yes, after the resolutions. Do you want us to read them individually?

**Michelle Madoff:**

I think we should take them individually.

**The Chair:**

We'll read all the resolutions, the three that Mrs. Madoff is submitting and then we'll vote on them individually.

**Mr. Woods:**

Point of order, if I may, and I know that I have them in front of me. Before you read them, Mr. Perry, if I may, Madam President, address Councilwoman Madoff. If you're introducing as a wish of Council, I'll understand that. But if you want Council to act on these bills, these resolutions, if they pass, and we would hire someone, I have a suggestion that you put that in the form of a bill, reintroduce it on Monday like a proper piece of legislation; therefore, it would have some teeth and we would have to hire them, if it passes. The way you're doing it now, it's just a wish of Council and it doesn't mean anything.

**Michelle Madoff:**

I'm glad you raised that issue because I asked Mr. Perry how to do this and I was told to do it this way.

**Mr. Perry:**

Michelle, the reason I said to put it this way, if these resolutions pass, that means that Council is going to amend the budget, when they do that in late February. These position will be included in the budget if these three resolutions pass.

**Michelle Madoff:**

If these go in today, they are addressed as resolutions. They can go in today as resolutions, I can waive Rule 8, they can come up on Wednesday. Otherwise, how are we going to find the funds?

**Mr. Woods:**

Mr. Perry and I may disagree but my opinion would be to introduce them as bills on Monday. It would come up in a regular Wednesday meeting, we'll argue

the point, and then we find the funds.

**Michelle Madoff:**

Today is essentially Monday.

**Mr. Woods:**

Mr. Perry is right; at the end of February we'll be amending the budget again and you have a month and a half. That's my opinion.

**Michelle Madoff:**

I just said, let's go the route of introducing them as bills, as resolutions today. I'll waive Rule 8, they'll come up on Wednesday and we go the normal procedure. I was told I couldn't do that.

**Mr. DePasquale:**

Point of order, Madam President. Mr. Perry, bills of this order have been brought up before in the manner in which Mr. Woods explained. Why are we setting a precedent this time saying we should do it —

**Mr. Perry:**

We've done it this way before, Mr. DePasquale. One time, in fact, a legal advisor resolution was passed.

**Mr. DePasquale:**

I'm saying, the bills that we're talking before, this isn't the first time Michelle Madoff mentioned a fiscal advisor. We've always done it by ordinance.

**Mr. Perry:**

But what I'm saying, Council's legal advisor was passed this way and it was put in Council's budget.

**Michelle Madoff:**

Are you saying it's too late if we go through the normal route to get —

**Mr. Perry:**

No, what I'm saying is if Council amends the budget, they have six weeks to amend it after its enacted, and if you amend the budget prior to the end of five weeks, that's one time for Council and that's it. If Council has other amendments they just won't be able to do it.

**Michelle Madoff:**

Mr. Perry, if we introduce these today, which is Monday, essentially, as bills, and I waive Rule 8 and they come up on Wednesday, then we go through the normal procedure and we still have time to amend the budget; do we not?

**Mr. Perry:**

If you come in Monday, you are going to be amending the budget. That's what you're going to come in with, amending the budget. The reason I said to do it this way, if Council approves these three bills, when Council amends the budget within five weeks, these titles will be put in the budget —

**Michelle Madoff:**

And they won't be if we go the other way?

**Mr. Perry:**

The other way it will just be amended to the budget.

**Mr. Woods:**

The way I interpret it is, this way, it's a will of Council. Then you'll have to

make another motion again, you have to fight to amend the budget. If you put a regular bill in, then it must be in there if it passes. And then we amend the budget. But this way - I believe you're unhappy because I'm against it - then you have to fight again -

**Michelle Madoff:**

Of course you're against it.

**Mr. Woods:**

But I'm trying to help you; let me help you.

**Michelle Madoff:**

With help like this, I don't need enemies.

**Mr. Woods:**

What's going to happen is, you're going to fight this battle again. If it's a wish of Council, then when you go to amend the budget, then you have to come in with legislation just like this to amend the budget. But if you come in with legislation now, then it is law and then the budget is amended. Don't you understand what I'm trying to say? All you do is put it in.

**Mr. Pollock:**

First of all, I think that after Michelle prepared these, and I've discussed this matter with her, she agreed with me that her language was wrong in this anyway because the language she has in here for the three positions is hiring which, by definition means, they would be going on the payroll, which means, in addition to the \$40,000 she's talking about, you also have their fringe benefits which then lifts the ante on these prices even more. She agreed that they would not be employees

of the City but would be retained as consultants. So, I think they have to be redrafted anyway and I would ask that she withdraw them to amend them in concurrence with that language.

**Michelle Madoff:**

The reason I was doing it this way, Madam President, is that I felt we were being stampeded to meet a budget date and I didn't want to miss the opportunity. I was promised by the majority of this Council, particularly the new members, that they wanted a professionalized Council. I spoke with you about it, I've spoken with other members of this Council, that we would get a fiscal analyst, we would get legal counsel, that we had, finally, five votes. Despite Mr. Woods' feelings, people like Mr. Wagner have introduced bills previously to have legal counsel; I don't need to take credit for it. There's enough credit to go around for everybody. But we need to professionalize this Council.

I was told to do it this way because it's the only way we can meet the deadline of the budget. If it is not the only way, I would prefer to introduce these with an amendment just saying consultants as opposed to hiring and have them go in today. That would be my wish.

**Mr. Perry:**

What you're telling me, you want to amend the budget to include consultants instead of hiring employees.

**Michelle Madoff:**

That is correct.

**Mr. Perry:**

We'll amend the budget next week.

**Michelle Madoff:**

No, we can submit them today with the amendment.

**Mr. Woods:**

No you can't. You have to do it like I told you, next Monday.

**Mr. Pollock:**

The way, if, in fact, Michelle does intend to make them consultants, it would be very simple to just increase the one line item for professional services.

**Mr. Perry:**

You still have to amend the budget, Mark.

**Mr. Pollock:**

I know; amend the budget by increasing the amount in that one line item.

**Mr. Woods:**

We have to have it by legislation, not by resolution.

**Mr. Pollock:**

I know; I agree. So, what I'm saying is, it should be withdrawn today, it should be resubmitted as one piece of legislation increasing the one line item for professional services for Council, consulting fees, by increasing it by \$120,000. That would be the legislation.

**Michelle Madoff:**

I don't have a problem with that, Madam President. The only thing I have a problem with is time-frames.

**Mr. Wagner:**

Madam President, point of order. Is there a resolution on the floor or not?

**The Chair:**

We're discussing this.

**Mr. Perry:**

I'm going to say this one more time. The reason, Michelle, the reason we put in three separate resolutions, read and adopted, consent of Council, is, if these three resolutions are passed, then whenever the budget staff amends the budget in five weeks, a person for engineering, a person for legal advisor and a person for fiscal analyst would be included in the budget. That's the reason we're doing it this way.

**Michelle Madoff:**

I understand, Mr. Perry. But I have been asked by Mr. Woods to do it in the other manner. I understand that you helped me in good faith; I am not being critical. My concern is time-frame. If we go the other route, will we still have the time?

**Mr. Perry:**

Sure we will.

**Michelle Madoff:**

Incidentally, it should say, not to exceed \$40,000, as opposed to, at the rate of \$40,000. We might get someone for \$20,000.

**The Chair:**

You're going to withdraw these resolutions then?

**Michelle Madoff:**

I would have liked to have had them ready to introduce - today is Monday, essentially - but you would not permit them.

**Mr. DePasquale:**

Madam President, point of order. Before the resolutions are withdrawn, Mike, in resolution form I don't believe the Mayor has veto powers, but in ordinance or legislation form he does.

**Mr. Perry:**

That's correct.

**Mr. DePasquale:**

So if we pass the resolution today, it can't be vetoed.

**Mr. Perry:**

We can't do it this way, Jeep. We have to do it in resolution form to give the Mayor the opportunity to approve or disapprove the budget item.

**Michelle Madoff:**

But if we go this way, he doesn't have veto power.

**Mr. Perry:**

What I'm saying, Michelle, if we go this way, this gives the budget staff permission to include that in the amendment to the budget.

**Michelle Madoff:**

And it doesn't give them permission if we go the resolution way to amend the bill?

**Mr. Perry:**

He can veto it.

**Michelle Madoff:**

Can he veto either way?

**Mr. Perry:**

Yes.

**Michelle Madoff:**

Then let's reword them to say, not to exceed \$40,000, and to be consultants.

**Mr. Perry:**

Okay.

**Michelle Madoff:**

Thank you. And we'll introduce them Monday. But what I was saying way to amend them and introduce them today because today is Monday, so that we don't wait until next Monday. That's all I was asking.

**The Chair:**

Are you going to withdraw these three resolution and present them next week?

**Michelle Madoff:**

I want to present these resolutions today instead of next Monday.

**Mr. Perry:**

You can't do that, Michelle.

**Michelle Madoff:**

I can't do that? Then re-do them and do it for next Monday. Fine. All done.

**The Chair:**

Are you withdrawing them?

**Michelle Madoff:**

That is correct, Madam President.

**Mr. Ferlo:**

At what point of the agenda are we on, Madam President?

**The Chair:**

We're on Motions and Resolutions.

**Michelle Madoff:**

I have an item. Madam President, I was in Shadyside this summer eating outside at one of the nicer restaurants; actually, I was having a cold drink with some friends and some hors d'oeuvres. Sitting right across from this particular restaurant, whose name I don't want to mention on camera, was another restaurant that's had a fence. The door was ajar, garbage was coming out into the street. I took a photograph. I know the person involved and I went to this person who is an attorney in this City and said, "I don't know whether you know that your restaurant has little rats going out onto the street in Shadyside and the stench is horrendous." He said, "Oh, I'm so glad you told me; I'll get it fixed." Someone told me last week that it's worse than ever.

I would like to start a camera brigade. I want anybody who is listening in to send me photos, name, place, time, of the garbage that they're seeing, that it should be addressed by the Clean City Committee. Keep those photographs coming; give me the place, the time, and I'll see that they're turned over to the proper authorities and perhaps we can get some of the media who is very, very

interested in having a clean city do something about it and get some of these people cited and do something about cleaning up our City. If the City gets dirty, people don't want to move into it. We have enough trouble with our four percent wage tax; we don't need to have a city getting dirtier than ever.

So, I want a camera brigade. Send me those pictures.

**Mr. Pollock:**

Madam President, on another subject. Yesterday an incident occurred in Lawrenceville which I feel this Council should address. Ironically, it was a racial incident that occurred on the date that this nation celebrates the Martin Luther King birthday.

Specifically, what happened, a gentleman by the name of Christopher Solomon rented an apartment in Lawrenceville and was subjected to racial attacks, bricks through his window and racial slurs called at him to the point that he was forced to move out of the apartment and find another place to live.

I would ask that this Council condemn and deplore this type of activity and that a letter be sent to Mr. Solomon expressing the regret of this Council over the incident, saying it does not condone or accept this type of activity in the City, and offering to assist him in any way possible.

**Michelle Madoff:**

I second that motion.

**The Chair:**

I agree with you, Mr. Pollock, although I read in this morning's paper that he found another apartment and he's living elsewhere. But I agree with you;

we should apologize to him for that.

**Mr. Ferloc**

Could we not, Mark, obtain a letter from the Police as to what the status of their investigation is?

**Mr. Lyons:**

I had sent a letter to Councilman Wagner this morning asking him to investigate the Police Department. The initial efforts — There was no response to the emergency call that was placed by the Solomon family while they were under attack on Saturday evening.

**Mr. Wagner:**

If I may respond. Madam President and members of Council, I have spoken with Director Cannon about the incident this morning and he has told me that he is presently reviewing the situation. Yes, there was a call made to 911. He did indicate, however, that he, himself, has not yet heard the tape but will today, before the day is out, and will be reviewing it. However, he has been told that in the phone call there was no mention of a brick being thrown through the window or racial harrassment. For that reason, there was not the urgency in the response. But he has to make certain that all this is accurate and they will be reporting back to this Council, and I'm sure to the Mayor, on the incident.

**Mr. Lyons:**

I support Councilman Pollock in this effort because this Council, it's not a policy to condone anything that's not Americanism, and certainly any of these incidents that arise, we should stamp them out. And if we can find the culprits, there should be legislation passed to treat them so that we will not have this bigotry and hatred among the

people of the City of Pittsburgh.

**The Chair:**

That's the reason we have judges.

**Mr. DePasquale:**

Call the question on the motion.

**Mr. Pollock:**

On the motion for the letter?

**The Chair:**

Yes. On the motion to send the letter as recommended by Mr. Pollock. All in favor?

WHICH MOTION PREVAILED.

**Mr. Ferloc**

Madam President, I have three brief matters and I'll try to be brief.

First of all, I believe a number of Councilmembers, in addition to myself, have received a petition from the Foremen's Union, Local 2037 of AFSCME, in relation to a dispute or dissatisfaction on the issue of their paid hospitalization. I wasn't around last year so I'm not fully aware of the issue; I've gotten an explanation from some of the foremen involved.

I'm not exactly sure what action I'm asking to take. I think initially I would ask that the President or the Clerk communicate to either the Mayor or Mr. Schneider, whoever the appropriate individual is, to get their interpretation as to what the status is of the foremen's point.

Following that, I would like to review that and then I may have some course of action to take.

**The Chair:**

It's my understanding that that was negotiated. However, we'll get a report for you. Mr. Perry, will you see that he gets a report?

**Mr. Perry:**

Yes.

**Mr. DePasquale:**

On the same issue, as one of the founders of the first foremen's union in the City of Pittsburgh, going back to the little '50's, we were treated like any other employee in the City of Pittsburgh and got all the benefits that they got. It's news to me that all of a sudden now the foremen are singled out and saying that they don't get the proper hospitalization rights, which is absolutely wrong. I don't know why, especially now that they're affiliated, I believe, with AFSCME which is an international union.

**Mr. Ferlo:**

My understanding is that they're being singled out and unlike most employees who have the option to either take the HMO, Health America, or retain the Blue Cross/Blue Shield, they're being told that if they want to continue their Blue Cross/Blue Shield they'll have to spend \$70 or \$80 a month extra. I don't know why they're being singled out and maybe Mr. Schneider's communication to Council can clarify this and then we can take it from there.

**The Chair:**

Mr. Perry, will you see that that goes to Mr. Schneider?

**Mr. Perry:**

Yes.

**Mr. Ferlo:**

To finish my brief time here, I've asked the Clerk to schedule two post agenda sessions; one of them is tomorrow following Council's session concerning the Aliquippa Terrace. Again, I'm a new member of Council, I'm not fully aware of what the actions have been on previous Council nor of the Housing Authority. I have some particular concerns about the conditions of public housing in this City but specifically because the Aliquippa Terrace issue has come up and, as you know, there has been a protest over the weekend.

I do think this is an important post agenda. I would hope that Councilmembers would take the time out of their busy schedules to participate in this session and I hope, Madam President, this is more than a hope, that Mr. Pietragallo will be here tomorrow and supply us with some of the information we requested.

The other point, unrelated to this, is on the post agenda in relation to the City's contract with Chambers, the expiration of our refuse collection and the landfill which I addressed a communication to members of Council. That post agenda is the following Wednesday, on January 27th.

I'm making both of these points, one, to encourage Council's participation, advice and leadership, but also, I am specifically requesting, and I'm not sure how to do this, that these post agendas be televised because I, for one, am tired of citizens not being able to know what's going on in the City except for the regularly scheduled Monday and Wednesday sessions. I've always been on record in support of all public hearings as well as post agenda sessions being televised and I think these are two important issues. Some of them deal

with environmental concerns, some of them deal with concerns affecting low-income people and I would ask, Madam President, that we take a vote, if need be, on the televising of these post agenda sessions.

**The Chair:**

It has always been a policy to not televise the post agendas because they're not structured, there's no order. Nobody is required to be there. That is why they've never been televised.

**Mr. Ferlic:**

I understand that, but I promise to have them in order. There will be order.

**Mr. DePasquale:**

If I may, Madam President. Jim, why don't you call for a hearing? If it's that important and that many people are involved, you're going to have quite a few people at a post agenda and they're not allowed to speak at a post agenda whereas at a hearing they can.

**Mr. Ferlic:**

I think that's good advice; unfortunately, I've already scheduled it and the Clerk has spent a lot of time notifying people. But I think that's a very valuable suggestion and in the future I will ask that some of these hot debates take place in the format of a public hearing. I appreciate that advice. But since these have already been scheduled and the staff has spent a lot of time getting the parties to the table, I will, once again, Madam President, respectfully request that these be televised.

**The Chair:**

We'll take a vote on it. That's been

the custom, to vote on each one because many issues have been televised that have taken up a lot of time that should not have been.

**Mr. Ferlic:**

I make the motion to televise them and we could either vote on them separately or --

**Mr. Pollock:**

Madam President, as you know better than any member of Council, the Cable personnel and crew and cameras are not at our beck and call whenever we want. They have schedules and their own time-frames. And to make a motion at 3:30 on Tuesday to have them present the next day at 11:00 or 12:00 is impractical and is disrespectful of their own schedules and their own prior commitments.

I think that there also is a dangerous precedent being set to talk about televising post agendas. I have supported televising every public hearing, but I think that there's a great deal of abuse that could be perpetrated by televising post agendas when any individual member of Council can call them. I don't have to tell you what could occur closer to election time; we're seeing this now with the State Auditor General as he gets closer to election. His photograph is appearing on billboards and television and so forth. I think it's a very, very dangerous precedent to have one individual member of Council be able to schedule a post agenda and then be able to have it televised as well.

I would suggest to either have post agendas require a majority of Council or to have an individual Councilmember to have that right but that it not be televised because of the fear of abuse.

**Mr. Coyne:**

Madam President, I see the validity of both points that have been made and I feel that Councilman Ferlo has a real strong point in saying that we do need to have these post agenda meetings televised. I think maybe what we could do to prevent abuse would be having to vote on a meeting per meeting basis. That way, as a whole body, we could prevent one member from abusing that system.

**The Chair:**

That's been the policy, Mr. Coyne.

**Mr. Coyne:**

I'm being informed by Councilman DePasquale that they haven't been televised in the past.

**The Chair:**

They haven't been televised because they're not structured, nobody is required to be there.

**Mr. Coyne:**

Couldn't it be made that the person who is calling it would have to present a structure of the meeting as he or her proposes it for members of Council before a vote would be taken as to whether there is validity in calling a post agenda meeting that would be televised?

**The Chair:**

It's only a post agenda. The fact that one Councilmember does or doesn't need people that he invites have to come or even that Councilmembers have to be there.

**Mr. Coyne:**

If a Councilmember feels it's important enough to the community, I feel he or she should be able to have that meeting televised if he or she can get the agreement of other Councilmembers. I think by other Councilmembers agreeing to have it televised, they would, in effect, be committing themselves to coming to the meeting.

**Mr. Ferlo:**

Madam President, I want to thank Mr. Coyne for his support on this motion. I think he has offered a valuable suggestion; that is that members of Council vote individually on each post agenda session.

Mark, everyone talks about democracy and citizen participation and here's an excellent opportunity to extend that further to the citizens of the City of Pittsburgh. In the past you've encouraged town meetings and evening Council meetings out in the neighborhoods. I mean, we could extend that logic, Mark, to the introduction of resolutions which are nothing more than countless accolades on citizens. That's more political than City business which I'm attempting to try to educate not only myself but other members of Council, try to initiate some debate and dialogue with Council directors. And quite frankly, if these post agendas were televised, I think we'd be more assured that Director Pietragallo and some of the other department directors would treat the seriously and would participate.

So, I ask you, Mark, to please, in the interest of citizen participation, letting people be informed of important issues, to please consider supporting this with the recommendation that, as Mr. Coyne has pointed out, and its a good

suggestion, that we do this on each and every post agenda session that an individual Councilmember has requested. I would ask, please, that you consider supporting this.

**The Chair:**

I agree with Mr. Pollock. I think many of these post agendas are called for self-serving purposes and I don't think I could support this.

**Mr. Ferlo:**

I resent that if this is a reference to —

**The Chair:**

It's not directed to you personally but generally that's what ends up happening.

**Mr. Ferlo:**

Madam President, that's the point of having a democratic discussion and a vote. What I'm proposing is that there are two agenda items here; one has to do with Aliquippa Terrace and the condition, or the dilapidation of our public housing in the City. Secondly, it has to do with the issue of the garbage contract. We're all grown-ups here; we can discuss it and we can vote on it individually.

**The Chair:**

If you want to change the way we've been doing business, I suggest that you submit —

**Mr. Ferlo:**

Change is inevitable. That's something good in government.

**The Chair:**

Submit legislation making all these suggestions for whatever you want and then we'll vote on it.

**Mr. Ferlo:**

I just made a motion, Madam President, to televise the post agenda tomorrow on Aliquippa Terrace and next week on the garbage issue.

**Mr. Wagner:**

Madam President and members of Council, I just want everyone to know that there is vehicle and there is a way to bring an issue into the public forum. The Charter gives us that way through public hearings. Now, if anyone here wants to have a public hearing on public housing, for instance, rather than through a post agenda, we can do that. A motion can be put on the floor to televise that public hearing and the same purpose can be achieved. So, I would strongly suggest, until a post agenda, which is initiated by one Councilmember and not a majority, and roll is not even taken at those meetings, I would strongly suggest that we follow what the Charter gives us in terms of the ability to make an issue a public issue.

And if, Mr. Ferlo, for instance, if your post agenda tomorrow or next week merits a public hearing, then put a motion on the floor to make it a public hearing and that public hearing can be televised. But I would strongly oppose, also, the televising of post agendas when nine Councilmembers are not required to be there, when there is no roll taken, when there is no stenographer there taking the minutes of the meeting, and other formal procedures are not followed. However, they can be followed under the heading of public hearing, if the issue is that important.

**Mr. Ferlo:**

I'll withdraw my recommendation based on his suggestion.

**Mr. Pollock:**

As long as we're discussing post agendas, I think it should also be discussed that I would hope that members of Council not abuse this process by calling post agendas and inviting the immediate world to them. Members of the private sector and members of other governmental bodies, and even our own City personnel, receive letters or calls to appear at a post agenda which they might think is an official call from City Council itself, when a post agenda is called by one member of Council and no individual has any duty to appear before. And I think that we should consider what other governmental bodies' prerogatives are and their work schedules, and the private sector, and that we should confine our requests to have people appear here to this Council as a body or to only those that are required. There should be some consideration given to other people's work schedules and their priorities and that this process not be abused.

**The Chair:**

What is your pleasure, Mr. Ferlo?

**Mr. Ferlo:**

I'll take the advice from Mr. Wagner.

**The Chair:**

Do you withdraw your motions?

**Mr. Ferlo:**

Yes.

**Michelle Madoff:**

Madam President, on another matter. I don't know how many people on this Council have been approached; I know Mr. Ferlo has, I know I have, and I believe they tried to see every member of Council. But the Shadyside issue is not going to go away. The Shadyside problem of the garaging, the parking, the business people versus the community with the sticker parking, everybody is out getting petitions. It would seem to me, rather than further fractionalizing the problem, that Council ought to have a hearing, not a post agenda, a hearing on the problems of Shadyside residents and business owners.

I had a meeting today with one of the major developers in the area; I think I've talked to 20 people in a row.

**The Chair:**

We all have.

**Michelle Madoff:**

You know what I'm talking about. They're all out getting petitions and there's some problem with kids going out and taking polls and nobody knows who sent them to take the poll and people are signing different petitions, presumably, and just all kinds of problems. I think we should bypass all of that and deal with the issue.

I would like to make a motion that we hear from the different factions, particularly the Parking Authority, Mr. Lurcott, what the status of the garage is, why it's been held up, what could be done to rectify it. We have the people from sticker parking, and I would like to request that we have a hearing on the Shadyside problems, et al.

**Mr. Ferlo** seconded the motion.

**Mr. Pollock:**

I agree that the problems should be addressed but I think I would remind Councilwoman Madoff that we will have to have a public hearing because it will go up through the Planning Commission. It will come before us anyway.

**Michelle Madoff:**

I'm not talking about the garage only; I'm talking about everything.

**Mr. Pollock:**

The parties involved in the City Planning Department and Commission have decided to include everything in one package and that it's all one big deal, that the parking and the garage and the stickers and the other issues are all together and that it will go up through the Planning Commission that if the people wanted a hearing before Council, they know about the process of having a public hearing, the petitioning. They haven't submitted a petition to us, to request it. I think that we should either wait for a process to be followed, or else, if they want a public hearing, let them ask for one. But I don't think we should call it if they're not ready to have it and they don't want it themselves.

**Michelle Madoff:**

I have been asked to call for one.

**Mr. Pollock:**

I've met with those people and they never mentioned it to me.

**Michelle Madoff:**

I've met with three different factions.

**Mr. Pollock:**

I've met with every faction.

**The Chair:**

It's in the hands of the Planning Commission at the moment.

**Michelle Madoff:**

It's been put on hold, Madam President, and the issue is not going to go away. There are several issues involved; it is beyond just the parking lot, the parking lot is on hold. It involves many different issues and I think that we should all be as informed, no matter where we live in the City, as to what the issue is. This is the tax base of our community. People are threatening to move out and take their four percent with them; we can't afford that. We don't wait until after the fact, until the situation is beyond resolution. I think we can act as mediators, I think we can be productive, and I think if we listen to everybody we can bring people together and that's the role of this Council. I'm asking for a hearing on Shadyside and I have a second to it.

**The Chair:**

I think the first thing we ought to do is get a report from the Planning Commission as to where it stands there, because that's where it is at the moment. And if they put it on hold —

**Mr. Ferlo:**

I don't know why this Council is afraid to discuss and debate and have dialogue on a very important issue. If some members cannot attend a public hearing because they have other jobs and responsibilities, then they just can't attend. But let's not keep suggesting that we shouldn't have discussion.

Whether it be in a post agenda format or a public hearing, I think this should be supported. I think the Planning issue format and the question that will come to this legislative body from the Planning Commission and the Administration is separate than the general discussion that Michelle is talking about. I think we could all learn from it. I prefer to have a public hearing rather than having 15 different groups knocking down my door. I'm available to meet with everybody and we've been meeting; but I think we can learn a lot and have some good discussion vis-a-vis the public hearing format.

**Mr. DePasquale:**

Madam President, I'm not opposed to the public hearing but in all fairness to Councilman Pollock, he, I think, has attended every public hearing we've ever had here. He made a statement today that it might be moot because of the actions taken by the Planning Commission. That is an only statement he made; he didn't say we wouldn't get the hearing or anything else. I mean, let's be fair about this thing. Either we're going to vote something up or vote it down; let's not bring personalities into it and say that people are at the meetings or people aren't at the meetings because all of us, on occasion, have missed meetings and even the new ones, on occasion, are going to miss meetings. So let's not get into who misses meetings and who doesn't miss meetings.

**Mr. Wagner:**

There's a motion on the floor, Madam President.

**Michelle Madoff:**

May I address why I would like to have the hearing? The reason I would

like the hearing is that I believe that we will be able to resolve the issue. And in answer to Mr. Pollock, it is on hold. And it is on hold because the factions are still at each other and yet they don't know that they agree with each other. And I think if we have the hearing, they will find out that they are basically in agreement on 90 percent of the points and we can resolve the one or two issues. So, let's do something productive and let's keep that tax base in the City. Let's not wait until they move and then decide that we're going to try to help the problem after the fact.

**Mr. Lyons:**

Madam President, if Council calls for a public hearing, do we know all of the people that are involved? We know all the issues and no one can later say that they were ignored?

**The Chair:**

Yes. Everybody involved is notified.

**Michelle Madoff:**

If you think of anybody that should be invited, invite them, and I've got the list of all the factions.

**The Chair:**

My problem with it is, though, that I think we ought to get a final report from the Planning Commission and have them tell us where they stand on it.

**Michelle Madoff:**

They are standing in limbo. And the people are up in arms and we don't want to wait until people move out of the City. We have a serious problem with our tax base. This is one of the major tax bases of our City. If they get

upset and they're talking about moving out, they've already talked to me, let's head it off at the cry. Let's have a hearing now. I have a gut feeling that we can resolve this problem because the factions that are talking to us privately are basically in agreement; they don't know they're in agreement.

**Mr. Ferlo:**

I think the other main point is that the Planning Department and the Administration, quite frankly, is not in a position to forage a community consensus. They are not in that position. Their credibility is not there when it comes to the neighborhood's position. If anything, I think we can help facilitate some discussion on this.

**Mr. DePasquale:**

Some people might move out of Shadyside; I hope they all move.

**Michelle Madoff:**

I don't want anybody to leave this City, from any part of this City.

**Mr. DePasquale:**

They can leave.

**The Chair:**

What is your motion, Michelle?

**Michelle Madoff:**

My motion is for a public hearing and invite all the people, the Planning Department or the Parking Authority, put the notice in and let's get on with it.

**Mr. DePasquale:**

Question called for.

**The Chair:**

Is there any further discussion on the motion?

And on the question, "Shall the motion pass finally?"

The ayes and noes were taken agreeably to law, and were:

**Ayes:**

|                |                          |
|----------------|--------------------------|
| Mr. Coyne      | Michelle Madoff          |
| Mr. DePasquale | Mr. Pollock              |
| Mr. Ferlo      | Mr. Wagner               |
| Mr. Lyons      | Mrs. Masloff<br>(Pres't) |

**AYES 8      NOES none**

And a majority of the votes of Council being in the affirmative, the motion was approved.

**Mr. Pollock:**

Madam President, on brief item. I just wanted to announce that this Thursday evening at 8:30 there is a very worthy program occurring at the Howard Johnson's in Monroeville. It is the National Boxing and Budweiser's King of Beers Night where there will be eight boxing matches in Monroeville for the benefit of the Greater Pittsburgh Community Food Bank. There will be no admission charge; people can go to watch the fights. All they have to do is bring \$5 worth of non-perishable food, canned goods and so forth, for the benefit of the Greater Pittsburgh Community Food Bank.

So, I wanted to announce that. It's 8:30 this Thursday night at Howard Johnson's in Monroeville. And I wanted to thank National Boxing and Frank Furher Wholesale Company for sponsoring this.

---

**Michelle Madoff:**

I would like to object; I'm opposed to boxing. Send your money but don't go.

**Mr. Lyons** moved to approve the Minutes of Monday, December 14, 1987 and Monday, December 21, 1987.

**Mr. DePasquale** seconded the motion.

Which motion prevailed.

And on the motion of **Mr. DePasquale**

Council adjourned.

1. The first part of the report is a general statement of the purpose of the study.

2. The second part is a description of the methods used.

3. The third part is a description of the results of the study.

4. The fourth part is a discussion of the results and their implications.

5. The fifth part is a conclusion.

6. The sixth part is a list of references.

7. The seventh part is a list of appendices.

8. The eighth part is a list of figures.

## Proceedings of the Council of the City of Pittsburgh

VOL. CXXII Monday, January 25, 1988

No. 4

### Municipal Record

#### ONE-HUNDRED TWENTY-FIFTH COUNCIL

SOPHIE MASLOFF ..... President  
MICHAEL PERRY ..... City Clerk  
LINDA M. JOHNSON .. Asst. City Clerk

Pittsburgh, PA  
Monday, January 25, 1988

#### PRESENT:

|                 |              |
|-----------------|--------------|
| Mr. Coyne       | Mr. Pollock  |
| Mr. DePasquale  | Mr. Wagner   |
| Mr. Ferlo       | Mr. Woods    |
| Mr. Lyons       | Mrs. Masloff |
| Michelle Madoff | (Pres't)     |

The Meeting was opened by the recitation of the pledge of allegiance to the Flag of the United States of America.

I pledge allegiance to the Flag of the United States of America and to the Republic for which it stands, one Nation, under God, indivisible, with liberty and justice for all.

#### PRESENTATIONS

##### Mr. Ferlo presents

No. 96 WHEREAS, Allequippa Terrace represents just one of the many public housing communities owned and operated by the City of Pittsburgh

through its Housing Authority and currently is home to 47 families who make up part of the 102 housing units; and

WHEREAS, the City of Pittsburgh through its Housing Authority has definite plans to demolish Allequippa Terrace but has been unwilling or unable to make these plans public; and

WHEREAS, approximately 3,000 elderly and low income residents of the City of Pittsburgh are in need of housing and have expressed their willingness and desire to live in public housing; and

WHEREAS, concerned tenants within Allequippa Terrace as well as numerous community groups have made earnest and sincere attempts to meet with the Housing Authority Director concerning demolition plans to express their opposition to these plans to have expressed a hope that rehabilitation could be a more meaningful, practical and financially feasible alternative to demolition; and

WHEREAS, the ad hoc Allequippa Tenants Against Demolition (ATAD) and the Pittsburgh Advisory Committee on Housing and Community Development have issued a seven point position statement which calls for:

1. No hasty action on demolition; allow time for planning and consultation.
2. Consideration of options including rehabilitation and existing buildings by community based contractors.

3. Consultation with the tenants on plans and options.
4. Demolition should not begin until funding for replacement units has been received.
5. Phase in demolition with new construction or rehabilitation to minimize repeated moves by people staying on Allequippa Street.
6. Current tenants should get first preference on new units.
7. Current tenants should have freedom of choice whether to receive Section 8 vouchers, to be relocated elsewhere in Allequippa Terrace or other public housing communities, or to stay on Allequippa Street; and

WHEREAS, the Housing Authority Director has refused to meet directly with the tenants of Allequippa Terrace concerning the demolition plans and also refused to appear or send a representative to a post agenda session of Council which was attended by four of its members and at least 25 citizens and 10 neighborhood group representatives.

NOW, THEREFORE, BE IT RESOLVED, that the Council of the City of Pittsburgh requests a written report from the Housing Authority Director or the Administration so as to respond to the following questions and concerns:

- are there written plans for the demolition?
- are there written plans for construction of new townhouses?
- are there plans for demolition of other public housing communities?
- how soon should money be available for new construction?
- will tenants have input into decisions for new construction?
- has there been any discussion or are there any plans for the University of Pittsburgh or other institutions or private developers to purchase the

- land?
- what studies are available to show that rehabilitation was too expensive?
- has the bid for demolition already been awarded and what day will demolition begin?
- by what date must the tenants be relocated?
- why have the tenants not been given written plans of the relocation plan for their input?
- why are tenants not being given a choice of first priority to move back to Allequippa Street when new housing is constructed?
- what is the legal role and relationship of the Metropolitan Tenants Organization (MTO) and the Housing Authority of the City of Pittsburgh?
- why has the Director refused to meet directly with the tenants?
- how many vacancies exist in our public housing communities?
- exactly how many people are on waiting lists and what plans exist to address the need for more low income public housing?
- has the Authority ever considered working with housing and community development corporations to assist in such beneficial projects as rehabilitation of public housing, housing co-ops, tenant-managed housing, low-income townhouses, low-income housing tax credits, and more?

BE IT FURTHER RESOLVED that the Council of the City of Pittsburgh requests the Housing Authority Director or the Administration to meet directly with the Allequippa Street tenants and community leaders in the area to resolve this dispute for the good and welfare of the tenants, our City and all involved.

Mr. Ferlo moved to adopt the resolution.

**Mr. DePasquale** seconded the motion.

**Mr. Lyons:**

Discussion. Madam President, I don't appreciate this resolution. The Director of the Housing Authority has never been contacted by me; Mr. Ferlo has given me no courtesy. Mr. Pietragallo and I have talked several times. There's 39 tenants as of Friday that have signed to be relocated at no cost to themselves. I think the Housing Authority and Mr. Pietragallo has the best interests for the qualified health and housing of the people that lived in Allequippa Terrace.

I find in this that Mr. Ferlo is the Chairman of Services; he's not the Chairman of Housing. I haven't been contacted by Mr. Ferlo to even have my input into this. And certainly Mr. Pietragallo would have come had I been asked to ask him to come. We must learn protocol. Any department that I have any business with, I go to the Councilman who is the Chairman of that Committee. And certainly Mr. Ferlo owed me that respect.

**Mr. DePasquale:**

Madam President, in regards to the MTO, the Metropolitan Tenants' Organization, if I recall, they were formed about 10 or 15 years ago and the purpose of the Metropolitan Tenants' Organization was to represent people in public housing and down through the years, they've been accepted as the organization, the go-between, between the Housing Authority and the tenants. I was under the impression for years that the tenants accepted that representation and more or less abided by any decision they came to with the Housing Authority, in this case to demolish or whatever.

I certainly realize the concerns and I'm certainly bothered by them. There's some sincere, dedicated people that came in here the other day and they have concerns. But I don't see how you can continually have an organization working with the Housing Authority and then saying when it doesn't suit their purpose, some of the people in the Housing Authority, that they're going to go against the wishes of the MTO or any other organization which represents them and, as I said, in this case it is the Metropolitan Tenants' Organization.

**Michelle Madoff:**

I think that the President of Council, when I am through, might wish to clarify for new members of Council that the pro-forma, what has always been, and you may wish to change in the future; has been that any member of Council has the right to present anything before this Council. I was severely chastised on the issue that I should not introduce the bill that would say that certain things should not be brought before this Council that relate to anything pro or against abortion, that certain things don't belong in this Council. If this Council feels it wishes to present anything, we have the right to vote it down.

I believe that this is a democracy; we're elected to represent our constituents. And while I may not always agree with my colleagues, and I in part do not agree entirely with Mr. Ferlo, but I think he's going in the right direction on this issue, I think he has the right to introduce a bill on any department. I loved having the Water Committee because when there's no major episode, you have a lot of time to stick your nose into everybody's business, and I make a career out of it. I make a career out of checking on every department to see what's going on. I like

to know what's going on in Construction because we're giving the taxpayers' money away. I like to know what's going on in General Services; when we come to the issue of the purchasing of vehicles I want to know whether the Firefighters have had a chance to look at the equipment when, indeed, they're the ones that use it. And that is the way it has always been. Now, if we're going to change the Rules of Council, so be it. But at the moment, Mr. Ferlo is living in a democracy; this is not Russia, and he has the right to present the resolution.

Now, on the resolution. I sort of followed this quite in detail and had the opportunity, because I had another meeting that coincided with your meeting the other day, and I had to leave. As a matter of fact, I just came from a meeting, I'm sorry to be late, on the Shadyside problem.

I think the issue of this particular Allequippa Terrace has been resolved in that it is a highly undesirable place to live; people don't want to move into it. I think the first week when I got to Council, nine and a half years ago, I went to one of the housing projects. I couldn't believe what I found; maggots on the railings, people urinating in the halls and the elevators. Nobody wants to live in that kind of filth.

I think we need to talk with the Director, and I think in an adversarial role, and to try to work something out to show our concerns and try to get some commitments. One of the things that I personally would like to see is something that I've witnessed in the Baltimore area; they have old public housing where a private developer comes in, it's like scatter-site housing only it's Section 8 subsidies. Nobody knows who in the building is being subsidized and who is not; there's a percentage of people that come in to the buildings. The buildings

have swimming pools, they have tennis courts, and they live like anyone else would like in a luxury building, or a middle upper kind of building that offers amenities. But everybody pays their rent, everybody obeys the laws, it's like a co-op or condominium board, and if they don't, they're out in the street.

I will tell you, we had a hearing here, and Sophie, you'll recall, we've had a number of hearings here where the tenants say, that's what they want. They want a chance to live with dignity and pride and not have people who are uncaring of the property ruining it for them. The crime that is committed there, if someone is caught committing a crime or a felony, out they go. If they don't keep the place clean, out they go. If they don't have their garbage put out the way they're supposed to, out they go. And the places rent for about \$400 a month for two bedrooms, and they have swimming pools and tennis courts and they live wonderfully, and the love it, and they are subsidized, and nobody knows who is subsidized and who is not.

I think we need to talk to Dan Pietragallo about what we can do in general to improve the whole housing problem in this area, as opposed to, and I agree with you, Mr. Ferlo, I don't like to read about it when I pick up the papers, that we're moving people and we have bulldozers there. I think there's an obligation from the authorities to keep Councilmembers informed because they don't get the flack, we get the flack. It's our heads that go on the guillotine, not his. Scapegoating is one of the services we offer when we get elected.

I think you're moving in the right direction but I don't think this is the appropriate way to do it. I think it would be more productive if you would ask Mr. Pietragallo to meet with us to discuss the entire housing project. What is

happening in providing homes? We have so many vacant houses all over the City of Pittsburgh that could be rehabbed to meet code. We have people living in our abandoned housing that don't meet code. What can we do to do a better job of providing housing as opposed to, at this point, from what I gather, and you can correct me if I'm wrong, the people are going to be moved, they're going to have first choice. Bulldozers are not going to come in and take their houses down until they've been relocated; they're going to do it at a very slow pace. And that that particular development has to go. Nobody wants to move into it; it's not clean, it's not safe. People should haven't to live in such filth; it's not right. And they shouldn't have to settle for it and say, "I'm willing to accept that because there's nothing better." We have to rise above that and provide something better, and we can do that if we work together. And that's why I welcome you to Council because I think you care about the people.

**Mr. Coyne:**

Madam President, after the post agenda session on Wednesday I had the opportunity to meet with Mr. Pietragallo and a few members of the Metropolitan Tenants' Organization. Based on the information I received from those folks and the information my staff received at a full membership meeting of the MTO on Friday, it's my belief that the Housing Authority has been in contact with the proper folks who represent the residents of Allequippa Terrace. In fact, there's another meeting this evening that representatives of the Housing Authority will be attending with the Metropolitan Tenants' Organization. Therefore, I think that the Housing Authority has been in proper communication with the residents.

I would also like to ask Mr. Lyons to write to the Authority Director and ask him to answer the questions that Mr. Ferlo brings out, in writing. I feel that would be the proper steps to take.

**The Chair:**

Mr. Lyons?

**Michelle Madoff:**

Would you yield?

**The Chair:**

Wait a minute; I recognize Mr. Lyons.

**Mr. Lyons:**

Madam President, I would like to see this resolution withdrawn and there would be no mandate on the Director. I'll write him a letter and he'll be here to meet with the Council.

**Michelle Madoff:**

I was going to ask that the motion be amended to that.

**Mr. Lyons:**

I ask that the resolution not be voted upon this time and I will contact Mr. Pietragallo and he will meet with Council when I ask him to meet.

**Mr. Ferlo:**

And he'll supply the information?

**Mr. Lyons:**

Yes.

**The Chair:**

Will you withdraw your resolution,

Mr. Ferlo?

**Mr. Ferlo:**

I want to hear the rest of the discussion.

**Michelle Madoff:**

My motion was going to be the same; I was going to ask Mr. Ferlo whether he would amend his motion or his resolution to invite Mr. Pietragallo here to have some discussion on the overall problem, not just of Allequippa, and if he finds Mr. Pietragallo lacking, he can always have another scathing resolution.

**Mr. DePasquale:**

Madam President, I just wanted to say that Mr. Coyne beat me to the punch. I was going to say the very same thing. I echo his sentiments and I echo the sentiments of Councilman Lyons in regard to a letter being written rather than a resolution. As the Councilman said, I believe he's going to have the Director over here to talk to Council.

**The Chair:**

Mr. Ferlo, will you withdraw your resolution?

**Mr. Ferlo:**

Having achieved my objective, I withdraw the resolution, Madam President. Thank you, Mr. Lyons.

**Mr. DePasquale:**

I withdraw my second.

**Mr. Coyne presented**

No. 69 Communication from Louise Brown, Director, Department of

Parks and Recreation, requesting authorization for Paul Leger to attend the Applied Zoo and Aquarium Biology Class in Wheeling, West Virginia, February 7-11, 1988, at a cost not to exceed \$600.00, payable from Code Account No. 1852, Miscellaneous Services.

Also,

No. 70 Communication from Louise Brown, Director, Department of Parks and Recreation, requesting authorization for Robert Jones, Robert Stumpp and Mary Eysenbach to attend the Revenue Sources Management School in Wheeling, West Virginia, March 13-17, 1988, at a cost not to exceed \$1,750.00, payable from Code Account No. 1801, Miscellaneous Services. Permission is also requested for use of a City vehicle.

Which were read and referred to the Committee on Parks and Recreation.

**Mr. DePasquale presented**

No. 71 Communication from Paul McDermott, Director, Department of Engineering and Construction, requesting authorization for John Weres and Paul Loy to attend the American Concrete Institute Seminar at the Holiday Inn Airport, Coraopolis, PA, March 3, 1988, at a cost not to exceed \$500.00, payable from Code Account No. 1482, Miscellaneous Services.

Which was read and referred to the Committee on Engineering and Construction.

**Mr. Lyons presented**

No. 72 Resolution authorizing and directing the Mayor and the Director of the Department of City Planning, on behalf of the City of Pittsburgh, to execute amended Article III (Membership) of the Agreement with the

Counties of Allegheny, Armstrong, Beaver, Butler, Washington, and Westmoreland for "provides for the removal of the requirement that one of the appointed SPRPC members shall be a member of the City Planning Commission, and allows for the appointment of any private citizen who may or may not be a member of the Planning Commission."

Which was read and referred to the Committee on Planning, Housing and Development.

Mr. Lyons moved to suspend Rule 8 by providing for consideration of the bill only until or after the 9th calendar day following the meeting in which the bill was introduced so the bill will be on the agenda this Wednesday.

Mr. DePasquale seconded the motion.

Which motion prevailed.

Also,

No. 73 Resolution providing for the issuance of a warrant in favor of Humphrey, Herbert, and Alber in the amount of \$11,842.16 for payment for work related to the production of the MBE/WBE 1986 Annual Report, chargeable to and payable from the Community Development Program Administration (CDPA).

Which was read and referred to the Committee on Finance.

Also,

No. 74 Communication from Robert Lurcott, Director, Department of City Planning, requesting authorization for himself to attend a meeting with the state officials concerning the Strategy 21 projects in Harrisburg, PA, January 27, 1988, at a cost not to exceed

\$250.00, payable from Code Account No. 1103, Miscellaneous Services. (PRIOR APPROVAL GRANTED)

Which was read and referred to the Committee on Planning, Housing and Development.

Michelle Madoff presented

No. 75 Resolution amending Resolution No. 1092 of 1987, approved December 31, 1987, effective January 1, 1988, entitled, "Making appropriations to pay the expenses of conducting the Public Business of the City of Pittsburgh and for meeting the debt charges thereof for the fiscal year, beginning January 1, 1988," by decreasing Code Account 57, Social Security Fund by \$120,000.00 (from \$5,586,400.00 to \$5,466,400.00). (COMPANION BILL TO BILL NO. 82)  
—(SPONSORED BY MICHELLE MADOFF)

Also,

No. 76 Resolution amending a portion of Resolution No. 1093, approved December 31, 1987, entitled, "Resolution fixing the number of officers and employees of the City of Pittsburgh, and the rate of compensation thereof, and setting minimum levels designated for positions," by adding the As Needed positions of Legal Consultant, Fiscal Consultant, and Engineering Consultant, as a cost not to exceed \$40,000.00 per position.  
—(SPONSORED BY MICHELLE MADOFF)

Which were read and referred to the Committee on Finance.

Michelle Madoff moved to suspend Rule 8 by providing for consideration of the bills only until or after the 9th calendar day following the meeting in which the bills were introduced so the bills will be

on the agenda this Wednesday.

**Mr. Pollock** seconded the motion.

Which motion prevailed.

**Michelle Madoff:**

I have a bill being introduced on Water by Mr. Ferlo and it's something I'm already working on and I need different information than he needs. Do you want me to introduce the bill and then when it comes up for discussion address the issue? What do I do with it?

**The Chair:**

Do you want to discuss the bill for a week until you discuss it with Mr. Ferlo?

**Michelle Madoff:**

This is on the Water Committee. This is on having the DER do some water testing and getting a list of the outflows and it's already available. As a matter of fact, it's available from the same source Mr. Ferlo can get it from; it's Mr. Hays from the Clean Action Coalition. The sampling needs to be done upstream at a water intake, not down --

**Mr. Wagner:**

Madam President, point of order. There's nothing on the floor to discuss.

**Michelle Madoff:**

I don't know what to do with it; it's not my bill. It has my name on it but it's Mr. Ferlo's bill. That's why I'm asking for direction.

**The Chair:**

It's your committee.

**Michelle Madoff:**

I need entirely different information than this.

**Mr. Woods:**

Point of order, Madam President. That bill should be discussed, no matter whoever wants to present it at the time, in Reports of Committees, not in Presentation of Papers.

**Michelle Madoff:**

That's when? At the end of the meeting? Sorry. It comes at the end of the meeting.

**Mr. Pollock presented**

No. 77 Resolution providing for an Agreement or Agreements for stenographic reporting services in connection with Public Hearing(s) at a cost not to exceed \$2,000.00, chargeable to and payable from Code Account No. 1035, Miscellaneous Services, Commission on Human Relations.

Also,

No. 78 Communication from John Gabriel, Director, Commission on Human Relations, requesting authorization for himself to attend the Annual Joint Conference of the United States of America Equal Employment Opportunity Commission, the Department of Housing and Urban Development in Dallas, Texas, March 13-18, 1988, at a cost not to exceed \$1,200.00, payable from the EEOC-706 Trust Fund.

Also,

No. 79 Communication from John Gabriel, Director, Commission on Human Relations, requesting authorization for James Johnson to attend the Northeast

Regional Conference on Prejudice and Violence in New York City, New York, March 3-4, 1988, at a cost not to exceed \$1,000.00, payable from the HUD Trust Fund.

Which were severally read and referred to the Committee on Finance.

**Mr. Wagner presented**

No. 80 Communication from Glenn Cannon, Director, Department of Public Safety, requesting authorization for Robert McCaughan, Thomas Huerbin, Bureau of Emergency Medical Services and Tony Laush and Harold Denson, Bureau of Police to attend a seminar entitled, "Ice Rescue Instructor Training Seminar" Bellefonte, PA, January 30-31, 1988, at a cost not to exceed \$135.00, payable from the PSTA Code Account. (PRIOR APPROVAL GRANTED)

Also,

No. 81 Communication from Glenn Cannon, Director, Department of Public Safety, requesting authorization for Sergeant Dan Schwab, Bureau of Police to attend a seminar entitled, "International Society of Fire Service Instructors to be held January 16, 1988 in Pittsburgh, PA, at a cost not to exceed \$157.00, payable from the PSTA Code Account. (PRIOR APPROVAL GRANTED)

Which were read and referred to the Committee on Public Safety.

**Mr. Woods presented**

No. 82 Resolution transferring the sum of \$50,000.00 from Code Account 57, Social Security Fund to Code Account 1001-2, Salaries, Wages and Services of Council, as needed. (COMPANION BILL TO BILL NO. 75)  
---(SPONSORED BY MR. WOODS)

Which was read and referred to the Committee on Finance.

**Mr. Woods** moved to suspend Rule 8 by providing for consideration of the bill only until or after the 9th calendar day following the meeting in which the bill was introduced so the bill will be on the agenda this Wednesday.

**Mr. Wagner** seconded the motion.

Which motion prevailed.

Also,

No. 83 Resolution granting unto Mr. Jerry Lebovitz, 109/111 Market Street, his successors and assigns, the privilege and license to construct, maintain and use, at his own cost and expense, an elevator and shaft in a portion of the sidewalk of Market Street in the 1st Ward of the City of Pittsburgh.

Also,

No. 84 Resolution granting unto Charles Merlino, Samuel Fevig, Robert Safrom and Marie Good, their successors and assigns, the privilege and license to construct, maintain and use at their own cost and expense an off-street parking area on a portion of the Road right-of-way of Cherryland Street in the 26th Ward of the City of Pittsburgh.

Also,

No. 85 Resolution granting unto Forbes and Allies Center, 3109 Forbes Avenue their successors and assigns, the privilege and license to construct, maintain and use at their own cost and expense a parking area on a portion of the right-of-way of Maurice Street in the 4th Ward of the City of Pittsburgh.

Which were severally read and referred to the Committee on Public Works.

**The Chair presented**

No. 86 Resolution amending the Pittsburgh Code, Title One, Administrative, Article XI, Personnel, Chapter 180, Personnel Administration, Comprehensive Merit Based Personnel System, in the Office of the City Clerk, by deleting the position one Administrative Aide to the City Clerk, and adding two Legislative Assistants. This resolution reflects the budget change in the City Clerk's Office.  
—(SPONSORED BY MRS. MASLOFF)

Which was read and referred to the Committee on Finance.

Mr. Woods moved to suspend Rule 8 by providing for consideration of the bill only until or after the 9th calendar day following the meeting in which the bill was introduced so the bill will be on the agenda this Wednesday.

Mr. DePasquale seconded the motion.

Which motion prevailed.

Also,

No. 87 Communication from Louis Gaetano, Director, Department of Public Works, requesting authorization for Lawrence Staab and George Coppola to attend the International Television Association Conference, held in Las Vegas, Nevada, April 10-16, 1988, at a cost not to exceed \$2,982.27, payable from the Community Communications Trust Fund.

Which was read and referred to the Committee on Finance.

Also,

No. 88 Communication from Don Bailey, Auditor General, submitting a copy of the Liquid Fuels Tax Fund of the

City of Pittsburgh, Allegheny County, for the period January 1, 1986 to December 31, 1986.

Which was read, received and filed.

**UNFINISHED BUSINESS**

**Mr. Wagner:**

Madam President, I move to appoint Councilman Woods to the position of President Pro tem of City Council.

Mr. DePasquale seconded the motion.

**Michelle Madoff:**

Opposed.

**Mr. Wagner:**

Madam President and members of Council, as you know it's been customary in previous years for this appointee to come the say day that the appointees to all Committee assignments come. There has been a vacancy in the position for several weeks and, in the absence of Madam President Sophie Masloff, I think it's appropriate for this Council to have someone to fill in in that position. Councilman Woods, in the previous position of Council President and as the Finance Chair position has showed the ability, I believe, to run meetings in a professional manner and I think there's a great need for that in the event we have the absence of our present Council President in the future.

**Mr. Pollock:**

Point of order, Madam President. Was that motion seconded?

**The Chair:**

Yes.

**Mr. Pollock:**

By whom?

**The Chair:**

Mr. DePasquale. But Mr. Perry tells me that that was just a nomination and that a second was not necessary. Now we're open for discussion.

**Michelle Madoff:**

Madam President, until the last President Pro tem, who was Mr. Givens, there was a deal cut; you know about it, I know about it, everybody knows about it. All you had to do was read the papers. It was decided the morning that our present President would have been President. Until that time, there was never a third party involved; it was always an arrangement whereby the President of Council and the Finance Chairman spelled each other. If the President was away, the Finance Chairman took over. If the Finance Chairman was away, the President chaired the meeting. It was only, in my opinion, speaking for myself, and a belief shared by a lot of people, during the negotiations, in order to get the fifth vote, and Mr. Givens was the fifth vote, that he was promised President Pro tem. I don't think we want to go back to that kind of backroom politics. I think that we have two very fine people; we have Sophie Masloff as President and we have Mark Pollock as Finance Chairman, and I think they can handle the jobs between them, as it has always been until a deal was cut. And let's not go back to that kind of politics.

**Mr. Pollock:**

Madam President, our Council rules do not provide for the election of the President Pro tem. This is a presidential appointment and if the motion is to ask you to appoint Mr. Woods, then that's fine. But if the motion is to elect the President Pro tem, then I think you should rule the motion out of order. We don't elect either the Committee Chairman or the President Pro tem. It's a presidential appointment and, as I stated, if Mr. Wagner is asking us to ask you to appoint him, that's fine. Otherwise, you should rule the motion out of order.

**Mr. DePasquale:**

Prior to the election or appointment of Mr. Givens as President Pro tem, the procedure was that when the President of Council was, for some reason, incapacitated or could not make a meeting, that a hurry-up meeting was called by Council and a Pro tem was elected for that one or two meetings, whatever the President missed. The only time I recall anybody being elected or appointed to it for the full year, and I have no problem with this nomination now, was when Mr. Givens was, I believe, appointed. I don't know if he was elected but somebody can correct me on that. Prior to that, it was for each meeting that the President of Council couldn't make. But we set a precedent with Mr. Givens.

**Mr. Perry:**

In the past, I believe when Mr. DePasquale was President of Council, Council elected for a term of his term a President Pro tem. I believe at that time it was Mr. Stone who was elected President Pro tem. Even after Mr. Stone became President, a President Pro tem was also nominated and elected. This

should have been done the first meeting of the year.

**Mr. Woods:**

Point of information. I don't want to get into this debate since Mr. Wagner has nominated me, but if you read, Mr. Pollock, Council's Rules, a President Pro tem is elected, not appointed. Since I've been on this Council, Mr. Stone was elected President Pro tem, Ben Woods was elected President Pro tem, and Mr. Givens was elected President Pro tem. It was no appointment. You voted on it and we can get the Record to see who voted on it.

**Michelle Madoff:**

I'd like to see that.

**Mr. Wagner:**

Madam President and members of Council, I simply want to say that I have nominated an individual and anyone here can nominate another individual just as in another similar type procedure for the election of the President of Council.

As was indicated by Councilwoman Madoff, she used the term "backdoor politics", this is not backdoor politics, this is front room politics and out in the open politics. My nomination is very open, very clear, and I've stated my reasons. There has been a vacancy in that position and in the absence of the President of Council, I think someone should be there that's competent to fill the position. Basically, that's what my nomination is all about.

**Michelle Madoff:**

I want to respond to what was just said, if I may. When I refer to backroom politics, I will bet \$1,000 that prior to this new Council and some problems that

occurred in this new Council, there was no way in the world that that nomination would have been made and seconded by the two people that made them. That decision had to be arrived at to even make the nomination prior to meeting in the open. It was done behind the scenes and I am appalled; I want to go on record as saying I'm appalled. And furthermore, I would like to make a motion. I want to make another nomination; I want to nominate the Finance Chairman to act as the President when the President is not here and the President to act as the Finance Chairman when the Finance Chairman is not here.

**Mr. Pollock:**

Madam President, our esteemed past President, Mr. Woods, stated that the rules provide for the election of it. I'll be happy to supply him with a copy, because I do not see anything in there which says it provides for the election. The only mention I see, it says that in the absence of the President, the members shall elect a President Pro tem, provided there be a quorum present.

**Mr. Woods:**

That's exactly what I said.

**Mr. Pollock:**

You said that it provides for the election. I think the President is here.

**Mr. Woods:**

You just took the words right out of my mouth. Thank you for confirming my opinion, Mr. Pollock.

**Mr. Pollock:**

I'll read it again; maybe some people are having a hard time understanding it. "In the absence of the

President, the members shall elect a President Pro tem, provided there be a quorum present." Unless I'm mistaken, you're here, which would mean that you're not absent, which means that the members shall not elect a President Pro tem.

**The Chair:**

Mr. Pollock, are you saying that at each meeting a President Pro tem should be elected?

**Mr. Pollock:**

If the President is not present. Members don't have the right to vote unless the President is not present.

**The Chair:**

So that it would be on a part-time basis.

**Michelle Madoff:**

That's right. That's what Mr. DePasquale said.

**Mr. Ferloc:**

Madam President, I think we should deal with the substance of the motion, the nomination. Presuming that Mr. Woods has five votes to win this nomination, I would also presume that he has five votes to amend Council's rules. So, with that in mind, I think we should debate the merit of the nomination or any other nominations that should be placed on the floor. Let's not have comments about politics; otherwise, I'm going to have to reopen discussion on the original election of Madam President, which certainly had a lot of politics. That's really not relevant here today; what's relevant is, do people support placing Mr. Woods in that position or do they not, and what are the reasons pro

and con? And if there's other nominations, they should be made by members of Council and we can debate those and get on with the vote.

**The Chair:**

I'm going to rule that we get an opinion from the Law Department. I think that will settle it once and for all in case this issue comes up again.

Mr. Specter, will you get us an opinion on this? Can we hold this for a week until we get an opinion from the Law Department? This has never come up before, to my knowledge, and I'm not sure what grounds we're on. I think Mr. Specter should give us an opinion on it. Could we hold this nomination for a week, Mr. Wagner?

**Mr. Wagner:**

I would prefer to vote on it and my motion indicated to vote on it today.

**Michelle Madoff:**

I support getting an opinion.

**Mr. Ferloc:**

I don't think we need an opinion from down the hall.

**Mr. Pollock:**

Correct me if I'm wrong; maybe my memory isn't correct. Was Mr. Givens elected as Council President Pro tem or was he appointed by the same President? Mr. Perry, was he elected or appointed?

**Mr. Perry:**

He was appointed.

**Mr. Pollock:**

Thank you, Mr. Perry.

**Mr. Woods:**

I'll tell you what, Mr. Perry. I challenge you on that, I challenge you on my election and I challenge you on Mr. Stone's election.

One other thing, and I hate to get involved in this. That's not the issue; the issue is, there's a motion on the floor and we want to act on that motion.

**Michelle Madoff:**

We sure do; don't we?

**Mr. Ferloc:**

Madam President, the thing that I resent holding this is that I don't think we need or deserve an opinion from the other end of the fifth floor. That's not the issue. We can conduct Council's affairs independent of the other branch of City Government and that's basically where the opinion would be coming from. I think we should just vote on the question; what's the big deal? If there are people that object to Mr. Woods filling this position, they should state their opposition clearly, and if there are people in favor — We don't need an opinion on the Mayor's Office on the affairs of Council.

**The Chair:**

It's not the Mayor's Office that I'm asking.

**Mr. Ferloc:**

It is the Mayor's Office.

**The Chair:**

No it isn't.

**Mr. Ferloc:**

It is clearly the Mayor's Office, Madam President; I think everybody knows that.

**The Chair:**

You may but I don't.

**Mr. Ferloc:**

I think clearly that's the case. And if there's one thing I do resent, it's continually having to leave the room to conduct the affairs of this Council which I hoped would be an independent legislative body separate from the Controller and separate from the Mayor. I hope that we can do that and I think we should vote on this motion.

**The Chair:**

I think this is an interpretation and we have different opinions on this and I think we should get a legal opinion on this.

**Mr. Pollock:**

I think you have the prerogative to say that clearly if there's an interpretation ruling, that the Parliamentarian can either rule on it or defer to a higher parliamentarian's ruling to interpret our rules. Clearly, Mr. Woods himself is in a conflict when he's stating that the rules call for an election and he himself, two years ago, made an appointment which makes him in conflict with the rules. So, there clearly is a need for an interpretation and I think that you have every prerogative to say that you can't act on a motion when the rules are not clear and you can't

determine whether the motion is in order or not. I think you have the prerogative to say that.

Thank you, Mr. Perry.

**Mr. Wagner:**

I do not intend to withdraw my motion. My motion is on the floor and I would wish that it be the will of this Council to vote on that motion.

**Michelle Madoff:**

Madam President, I believe you have the prerogative as the President of this Council, I may be incorrect, and perhaps somebody can correct me if I'm wrong, but I think you have the prerogative as this President, if you wish to have that bill held for a week to get clarification in light of the fact that Mr. Woods appointed Mr. Givens and didn't have it voted on, and there is a dichotomy of opinion, and have many of us discuss it among ourselves so that we could caucus with our colleagues because this has been sprung on me and I believe perhaps on some other people, unless others knew about it and they're not admitting that they knew about it. I think we need a week to digest this and I would suggest that nothing will happen in a week. And, as Mr. Ferlo has stated, he's hoping that we'll have a chance to vote on that and see how independent we really want to be.

**Mr. Woods:**

I feel like taking my name out of here but I just want to see. What is anyone afraid of? For crying out loud. The motion is on the floor; let's everyone belly-up and vote. What's so hard about that, Madam President? Everyone can show where they are. The public is watching; show your guts. You're going to vote for something or you're not going

to vote for something. You can't go in a back room, Ms. Madoff, and debate this thing. Right out front you said what you had to say; you're against that nomination. My goodness, just get up there and say you're for it or you're against it. And I think all of us, all nine of us, owe that to the public that's looking at us.

**The Chair:**

There is a question in my mind whether or not this is the right way to go about this. That's my problem. Legally.

**Mr. Ferlo:**

Madam President, what could be more democratic than acting on the nomination that has been presented here today? The nomination was democratically moved. There's deocratic debate and discussion. If there are people who object to Mr. Woods' winning this position, they should state their objections. What's more democratic than that?

Madam President, I suggest rather than go to the Solicitor or to the Parliamentarian, or rather than go down to the other end of the hall to the Mayor's Office for an interpretation on this, I would suggest, Madam President, that you ask the straw vote of the body regarding whether or not we would like to vote on this. I would suggest that if five people would like to vote on this now by straw vote, that that represents the democratic will of this Council and we should then move to the question of the nomination.

So, I ask, Madam President, that you act in the spirit of unity and cooperation and ask for a straw vote among the nine members present as to whether or not they would like to democratically be allowed to vote on

this.

**Mr. Coyne:**

Madam President, I have a question here on the manner about which the President Pro tem should be selected. It's not that I doubt Mr. Woods' ability to be the President Pro tem but I think what we're seeing reoccurring is the same sort of thing that happened with the appointments to Alcosan where it took years to discover that Council never had the right to appoint them in the first place. The rules clearly state that the President Pro tem should be voted on in the absence of a president. I interpret that to be on a per day basis. As I say, it's not a question of bellying-up or anything; it's just interpreting the rules and making sure we don't carry on a procedure that's not meant to be.

**Michelle Madoff:**

Madam President, I think Mr. Coyne is right on the button. He's supporting your position that you have a right, as President, to get clarification and you are acting democratically in doing so.

And in response to Mr. Ferlo, when he says we are out in front and this is very democratic, it is not democratic to have something like that sprung on other members of Council knowing full well that they would not support that kind of a motion when we might want to recommend — I might want to recommend Mr. Otis Lyons —

**Mr. Ferlo:**

Then nominate him.

**Michelle Madoff:**

I've nominated Mr. Pollock but Mr. Pollock might decline. I might want to

nominate Mr. Lyons. I would like a week to think about it and you will need a week to clarify it; you're absolutely right. And then we'd be able to talk to each other and find out why you seconded the motion.

**Mr. Ferlo:**

Madam President, I make a motion for a five minute recess to allow Councilmembers --

**The Chair:**

There is a motion on the floor.

**Mr. Wagner:**

Madam President, if I may. I made the original motion, Madam President, and I would simply want my colleagues to know that there's nothing in the Charter or the Rules of Council that indicates that the Finance or Public Safety or any other committee fills in for the President of Council. I have researched those rules in that Charter and I suggest that my colleagues do the same. I did the same on Alcosan and I brought something up about Alcosan several weeks ago that everyone was very startled to hear, that this Council does not have the authority to appoint or remove from Alcosan. I have looked at this issue also; I know we have a President and, Madam President, I believe that you're going to do a competent job. But if you're not here, the Charter or the Rules of Council do not indicate who fills in for your vacancy. I have made a legitimate motion in the absence of you in this Chamber for someone to fill in for you. And in that motion I have picked someone that I feel can perform the job adequately and has proved it in the past. It's a simple motion; it fits in with the rules of this Council and the Charter and in the event that there is an absence,

there is someone to fill in and run the meetings. Now, all that is a motion to appoint someone, all other eight members of Council can make a similar motion, appoint anyone else, vote it up, vote it down. It's that simple.

**Mr. Coyne:**

Madam President, once again I'd like to say that this shouldn't get down to be a questions of personalities on who is voting for who or anything like that. As I said, I'm sure Mr. Woods would be a fine President Pro tem.

The question comes back to the rules and we're getting away from what this Council should do. The rules clearly say, "In the absence of the President, the members shall elect a President Pro tem". To me, I interpret that to be on a daily basis and I cannot agree. I won't vote on this issue.

**Michelle Madoff:**

Madam President, I just spoke to Mr. Specter, he just came in in the middle of this, and he is not prepared to make it definitive but, with a quick overview, he believes that the statement made by Mr. DePasquale as to how it has been done and Mr. Coyne's statement that that is correct, that the day there is not a president, we can vote. So, I think that in a week we can clarify that because I was about to say what you said, Mr. Coyne; I don't want a repeat of what happened with Alcosan. Does the Mayor have the right to appoint or does Council have the right to appoint. And at the end of the meeting I'm going to discuss that because I've talked to some of the parties involved.

**Mr. Pollock:**

I think since Mr. Wagner brought up the issue of Alcosan, I think that that is

something that should be clarified. Council rules and the Home Rule Charter haven't changed during the four years and some that Mr. Wagner has been on Council so I can only assume that in the past, when he himself has nominated people to Alcosan, that he did so knowing that that was not in accordance with the law. And in the past when he has voted on Council nominees for Alcosan, I can only assume that he did so knowing that that was not in accordance with the law. Or, if not, then clearly he wasn't assured or positive at the time he voted and nominated people, that Council had this right. So, if Mr. Wagner can occasionally have a self-inflicted discrepancy in how to interpret the Charter, then perhaps others can as well. And that is why there are parliamentarians, that is why Robert's Rules of Order provides for parliamentarians to determine how rules should be enforced and how they should be interpreted. And if Mr. Wagner can make a mistake, because clearly he made a mistake at one time, either when he said that we don't have the power or when he himself nominated somebody, because they both can't be right. So, if mistakes have been made in the past, then mistakes can be made and I think it's wise to have a ruling from somebody whose function it is to interpret the Charter. Thank you.

**Mr. Wagner:**

If I may respond. Mr. Pollock always has a way of trying to make something personal and he does it very effectively. But I will not be as little as Mr. Pollock and always try to make something personal because I'm above that and I'll always be above that as a politician and to anyone on this Council. But I want Mr. Pollock to know, as clearly as he can know, that I have had a written request, and Mr. Perry will verify this, a written request to the

Solicitor for eight months for an opinion on Alcosan. I understand it's forthcoming this afternoon, Mr. Pollock. The reason why I have not done anything during the interim is because I believe that I should, and I have urged continually the Solicitor to give this Council an opinion. Rather than shooting from the hip, I want the Solicitor's opinion to be the final opinion, and it will be on Alcosan.

You stated, when I brought that up here, that you don't have to be a genius to read the Charter, and I'm not a genius; you may be but I am not. You claim to be; I'm not. But I will tell you quite clearly that that decision will interpret the Charter, and we all know what that decision will be. You have tried to take this simple motion here for Council President Pro tem and tie it in to another issue. That really isn't the case here. If you don't want to vote for my nominee, don't vote for my nominee. If you want to vote for yourself, vote for yourself. Or nominate someone else. You have that right as a Councilmember and I strongly suggest that you utilize that right. My motion is clear and simple and I suggest that you vote for it or vote against it.

**Mr. Pollock:**

Madam President, all I simply said, and Mr. Wagner, by his own statement just now, confirms it, if he is writing the Solicitor for an opinion on another matter which could be interpreted separate ways, then why should this matter be any different? You don't have your cake and eat it too. If he's writing the Solicitor for an interpretation of how to appoint to Alcosan because there is a discrepancy or an interpretation variance on the Charter or the rules, then why should this be any different? Mr. Ferlo doesn't want to go to the Administration but yet Mr. Wagner is going to the

Administration for an interpretation of how Council can appoint to Alcosan. There should be no difference. The Solicitor, if he is ruling on how to appoint to Alcosan, should also be the entity to rule on how the President Pro tem is decided. I didn't bring up the issue of Alcosan; I didn't invent that. Mr. Wagner brought it up and all I was doing was using his analogy. He raised the issue of the Alcosan appointments; I didn't. I'm just saying that the Solicitor ruling on that should also lead to the Solicitor ruling on this.

**The Chair:**

I'm going to rule that all discussion is over and I'm going to exercise my prerogative to hold for one week until we get an opinion.

**Mr. Wagner:**

I move to override the Chair's decision.

**Mr. Ferlo** seconded the motion.

**The Chair:**

Is there any discussion on the motion?

And on the question, "Shall the motion pass finally?"

The ayes and noes were taken agreeably to law, and were:

**Ayes:**

|                |            |
|----------------|------------|
| Mr. DePasquale | Mr. Wagner |
| Mr. Ferlo      | Mr. Woods  |
| Mr. Lyons      |            |

**AYES 5**

**NOES 4**

**VOTING NO:**

Mr. Coyne            Mr. Pollock  
Michelle Madoff    Mrs. Masloff  
                              (Pres't)

And a majority of the votes of Council being in the affirmative, the motion was approved.

**Mr. DePasquale:**

I move to close the nominations.

**Mr. Ferio** seconded the motion.

**Michelle Madoff:**

I believe there was not clarity on the motion.

**The Chair:**

The motion to override my ruling, my prerogative, to refer this to the Elections Department was five ayes to override and four noes to override which means that my motion was overridden. It failed. So now we go back to the motion —

**Michelle Madoff:**

Madam President, may I ask a question that I am unsure about? It is proper or is it improper for me to ask my colleagues to reconsider their vote to override? I think this is a very bad precedent because I feel that they're trying to weaken your position and every time that you are going to take a position — I think you're legally taking a very responsible position and I commend you for it and I think the public watching commends you for it — there will be a challenge to everything you do.

I would like to take a two minute recess to ask my colleagues if they would reconsider the issue of overriding your

opinion because this will become a disaster Council if we continue like this.

**The Chair:**

Michelle, it's the members' prerogative to override any ruling I make, and in the future they can do that. I'm not God; they can override any ruling I make. But at this moment there's a motion before us now.

**Michelle Madoff:**

Madam President, I guess I didn't state my question clearly. Is it in order for me to ask my colleagues to reconsider and can they reconsider?

**The Chair:**

No, there's a motion on the floor.

**Michelle Madoff:**

Can't we reconsider the vote on the motion?

**The Chair:**

They've already voted; they're not going to reconsider.

**Mr. Ferio:**

Madam President, as a man of mediocre intellect, I would like to vote the question up or down.

**The Chair:**

Okay, the motion is now open for the vote.

**Michelle Madoff:**

And we're going to discuss the vote.

**The Chair:**

You've already discussed it.

**Michelle Madoff:**

There's another nomination. I nominated Mr. Pollock. How are we going to handle the vote?

**Mr. DePasquale:**

Madam President, the nominations were closed. Certain people aren't listening.

**The Chair:**

No, they were not closed, Mr. DePasquale.

**Mr. DePasquale:**

I made the motion and it was seconded and closed.

**The Chair:**

No, it was seconded and then there were other nominations. Michelle made another nomination.

**Mr. Ferloc:**

Madam President, I think Jeep is correct in that we did close them. But for the sake of moving this questions ahead so that we can debate the affairs of this City, could Michelle please make the nomination of Councilman Pollock, or whomever else, and let's go down with the vote. I have no problem voting on it.

**Michelle Madoff:**

I think this is a very sad day for this Council. I used to refer to it as the Zoo; Mr. Wagner called us the Circus. We're the Nine Stooges and I'm a stooge for being here. But somebody has to be

here to see what we can do. This is an absolute disgrace.

I will nominate Mr. Pollock because I don't have any other alternative and I hope somebody will second that.

**The Chair:**

The nominations are Mark Pollock and Ben Woods.

**Mr. Ferloc:**

Madam President, I hate to keep talking on this issue but I resent something that Michelle just said. I did not support you originally for Council President; I personally made the nomination and supported Councilman Wagner because I felt he would do the best job. I did not win out. However, I'm trying to make every effort possible to work with Madam President and other members of this Council because that's the way the vote went and I think it's my responsibility to try to get things done on this Council.

Earlier I made a resolution regarding Allequippa Terrace. Councilman Lyons suggested I withdraw it and he would make an effort to help resolve the matter. I yielded to his wisdom on this question. I think we have a responsibility to try to work with each other and for that reason I don't think we should spoiled grapes on the vote regarding Mr. Woods. Let's just deal with the substance of it.

**The Chair:**

There are two nominations for President Pro tem before us; Mark Pollock and Ben Woods.

**Michelle Madoff:**

Madam President, I cannot let that

go unanswered. I'll be very brief. The issue is not Mr. Woods or Mr. Pollock; the issue is just what you just said, Mr. Ferlo, an effort to communicate and get along with each other in the best interest of the public. By starting off the new year and overriding the President of Council, I think we have set a very dangerous precedent to encourage this kind of action. That does not indicate that you wish to work with Council and the President; it indicates the contrary.

**Mr. Pollock:**

Madam President, to the best of my knowledge, in the two years and some that I've been here, this Council has never voted on something that I can recall without knowing whether or not the vote was legal. I think it's a very unfortunate precedent that Council is voting on something where there is clearly a lack of understanding as to what we're voting on and whether or not it's even a legal vote.

Two years ago, Mr. Woods made an appointment for this position and today he's saying it's supposed to be an elected position. That, to me, is as simple as can be that there is a conflict of his interpretation of this rule. It should be interpreted by some entity, the Parliamentarian or Solicitor or even outside counsel and it's unfortunate. But it's very clear to me that this Council now, this new Council, is deciding to vote regardless of legality, of propriety, of interpretation, and that's quite unfortunate that this new Council feels that way.

**The Chair:**

That was their choice; they voted.

**Michelle Madoff:**

Excuse me; we're changing

something. I withdraw the name of Mr. Pollock because I'm not going to vote on an illegal bill; I'm not going to pull another Alcosan.

**The Chair:**

It hasn't been determined that this is an illegal bill.

**Michelle Madoff:**

Madam President, it is very clear that it is an illegal vote and I will not vote on an illegal vote.

**The Chair:**

We are going to vote on Mr. Wagner's motion. How many nominations do we have?

**Michelle Madoff:**

One.

**The Chair:**

One. Mr. Woods.

**Mr. Lyons:**

Madam President, we have two. Mr. Pollock hasn't withdrawn.

**Mr. Pollock:**

I withdraw my name.

**Michelle Madoff:**

I withdrew his name.

**Mr. Lyons:**

You can't.

**Michelle Madoff:**

I nominated him; I can withdraw his

name.

**The Chair:**

So now we have a motion to elect, if that's the word, Mr. Woods President Pro tem. Call the roll.

**Mr. Coyne:**

Madam President, I feel this is a totally illegal vote; I don't feel it follows the rules of Council and I abstain.

**Michelle Madoff:**

I abstain because I said I wouldn't vote on an illegal bill.

**Mr. Pollock:**

I abstain and I'd like to explain my abstention. I don't like to abstain, unlike other members of Council who use that as a nice, politically expedient manner. My abstention is because there's no interpretation of this rule and until such time as the obvious conflict in the interpretation of this rule is cleared up, I don't think this Council should address the issue.

**Mr. DePasquale:**

Point of order, Madam President. Didn't we state in our rulings that there would be no discussion when the vote is taking place?

**The Chair:**

The vote is being taken, Mr. DePasquale; you're out of order. All discussion is closed.

**Mr. DePasquale:**

I'm not out of order.

**The Chair:**

Is there any further discussion on the motion?

And on the question, "Shall the motion pass finally?"

The ayes and noes were taken agreeably to law, and were:

**Ayes:**

|                |              |
|----------------|--------------|
| Mr. DePasquale | Mr. Wagner   |
| Mr. Ferlo      | Mr. Woods    |
| Mr. Lyons      | Mrs. Masloff |
|                | (Pres't)     |

AYES 6                      NOES none

(MR. COYNE, MICHELLE MADOFF  
AND MR. POLLOCK ABSTAINING)

And a majority of the votes of Council being in the affirmative, the motion was approved.

**REPORTS OF COMMITTEES**

**Mr. Pollock presented**

Bill No. 89

Report of the Committee on Finance for January 20, 1988 transmitting sundry resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 7

A Resolution entitled, "Resolution providing for the issuance of a warrant in favor of Gannett Fleming Transportation Engineers, Inc. in the amount of \$18,900.24 in partial payment of an

Emergency Contract to design a tieback wall to stabilize the conditions of distress within the south approach embankment, above and below Melwood Avenue; at the Bloomfield Bridge Project Site; and providing for the payment thereof."

Which was read.

Also,

Bill No. 9

A Resolution entitled, "Resolution providing for the issuance of a warrant or warrants, without previous authority of law, in the amount of Six Hundred Forty Six Dollars and Three Cents (\$646.03) in favor of the 'National Academy for Professional Driving' for payment of materials to be used in the City's 'Hands-On Driver Training Program', not covered under contract. Funds are available in Code Account 1147, Index Code 114702, Materials, Department of General Services."

Which was read.

The Chair:

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

|                 |              |
|-----------------|--------------|
| Mr. Coyne       | Mr. Pollock  |
| Mr. DePasquale  | Mr. Wagner   |
| Mr. Ferlo       | Mr. Woods    |
| Mr. Lyons       | Mrs. Masloff |
| Michelle Madoff | (Pres't)     |

AYES 9 NOES none

And there being two-thirds of the votes of Council in the affirmative, the bills passed finally.

Also,

Bill No. 10

A Resolution entitled, "Resolution amending Resolution No. 936, effective December 11, 1987, entitled: 'Providing for the issuance of a warrant, without previous authority of law, in the amount of Thirty Six Thousand (\$36,000.00) Dollars, in favor of Mon Valley Petroleum for payment of the purchase of fuel, not covered under contract.'"

Which was read.

The Chair:

Is there any discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

|                 |              |
|-----------------|--------------|
| Mr. Coyne       | Mr. Pollock  |
| Mr. DePasquale  | Mr. Wagner   |
| Mr. Ferlo       | Mr. Woods    |
| Mr. Lyons       | Mrs. Masloff |
| Michelle Madoff | (Pres't)     |

AYES 9 NOES none

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Also,

Bill No. 17

A Resolution entitled, "Resolution providing for the issuance of a warrant in

favor of Marion A. Monheim, in the amount of \$1,600.00 for consulting services rendered to Michelle Madoff, without previous authority of law, and providing for the payment of the cost thereof." —(SPONSORED BY MICHELLE MADOFF)

Which was read.

**The Chair:**

Is there any discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

|                 |              |
|-----------------|--------------|
| Mr. Coyne       | Mr. Pollock  |
| Mr. DePasquale  | Mr. Wagner   |
| Mr. Ferlo       | Mr. Woods    |
| Mr. Lyons       | Mrs. Masloff |
| Michelle Madoff | (Pres't)     |

AYES 9 NOES none

And there being two-thirds of the votes of Council in the affirmative, the bill passed finally.

Also,

Bill No. 19

A Resolution entitled, "Resolution amending Resolution No. 846 of 1987: 'Providing for the filing of an application or applications by the City of Pittsburgh with the Commonwealth of Pennsylvania for a grant or grants in connection with the Job Training Partnership Act; providing for the execution of Grant contracts and for the filing of requisitions and other data; providing for the appointment of the Private Industry Council and authorization for the Private

Industry Council and the City of Pittsburgh to enter into agreements authorized by the Job Training Partnership Act; providing for required assurances; providing for execution of payment vouchers and for certification of authorized signatures; providing for a contract or contracts with various agencies/employers for services and programs related to training and employment for the Job Training Partnership Act Projects; and providing for the deposit of funds into a bank account', by deleting the names of individuals holding certain City of Pittsburgh positions."

Which was read.

**The Chair:**

Is there any discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

|                 |              |
|-----------------|--------------|
| Mr. Coyne       | Mr. Pollock  |
| Mr. DePasquale  | Mr. Wagner   |
| Mr. Ferlo       | Mr. Woods    |
| Mr. Lyons       | Mrs. Masloff |
| Michelle Madoff | (Pres't)     |

AYES 9 NOES none

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Also,

Bill No. 20

A Resolution entitled, "Resolution providing for an Agreement with Dickie, McCamey & Chilcote, P.C. for

professional legal services for the City Controller."

Which was read.

**Mr. Woods:**

On Bill No. 20, the resolution providing for an extra \$25,000 for the City Controller to add his solicitor. If we all recall the six members of Council that were here during the budget hearings, there was quite a debate on this issue. In fact, Council turned down the extra \$25,000. Then during final action, my colleague, Ms. Madoff, recommended that we give them another \$19,000 to train some people on the hardware or the software systems down there. At the time, and I have the transcripts here from all of us, at the time I said that he would come back if we gave him this money and transfer that money, because it's in the same code account, and ask this Council for \$25,000, or \$19,000 at the time, to give to his solicitor. Ms. Madoff, Mr. Pollock and myself made statements that we would monitor this and we would see to it that he didn't transfer that money.

Well, I apologize to my colleagues, and to you, Madam President, for leaving the meeting early last Wednesday. That bill came up and passed through this Council 8-0. When there's six members sitting on this Council that voted at budget time no, and I'm asking my colleagues at this time to vote this bill down. I told you that it was a subterfuge to transfer this money into that account or to give them that money. You all agreed but you said you would monitor it and see that he would not transfer this money into this account. Now is the time. And I spoke to Mr. Pollock before I left the meeting on Wednesday.

**Mr. Pollock:**

Mr. Woods, to the best of my knowledge, has presented the facts accurately. There's only one thing that I don't think he's correctly portraying and that is that this is not a transfer from code account to code account; this is a transfer within a code account.

**Mr. Woods:**

That's exactly right.

**Mr. Pollock:**

From my understanding in speaking with people, other directors and so forth, that a director has the right within those sub-accounts to transfer, that those sub-accounts are merely advisory and not binding and that a transfer from one code account into another code account is something that Council should serve as a check and balance on. But those individual sub-accounts are not binding.

**Michelle Madoff:**

Madam Chairman, I think that if I call upon people to talk about what happens outside of this Council then I have a responsibility to share with Council when I have been approached and have acted on behalf of someone else.

What Mr. Woods said was absolutely accurate. I was approached by the Administration to ask me whether I was coming to a meeting one day when Mr. Flaherty was going to be the subject, the Controller's budget. I said no, I wasn't coming because I had some other things to do. I was asked whether I would please introduce some bills. As a matter of fact, I came off as being very knowledgeable because I had a list of cities that had the numbers of people that work for the Controller's Office in various other comparable cities,

comparable population. I found it so informed and so knowledgeable, true confessions; they were handed to me. I came in and made a presentation on the basis of the meeting that I had called; I don't think anybody stayed until the end of the meeting and some people stayed for the beginning of the meeting which was the meeting on the Controller's need to be more efficient, to be able to supply this Council on a \$12,000 word processors with what they were intended to be which was truly information computers that would be connected to the main frame and give us various information that we need to operate not in a vacuum but as informed members during the budget time.

One of the things that I was concerned about - I would not do anything for anybody that I didn't believe in - if the Administration said, "Would you introduce this?" and I didn't like - If they said, "Would you have Mr. Woods as President Pro tem?", I would say no. But what they asked me to do was something I concurred with, which was that they felt that the Controller's Office was in such a state of chaos that if we took two people out of there nobody would get paid in this whole City, their payroll. And that it was vital that he get some controllers, that he get actually accountants.

And I, speaking for myself and for the intent of the Administration, asked Mr. Flaherty, as you may recall, to please give us the descriptions and titles of accountants that he would hire, not secretaries, not treasurers, not people to work filing, but who would be accountants. And I cautioned him, and this was not asked of the Administration, this was my own thought, that if he didn't move quickly to do that and go to, I think, it was 94 people, he had wanted 105, that we didn't move very quickly to supply us -

**Mr. DePasquale:**

Madam President, point of order. She's not on the bill.

**Michelle Madoff:**

I am answering Mr. Woods. I am on the bill.

**Mr. DePasquale:**

You're not discussing the bill.

**Michelle Madoff:**

I'm explaining why we voted the way we did on that bill previously. The issue was that if we didn't vote at that point, that if we didn't get from Mr. Flaherty the titles and job creation, that we would have those accountants so the Controller's Office can continue doing business effectively, we would be in big trouble. And my own thought was to say to him, "Mr. Flaherty, if you don't hurry up and give us that, you won't even get funded from the 86 to the 95." He got the message very clearly and came in in a very cooperative effort and he supplied that information promptly.

Also at the meeting that took place, and there was a summary at the meeting between all factions of the City, our computer division, the Controller's Office, the Treasurer's Office of the City of Pittsburgh, the Finance Office, and myself representing my interest in all those computers, it became blatantly clear that the information wasn't even there and we needed to get this information and that he couldn't get this information without having some help. And that was, of course, why I voted and supported the issue of having accountants.

What I'm saying is that people who have open minds change their minds.

That is our prerogative. As you learn, you have the right to change your thoughts. I think Mr. Flaherty has made some move in the right direction. There has been some conciliation between the Administration and Mr. Flaherty to improve his department. And I believe that there is not a legal firm in the world that can even monitor all the contracts which is really not supporting the Administration but supporting the public's right to know and to do the correct thing for the \$40,000 that they were being paid. Therefore, I changed my mind and I voted the \$65,000. Mr. Woods is absolutely correct in his presentation but I changed my mind based on evidence, based on a change of attitude, based on cooperation, and I hope that that spirit will continue because, if it doesn't, this City is in pretty bad shape.

**Mr. Lyons:**

Madam President, it was I who made the motion to accept this bill last Wednesday and for further clarity in it I called Mr. Flaherty to the table and he gave us and satisfied the members of Council that they had no objection to what he had said and the bill passed unsullied.

**Mr. DePasquale:**

In regards to what Councilman Lyons said, I have to echo his sentiments. When we sat here the other day, last Wednesday, nobody voiced an objection. In all fairness, Ben may have stepped out of the room for a minute or not, and I was assured by almost everybody that this would be in order. I can see what Ben is saying, but at the same time, I don't see how we can do one thing on Wednesday and then come Monday, for no other reason, say you're not going to pass it.

**The Chair:**

I'm going to close all discussion.

**Mr. Woods:**

No, Madam President; I am not finished. I made a statement and my colleagues said something back and I am entitled to answer them.

**The Chair:**

Mr. Woods, continue.

**Mr. Woods:**

Mr. Pollock said it was in the same code account; of course it's in the same code account. And if any director, whether it be Mr. Flaherty, the Administration or Public Works' Lou Gaetano, can move money freely, then what the hell is this bill doing before Council? That's what this is about; checks and balances. Mr. Pollock, you're the Finance Chairman; you should know that. It's out of your committee; you should also know that. That's why it's before us. It's checks and balances.

Now you may close the discussion; shut Mr. Pollock off.

**The Chair:**

Mr. Pollock, please; let's close this discussion. This is the last word on this. We're going to move on Bill 20.

**Mr. Pollock:**

I was just raising my hand to call for the question, Madam.

**Michelle Madoff:**

Point of order. The reason I voted against Mr. Woods, if he were in your position and someone else was trying to

make a statement like myself, he would have said out of order.

**The Chair:**

Is there any further discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

**Ayes:**

|                |                          |
|----------------|--------------------------|
| Mr. Coyne      | Michelle Madoff          |
| Mr. DePasquale | Mr. Pollock              |
| Mr. Ferlo      | Mr. Wagner               |
| Mr. Lyons      | Mrs. Masloff<br>(Pres't) |

AYES 8                NOES 1

(MR. WOODS VOTING NO)

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Also,

**Bill No. 21**

A Resolution entitled, "Resolution providing for an Agreement or Agreements with an accounting firm to provide professional auditing services as required by the Pennsylvania Department of Labor and Industry in connection with the Job Training Partnership Act (JTPA) Program and providing for the payment of costs thereof."

Which was read.

**Mr. Ferlo:**

Madam President, on Bill No. 21. As you know, I voted no in Committee on

this and I expressed my concern about the fact that we, as a city, and this Administration in particular has expended great amount of resources in the form of professional service contracts and has hired consultant after consultant after consultant. I find it disappointing that this Council previously has voted to institute swimming fees for small children and families in the City, but it continues to give the Administration countless amounts of money for consultant fees. My opposition to this, primarily, to this is that Council has not been provided, to my knowledge, any information as to what these various training classes and sessions would be. I believe I asked the Director to forward that information to this Council. I know I haven't received it and I don't think the City Clerk has received it; possibly some other members have.

But I, again, voice my opposition to this bill on its substance and I would prefer to see the situation where within the Department of Personnel and Civil Service, that we have competent people at the Administrative level who are able to provide these so-called training services to the staff, whatever substance and form they take. So I am once again raising objection to this and I would ask you to consider voting negatively on this appropriation of a considerable amount of money. Thank you, Madam President.

**Mr. DePasquale:**

Are you going to make a motion to resubmit?

**Mr. Ferlo:**

I would like to resubmit the bill because we have not been provided with the information, unless another member of Council can explain what specifically we're buying all these services for.

Mr. DePasquale seconded the motion.

**The Chair:**

Is there any further discussion on the motion?

And on the question, "Shall the motion pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

|                |            |
|----------------|------------|
| Mr. Coyne      | Mr. Lyons  |
| Mr. DePasquale | Mr. Wagner |
| Mr. Ferlo      | Mr. Woods  |

AYES 6                      NOES 3

(MICHELLE MADOFF, MR. POLLOCK  
AND MRS. MASLOFF VOTING NO)

And a majority of the votes of Council being in the affirmative, the motion was approved.

Also,

Bill No. 22

A Resolution entitled, "Resolution providing for an Agreement or Agreements with a Consultant or Consultants for the design and implementation of City-wide training programs for City employees and providing for the payment of the cost thereof."

Which was read.

Also,

Bill No. 23

A Resolution entitled, "Resolution amending Resolution No. 782, (Items C & F) approved October 6, 1987, authorizing

the sale of properties in various Wards of the City of Pittsburgh."

Which was read.

Also,

Bill No. 24

A Resolution entitled, "Resolution Repealing Resolution No. 902, Item F, approved October 13, 1986, which authorized the sale of property in the 16th Ward, being a 2 Story, Brick house, located at 145 Rinne Street, designated as Block 13-S, Lot 38 to Patrick J. Goslin, for the sum of \$5,000.00."

Which was read.

Also,

Bill No. 25

A Resolution entitled, "Resolution providing for the filing of a petition or petitions for the sale of certain properties in various Wards of the City of Pittsburgh, acquired at tax sales in accordance with Act No. 171 of 1984."

Which was read.

Also,

Bill No. 30

A Resolution entitled, "Resolution providing for a transfer of funds from Code Account (45), Index Code (004507), Health Insurance-Municipal Employees, Department of Finance, to Code Account (PSTA), Index Code (253450) in the amount of One Hundred Thousand Dollars (\$100,000.00), and providing for the reimbursement to Code Account (45) at a later date."

Which was read.

**The Chair:**

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

|                 |              |
|-----------------|--------------|
| Mr. Coyne       | Mr. Pollock  |
| Mr. DePasquale  | Mr. Wagner   |
| Mr. Ferlo       | Mr. Woods    |
| Mr. Lyons       | Mrs. Masloff |
| Michelle Madoff | (Pres't)     |

AYES 9                      NOES none

And a majority of the votes of Council being in the affirmative, the bills passed finally.

**Mr. Lyons presented**

Bill No. 90

Report of the Committee on Planning, Housing and Development for January 20, 1988 transmitting one resolution to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 16

A Resolution entitled, "Resolution approving a Conditional Use Exception under Section 993.01(a)A(44) of the Pittsburgh Code, Title Nine, Zoning, Article V, Chapter 993 for authorization to use the existing structure located at 362 SOUTH NEGLEY AVENUE by Abraxas Foundation, Inc., as a Group Care Facility for 17 youths with full-

time adult supervision, 8th Ward."

Which was read.

**The Chair:**

Is there any discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

|                 |              |
|-----------------|--------------|
| Mr. Coyne       | Mr. Pollock  |
| Mr. DePasquale  | Mr. Wagner   |
| Mr. Ferlo       | Mr. Woods    |
| Mr. Lyons       | Mrs. Masloff |
| Michelle Madoff | (Pres't)     |

AYES 9                      NOES none

And a majority of the votes of Council being in the affirmative, the bill passed finally.

**Mr. Ferlo presented**

Bill No. 91

Report of the Committee on General Services for January 20, 1988 transmitting two resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 11

A Resolution entitled, "Resolution amending Resolution No. 281, effective March 30, 1987, entitled, 'Providing for the letting of a Contract or Contracts for the furnishing and delivery of Motorized Fire Equipment for the

Department of General Services and for the payment thereof, ' by increasing the amount from Five Hundred Thousand (\$500,000.00) Dollars to Seven Hundred and Eleven Thousand (\$711,000.00) Dollars."

Which was read.

**Mr. Ferlo:**

Madam President, I would like to make an amendment to Bill No. 11 in relation to the fire equipment. I'm taking the suggestion of my colleagues; the amendment is in writing before you today and I believe you have a copy of it.

The amendment to Bill 11 reads, "Directing the Mayor and the Director of Public Safety to develop and implement a fee schedule for use of the City's new hazardous material foam truck. Such fee shall be collected from the municipality or entity outside of the City of Pittsburgh which makes use of the vehicle. The fee should include but not be limited to the cost of materials used, insurance, labor and depreciation of the vehicle."

The reason for making this suggestion is that this is a piece of equipment that is highly expensive, first of all; and secondly, it is a piece of equipment, quite frankly, that will be used heavily outside the municipality of the City of Pittsburgh. The Ashland Oil spill is an example but throughout the small municipalities and throughout the county, this piece of equipment will be called on many times throughout the year.

Having talked to Mr. DiNardo, he, too, urges that you give consideration to this amendment because he feels strongly that if this piece of equipment is used outside the municipality, that we should be of the mind of collecting some

income for its use.

So, I would like to make that amendment; I think it's in keeping with good neighbor policy. But at the same time, it's collecting a user fee, not from little kids who can ill afford to pay for swimming but from municipalities who should help share the burden of this specialized truck for the use of hazardous materials.

**Mr. Wagner** seconded the motion.

**Michelle Madoff:**

I oppose the amendment and my reason for opposing it is because I think we have enough problems with our four percent wage tax, us against them. To start putting a user's fee when we loan a piece of equipment that would be used because of imminent danger to people's lives and safety when we, and I will tell you for a fact, the City of Pittsburgh borrows equipment all the time from other boroughs and townships when we need it, and there should be more exchange of that so the federal government doesn't have to pay for redundancy in equipment.

I would like to hear the rationale from Mr. DiNardo personally as to why this piece of equipment should have a user's fee and he may convince me that we should vote for it. But to have it come out of the blue and say, "Yes, we should have a fee", the next time we need a piece of equipment from some agency or from somebody outside the City, they might charge us, and I would be very concerned about that.

**Mr. Lyons:**

I'd like to ask Mr. Ferlo, has he considered the size, weight, wheel base, and that the weight of this foam pump exceeds the limitation of many of the

bridges that are in Pittsburgh. Certainly I would have a lot of apprehension because it wouldn't be a first run vehicle to a fire.

**Mr. DePasquale:**

Madam President, point of order. We're not talking about the same thing on this.

**Mr. Lyons:**

He's talking about a foam pump on his amendment.

**The Chair:**

No, we're talking about just the amendment.

**Mr. Lyons:**

My point is, is it only going to be purchased to use for hazardous waste? Otherwise, it's too big for many bridges in its weight and size.

**The Chair:**

That's not the issue; we're talking only on the amendment.

**Mr. Lyons:**

That's what I'm speaking of, on the amendment of the foam pump. Is it only going to be used for hazardous waste or rented out to other municipalities?

**Mr. Wagner:**

Madam President and members of Council, on the amendment in terms of the user fee, presently there is in existence a procedure within the Administration to charge others for the use of Public Safety equipment. A good example is the Bloomfield railroad train derailment accident where Conrail was

actually charged for the utilization of our equipment.

What Mr. Ferlo is doing here is formalizing the procedure with Councilmatic action, and I think it's an appropriate procedure.

**Mr. Coyne:**

Madam President, I'd like to agree with Mr. Ferlo's amendment here. It seems as if this pumper was called out to be used at a hazardous materials site, the foam inside the truck would be used and someone would have to pay to replenish the supply of foam. I don't think the citizens of the City of Pittsburgh should be paying for clean-ups, even if it is an emergency. I see letting the suburban areas use our facilities and use our equipment, but I think if something needs to be replenished, that the body who is using that equipment should be forced to pay for it.

**Mr. Pollock:**

Madam President, I have no strong feelings about the bill one way or the other. I would only suggest that there certainly is no emergency involved in this bill and that common courtesy should dictate that the Director of the department in which the bill is coming out of, General Services, and/or the Director of Public Safety should at least be permitted to address Council on the merits or the reasons for not having the bill.

I would ask that since there is clearly no emergency involved, that these two fine directors be given that courtesy to tell Council on a Wednesday session what their feelings are about this bill. I think it's an impolite precedent to put things through on Monday by amendment when there's no exigent

reason for doing so without permitting directors to have the courtesy of addressing it and permitting Councilmembers the option of asking directors about the amendment.

**The Chair:**

Will you withdraw your amendment?

**Mr. Ferlo:**

You know, when Mark started talking I was perfectly willing to hold this. But it seems like at the end of his commentary, I'm more inclined not to do it. But in keeping with the sense as opposed to the personal inflection that he commented on, I think I did make a good faith effort to communicate to the Directors and seek out their opinions.

It was my understanding the amendment had to be in writing. As I am a new colleague, I will try to learn the procedure more, as Councilman Pollock has suggested, and I'm very happy to ask that this be held for a week. In addition, there are some concerns that have been raised by the Fire Union and I would like some clarification on that. So, I am perfectly willing to yield to Councilman Pollock's suggestion.

**The Chair:**

Will you withdraw your amendment?

**Mr. Ferlo:**

By all means.

**The Chair:**

Will you withdraw your second, Mr. Wagner?

**Mr. Wagner:**

No, not at this point in time, I don't. And the reason being, if I may comment, I believe Mr. Lyons or Mr. DePasquale or possibly Mr. Ferlo is going to make a motion to put this back in Committee, due to some questions that have come up about the size of the vehicle. We're talking about two separate issues here; the amendment and the size of the vehicle. I think it's appropriate to vote on the amendment and then the motion will be forthcoming and will come back into Committee.

Mr. Ferlo has taken all the appropriate procedures to consult with the people in Public Safety about his amendment. I have also talked with Mr. Ferlo about it and I have talked with the Deputy Director of Public Safety about it. So, they are well aware of this amendment and they have no problem with the amendment. For that reason, I think it's appropriate to vote on it. It's in writing; every Councilmember knew it was coming. It's in front of us and we can vote on it.

**The Chair:**

We're going to vote on the amendment.

**Michelle Madoff:**

Madam Chairman, my concern - and as I said, I have an open mind on this issue; I just wanted to speak to the Director personally and ask some questions - was that we do not get into a situation where we don't loan equipment and they in turn, another community, will not loan us equipment. If memory serves me well, from time to time, the City of Pittsburgh has borrowed equipment from West Penn Water in emergencies. We've borrowed buffaloes, water tankers, from other communities.

We have loaned equipment. We have, on occasion, had to borrow a heavy piece of equipment when we've had ours out of action. I just want to be sure that we will not be starting a precedent that would not be a healthy one for the entire community because how goes a city, so goes the whole community.

I have no objection to the bill; I think the whole bill should be recommitted for clarification with the Director and I understand someone is going to make that recommendation.

**Mr. Pollock:**

Madam President, I apologize if Mr. Ferlo gathered something from my comment that was personal. I meant no personal attack on anyone. I only felt, as a positive gesture, that our directors deserve respect and that their comments should certainly be included in the record when there is not an emergency involved. Clearly, if there is something that an amendment was required where action is taken, then we would have to address it at that time. But I see no exigent circumstances for voting on this without input from the Director. I think that we owe these ladies and gentlemen respect and the other Councilmembers the courtesy of having their questions asked and answered as well.

**Mr. Ferlo:**

Thank you, Councilman Pollock. To sum up, I agree with Councilman Wagner that we should vote affirmatively on the amendment and then move, secondly, to hold for a week. So, I would like to continue with my amendment.

**The Chair:**

Mr. Ferlo has made an amendment and Mr. Wagner has seconded it. We're

going to vote on the amendment.

**Mr. Woods:**

Just one clarification, if I may, Madam President, if I may address Mr. Ferlo. Did you state, or did I hear wrong, that you did contact the particular directors?

**Mr. Ferlo:**

I contacted Mr. Cannon; he was not available. Mr. DiNardo took the call and communicated the information, as I stated, speaking favorably of the amendment.

**Michelle Madoff:**

I will abstain until the Director is back. The bill is going to be recommitted.

**Mr. Pollock:**

I will abstain until such time as I have some input from Director Cannon and/or Director Botsford.

**The Chair:**

Is there any further discussion on the motion?

And on the question, "Shall the motion pass finally?"

The ayes and noes were taken agreeably to law, and were:

**Ayes:**

|                |              |
|----------------|--------------|
| Mr. Coyne      | Mr. Wagner   |
| Mr. DePasquale | Mr. Woods    |
| Mr. Ferlo      | Mrs. Masloff |
| Mr. Lyons      | (Pres't)     |

**AYES 7**

**NOES none**

(MICHELLE MADOFF AND MR. POLLOCK ABSTAINING)

And a majority of the votes of Council being in the affirmative, the motion was approved.

**Mr. Wagner:**

I move to recommit the bill.

**Mr. Woods** seconded the motion.

Which motion prevailed.

Also,

Bill No. 12

A Resolution entitled, "Resolution further amending Resolution No. 1187, effective January 1, 1987, as amended, entitled: 'Resolution adopting and approving the 1987 Capital Budget and the 1987 Community Development Block Grant Program; and approving the 1987 through 1992 Capital Improvement Program,' by increasing a line item and by adjusting the Summary Totals."

Which was read.

**Mr. DePasquale:**

Madam President, I believe Bill No. 12 is a companion bill to Bill No. 11.

**Michelle Madoff:**

I move to recommit this bill also.

**Mr. Ferlo** seconded the motion.

Which motion prevailed.

**Michelle Madoff presented**

Bill No. 92

Report of the Committee on Water for January 20, 1988 transmitting one resolution to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 47

A Resolution entitled, "Resolution instructing the City Solicitor to communicate to the Secretary of the DER a request of an INVENTORY OF UPSTREAM CONTAMINATION THREATS TO DRINKING WATER SUPPLIES AND AN EMERGENCY PLAN OF ACTION and instructing the Director of Water and the Director of the Water and Sewer Authority to conduct water quality testing at the riverfront and bed near the Harrison Township lindane flow and the Bruin Lagoon-Bear Creek site."  
—(SPONSORED BY MR. FERLO)

Which was read.

**Michelle Madoff:**

Madam President, I support the bill; there's just something very important missing from the bill, and that is that the readings, the grab samples be blind grab samples and that they be taken at the intake to our drinking water supply. It is not just sufficient to take them at the source of discharge, at the outfalls, to take them at out intake. I think that is very important that we expand it to include that. That's an emergency kind of thing and I apologize for not getting it right; I wasn't here. I was at a meeting for other City business.

I just made a suggestion to my

colleague and he accepts it. To have blind grab samples at the intake to our water supply on the Allegheny River in addition to what is recommended. I'm just making an addition to the bill.

**Mr. Ferlo:**

It certainly is a friendly amendment, definitely.

**The Chair:**

All in favor of the amendment?

**Mr. Ferlo:**

Madam President, I don't know if everybody is clear on Michelle's amendment, including the stenographer.

**The Chair:**

Is there anybody who is not clear?

**Mr. Ferlo:**

Michelle, could you restate your amendment, please?

**Michelle Madoff:**

My motion to amend is merely to just add on that blind grab samples be taken at the intake to the Pittsburgh water supply on the Allegheny River. That is all; that's all I'm adding. It is not sufficient to take them at source, at outfall; you have to take them where the water comes in. And to report back to this Council.

**Mr. Ferlo:**

Thank you.

**The Chair:**

We don't usually amend bills without having them presented before --

**Michelle Madoff:**

I know and I apologize but I was at a meeting this morning on an important issue; I got here just in time to rush in here.

**The Chair:**

In this case we'll allow the amendment.

**Michelle Madoff:**

Thank you.

**The Chair:**

Is there any further discussion on the motion?

And on the question, "Shall the motion pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

|                 |              |
|-----------------|--------------|
| Mr. Coyne       | Mr. Pollock  |
| Mr. DePasquale  | Mr. Wagner   |
| Mr. Ferlo       | Mr. Woods    |
| Mr. Lyons       | Mrs. Masloff |
| Michelle Madoff | (Pres't)     |

AYES 9

NOES none

And a majority of the votes of Council being in the affirmative, the motion was approved.

**The Chair:**

Is there any discussion on the bill as amended?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken

agreeably to law, and were:

Ayes:

|                 |              |
|-----------------|--------------|
| Mr. Coyne       | Mr. Pollock  |
| Mr. DePasquale  | Mr. Wagner   |
| Mr. Ferlo       | Mr. Woods    |
| Mr. Lyons       | Mrs. Masloff |
| Michelle Madoff | (Pres't)     |

AYES 9 NOES none

And a majority of the votes of Council being in the affirmative, the bill passed finally.

**Mr. Coyne presented**

Bill No. 93

Report of the Committee on Parks and Recreation for January 20, 1988 transmitting one resolution to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 6

A Resolution entitled, "Resolution providing for a license to Duquesne Light Company to install, use, operate, maintain, repair, renew and finally remove at its sole cost and expense, two (2) poles, together with crossarms, cables, wires, guys and other necessary appurtenances thereto belonging, upon, over, along, across and through certain property of the City of Pittsburgh situate in the 26th Ward, designated as Block and Lot 76-D-1, in connection with electrical service to Riverview Park."

Which was read.

**The Chair:**

Is there any discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

|                 |              |
|-----------------|--------------|
| Mr. Coyne       | Mr. Pollock  |
| Mr. DePasquale  | Mr. Wagner   |
| Mr. Ferlo       | Mr. Woods    |
| Mr. Lyons       | Mrs. Masloff |
| Michelle Madoff | (Pres't)     |

AYES 9 NOES none

And a majority of the votes of Council being in the affirmative, the bill passed finally.

**Mr. Wagner presented**

Bill No. 94

Report of the Committee on Public Safety for January 20, 1988 transmitting sundry resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 31

A Resolution entitled, "Resolution providing for an Agreement or Agreements with Instructors for the Training Academy and providing for the payment thereof."

Which was read.

Also,

**Bill No. 32**

A Resolution entitled, "Resolution amending Ordinance No. 9, approved April 2, 1979, and effective April 19, 1979, entitled: 'An Ordinance providing for charges by the Department of Emergency Medical Services for ambulance service to non-residents; and creating a special trust fund in connection therewith,' by setting a termination procedure and date for Trust Fund transactions."

Which was read.

Also,

**Bill No. 33**

A Resolution entitled, "Resolution amending Resolution No. 1206, approved December 13, 1985, and effective December 17, 1985, entitled: 'Resolution authorizing and directing the City Treasurer to deposit within the Department of Public Safety Third Party Payer Trust Fund (DPSTPP) Index Code 251959 certain fees generated by the Bureau of Police and the Bureau of Fire of the Department of Public Safety, and authorizing the use thereof by the Department,' by setting a termination procedure and date for Trust Fund transactions."

Which was read.

Also,

**Bill No. 34**

A Resolution entitled, "Resolution further amending Resolution No. 519, approved May 18, 1981, and effective May 29, 1981, as amended by Resolution No. 1148, approved November 8, 1982, and effective November 22, 1982, as amended by Resolution No. 464, approved June 10, 1987, and effective

June 16, 1987, entitled: 'Resolution providing for an Agreements or Agreements with the School District of Pittsburgh for the provision by the Department of Emergency Medical Services of paramedics at certain student athletic events; providing for reimbursement to the City of the cost thereof; creating a special trust fund in connection therewith; and authorizing deposits of funds from other Agreements by changing the name of the trust fund, authorizing certain additional deposits from all Bureaus of the Department of Public Safety, authorizing the expenditures of trust funds for premium pay,' by setting a termination procedure and date for Trust Fund transactions."

Which was read.

Also,

**Bill No. 35**

A Resolution entitled, "Resolution further amending Resolution No. 179, approved February 20, 1981, and effective March 2, 1981, as amended by Resolution No. 83, approved February 4, 1985, and effective February 15, 1985, entitled: 'A Resolution providing for the changes for third party payers from ambulance service rendered to the residents of the City of Pittsburgh, and creating a special trust fund in connection therewith, and authorizing payment of Department of Public Safety related costs and expenses from the trust fund,' by setting a termination procedure and date for Trust Fund transactions."

Which was read.

**Michelle Madoff:**

Madam President, I would just like to point out, on Bills 32 and 35, for the Record, that had we had a fiscal analyst long before I came to Council, we would

have known that by paying third party payee and non-City residents for paramedic service, we would have generated, as we have, \$20 million in the time the bills have passed here, and I understand it's a minimum of \$2 million a year. I hope that when we get to that subject matter on Wednesday that people will keep it in mind. I'm very proud of whatever input I have had on this legislation.

**The Chair:**

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

|                 |              |
|-----------------|--------------|
| Mr. Coyne       | Mr. Pollock  |
| Mr. DePasquale  | Mr. Wagner   |
| Mr. Ferlo       | Mr. Woods    |
| Mr. Lyons       | Mrs. Masloff |
| Michelle Madoff | (Pres't)     |

AYES 9 NOES none

And a majority of the votes of Council being in the affirmative, the bills passed finally.

**Mr. DePasquale presented**

Bill No. 95

Report of the Committee on Engineering and Construction for January 20, 1988 transmitting two resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 44

A Resolution entitled, "Resolution Repealing Resolution No. 126, effective February 25, 1987, entitled: 'Providing for a Contract or Contracts or use of existing Contracts, for Construction of a Parking Lot for Fowler Pool and Park; and providing for the payment of the cost thereof.'"

Which was read.

Also,

Bill No. 45

A Resolution entitled, "Resolution amending Resolution No. 1255, effective December 31, 1985, entitled: 'Providing for an Agreement or Agreements with a Consultant or Consultants for Professional Engineering Services in connection with the Rehabilitation of the Swinburne Street Bridge; and providing for the payment of the cost thereof,' by providing for a Supplemental Agreement or Agreements and by increasing the total allocation by \$25,000.00."

Which was read.

**Mr. Wagner:**

Madam President, I'd like my comments brought forward on both bills for the record, please.

(REMARKS ON FOLLOWING PAGES)

---

(BEGINNING - MR. WAGNER'S REMARKS ON BILL NO. 44 WEDNESDAY,  
1/20/88)

Mr. Wagner:

Mr. Reginella, we are taking the money from the Fowler Pool Parking Lot Project and putting it towards West Penn Pool. The Fowler Pool and Park Project, that will be done in-house.

Mr. Reginella:

Yes.

Mr. Wagner:

Will the same exact project as originally proposed and all the work involved in that project, will that be done by in-house people? What I'm getting at is, we're not cutting back on that project by doing it in-house.

Mr. Reginella:

It was just a matter of resurfacing the parking lot and perhaps doing something with the drainage, all of which Public Works can handle.

Mr. Wagner:

Will that be done within the same time frame also?

Mr. Reginella:

Yes.

Mr. Wagner:

So you found a way to shift dollars from the Fowler Pool Project to the West Penn Project and still do the same work at Fowler.

Mr. Reginella:

Correct.

---

Mr. Wagner:

That leads me to the next question. Why didn't we propose to do this in-house to begin with?

Mr. Reginella:

That's a good question. I think that the resurfacing of a parking lot, though it may not appear to be a major project, it's something that Public Works would not normally do. They have other responsibilities, they have other obligations and they feel this takes them away from their normal maintenance type of work. However, under duress if you will, they reluctantly agreed to do it.

Mr. Wagner:

First of all, I'm very pleased that you are doing it and I'm very pleased that you are moving forward also on the West Penn Project. It's a critical project for the Polish Hill area and that project has to move forward in '88.

What I'd like from you and from Public Works is with the completion of the Fowler Pool and Parking Lot Project, I'd like the cost figures of doing that in-house. I'd like someone to tabulate that and report back to Council because I'd like to get a feel for whether or not we can do it cheaper in-house rather than going out to contract. So if you could request from Public Works that they keep particular line items on that project and report back to Council maybe we should be doing more in-house rather than going to contract. Thank you.

(END OF REMARKS)

PREPARED BY: MARY ANNE HRUSKA, STENOGRAPHIC REPORTER 1

---

(BEGINNING - MR. WAGNER'S REMARKS ON BILL NO. 45 -  
WEDNESDAY, 1/20/88)

Mr. Wagner:

I have one question. Director, when can we expect a follow-up of Councilman DePasquale, when can we expect to see work begin on the bridge?

Mr. Reginella:

We are scheduling the advertisement of this project on February 3rd of this year and we can expect construction to begin in May of this year.

Mr. Wagner:

So the bridge will shut down in May and how long will it take to complete?

Mr. Reginella:

We are hopeful that it will be completed in 1988 but contractually we are giving the contractor a year and one-half to complete the job.

Mr. Wagner:

We're happy to see it move forward.

Mr. Reginella:

In connection with the rehabilitation we're going to re-paint the structure and it will occur in 1989 with the actual rehabilitation completed before the end of this year.

Mr. Wagner:

Thank you.

(END OF REMARKS)  
PREPARED BY: MARY ANNE HRUSKA, STENOGRAPHIC REPORTER 1

---

**The Chair:**

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

|                 |              |
|-----------------|--------------|
| Mr. Coyne       | Mr. Pollock  |
| Mr. DePasquale  | Mr. Wagner   |
| Mr. Ferlo       | Mr. Woods    |
| Mr. Lyons       | Mrs. Masloff |
| Michelle Madoff | (Pres't)     |

AYES 9                      NOES none

And a majority of the votes of Council being in the affirmative, the bills passed finally.

**MOTIONS AND RESOLUTIONS**

**Mr. Wagner:**

Madam President and members of Council, I just want to report very briefly on a waterline break that occurred last week at the corner of Baum Boulevard and South Graham. I was out at that waterline break and, not that we don't have a lot of waterline breaks in the City, but I was out there for a couple hours and I watched the excellent job that our Water Department employees, our Public Safety employees and our Public Works employees did, not only to keep water running after a 12 inch line and a 6 inch line had broken and the street caved in, not only to keep the water running, and the actually kept it running in every home and every business in the area, but also, they worked around the clock, repaired the lines adequately, and it's my understanding that the street will be open within hours, possibly within

the next 24 hours. It may even be open today. Momentarily it will be open.

But I simply want to state that I watched those people work; they worked under some hazardous conditions in a hole. We were very fortunate that there was no serious accident because a street actually did cave in without a vehicle being on it; a bus had just ridden over the area. It was about a 10 foot ditch. But in watching the people work, I know we don't often compliment publicly our City employees but Public Safety and Police boarded off the area immediately, within 10 minutes. The Water Department was in there, Public Works vehicles were in there and they did an excellent job and I just simply want to publicly compliment them.

**Michelle Madoff:**

On another issue. One very quick comment and then I've go two items.

Today I amended a bill without complying with the rules of Council which were amended to say that we cannot amend a bill unless we have it in writing. Frequently, we may come in to information at the last moment or we may not even be aware of something that doesn't hit us until the last second.

I think that we ought to suspend, we ought to have a bill introduced that would suspend the rule that says you must have it in writing and permit amendments to bills as I did today to have the water samples taken at the intake to our water intake as opposed to where the contamination is coming out at the outfall. That's such a blatant, obvious correction that my colleagues certainly did not object to it.

It seems to me that we should not be obstructionists in helping one another and I think I did that in the spirit of help

and it was taken that way, that we change our rules of Council introducing a bill that says that we no longer need to have the amendments in writing because sometimes there just isn't time. I had a meeting today, as I said, and I didn't get here in time to do it. Somehow that slipped by me; I didn't get to read the bill. I was very busy.

I would like to make that as a consideration for this Council.

On another matter. In about nine minutes, we've been calling Dan Pellegrini to get the decision that Dan has for us on the situation on the appointments to Alcosan, whether indeed Council has that authority or whether the Mayor has that prerogative and, if indeed the Mayor has it or Council has it, or if the Mayor has it, does he have the right to recall if he had the right to appoint.

Over the past week I've had the opportunity to talk to Pete Flaherty, I bumped into him, and I bumped into Jack Lynch who is out of the country most of the time. I asked him what happened. He told me pretty much what was reported in the media, that indeed there was the skybus issue, a lot of fighting between the Administration and Council, and they both told me this. Council just took the prerogative and appointed; that indeed, they admit, it was the prerogative of the Mayor. Now, if it is the prerogative of the Mayor, I think Danny will give us that opinion as soon as he's out of the meeting, and it is now seven minutes.

I would like to refer back to a situation that has happened here in Council. May I address Mr. Wagner, Madam President? Mr. Wagner, I asked Dan Pellegrini why he did not give us an opinion. I expounded to him that that was one of the reasons I felt that we

needed our own legal counsel. He said, "I didn't give the opinion because nobody asked for it." I recall you saying in this Council that you asked for it in August. Am I correct?

**Mr. Wagner:**

June of 1987.

**Michelle Madoff:**

In other words, you had asked for it a long time ago. The rule of the Law Department appears to be that they don't grant opinion unless it is a question asked by Council as a body. So that if you asked for an opinion, Dan Pellegrini had no obligation to give you an answer. And I think that's horrendous.

**Mr. Wagner:**

Mr. Perry, was that asked by Council or by me personally?

**Mr. Perry:**

You personally.

**Mr. Wagner:**

But it was through you at this meeting, correct?

**Mr. Perry:**

There was no vote taken though, Jack.

**Michelle Madoff:**

Please, this is not a criticism of you, Mr. Wagner; as a matter of fact, I commend you for observing and talking to Mike Perry and finding out what happened years ago. I think you did us a tremendous service. But what I'm reporting to you I think you ought to know. Dan Pellegrini said that the

reason you didn't get an answer is that this was not a question of Council; it was a question of one person. I think he had an obligation, then, to come back and tell you, out of courtesy, that the reason you weren't getting an answer is because it was not a question of Council. I know that you would have come back to this Council and said, "Can we please get an opinion?" and I can't believe that even with what went on here today, and I refer to us as the Nine Stooges, I can't believe what's happening here, I still believe that you would have had four people support you in getting an answer from the Legal Department. I think that's disgraceful.

I asked Mr. Pellegrini why he didn't on his own observe that this error had been made. I've been here nine and a half years and I didn't know that the Mayor at one time had the right and the authority to make the appointments to Alcosan and that that was taken away from him just by virtue of the Council appointing and the Mayor, at that point being Pete Flaherty, not caring and didn't care enough to exercise his authority; he didn't feel it was important. The appointments, I think, he felt were good appointments; there was no reason to make a change.

It was one of those things that just happened and it just perpetuated itself and that's why I had such concern today that we were voting to appoint a President Pro tem without having an opinion. I've learned from legal counsel that we could get a ruling and the ruling would probably say that it was an illegal vote. But then Council, as Mr. Ferlo said, would probably go back and amend the Rules of Council and would make the appointment then. So, it's a lose-lose situation and there's no point in rehashing it.

But I wanted to know whether you

were aware of why you didn't get an answer, Mr. Wagner.

**Mr. Wagner:**

Correct me if I'm wrong, Mr. Perry, but my request to you was, at this formal Council Legislative Meeting, was to request from the Solicitor who has the power to appoint to Alcosan. The letter was sent from you, representing Council, as my request to Mr. Pellegrini asking in letter form last June.

**Mr. Perry:**

That's correct but what Danny meant was that whenever a Councilmember would like to have a legal opinion, it has to be a motion on the floor and Council has to approve it as a body. That didn't happen, Jack.

**Mr. Wagner:**

You're right; it didn't happen. I thought, though, formally asking it through the City Clerk at this legislative meeting was the appropriate procedure.

**Mr. Perry:**

No, I need a motion with Council's approval.

**The Chair:**

It seems to me we're beating a dead horse. We've been told now that we've been making an error for all of these years. Now it seem to me that if we've made a mistake and the Mayor should have made the appointment, I believe that the Mayor now has the right to —

**Michelle Madoff:**

We don't know that; we have not had the legal opinion, and I'm making the

point, President Masloff, that first of all, if we had our own legal counsel perhaps they would have observed this when Mr. Wagner raised the issue over six months ago. Somebody who was our own legal counsel may have observed that and given him an answer.

Secondly, he may have corrected us saying, "Mr. Wagner, you didn't ask for that opinion as a body; you asked it as an individual."

More important right now is the issue of what are we going to do? That opinion is supposed to be ready in four minutes. I would like to move that we stay and ask Mr. Pellegrini to give us, as a body, as opposed to slipping it to the media or bringing it down and then we read about it. I want to know why he didn't give Mr. Wagner a response to say, "I cannot give you an answer until you come to us as a body." Do you understand, Jack? To at least have told you that so that we could have then asked it, if you wanted to, as a body.

Secondly, I would like to know the legal opinion, if indeed it was an error. My opinion is that indeed it is probably something that should be corrected, that the Mayor has that power to appoint. Does he now have the power to remove? And I would like to know, in a letter to the Mayor, what he is going to do. I think that if we recess for three minutes or five minutes we could have Dan here because he's supposed to be here at 4:00 and it's two minutes to four. And I think the public has the right to hear. This is the only time we ever get tuned in, on our Monday meetings.

**The Chair:**

Mr. Ferlo?

**Mr. Ferlo:**

It's not on this subject.

**Michelle Madoff:**

Could we go on to another subject and have Mike call Mr. Pellegrini to ask him to be here with that opinion? That opinion should not be given privately; it should be given to this Council as a body.

**Mr. Woods:**

On the same subject, also, I would like to ask this Council to vote on a legal opinion from Mr. Pellegrini, and this may have been what happened years ago when Council took the liberty of appointing someone to Alcosan. In the Home Rule Charter, it states that if the Mayor doesn't appoint a board member in, I think it's 30 or 60 days, this Council has the right to appoint. So, also, I would like a legal opinion from Mr. Pellegrini, and this is one that they don't like to get, that if any of these vacancies are not filled within 60 days, this Council has the right to do that. And I am asking this Council to vote to ask for a legal opinion and we'd like it back within two weeks. I sat in this Council and we had many, many battles over this with the Administration of who can appoint, who can't appoint, and how many days they can appoint. So, I would ask this Council now, and I put it in the form of a motion

**Michelle Madoff:**

Excuse me, I have a motion before Council. I asked the President to please call Dan down, and you went on to another item.

**The Chair:**

It's on the same subject. Now, what is your motion, Michelle?

**Michelle Madoff:**

My motion was, would you please ask the City Clerk to have Mr. Dan Pellegrini come down now, while we're still in session, and give that ruling because he has it ready for us. He was supposed to be available at 4:00; it is now 4:00. I think the public has heard about it long enough; they would like to hear it at the same time we're hearing what his opinion is, so we can now ask him the question, what do you plan to do, Dan, and how do you plan to enact it. So, if you would instruct the Clerk to have Mr. Pellegrini come down, we could go on with the motion that Mr. Woods has, which I support, and another item that Mr. Ferlo has.

**The Chair:**

I won't ask him to do that.

**Michelle Madoff:**

You will not ask him to do that?

**The Chair:**

No, I'll ask him to submit it in good forum and we'll have plenty of time to make it public to everybody. It doesn't have to be at an open forum. He can come back on Wednesday again, if we want him to.

**Michelle Madoff:**

Madam Chairman, he cannot come back on Wednesday because Wednesday we're not allowed to discuss anything. The only time we can discuss issues is on Monday, after we've had the bills. On Wednesday we're only allowed to address finance matters.

**The Chair:**

I can ask for a post agenda if we

want to submit it.

**Michelle Madoff:**

But post agendas are not televised.

**Mr. Woods:**

I would like to make a motion --

**Michelle Madoff:**

I haven't gotten a ruling.

**The Chair:**

I did rule; I said I'm not going to --

**Michelle Madoff:**

I want the public to understand what you're ruling on. You're ruling that you do not want Mr. Pellegrini to come down here now at 4:00, as he said he would, and give us his opinion so the public can be a party to that. You're ruling against that? I just want the public to know.

**The Chair:**

It's not the public. We will get an opinion in due course from Mr. Pellegrini and it will be made public.

**Mr. Woods:**

I would like to make the motion that we ask the City Solicitor for an opinion of the Home Rule Charter, and I forget exactly what section it's under, but it says 60 days, if the Mayor does not appoint to boards and commissions, that this Council has the right to do that. And we had a battle on this a number of times in this Council and we never did get an opinion from the Solicitor but we've talked to him a number of times and this time I would like, if I get a second, to get --

Michelle Madoff seconded the motion.

**Mr. Coyne:**

On the same matter, Madam President. I feel, personally, that the rules are self-explanatory. Council does have the right to appoint after 60 days would expire. But I don't think Councilwoman Madoff is so out of line asking Mr. Pellegrini to come down and to explain his interpretation of that rule. I think it's gone on long enough and if Councilman Wagner did ask back in June, and he wasn't able to get an answer, I think once and for all, to clear this matter up —

**Mr. Woods:**

Point of order, Madam President. We're on another subject.

**Mr. Coyne:**

I have the floor. I think just to get this issue over with once and for all, I mean, I don't feel like sitting here and I don't think we should waste the taxpayers' money by having this issue come up and come up and come up and people saying they heard this and that. I think once and for all, get the Solicitor to please come down and get his opinion to solve and clear up the air.

**The Chair:**

As soon as Mr. Pellegrini gives us the opinion, it will be made public for everybody.

**Mr. Woods:**

Madam President, if I may. Mr. Coyne was talking on the subject you have ruled on, and I was talking on a subject. You were asking for a vote, a motion, on a whole different subject. You have made a ruling on what Mr.

Coyne was talking on, not my motion.

**Mr. Coyne:**

Madam President, I do believe I gave a comment on Mr. Woods' motion. I think that the rules are self-explanatory that after 60 days —

**The Chair:**

Mr. Woods, what is your motion?

**Mr. Woods:**

Mr. Robinson, when he was on Council, made the same motion here. I would like an opinion from the City Solicitor to interpret the Home Rule Charter for us, that after 60 days, if the Mayor does not make an appointment, Council has the right to make the appointment. That's what it is right now, in righting, in the Home Rule Charter. The Administration fights us on this all the time and I'm sorry that Mr. Coyne, who just got here, was not part of these fights. That was my motion and it was seconded by Ms. Madoff.

**Mr. Pollock:**

Discussion on the motion. I would just ask the maker of the motion, since, obviously, he has served here longer than I have, if there is some precedent where there has been a 60 day period where an appointment was unfilled and Council attempted to appoint and it was ruled an invalid appointment —

**Mr. Woods:**

Yes. If I may address that, Madam President. Yes, there was. I think Steve Grabowski, this Council, there was a motion on this floor to name Bill Robinson, I believe, to the Urban Redevelopment Authority. The City Solicitor intervened and the Mayor,

without Council's approval, named, I think, Steve Grabowski. Am I right, Mr. Wagner?

**Mr. Wagner:**

Yes.

**Mr. Pollock:**

That's beyond the 60 days?

**Mr. Woods:**

Yes. That's why I'm saying there was a fight. I know that everything that is in black and white isn't always in black and white.

**Michelle Madoff:**

I support Mr. Woods' contention that we get an opinion because it is true, that is one that comes to memory, but I think its on more than one occasion that the Administration has appointed after the expiration time. And I think we need, in addition to it, if the maker of the motion would also amend, to say, what do we do when the Administration appoints after the 60 days. What are our prerogatives and what are our rights?

**Mr. Ferloc:**

I have no problem supporting the motion but I would prefer the strategy that would do the following: first of all, we should hire our own solicitor and, secondly, we should make our own appointments in those positions that the Mayor has not filled and, thirdly, let them litigate the matter. But I will support the amendment.

**The Chair:**

All those in favor of the motion?  
Opposed?

#### WHICH MOTION PREVAILED.

**Mr. Ferloc:**

Madam Chairman, I have three items and because of the hour and the patience level of everyone, I'll be very brief.

I just wanted to say several things. First of all, I would like to request that a public hearing be held on the Allequippa Terrace issue, including the issue of the City Housing Authority reducing the overall number of housing units. I would ask that you grant the public hearing so I don't have to go through the trouble of requesting a public petition. A number of community groups have asked me for the hearing as well as the tenants involved. I think I tried to withdraw my earlier resolution in the hopes that Mr. Pietragallo would come to the table and give us some information, but I am, once again, formally requesting a public hearing on the Allequippa Terrace demolition.

**Mr. Lyons:**

Madam Chairman, I'll have the Director here, probably next Wednesday, at a post agenda so he can meet with the Council so we can determine how to chart our course.

**Mr. Ferloc:**

I'm only asking that in that meeting, that citizens be allowed to speak. They're being left out of this whole discussion and debate. If the citizens would be allowed to come to the table and speak at that hearing or meeting or post agenda, whatever you're calling it, then I'll withdraw my motion for a public hearing. But part of the problem is the individuals directly affected, as well as public housing advocates here in the City, have not

been permitted an opportunity to speak on this issue. Either it's going to be in the format of a formal public hearing before Council, and I will again ask that it be televised, or we can allow these people to have their say at the table and we can help resolve the matter.

**Mr. Lyons:**

I think if Mr. Ferlo would remain with General Services, he would do a good job. This is my territory and I'm offended.

**Mr. Ferlo:**

Madam President, all issues are before this legislative body and I respect my colleague, Councilman Lyons, but in important matters such as the demolition of public housing in the City, with no clear indication that the federal government has any money to give to this City to replace those units, and people are being put out on the street, that's a matter that all of this City Council should be concerned about. It's not a question of protocol; it's a question of the public being allowed to have some input into this body. I would like the public hearing; if I can't get the five votes for it, I will communicate that to the citizens involved and they will go through the process of submitting a formal petition.

**The Chair:**

I will rule that we're not going to have another hearing on this matter. We've discussed it pro and con, fifty times, back and forth. If you want to get a petition for a public hearing, that's up to you.

**Mr. Ferlo:**

Actually, Madam President, none of us have discussed the issue at all in

its substance. Nobody in Council, other than individual lobbying by the Authority Director, has been afforded any information regarding the demolition and the whole host of questions which I raised earlier. So, I beg to differ with Madam President on that.

I'll just close by finishing two brief points on the issue of a letter that the staff person for the Apportionment Commission, Mr. Zabierek, sent out. I think it's an affront to community groups throughout the City and I would hope that there would be a clarification either from Mr. Zabierek or from the Mayor's Office, that this letter that the staff person sent out is a personal letter from himself and in no way reflects the policy of the Administration. And I think it's all a matter of Council speaking out when individuals from the Administration or any other governmental unit attempts to suggest that community groups who receive public funds from the City somehow do not have the right to advocate or speak out on any issue of public policy. And I hope that that is not what the Mayor is saying in reading the letter from Mr. Zabierek which I'm sure many of the Councilmembers have been made aware of over the weekend, if not today.

So, I would hope that Mr. Zabierek would clarify his letter and I would hope that in no way is the Administration suggesting that community groups receiving City funds are now allowed to educate and advocate and to lobby on what they feel is in their best interest.

I would just close, Madam President, by reminding Councilmembers that my last post agenda session that I will convene will be held this Wednesday on the issue of the City garbage. It's obviously not only a nationwide problem but it's going to be a problem that we're all going to have to deal with at the end

of the year because we face a financial crisis on the issue of our contract expiring at the end of this year. I would like to avoid a budget-time crisis before Council on this issue and I think there are clearly some alternatives that we need to look at.

The County Planning Director, Mr. Reeves, will be here following Wednesday's session with information regarding the County's future role in this matter and I hope that Councilmembers interested in this subject will participate in this post agenda session.

In the future, I will be requesting formal public hearings before this legislative body and I hope the staff is ready because there will be many hearings since post agenda sessions do not seem to be the best format for this particular Councilmember to express viewpoints.

Thank you, Madam President.

And on the motion of Mr. Wagner

Council adjourned.

1. The first part of the report is a general statement of the purpose of the study.

The purpose of the study is to determine the effect of the new teaching method on the learning of the subject. The study is a quantitative study and the data will be collected from a sample of students.

## Proceedings of the Council of the City of Pittsburgh

VOL. CXXII Monday, February 1, 1988

No. 5

### Municipal Record

#### ONE-HUNDRED TWENTY-FIFTH COUNCIL

SOPHIE MASLOFF ..... President  
MICHAEL PERRY ..... City Clerk  
LINDA M. JOHNSON .. Asst. City Clerk

Pittsburgh, PA  
Monday, February 1, 1988

#### PRESENT:

|                 |              |
|-----------------|--------------|
| Mr. Coyne       | Mr. Pollock  |
| Mr. Ferlo       | Mr. Wagner   |
| Mr. Lyons       | Mr. Woods    |
| Michelle Madoff | Mrs. Masloff |
|                 | (Pres't)     |

#### ABSENT:

Mr. Depasquale

The Meeting was opened by the recitation of the pledge of allegiance to the Flag of the United States of America.

I pledge allegiance to the Flag of the United States of America and to the Republic for which it stands, one Nation, under God, indivisible, with liberty and justice for all.

#### PRESENTATIONS

Mr. Coyne presents

No. 126 WHEREAS, The Community Housing Partnership Act, a program through which the Federal Government would provide matching funds, in a three-to-one ration to locally based nonprofit housing groups, is expected to be introduced in the United States House of Representatives this week by Congressman Joseph P. Kennedy, 2d; and

WHEREAS, approximately 1500 low income residents of the City of Pittsburgh are in need of housing and appear on the waiting list of the Pittsburgh Housing Authority; and

WHEREAS, in Region 3 of the Department of Housing and Urban Development, which includes Pennsylvania, West Virginia, Maryland, Delaware, Virginia and the District of Columbia, 2000 public housing units are either being demolished or are scheduled for removal; and

WHEREAS, federal spending on public housing has been decreased from \$25 billion in 1981 to less than \$9 billion this year; and

WHEREAS, community based non profit housing developers, in cities across the country with financial support from local governments, private foundations, financial institutions and religious organizations have attempted to construct and rehabilitate low income

housing, and to rebuild urban neighborhoods; and

WHEREAS, local governments, churches and foundations lack the resources to supply affordable housing on a national scale; and

WHEREAS, matching fund programs have proven to both help communities who help themselves, and be less a strain on federal spending.

NOW, THEREFORE, BE IT RESOLVED, that the Council of the City of Pittsburgh wholeheartedly supports The Community Housing Partnership Act and urges Pittsburgh area Members of Congress to support this program; and

BE IT FURTHER RESOLVED, that Congressman Kennedy receive a copy of this Resolution along with the Speaker of the House to draw their attention to this Council's support for this program.

Mr. Coyne moved to adopt the resolution.

Mr. Ferlo seconded the motion.

Which motion prevailed.

Mr. Ferlo:

I'd like to introduce Todd May from the Sister City Campaign and I'd like to move the following resolution.

Mr. Ferlo presents

No. 127 WHEREAS, in March, 1987, Mayor Caliguiri established the town of San Isidro in Nicaragua as an official Sister City; and

WHEREAS, in accordance with such establishment, numerous citizens of Pittsburgh have made trips of goodwill to San Isidro; and

WHEREAS, on January 9, 1988, a cargo of medical, school and clothing supplies was sent by the citizens of Pittsburgh to those in San Isidro; and

WHEREAS, in spite of Pittsburgh's efforts toward the Nicaraguan people, the current national Administration supports a war against Nicaragua; and

WHEREAS, the official Sister City program has supported farm cooperatives, health clinics and school facilities, and the rebel forces supported by the Administration have destroyed the clinics, cooperatives and school facilities, and have committed acts of violence against the civilian population; and

WHEREAS, citizens from Pittsburgh and throughout Western Pennsylvania have been drawn into this conflict by participating in National Guard training exercises in Honduras; and

WHEREAS, while millions of dollars of federal money are being spent to sustain the military conflict in Nicaragua, many of Pittsburgh's industries and social services are in decline; and

WHEREAS, mayors from 40 major cities expresses their full support of the Central American Peace Plan which was signed by the Presidents of 5 Central American Republics on August 7, 1987, and called for an end to U.S. support of both overt and covert aid to the Contras.

NOW, THEREFORE, BE IT RESOLVED, that the Pittsburgh City Council finds that further aid to the rebel forces is counter to the local initiatives for peace supported by this City and therefore recommends that the U.S. Congress not support any further aid to the Rebels.

**Mr. Ferlo** moved to adopt the resolution.

**Mr. Woods** seconded the motion.

**Michelle Madoff:**

Discussion. Madam President and members of Council, I think we have enough trouble trying to decide whether we're going to fund or charge for City pools and what we're going to do about our wage tax. It's the same reason that I abstained the other day. I think there are certain things that we need not put our noses into; we all have our private viewpoints. I am not going to say that I don't support your position as an individual, but I think it's inappropriate to bring it before this Council; I've said that in a number of issues. This has become a loose, I don't even know what the word would be, arena, for people pushing their personal beliefs. We could spend our lives doing that instead of dealing with the public's business. Now, you might disagree and feel this is the public's business, but I really believe the Congress and the Senate are dealing with that; we elect those people to represent us and I just feel it's an inappropriate motion for us. That's my point of view.

**The Chair:**

Along those same lines, I have an opinion from our Solicitor saying that any hearings, he referred to hearings and I think it would apply to this, that we have no jurisdiction over and it should not be brought before us. However I'll entertain this motion.

**Michelle Madoff:**

I abstain for reasons stated.

**WHICH MOTION PREVAILED.**

**Mr. Ferlo:**

Thank you, members of Council. I would just like, if you would permit me, to have Mr. May make a brief statement to you today. Thank you.

**Mr. May:**

I just want to thank City Council and, to address what I think is a relevant concern of Ms. Madoff's in this matter --

**Michelle Madoff:**

You may call me Michelle.

**Mr. May:**

Okay, thanks, Michelle. The reason that we came before City Council has to do with, first, the obvious effects upon the City of Pittsburgh about where federal monies go, but more importantly because the Iran Contra affair has brought a constitutional crisis and a failure of our federal government. And when those things happen, when the Congress is no longer getting information about the kinds of things that it needs to make decisions, when the President is no longer sharing with the American people what's going on, what we need to do as state and local governments, and as individual citizens, is to say this is where the people stand and this is what the people need to know. And the reason we have come locally and we are going statewide is, in order to try to re-establish from the bottom, the kind of democracy which should be coming from the top down. I want to extend my thanks; I think this will be a step in that direction.

**The Chair:**

Thank you.

**Mr. Lyons presents**

No. 128 WHEREAS, the month of February has been set aside for the observance of Black History in the United States, and

WHEREAS, the Afro-Americans constitute more than 25% of the population of this City, and

WHEREAS, it would be fitting that the City of Pittsburgh would observe this Black History Month.

NOW THEREFORE,

BE IT RESOLVED, that the Pittsburgh City Council recommend to the City of Pittsburgh that Black History will be observed during the month of February.

**Mr. Lyons** moved to adopt the resolution.

**Mr. Woods** seconded the motion.

Which motion prevailed.

**Mr. Coyne presented**

No. 97 Communication from Louise Brown, Director, Department of Parks and Recreation, requesting authorization for Charles Wikenhauser to attend the AAZPA Conference and Midyear Board and Accreditation Meeting, March 5-8, 1988, Monterey, California, at a cost not to exceed \$950.00, payable from Code Account No. 1852, Miscellaneous Services.

Which was read and referred to the Committee on Parks and Recreation.

**Mr. Ferlo presented**

No. 98 Resolution transferring the aggregate amount of \$100,000.00 from various Code Accounts to Code Account

1807 Repairs, E-15 Swimming Pools, in the Department of Parks and Recreation. —(SPONSORED BY MR. FERLO)

Also,

No. 99 Resolution authorizing and directing the City Controller to conduct a performance audit of the City of Pittsburgh Housing Authority pursuant to Article IV Section 404 of the Home Rule Charter. —(SPONSORED BY MR. FERLO)

Which were read and referred to the Committee on Finance.

Also,

No. 100 Resolution amending Section 1 of Resolution No. 1215, approved November 27, 1982, entitled: "Providing for an Agreement or Agreements with the Parking Authority, the Stadium Authority, the Urban Redevelopment Authority and other City of Pittsburgh governmental agencies for the purchase of bituminous materials; and providing for the creation of a Trust Fund for receipt and payment of such materials including expenditure of funds from said Trust Fund for expenses incurred in operation of the Asphalt Plant," by including other municipalities and governmental agencies outside the City. —(SPONSORED BY MR. FERLO)

Which was read and referred to the Committee on Public Works.

Also,

No. 101 Resolution Repealing Resolution No. 987, approved December 4, 1987, entitled: "Resolution establishing a schedule of fees and charges in connection with the Department of Parks and Recreation's Swimming Pools Programs," approved

December 4, 1987. —(SPONSORED BY MR. FERLO)

Which was read and referred to the Committee on Parks and Recreation.

**Mr. Lyons presented**

No. 102 Resolution providing for an Agreement or Agreements with Consultant(s) to provide equipment software and aerial photographic products for a Land Records Management System, and obtaining programming and system management services related thereto, and computerizing City records and base maps, at a cost not to exceed \$100,000.00, chargeable to and payable from Code Account CP 88-05.

Which was read and referred to the Committee on Planning, Housing and Development.

**Mr. Pollock presented**

No. 103 Resolution authorizing the issuance of a warrant in favor of the Commonwealth of Pennsylvania in the amount of \$1,376.34 to return costs disallowed by the City and collected from its JTPA subrecipients in conjunction with the 1987 subrecipient audit, payable from the JTPA-2 Trust Fund, federal funds.

Which was read and referred to the Committee on Finance.

**Mr. Pollock** moved to suspend Rule 8 by providing for consideration of the bill only until or after the 9th calendar day following the meeting in which the bill was introduced so the bill will be on the agenda this Wednesday.

**Michelle Madoff** seconded the motion.

Which motion prevailed.

Also,

No. 104 Resolution providing for the issuance of a \$1,467.50 warrant in favor of William B. Dixon in settlement of claim for property damage due to a backup of sewage during August 1987, payable from Code Account No. 46, Judgments.

Also,

No. 105 Resolution providing for the issuance of a \$1,800.81 warrant in favor of Duquesne Light Company in settlement of claim for property damage to a utility pole at 5701 Kentucky Avenue, payable from Code Account No. 46, Judgments.

Also,

No. 106 Resolution providing for the issuance of a warrant to Howard L. Burkholder, c/o John M. Kasaback, Esquire, Suite 140, Fort Pitt Commons Building, Pittsburgh, PA 15219, in the amount of \$10,000.00 in full settlement of a claim for personal injury arising from an accident which occurred when Plaintiff's motorcycle struck a barrier at or near the intersection of Ridge & Reedsdale Street in the City of Pittsburgh on July 3, 1982, causing injuries to the plaintiff, payable from Code Account No. 46, Judgments.

Also,

No. 107 Communication from Dante Pellegrini, City Solicitor, Department of Law, requesting authorization for himself to attend a conference at Duke University, Durham, North Carolina, February 18-19, 1988, at a cost not to exceed \$200.00, payable from Code Account No. 1075, Miscellaneous Services, Department of Law.

Also,

No. 108 Communication from Dante Pellegrini, City Solicitor, Department of Law, requesting authorization for himself to attend the National Institute of Municipal Law Officers Seminar in Washington, D.C., March 11-16, 1988, at a cost not to exceed \$1,028.00, payable from Code Account No. 1075, Miscellaneous Services. Permission is also requested for use of a City vehicle.

Also,

No. 109 Communication from Tom Flaherty, City Controller, requesting authorization for Raymond Johnson to attend the Annual Conference of the Government Finance Officers Association, Atlanta, Georgia, April 30 - May 4, 1988, at a cost not to exceed \$1,450.00, payable from Code Account No. 1048, Miscellaneous Services. (PRIOR APPROVAL GRANTED)

Which were severally read and referred to the Committee on Finance.

**Mr. Wagner presented**

No. 110 Resolution providing for an Agreement or Agreements effective January 1, 1988 with James K. Staud, VMD, for veterinarian services in connection with the treatment of dogs assigned to the Canine Unit of the Operations Branch of the Department of Public Safety, Bureau of Police, at a cost not to exceed \$3,000.00 for the period January 1, 1988 through December 31, 1988, chargeable to and payable from the Department of Public Safety, Bureau of Police, Code Account 1447-1.

Also,

No. 111 Resolution providing for an Agreement or Agreements with the

Salvation Army for professional services in connection with the Public Inebriate Program at a cost not to exceed \$50,000.00, chargeable to and payable from Code Account 1401, Department of Public Safety.

Also,

No. 112 Resolution providing for an Agreement or Agreements with a psychologist or psychologists for professional psychological services for the Department of Public Safety, which shall include, but shall not be limited to, written evaluations, testing, counseling, therapy consultations, training and criminal profiles, at a cost not to exceed \$48,000.00, chargeable to and payable from the Department of Public Safety, Code Account 1401.

Also,

No. 113 Communication from Glenn Cannon, Director, Department of Public Safety, requesting authorization for Robert McCaughan, Thomas Huerbin, Emergency Medical Services, Tony Laush and Harold Denson, Bureau of Police to attend a seminar entitled, "Ice Rescue Instructor Training Seminar," Bellefonte, PA, January 30-31, 1988, at a cost not to exceed \$135.00, payable from the PSTA Code Account. Permission is also requested for use of a City vehicle. (PRIOR APPROVAL GRANTED)

Also,

No. 114 Communication from Glenn Cannon, Director, Department of Public Safety, requesting authorization for Diane Back, Cathy James, Elizabeth Pamplin, Delphia Blackburn and Barbara Douglas, clerical personnel in the Department of Public Safety, Bureau of Building Inspection to attend one-day workshop on Improving Public Contact Skills at the Hyatt Pittsburgh, Chatham

Center, Pittsburgh, PA, February 17, 1988, at a cost not to exceed \$200.00, payable from Code Account No. 1476, Miscellaneous Services.

Also,

No. 115 Communication from Glenn Cannon, Director, Department of Public Safety, requesting authorization for Charles Dickinson, Assistant Chief, Suppression Division, Bureau of Fire, Department of Public Safety, to travel to Emmitsburg, Maryland, February 7-10, 1988, February 21 - March 4, 1988, to serve on a review board for the N.F.A. and to also serve as an adjunct instructor at the Academy, at no cost to the City of Pittsburgh. Permission is also requested for use of a City vehicle. (PRIOR APPROVAL GRANTED)

Also,

No. 116 Communication from Glenn Cannon, Director, Department of Public Safety, requesting authorization for Battalion Chief Joseph Wasilewski, Bureau of Fire, Department of Public Safety to attend a course entitled, "Command and Control of Major Fire Department Operations" at the National Fire Academy in Emmitsburg, Maryland, February 22 - March 4, 1988, at a cost not to exceed \$183.00, payable from the PSTA Code Account. Permission is also requested for use of a City vehicle.

Also,

No. 117 Communication from Glenn Cannon, Director, Department of Public Safety, requesting authorization for Battalion Chief Frank Henry, Bureau of Fire, Department of Public Safety, to attend a course entitled, "Interpersonal Dynamics" at the National Fire Academy in Emmitsburg, Maryland, February 28, 1988 - March 11, 1988, at a cost not to exceed \$232.00, payable from the PSTA

Code Account.

Which were severally read and referred to the Committee on Public Safety.

**Mr. Woods presented**

No. 118 An Ordinance supplementing the Pittsburgh Code, Title Nine, Zoning, Article V, Regulations Applicable to All Districts, Chapter 989, Parking and Off-Street Loading, by adding Section 989.11, PARKING IN DRIVEWAYS.

—(SPONSORED BY MR. WOODS)

Which was read and referred to the Committee on Planning, Housing and Development.

Mr. Woods moved to suspend Rule 8 by providing for consideration of the bill only until or after the 9th calendar day following the meeting in which the bill was introduced so the bill will be on the agenda this Wednesday.

Mr. Wagner seconded the motion.

Which motion prevailed.

Also,

No. 119 Resolution vacating Mary Street between South 24th Street and South 25th Street, reserving the 4-inch and 12-inch waterlines therein in the 16th Ward of the City of Pittsburgh.

Which was read and referred to the Committee on Public Works.

**The Chair presented**

No. 120 Communication from Dante Pellegrini, City Solicitor, Department of Law, submitting a report summarizing settlement claims not exceeding \$750.00, for the Fourth Quarter of 1987, payable from Code

Account No. 1081, Petty Claims. Also, submitting a report summarizing settlement claims in excess of \$750.00, for the Fourth Quarter of 1987, payable from Code Account No. 46, Judgments.

Also,

No. 121 Communication from Norbert McDermott, Jr., Comptroller, Allegheny County Sanitary Authority, submitting a list of personnel as of December 31, 1987.

Which were read, received and filed.

#### REPORTS OF COMMITTEES

Mr. Pollock presented

Bill No. 122

Report of the Committee on Finance for January 27, 1988 transmitting sundry resolutions two ordinances to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 46

A Resolution entitled, "Resolution providing for the issuance of a warrant in favor of Triangle Roofing, Inc. in the amount of \$3,500.00 in payment of Emergency Repairs to the Aviary Roof; and providing for the payment thereof."

Which was read.

**The Chair:**

Is there any discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

|                 |                          |
|-----------------|--------------------------|
| Mr. Coyne       | Mr. Pollock              |
| Mr. Ferlo       | Mr. Wagner               |
| Mr. Lyons       | Mr. Woods                |
| Michelle Madoff | Mrs. Masloff<br>(Pres't) |

AYES 8 NOES none

And there being two-thirds of the votes of Council in the affirmative, the bill passed finally.

Also,

Bill No. 50

An Ordinance entitled, "An Ordinance amending the Pittsburgh Code, Title Two, Fiscal, by changing the Rate of interest on certain Delinquent Earned Income and Home Rule Taxes."

Which was read.

**The Chair:**

Is there any discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

|                 |                          |
|-----------------|--------------------------|
| Mr. Coyne       | Mr. Pollock              |
| Mr. Ferlo       | Mr. Wagner               |
| Mr. Lyons       | Mr. Woods                |
| Michelle Madoff | Mrs. Masloff<br>(Pres't) |

AYES 8 NOES none

And a majority of the votes of

Council being in the affirmative, the bill passed finally.

Also,

Bill No. 51

A Resolution entitled, "Resolution providing for the issuance of a warrant in favor of Evan Pattak in the amount of \$490.00 for consulting services rendered to Mark H. Pollock without previous authority of law, and providing for the payment of the cost thereof." —  
(SPONSORED BY MR. POLLOCK)

Which was read.

The Chair:

Is there any discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

|                 |                          |
|-----------------|--------------------------|
| Mr. Coyne       | Mr. Pollock              |
| Mr. Ferlo       | Mr. Wagner               |
| Mr. Lyons       | Mr. Woods                |
| Michelle Madoff | Mrs. Masloff<br>(Pres't) |

AYES 8 NOES none

And there being two-thirds of the votes of Council in the affirmative, the bill passed finally.

Also,

Bill No. 52

A Resolution entitled, "Resolution designating banks and lending institutions to act as depositories for the year 1988 in accordance with the Pittsburgh Code,

Title Two - Fiscal, Article III, Depositories."

Which was read.

Also,

Bill No. 53

A Resolution entitled, "Resolution amending and supplementing Resolution No. 1094 of December 31, 1987, entitled: 'Resolution adopting and approving the 1988 Capital Budget and the 1988 Community Development Block Grant Program; and approving the 1988 through 1993 Capital Improvement Program,' by decreasing ULO allocation to the YMCA of Pittsburgh (Garfield) from \$12,000.00 to \$10,000.00, and adding a new line item, Bloomfield Garfield Corporation to be funded at \$2,000.00."  
—(SPONSORED BY MR. POLLOCK)

Which was read.

Also,

Bill No. 54

A Resolution entitled, "Resolution Repealing Resolution No. 38, Item C, approved February 2, 1987, which authorized the sale of property in the 11th Ward, being a 2-1/2 Story, Brick house and Frame Garage, located at 5536 Baywood Street, designated as Block 83-B, Lot 96, to Michael G. Richer and Mary Ann Keller, his wife, for the sum of \$7,500.00."

Which was read.

Also,

Bill No. 55

A Resolution entitled, "Resolution Repealing Resolutions, approved on

various dates, authorizing the sale of properties in various Wards of the City of Pittsburgh, in accordance with Act No. 171 of 1984, and providing for the forfeiture of hand money."

Which was read.

Also,

Bill No. 56

A Resolution entitled, "Resolution providing for the filing of a petition or petitions for the sale of certain properties in various Wards of the City of Pittsburgh, acquired at tax sales in accordance with Act No. 171 of 1984."

Which was read.

Also,

Bill No. 61

A Resolution entitled, "Resolution providing for authorization to advertise for, award and enter into contracts or use existing contracts for the purchase, lease and/or installation, etc. of equipment, services, materials and supplies in conjunction with the regulation and utilization of the City of Pittsburgh's Cable Communications System at a cost not to exceed \$125,000.00."

Which was read.

**Mr. Ferlo:**

Madam President, on Bill No. 61, I'd like to go on record in opposition to this bill in relation to the appropriations for Cable Communications. Our basic principle in that in this bill there is no specific determination from the Director as to what this money would be used for. And if my understanding of our powers regarding this warrant --

Nowhere else in any City department do we allow purchases like this. In other words, a catch-all warrant being issued for the purchase of any and all materials.

Brother Emenecker did indicate in part of the Finance Committee that there were several types of computer equipment, all equipment that he would like to purchase, but it was not clear. There may be other things purchased under this nebulous warrant approved here today.

So, I want to go on record in opposition to this on the basic principle that we allow no other director to submit a bill like this without an exact delineation of the materials to be purchased and I just want to make that clear as to why I'm voting no on that bill.

**The Chair:**

May I answer you, Mr. Ferlo? These are the terms of the franchise. The terms of our franchise is that the Cable Communications Department is overlooked by the Advisory Committee, we have a Cable Advisory Committee made up, and that it is a trust fund and that under the terms of the franchise he purchases all of his equipment and we have nothing to say about it. Those are the terms of the franchise.

**Mr. Ferlo:**

Why are we approving this expenditure then?

**The Chair:**

Because it's just a matter of him telling us what he's planning to do.

**Mr. Ferlo:**

But we're voting on a piece of legislation; I assume, then, that we have

to, by authority vested in us, that we have some authority to pass this legislation relative to his purchasing. Otherwise, why would this bill be before this legislative body?

**The Chair:**

In order for us to appropriate the money out of the budget. The money is in the budget at the moment and that's why we're taking it out. But actually, under the franchise, we have nothing to say about this money because it's in a trust fund.

**Mr. Ferlo:**

I don't know if it's appropriate. I guess I would have to ask for better understanding for a legal opinion from the Solicitor regarding what you've just stated.

**Parliamentarian:**

Madam President, I'm not sure that's a matter of procedure. We would certainly be glad to entertain a request for an opinion.

**Mr. Ferlo:**

I'd like to make a motion to recommit this for some type of a written legal interpretation of what Madam President just outlined.

**Michelle Madoff:**

I think the issue, correct me if I'm wrong, Madam President, that there is an oversight committee. The Charter provides that the Cable Communications can buy anything it wants. All they're getting here is permission to withdraw the funds. What they were doing is being kind enough to specifically tell us exactly what they were going to buy. Now, if that is not correct, and that's

why we need our own legal counsel, folks, it may be that it cannot fly without having defined and clarified exactly what he's buying, and I think that's what you're asking. Why is he buying it, what's it for, and I think he told us that but it's not in the body of the bill.

Are you saying that from here on in you'd like to have that in the body of the bill?

**Mr. Ferlo:**

Yes.

**Michelle Madoff:**

I think you can just make that as a request and I don't know that we want to hold it up --

**Mr. Ferlo:**

I would like to hold it up.

**Michelle Madoff:**

You may respond but I have found Brother Emenecker to be very honorable, straight forward, gives us more information than we even ask for, and I would certainly not like to hold the bill up so we can get on with whatever he needs.

But I think you have a valid point, Mr. Ferlo, and Mr. Perry will tell you, I've made his job a lot easier by having all the department heads be very specific in defining what it is they want, what for, and why they're doing it. Whether they're buying property, whether it's a sideyard, whether it's buildable, etc., so that we don't have to hold up this Council to get that information. I think it's fair and reasonable for you to ask in the future, that anytime anybody is asking for anything, they write it in the

bill. And Mr. Perry will take note, I think it is in the letters and he could pick up on this final draft what it is that we are purchasing, but I think we were told. You do have that information, am I correct, Mr. Perry?

**Mr. Perry:**

Yes.

**Michelle Madoff:**

And it could be on the bill.

So, I think it is a matter of procedure as opposed to being an obstructionist and holding up Brother Richard at this point. I think we ought to go forward but in the future have all the items delineated and very clearly stated and I think Mr. Perry will be more than willing to cooperate; he always has been.

**Mr. Coyne:**

Madam President, just one question for clarification. The Cable Advisory Board does have oversight over what is purchased. Is that correct?

**The Chair:**

Yes, somewhat. It's all discussed at the Advisory Board meetings. That's the purpose. You see, this isn't tax dollars; this is fees paid into it, not tax dollars.

**Mr. Coyne:**

Thank you, Madam President.

**Mr. Ferloc:**

With all due respect to the volunteer members of the Advisory Board, I know they put in a lot of hours and I don't question their wisdom, but I'm

still confused on the issue before us. As a new member of Council, I'm concerned about this particular bill. I don't know what the procedure is; you've stated some language relative to what the franchise calls for in terms of our role on Council, but this is a bill that is before this legislative body and I do point out that again no other director is allowed this kind of carte blanche purchasing without and indication clearly as to what the items are other than letting out contracts for professional service contracts.

I did raise before my criticism in the past of major purchases of art pieces for one's office to the tune of \$14,000. There's no hint on my part of any impropriety on the part of this director in relation to this catch-all purchasing that's before us. I'm not even raising that. And I'm not trying to be an obstructionist; I just would like, one, as a new member of Council, a clear understanding on this process and what our specific duties are; and two, I would like equal to all other directors specific language as to what is being purchased.

In closing, it is true that these are franchised fees but I think we have to treat those fees legitimately and in the same light and with the same scrutiny that we would our public tax dollars. So, I would make a motion to recommit this.

**Michelle Madoff:**

I would like to suggest to my colleague, because one of the problems, and I was new when I got here and nobody helped me — I want to tell you, a lot of people here are new and getting a lot of help; I volunteered to help, I gave you books with numbers. Nobody helped me; I sat like an idiot. I would suggest that you make a motion and get four other members to support you, that you get a legal opinion as to how the cable

dollars function, do they need to give you a list, do they need to itemize, can they buy on their own, and in the future you will get that. But I would hesitate to hold this bill up and I think you're going to have to trust those of us who have been here longer that we're not out to circumvent the process nor to circumvent you, because once this passes, you do get your opinion, you'll have that for the future.

**The Chair:**

We don't need a legal opinion; I'll give you a copy of the franchise and that will then explain it all.

**Michelle Madoff:**

If my colleague wants a legal opinion so that he doesn't fall into the trap that Mr. Wagner unfortunately fell into through no fault of his own, if he makes it as a motion that he'd like to get a legal opinion, I will second it. That would be my vote; three more votes and he would get his opinion because we don't have our own legal counsel yet, and we can proceed.

**Mr. Ferlo:**

Madam President, I am making the motion to recommit in hopes that this legal opinion will be forthcoming.

**Mr. Wagner** seconded the motion.

**The Chair:**

Is there any further discussion on the motion?

And on the question, "Shall the motion pass finally?"

The ayes and noes were taken agreeably to law, and were:

**Ayes:**

Mr. Ferlo

Mr. Wagner

AYES 2

NOES 6

**VOTING NO:**

Mr. Coyne

Mr. Pollock

Mr. Lyons

Mr. Woods

Michelle Madoff

Mrs. Masloff  
(Pres't)

And a majority of the votes of Council not being in the affirmative, the motion was defeated.

**Michelle Madoff:**

Point of order. Do you wish to introduce a motion to get a legal opinion, or you don't need it? You don't think it's important for the future?

**The Chair:**

He could ask for a legal opinion. All he has to do is write to the Law Department and ask for a legal opinion. If he doesn't get it, then we'll follow through on that.

**Michelle Madoff:**

Madam Chairman, the Rules of Council say that you must have five votes to get an opinion. Since it exists that way, I think that if Mr. Ferlo would like to get a legal opinion, he might want to make that as a motion.

**Mr. Ferlo:**

Having lost the motion to recommit, it's clear that Councilmembers presume or assume that this is the powers and prerogatives of the Advisory Board and of the Director. And if Council has no desire to scrutinize this, then if I can't get five votes it's a

moot point and I see no reason to seek a legal opinion.

**Michelle Madoff:**

Madam President, this is very important. This issue is going to come up again. Mr. Ferlo may have lost today but if it comes up again it would be very nice if it was clarified for him or for those members who may have some questions because sometimes it turns out that we are wrong and the Councilperson raising the issue is right. In the case of Mr. Wagner, Mr. Wagner saw an error on the appointments to Alcosan long before any of us were aware of it. He really zeroed in on an issue.

I think it would not hurt to get a legal opinion for the next time. If you feel strongly enough to want to send it back to Committee, I would think you would like to get it clarified so that in the future we won't go through this again.

**The Chair:**

Mr. Ferlo, do you want to make a motion for a legal opinion and, specifically, what do you want in the legal opinion?

**Mr. Ferlo:**

I make a motion to ask the Council President to seek out a legal opinion from the Solicitor regarding the relationship of the City Cable to this Council as a legislative body as it relates to City purchasing.

**The Chair:**

Put that in writing and I'll submit it to the Law Department.

Is there a second?

**Michelle Madoff** seconded the motion.

**Mr. Wagner:**

First of all, I'm not sure what the vote was but I want —

**The Chair:**

The vote is to refer this to the Legal Department for an opinion as to Mr. Ferlo's terms for clarification, and he will then give us that.

**Mr. Lyons:**

Madam President, allow me to ask you this; may I? If, as you have aforesaid, isn't it spelled out in the Charter and in the franchise between Council of this City and Cable? So, why would we need a legal opinion?

**The Chair:**

Because he wants one.

**Mr. Lyons:**

Couldn't he read that?

**The Chair:**

Of course he can but he says he wants an opinion we'll have the roll call vote to see if he has five votes to get it.

Is there any further discussion on the motion?

And on the question, "Shall the motion pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Coyne            Michelle Madoff  
Mr. Ferlo

AYES 3            NOES 5

VOTING NO:

Mr. Lyons           Mr. Woods  
Mr. Pollock        Mrs. Masloff  
Mr. Wagner        (Pres't)

And a majority of the votes of Council not being in the affirmative, the motion was defeated.

**Mr. Wagner:**

Madam President, I just have one comment on the bill itself. Occasionally, I watch the Cable Advisory Committee meetings which occur once a month here in this Council.

**The Chair:**

The first Thursday of every month.

**Mr. Wagner:**

It's the second Tuesday of every month, I believe.

As I am aware, the purpose of the Cable Advisory Committee is to advise this Council as to what should be going on in the Bureau of Cable Communications. I think Councilman Ferlo brings up one point and, to my knowledge, I don't think I've seen at any Cable Advisory meetings where they review these types of purchases of equipment. So, consequently, I believe that at least there should be some question answered with the Cable Advisory Committee as to what function they should be performing in terms of advising this Council whether or not we should be moving forward on this type of

legislation and what type of information should accompany it.

In addition, should they be giving their affirmative vote to similar types of bills or similar types of resolutions in front of them prior to us voting on it.

I believe Mr. Ferlo is bringing up a valid point at least in regard to our function as a Council in relation to them as an Advisory Committee of which we have placed them on that Advisory Committee. I think at the very least, it would be interesting to hear from the Cable Advisory Committee as to what their function should be.

**The Chair:**

I'm sure they'll be glad to answer your questions.

**Mr. Ferlo:**

I think Mr. Lyons has made a valuable suggestion to me and that is to review the franchise agreement. And Mr. Wagner's suggestion that I review the proceedings of the Advisory Committee, which I did on one occasion. I had no sense that the Advisory Committee had any say so or scrutiny over purchasing and that's why I raised the concern that I did. But I will take Mr. Lyons' suggestion and review the agreement and if I continue to have a concern, and I probably will, I will find another forum at a future date to raise this issue.

Also,

Bill No. 22

A Resolution entitled, "Resolution providing for an Agreement or Agreements with a Consultant or Consultants for the design and implementation of City-wide training programs for City employees and

providing for the payment of the cost thereof."

Which was read.

**Mr. Ferlo**

On Bill No. 22, twice now I voted against the appropriation of spending \$65,600 for consultation for a consulting agreement in Personnel and Civil Service for various training. But the Director did forward me a copy of information regarding the various training programs that this large amount of money will pay for.

On a related matter today, I do have before the body in the future, a bill on the reduction of travel because I'm concerned about the amount of money for out of town travel. I think it's clear that travel is needed to encourage the professional enhancement of our employees throughout the City but I'm going to switch my vote today and support the appropriation of this money because I also have a bill, as Council is aware, to reduce by \$100,000 the out of town travel for City employees. In exchange, I will vote for this \$65,600 for local training consultants to come in and provide training for various employees. I'll have more to say on the issue of the out of town travel.

**The Chair:**

Is there any further discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

**Ayes:**

|                 |                          |
|-----------------|--------------------------|
| Mr. Coyne       | Mr. Pollock              |
| Mr. Ferlo       | Mr. Wagner               |
| Mr. Lyons       | Mr. Woods                |
| Michelle Madoff | Mrs. Masloff<br>(Pres't) |

**AYES 8**

**NOES none**

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Also,

**Bill No. 75**

A Resolution entitled, "Resolution amending Resolution No. 1092 of 1987, approved December 31, 1987, effective January 1, 1988, entitled, 'Making appropriations to pay the expenses of conducting the Public Business of the City of Pittsburgh and for meeting the debt charges thereof for the fiscal year, beginning January 1, 1988,' by decreasing Code Account 57, Social Security Fund by \$40,000.00."

—(SPONSORED BY MICHELLE MADOFF)  
(AS AMENDED IN COMMITTEE)

Which was read.

Also,

**Bill No. 76**

A Resolution entitled, "Resolution amending a portion of Resolution No. 1093, approved December 31, 1987, entitled, 'Resolution fixing the number of officers and employees of the City of Pittsburgh, and the rate of compensation thereof, and setting minimum levels designated for positions,' by adding Legal Advisor in the Office of the City Clerk."

—(SPONSORED BY MICHELLE MADOFF) (AS AMENDED BY

SUBSTITUTE)

Which was read.

**Michelle Madoff:**

Madam President, on Bills 75 and 76 which is amending the budget for Council to have its own legal counsel which I believe will be cost effective in the long run, saving the City lots of money because we may be able to do things more proficiently having our own counsel that would not entail litigation, get us into trouble, litigation is very costly, and perhaps make us more professional.

It has come to my attention that one of the ways we might proceed, as you know, my preference would have been to have a consultant so that we didn't have to pick up the benefit package that goes with all employees. But the only way I could get legal counsel was to go along with having a full-time person.

It was pointed out by the opponents of the bill that our Law Department has, I believe, 17 attorneys. And since we take up a lot of their time in doing work and asking them to prepare legislation, it sometimes takes a week or two and sometimes it doesn't take place at all, which we'll talk about later, when Mr. Wagner asked for an opinion and didn't have it as an official opinion because he didn't have five concurring votes of this Council.

Someone suggested, and I would support it, that we ask the Mayor in the budget to amend the Law Department to 16 attorneys and transfer one of the attorneys, the dollars certainly, or perhaps one of the attorneys that would be acceptable to all members of Council, because I don't think this is an adversarial kind of procedure, so that

obviously over the year we'd probably keep one attorney busy anyway. And if we could have one of the attorneys assigned to us full-time to work for this Council, I believe that that would save us some money, give us the help we need, and be available when we vote. I have been at this Council when, as I've said before, aye means nay and nay means aye. At least if we had someone here to talk to us, to work with us, and say, "If you vote this way, this is what it's going to mean. If you vote to override President Masloff's position to get a legal opinion before you appoint a President Pro tem, that President will be an illegal appointment and any rulings he might make would be illegal." The process would be to go through the procedure, amend the rules of Council; you get what you want anyway, if you're a majority, but do it in a professional, businesslike manner. I think that would be very productive for us.

So, what I'm suggesting is that we look into the possibility of the President of our Council talking to the Mayor about assigning one of their attorneys, certainly the dollars, the allocation of dollars, to this Council so that we don't have to go out with another \$40,000. That might not take place until the end of the year when we get into budget hearings, lowering the number of attorneys by one; I think you lose one by attrition anyway, and the dollars could be transferred to us. Therefore, I would still stay with the present arrangement because I don't think, for the moment, there's much we can do, but in the same vein that we have bills before us that can be amended.

There's nothing wrong with the President of this Council, I'll be very clear, speaking to the Mayor and the Administration and the Law Department about having the dollars that pay one of the attorneys in that department

transferred to Council and the prerogative of who we hire would be our prerogative. I'm not sure that of the 17 attorneys working there there wouldn't be one that would be acceptable to this body, and then we could make another amendment to dilute the \$40,000 they're appropriating and not need that money; the money would be transferred from the existing budget. The Administration would have 16 attorneys instead of 17; we'd inherit the dollars and perhaps one attorney of the 17 that would be acceptable to us.

**The Chair:**

I could support that. Do you want to delete that from this bill, \$40,000, or do you want to leave it in the budget?

**Michelle Madoff:**

The bills has already passed; there are five votes to have our own legal counsel and I'll take that as opposed to not having any. As I said, my first choice would be to have legal counsel be on a consulting basis. But since we would not have any legal counsel, we'd only have four votes, I'm suggesting we continue as we are, just where the vote passed the other day, but immediately moving to meet with the Mayor to see if, indeed, we can have one of those attorneys assigned to us before we go out on a search and have their credentials reviewed by this body of those that the Mayor would be willing to transfer to us to see if that's a viable alternative. Failing that, we would go with the \$40,000 this year because we've voted on it already, their five votes hold, but sometime in the immediate future, if the Mayor was willing to do that, to accept one of the attorneys or, at budget time to eliminate one of the 17 attorneys that the Mayor has and have the Mayor only have 16 attorneys because we use up the time of one full-time attorney anyway.

So, I'm willing to leave it ride as it is for the moment, but we ought to look into, as soon as possible, before we hire, into the possibility of our accepting one of the attorneys. I really believe that somebody coming to work for us, it's not going to be an adversarial role, it's not necessarily going to be beholden to the Administration, even though they were hired there, because they would have to be hired by us next year and that person would have to be acceptable to us anyway. And if they weren't they would not have a job. I think that would be a way of having our cake and eating it too and not adding on \$40,000 to the City budget.

**The Chair:**

I could support that and I'll talk to the Mayor about it.

**Mr. Ferlo:**

I just want to be clear as to what Councilwoman Madoff is saying. She's saying, go ahead with the bill and she has not made any amendment, but after it gets approved, at some point, that the Council President or Michelle or others will work with the Administration. But I think very clearly the Mayor and the Solicitor need their 17 attorneys and maybe it would be appropriate at the end of the year, during the budget dialogue with the Solicitor, if we discussed the utilization of that person power. But I don't see it directly related to the value and the importance of having our own independent full-time legal advisor which we debated heavily.

So, I hope I'm clear in understanding Michelle, that she is only offering a suggestion after this resolution passes to the Council President.

**Mr. Lyons:**

Madam President, we have sat in this Council and screamed and very dissatisfied with the high tax problems we have and more especially with the wage tax. Personally, I'd like to see the action on this matter deferred until you go to the Mayor. Councilwoman Madoff has just said by attrition that the Law Department is going to lose one. But I would say, why can't we go to the Mayor now and see if he will assign now one attorney for this Council. This would abolish an increase of \$40,000 to our budget or tamper with our social security, and I certainly would like to see the action on this deferred until the Mayor can be reached and asked for him to assign us out of his suite of offices in the Law Department, one attorney.

**The Chair:**

That's my understanding; that's what you're adding on.

**Mr. Coyne:**

Madam President, I have to disagree with the basic soundness of these ideas that have been presented, not that I want to view this as an adversarial role between Council and the Mayor's Office either. But when I voted on Wednesday, it was for an independent counsel, not one that was chosen by the Mayor's Office and one who was sent down here because that's who the Mayor feels, and we say we'll agree, will do the best job. I voted on Wednesday for an independent counsel, I voted for that \$40,000 to come from the social security fund, and I intend to stick with that original position. Thank you.

**Michelle Madoff:**

Madam President, I concur with everything that has been said today.

What I'm saying, basically, is that we're all right. Yes, we want an independent counsel, but I think also we would like to not spend the \$40,000 and take the money out of the allocation, at least I would, of the monies assigned to the Administration. And provided that person would be a choice, not one person the Mayor says, "Okay, this person is expendable, I control him, so you can have this person." But if there were four or five people that we could pick, they might be people who would have applied for the job anyway and they may be acceptable to the majority of this Council. But assuming that they are not, let's go with the assumption that it's not acceptable, we stay with the price of the bill as it is, the President of Council speaks to the Administration and at the end of the year since generally, I don't know for a fact, Mr. Lyons, that somebody will be leaving one of the 17 jobs, but generally in the nature of the business there generally, quite frequently, is an attrition where somebody leaves for whatever reason. And instead of the Mayor filling that with another person, those dollars would be transferred to the City Council budget for our own legal counsel. In other words, we don't change the whole bottom line of the budget, it remains the same, but the dollars are transferred to us.

And I personally would have no trouble accepting one of the -- Maybe the Mayor has two or three people that he absolutely would not sacrifice, would not give up, but let's say if 14 of them had acceptable resumes to us and were willing to serve Council, we might pick one of those 14. I would not have a problem with that. I don't think it's a matter of being adversarial; I think we need someone to help us in this Council to be more professional. And I think the issue of being independent is a position I've had from day one when I proposed it,

but I don't think someone coming over to work for us will not be an independent. I could think of a member of our budget staff who used to be very tight with the Administration and now is totally committed to Council. I think if they come to work for us they will be committed to us.

So, in essence, I'm saying, don't change anything now; leave it as it is. But, in the immediate future, see what we can do about not having to expend that \$40,000 or replacing that \$40,000 by decreasing the Mayor's allocation of attorneys because he won't need 17. We use, through the service of this Council the numbers of letters and requests that go out from Mr. Perry every year to the Law Department, we use the services of an attorney. If you add up all the hours, we use the hours which would pay for an attorney.

So, I would suggest that at the worst possible scenario, is that at budget time we lower the 17 attorneys in the Mayor's Office to 16 so that we don't affect the budget and we have one.

**The Chair:**

I agree with you, Michelle.

**Mr. Woods:**

I'm a little confused. If Ms. Madoff states that we are adequately served by the present system, and this is what I think I'm hearing you say, and we use one attorney for a year and he does all of our writings and all our bills and we adequately get one year's service out of one attorney, then why not just go with the same system? I mean, I voted for this and I'm sitting here willing to vote for it again today. But, if we're going to say, well, in the future, we'll give the Mayor another shot, we'll take one of his people because we're getting a year's

worth of work out of the Law Department now, and if you readily admit that, then why was this bill sponsored that we need our own attorney. It doesn't make sense to me. Either we are not adequately served or we are. And if we are, then this bill is not needed and we should just go with the system that's already in place. But, like I said, I am here today; I am willing to vote for what is in front of us. I voted for it Wednesday and I am voting for it again today, if we leave it the same. But to say, let's vote for this and then we'll see, if there's five people on Council that want an attorney working for Council and all five vote for us today, then a month from now when we hire somebody they're going to be here, no matter what the Mayor says.

**The Chair:**

Mr. Woods, we'll never get anybody in a month or two months or three months. And I believe, as Ms. Madoff does, that our best bet is to have somebody assigned permanently to us from the Law Department. I don't think we can go any better route and we'll save \$40,000.

**Mr. Woods:**

Let me please answer that. If they are assigned to us, therefore, that \$40,000 plus all their other fringe benefits comes out of Council's budget. So, it doesn't really make any difference. It's our budget.

**Mr. Wagner:**

Madam President and members of Council, in regard to these two bills, Bills No. 75 and 76, as it relates to a solicitor, first of all, I'd like my comments from last week's Committee Meeting brought forward for the Record.

---

(MR. WAGNER'S COMMENTS ON BILLS NO. 75 & 76, WEDNESDAY, 1-27-88)

Mr. Wagner:

Mr. Chairman, members of Council, with regard to this bill, or bills, as suggested, I think there are two issues in front of us; whether or not we want specialized people working for Council, and if so, do we want to hire them as a consultant or a full time person?

The bills as amended relates specifically to a legal consultant. I am sure everyone is aware that the Charter gives this Council the right to hire a solicitor. The people that put the Charter together back 12 years ago saw that there could be a need for this Council to have its own specialized legal assistance, and the residents of the City of Pittsburgh, in approving the Charter through referendum, agreed. I also agree, and I have agreed since the first day I have been on Council, I believe that we need our own full time legal counsel, our own lawyer, working for us for numerous reasons. I don't think we would get into embarrassing situations on resolutions in front of this Council if we had our own legal advisor to advise whether or not that resolution is proper and should be presented, prior to it being presented. And I think that is critical.

I think this Council could save a lot of time, not only with the members of Council, but the Clerk's staff, the directors that come to these meetings, if we had the appropriate legal counsel to recommend formally and officially to us whether or not a bill or simply a resolution, none-binding, should be presented to this Council.

So I agree on the need for a legal solicitor. The other two positions I don't agree with, for obvious reasons, and I have stated them in the past.

As it relates to the second part of the issue, a consultant or a full time person, many members of this Council, including myself and the maker of the bill, have criticized repeatedly directors coming in front of this Council for hiring consultants. And I personally think that the proper way to go is to hire a full time person. Why is that? Well, No. 1, if we hire a full time person, we will probably -- well, obviously, we definitely are going to hire someone that is a City resident. Many times consultants are hired, they are not even City residents.

---

In addition to that, if we have our own full time person rather than a consultant, that person is required to be here between the hours of 8:30 and 4:30, and I would want it to be that way, rather than having to call a legal firm and find out that that lawyer or a group of lawyers are busy in trial addressing another client on a particular day. I would prefer to have that person working here in the City Clerk's office so that each one, each member of Council, could consult with that individual at least 40 hours a week minimum.

So in summary, I simply want to say that I agree for the need for legal counsel for this Council, and I would like to see the person not a consultant, but a full time person.

(END OF REMARKS)

(TRANSCRIBED BY HELEN L. KRIEBEL)

**Mr. Wagner:**

Secondly, since last week, I suspect all Councilmembers received a letter from a Mr. Golmitz suggesting that we do hire an attorney and, as part of his suggestion was, to reduce the number in the Solicitor's Office by one. But not necessarily, he is not suggesting, and I think it's a valid suggestion, not to hire someone from the Solicitor's Office. In other words, if there is attrition there in the future, the possibility exists that there would be no additional money spent for Council to have one solicitor and the Administration to have one less. I would be against, though, us taking one of the Administration's attorneys and then having that person work for Council because I think it's very important that Council is independent in that sense and if Council is not independent in that sense, we shouldn't proceed with it. Or, at least I will not support proceeding with it.

In reference to the Charter in Section 310, Powers of Council, Council shall have the following additional powers. The first item out of nine items listed as additional powers of Council is "to employ or retain its own staff and consultants, including a City Clerk and an attorney qualified to practice law before the Supreme Court of Pennsylvania, who may act as a legal advisor to Council and may represent Council as a body in legal proceedings. Council's attorney shall not represent the City as a municipal corporation in any legal proceeding."

When the Charter was passed in 1975, obviously those that were on the Committee saw the potential for Council to have, and should have, professionalism and independence, and obviously they saw this as one of the top items to give Council independence. For that reason, I've supported it since I've been on

Council, and I continue to today, but I would not support a shift from one portion of government to another portion of government of one of those attorneys.

**Michelle Madoff:**

May I respond, please? Just to clarify, I am not changing my vote from the other day. The five votes, I believe, still hold. That means, finally, Council will at least get their own legal advisor. However, I am also suggesting, because I also got the same letter, and I think sometimes two heads are better than one and in this case it was a viewer who came up with an excellent suggestion that what we do is lower by one, as you just stated, or restated my position because I said it earlier, it's called taking a bite out of my sandwich, I already said that, that we take the budget for the coming year, lower it by one person, from 17 to 16 attorneys, and the validity for doing that would be that we probably use up enough hours in the Law Department to warrant having 16 as opposed to 17 and our having one which would not increase the budget. In other words, we would not, as Mr. Woods said, the benefits would remain the same; whether it's the Mayor's Office or whether it's with us, nothing changes. But we're not hiring an 18th attorney; we're lowering the Mayor's staff by one and increasing ours from zero to one. They're going from 17 to 16; we're going from zilch to one.

But I'm also saying, speaking only for Michelle Madoff and not for anyone else, and I think Mr. Lyons and Mrs. Masloff supported that position, I don't know how Mr. Pollock or others feel, that personally, I speak only for me, I would not have a problem if everybody in the Mayor's Law Department were to apply for the job and I thought they would be independent in an interviewing process, that they were somebody that

would be committed to this Council. That person may not get five votes, then they would not be hired. I'm giving an entirely personal overview of the caliber of people in the Law Department. I think first and foremost they're professionals. I think they obey the laws of ethics and to think less of them or to imply less would be unfair.

But basically, what I'm saying is, we cannot wait any longer so that we don't have another meeting where I realize I looked foolish when we voted on a salary; I said aye when I meant nay or I said nay when I meant aye because aye meant nay and nay meant aye. Nobody knew what we were voting on and I think the best example is the recent one where this Council voted to overrule the President on an illegal vote that was just becoming compounded to be even more illegal. I think we need somebody here with us all the time and I believe somebody from the Mayor's Office would tell us that. But it is apparent from the sentiment of this Council that that person, or one of those people, will not be the selected candidate.

I would also assume that the person hired would not be anyone that has ever worked for any of us previously. Anybody who would be a successful candidate would not have worked for Mr. Woods or Mr. Wagner or myself or anyone. I would assume that no one would be hired that has done personal work for us. I worry about that; I worry about that a lot. It keeps me up at night because I wonder who that person is going to be and whether somebody can manipulate four votes out of this Council for somebody that would be entirely unacceptable to me.

But that aside, I think this vote is with good conscience, people wanting to do the right thing, and I think to lower the budget back to where it is in the next

year we ought to look at transferring dollars from one department to another, being the Administration to Council. That's just something we can look at. Maybe the Mayor may find that somebody has already given notice to the Law Department and is planning to leave. Instead of the Mayor filling that job, just allow us to use the dollars; somehow or another, a mechanism, because he has to close his budget yet anyway. We would then, in reality, not be raising the total City budget at all.

**Mr. Ferlo:**

Madam President, I think there is great legitimacy to this suggestion but I think appropriately it should be something that is discussed at the end of the year during the budget proceedings. I assume the Mayor and the Solicitor in good faith came to previous Council with the need for the 17 solicitors that they have on board and I think if we were to make this suggestion at this time, it would be viewed adversarial to the Solicitor and to the Mayor.

I think the merits of Michelle's legislation stand on their own and I applaud her for introducing this bill. She has helped us to win a significant victory towards the integrity and independence of this legislative body and I think we should leave well enough alone, vote on the bill, and entertain this discussion at the appropriate time.

**Mr. Coyne:**

I would just like to elaborate on what Mr. Ferlo has just said, that I feel it is something that needs to be discussed at the end of the year when budget proceedings are going on. I kind of think it will be difficult to find someone to work as a solicitor for Council if he or she believes that his job may only last until the end of the year. It takes us

three or four months to hire somebody in the first place and then they know that maybe at the end of the year someone from the Law Department will be transferring over for the position. So, I feel that we should go with the original proposal and then discuss this at budget time.

**Michelle Madoff:**

There seems to be a misunderstanding. I am prepared to vote on the bill as it stands. The Mayor has not, nor has City Council, closed the budget for 1988. It is still open. Since the budget is still open and since the Mayor has the prerogative of making any changes and since we use enough hours that would equal one attorney in the Mayor's staff, I'm suggesting that as soon as possible the President of Council meets with the Mayor to see if one of those positions is open, maybe there's not, maybe there isn't a full component of 17 or one is leaving, that the dollars be transferred before the budget for 1988 is closed. Should that fail, then we would look towards the budget process at the end of the year.

**The Chair:**

Michelle, you don't want to amend this bill at all?

**Michelle Madoff:**

No. What I was putting forward is a motion that you, acting for this Council, elected by this Council, speak to the Administration before the budget is closed to see if they would be willing to give up 1/17 of their Law Department, the \$40,000, hopefully, that would come to us.

**The Chair:**

Since there's no official motion, I'll

do that, but we will act on this because it is before us.

**Michelle Madoff:**

Exactly, and if the money is forthcoming, we'll just switch the money around.

**Mr. Woods:**

I just have one last comment, and not just to disagree to disagree. I don't believe that this Council presently uses one of the Administration's attorneys forty hours a week. I just don't believe that. I don't think we give them that much work. I think that in the future, if we had our own, that we would give them that much work. I think on many, many instances we go out to friends that are attorneys, associates, perhaps rivals, even Mr. Pollock since he sits with us on Council, and we don't bother to send downstairs because they are overburdened down there. I think they have a lot of work and I don't think they can afford to give us one. I think they have a fine staff but I think that if we have one, we'll use him forty hours a week; but presently, I don't believe, and I'm not doubting your believe, it's just my personal opinion that we do not use one of the Solicitor's people forty hours. I don't think we give them that much work. If anyone looks around, we don't do that.

**The Chair:**

We don't now but we may in the future.

**Michelle Madoff:**

I think Mr. Woods is correct; we don't give them perhaps forty hours but I bet we could give them the forty hours if, indeed, we had our own solicitor. There's no question that Mr. Wagner

would not have had to bring up the issue in letter form that was asking for a legal opinion on whether the Mayor had the right to appoint members to Alcosan and had the right to remove. I think we would have had a ruling or some input from our own legal counsel a long time ago, including our attorney pointing out to Mr. Wagner that he needed five votes in order to get a legal opinion. I think we need somebody here; I think there is more than forty hours or at least forty hours work.

I don't want to change anything; I'm only suggesting that there may be a way of doing what we want, getting what we want, and still not putting an extra burden into the budget or adding on any dollars.

**The Chair:**

I'll pursue that, Michelle.

**Michelle Madoff:**

Thank you.

**The Chair:**

Is there any further discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

**Ayes:**

Mr. Coyne            Mr. Wagner  
Mr. Ferlo            Mr. Woods  
Michelle Madoff

**AYES 5            NOES 3**

(MR. LYONS, MR. POLLOCK AND MRS. MASLOFF VOTING NO)

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Also,

**Bill No. 86**

An Ordinance entitled, "An Ordinance amending the Pittsburgh Code, Title One, Administrative, Article XI, Personnel, Chapter 180, Personnel Administration, Comprehensive Merit Based Personnel System, in the Office of the City Clerk, by deleting the position one Administrative Aide to the City Clerk, and adding two Legislative Assistants." —(SPONSORED BY MRS. MASLOFF)

Which was read.

**The Chair:**

Is there any discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

**Ayes:**

|                 |              |
|-----------------|--------------|
| Mr. Coyne       | Mr. Pollock  |
| Mr. Ferlo       | Mr. Wagner   |
| Mr. Lyons       | Mr. Woods    |
| Michelle Madoff | Mrs. Masloff |
|                 | (Pres't)     |

**AYES 8            NOES none**

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Mr. Woods presented

Bill No. 123

Report of the Committee on Public Works for January 27, 1988 transmitting one resolution to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 59

A Resolution entitled, "Resolution granting unto Mr. E.D. Goslin, 219 Dasher Street, his successors and assigns, the privilege and license to construct, maintain and use, at his own cost and expense, a parking area on a portion of the Right-of-Way of Waino Way from the closed portion of West Lacock Street to General Robinson Street in the 22nd Ward of the City of Pittsburgh."

Which was read.

The Chair:

Is there any discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

|                 |              |
|-----------------|--------------|
| Mr. Coyne       | Mr. Pollock  |
| Mr. Ferlo       | Mr. Wagner   |
| Mr. Lyons       | Mr. Woods    |

|                 | (Pres't)     |

AYES 8 NOES none

And a majority of the votes of Council being in the affirmative, the bill

passed finally.

Mr. Lyons presented

Bill No. 124

Report of the Committee on Planning, Housing and Development for January 27, 1988 transmitting sundry resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 48

A Resolution entitled, "Resolution amending Resolution No. 412, effective May 18, 1987, entitled: 'Providing for an Agreement or Agreements with the Northside Common Ministries for the furnishing of professional services in connection with their Food Pantry Program for the benefit of the needy residents of the City of Pittsburgh during 1987, at a cost which is not to exceed \$10,000.00 chargeable to and payable from Code Account 1103, (110304), Miscellaneous Services in the Department of City Planning, and transferring \$10,000.00 from Code Account 45, Health Insurance, (004507), to Code Account 1103, Miscellaneous Services (110304) Department of City Planning,' so as to add 1988 as a contract year."

Which was read.

Also,

Bill No. 49

A Resolution entitled, "Resolution amending Resolution 883, effective August 25, 1987, entitled: 'Providing for an Agreement or Agreements with the

Pittsburgh AIDS Task Force, Inc. for the furnishing of professional services in connection with its programs of advocacy services, emergency fund, education, risk reduction and other programs of awareness and compassion for the benefit of all the residents of the City of Pittsburgh during 1987 at a cost which is not to exceed \$40,000.00 chargeable to and payable from Code Account 1103, (110304), Miscellaneous Services in the Department of City Planning, and transferring \$40,000.00 from Code Account 10, (001008), Accounts Payable - Prior Years to Code Account 1103, (110304), Miscellaneous Services in the Department of City Planning, so as to add 1988 as a contract year."

Which was read.

Also,

Bill No. 72

A Resolution entitled, "Resolution authorizing and directing the Mayor and the Director of the Department of City Planning, on behalf of the City of Pittsburgh, to execute amended Article III of the Agreement with the Counties of Allegheny, Armstrong, Beaver, Butler, Washington, and Westmoreland for 'provides for the removal of the requirement that one of the appointed SPRPC members shall be a member of the City Planning Commission, and allows for the appointment of any private citizen who is a resident of the City of Pittsburgh may or may not be a member of the Planning Commission.'" (AS AMENDED IN COMMITTEE)

Which was read.

The Chair:

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

| Mr. Lyons       | Mr. Woods    |
| Michelle Madoff | Mrs. Masloff |
|                 | (Pres't)     |

AYES 8

NOES none

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Mr. Ferlo presented

Bill No. 125

Report of the Committee on General Services for January 27, 1988 transmitting two resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 11

A Resolution entitled, "Resolution amending Resolution No. 281, effective March 30, 1987, entitled, 'Providing for the letting of a Contract or Contracts for the furnishing and delivery of Motorized Fire Equipment for the Department of General Services,' by increasing the amount from Five Hundred Thousand (\$500,000.00) Dollars to Seven Hundred and Eleven Thousand (\$711,000.00) Dollars." (AS AMENDED IN COMMITTEE)

Which was read.

**Mr. Ferlo**

Madam President, I want to reiterate that I agreed earlier at the last meeting to withdraw the amendment that I had in relation to the specialized fire truck for the hazardous materials on the understanding and agreement with the Administration that they will work out a fee schedule for this truck when it's to be utilized outside the municipality of the City of Pittsburgh. It's my understanding that they will shortly be forthcoming to this Council with an ordinance in relation to the fee schedule. So it's on that basis and a willingness to work with the Administration on this that I've withdrawn the amendment and I will be supporting this bill.

**The Chair:**

That amendment has been withdrawn from this bill and it is now ready for final action.

Also,

Bill No. 12

A Resolution entitled, "Resolution further amending Resolution No. 1187, effective January 1, 1987, as amended, entitled: 'Resolution adopting and approving the 1987 Capital Budget and the 1987 Community Development Block Grant Program; and approving the 1987 through 1992 Capital Improvement Program,' by increasing a line item and by adjusting the Summary Totals."

Which was read.

**The Chair:**

Is there any further discussion on the bills?

And on the question, "Shall the bills

pass finally?"

The ayes and noes were taken agreeably to law, and were:

**Ayes:**

|                 |                          |
|-----------------|--------------------------|
| Mr. Coyne       | Mr. Pollock              |
| Mr. Ferlo       | Mr. Wagner               |
| Mr. Lyons       | Mr. Woods                |
| Michelle Madoff | Mrs. Masloff<br>(Pres't) |

**AYES 8**

**NOES none**

And a majority of the votes of Council being in the affirmative, the bills passed finally.

#### **MOTIONS AND RESOLUTIONS**

**The Chair presents**

No. 129 Resolution approving the appointment of Philip Wasler, 5820 Rippey Street Apt. #1, Pittsburgh, PA 15206 for an unexpired term as a district member of the Pittsburgh Cable Communications Advisory Committee, to expire December 31, 1988.

Also,

No. 130 Resolution approving the appointment of Margaret Egler, 4614 Fifth Avenue #218, Pittsburgh, PA 15213 for a three year term to expire December 31, 1990, as an at-large member of the Pittsburgh Cable Communications Advisory Committee.

**Mr. Wagner** moved to approve the appointments.

**Michelle Madoff** seconded the motion.

Which motion prevailed.

**Michelle Madoff:**

On another matter, Madam President. The subject of how we were going to go about hiring legal counsel, I was told, was to be brought up today, that it was procedural. I'd like to start by sharing a letter that I sent to the President of Council, and I think members of Council received it, in case someone didn't get it. I have conferred with legal counsel and it appears the vote for President Pro tem was an illegal vote. If the President Pro tem who was elected illegally chairs a session in which a major issue is addressed, and a ruling is made by the Chair that has impact on the vote or issue, Council would find itself in a very awkward legal position.

The Rules of Council clearly indicate that the President Pro tem is elected only when a quorum is present and the President is absent. It is only pertinent on an as-needed basis. Therefore, may I strongly suggest that you seek a legal opinion supported by five votes of Council from the City Law Department on this matter. We want to be sure that we get an answer.

Further, if Council wishes to elect a permanent President Pro tem, it can do so but it must first amend the Rules of Council. This would be in accordance with proper procedure. Then, and only then, would it be proper for Council to elect a permanent President Pro tem. If it is the will of Council to have a permanent President Pro tem, fine. But I think we need to correct the procedure so that he does not serve illegally and any decisions made that day might affect all of us.

**The Chair:**

I've already asked for that opinion but if you want another vote now to do so I'll be glad to entertain your motion.

**Michelle Madoff:**

I just want to make sure that you're not a victim as Mr. Wagner was with six months of not getting an answer.

**The Chair:**

No, I won't be. I've already asked for that opinion.

**Michelle Madoff:**

Why should you be treated as a member of Council differently than Mr. Wagner was? The answer was, we didn't have five votes; therefore, it was not a legally required question. I would like to make it official, if it's alright with the President.

**The Chair:**

What is your motion?

**Michelle Madoff:**

My motion is that you proceed to get a legal opinion as you have and that you have the support of this Council in getting that legal opinion.

**The Chair:**

Alright, we'll vote on your motion, Michelle.

**Michelle Madoff:**

Yes, that you get a legal opinion from the Law Department as to --

**The Chair:**

I told you I've already asked for that and I thought I'd have it, but if you insist on it --

**Michelle Madoff:**

I just want to make sure you're protected; that the answer is not, well, you didn't get the vote of Council to get an opinion.

**The Chair:**

Is there any further discussion on the motion?

And on the question, "Shall the motion pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

|                 |              |
|-----------------|--------------|
| Mr. Coyne       | Mrs. Masloff |
| Michelle Madoff | (Pres't)     |

AYES 3                      NOES 4

VOTING NO:

|           |            |
|-----------|------------|
| Mr. Ferlo | Mr. Wagner |
| Mr. Lyons | Mr. Woods  |

And a majority of the votes of Council not being in the affirmative, the motion was defeated.

**Michelle Madoff:**

Madam President, it may be necessary to go outside of this body and pay for a private attorney or get a volunteer, someone to rule on it. But it is absolutely an illegal vote and should the President pro tem ever preside over a meeting and a ruling is made that would affect this Council, remember how you voted, members of Council.

Continuing in the same vein, I have copies for everybody of what the ad looked like that was put out, and I think there was an amended one that said full-

time, on how the ad was placed in the paper and scrawled on the page is the --

**The Chair:**

Michelle, if you are asking that we have the Mayor assign a permanent attorney from the Law Department, why are we going through this?

**Michelle Madoff:**

The vote is passed that we hire an attorney. What I'm asking, and I thought you understood, is that you just ask the Mayor if he would give up one of his attorneys and give us the funds for it. It's just a matter of dollars. How we go about hiring somebody at this point, since Council is not willing to accept any of the Mayor's staff, it's a moot issue.

**Mr. Lyons:**

Madam President, has this letter been placed as an ad?

**Michelle Madoff:**

Madam President, if I may continue, I'll clarify. This was the ad that was placed several years ago, in '84, I believe it was in the Legal Journal, am I correct, and the local papers asking people to apply for the job as City Solicitor. There was a form made up by my staff; an interviewing process. We interviewed. The Committee then consisted of myself, Bob Stone and Bill Robinson. We narrowed it down to several very competent, independent, non-working for the Administration attorneys, and then nobody approved it.

I'm only sharing with my colleagues, since the bill has passed and it is now law. It's not a matter of, are we going to overrule it; it's a matter of how are we going to go about filling that job. That is passed; it is the will of

Council, how we go about getting and hiring legal counsel.

I think it would be appropriate for the President of Council to appoint a committee and to have some kind of ad drafted. It may not be this ad; this is just a sample of what we ran before and we had some very outstanding responses. There may be another approach; I just want to be sure that we do not hire anyone that is beholden to any member of this Council for any personal reasons. I've used about five or six attorneys in this City so they would not be eligible.

**The Chair:**

I'll see that a committee is appointed.

**Mr. Ferlo:**

Madam President, in relation to the hiring of the attorney, I think it would be fair, much in the same way that all of us as elected officials hire the City Clerk directly, in this instance the legal advisor to Council, I think the Council should be a committee of the whole and not an appointed committee. I think each one of us should be a part of the process of interviewing candidates for this position; I think each one of us should be part of the interviewing, part of the questioning, because alternately, each one of us is going to have a vote on the hiring of this individual. In deference to your suggestion of a committee, I think Council as a committee of the whole should be interviewing and conducting the hiring process for this individual because of the unique nature.

**The Chair:**

We're never going to be able to get nine members of Council together to

interview anybody. You can recommend anybody you like; we'll interview anyone you like.

**Mr. Ferlo:**

I'm not going to recommend anybody; I want to be there myself. I want to be part of the interviewing process of the individual that is going to be beholden to us as elected officials.

**The Chair:**

Mr. Ferlo, I'll make you part of that committee.

**Mr. Ferlo:**

Thank you, Madam President. But I think all of us should be part of that committee.

**Mr. Coyne:**

Madam President, I think what Mr. Ferlo is saying is that, sure, it may be hard to get all nine people together, but that all nine should be given the opportunity to go to the interview process if it occurs.

**Michelle Madoff:**

Madam President, may I point out, and I'm sorry I overlooked stating this, that anybody was welcome to the meeting. It was a committee of three but anybody could sit in who wished to sit in. And when we came down to the recommendations, I think there were three people who were recommended and they would have had to have been interviewed by the Council as a body and then Council would have voted on which of the three they wished to have. So, there's no intention to usurp all of Council but it's a matter of streamlining it, to be efficient, to get on with the job. I think we need a committee, and as

far as I'm concerned, it could be anyone who wishes to serve. The President of Council will make that decision; I think it's her prerogative. And I would ask not to be on that committee so that there will be no appearance of impropriety. Since it was my bill, I would ask not to serve on that committee.

**Mr. Ferloc**

Madam President, I just want to be clear. What is the course of action in relation to the hiring of the attorney? Is Council a committee of the whole on this?

**The Chair**

No, I will appoint a committee and, as Michelle pointed out, anybody is free to sit in on the interviews. But never are we going to be able to get all nine people together to interview any one person at any one time. But when the interviews are in progress, you'll be free to participate.

**Mr. Ferloc**

And a majority of Council will then make a recommendation to this body as to who that individual will be.

**The Chair**

Yes, when the name is submitted.

**Michelle Madoff**

Excuse me; I think that's an error. The majority of this Council would vote on who the person would be. In other words, it could be somebody picked by the Committee and you need five votes and since there are only five votes to have an attorney, we may end up with one of those five votes saying, "No, I don't like that person." So, I think we have to have a selection process where

you come up with a procedure, what kind of ad, where are you going to run the ad, what will the ad say, and who will interview the candidates. If you like, we'll give you our forms which are very well thought out and you can use them as a basis, you can throw them away, do whatever you want with them. And then, when you come down to a selection of the most appropriate people who could serve our City residents, at that point Council would vote for the final person who is selected.

**Mr. Ferloc**

Madam President, on two unrelated matters. Quickly, on the report of the solid waste treatment post agenda meeting that was held, I thought it was a very valuable meeting and I have submitted to members of Council and to the public a report summarizing the meeting on the issue of our City garbage contract being up at the end of the year. But, as a result of the information learned at this three and a half hour hearing, which also had County Planning representatives there who in the future will be charged with various waste management concerns, I would like to urge Madam President and members of Council to consider two recommendations. It was very clear from the hearing that the landfill contract that will be up at the end of the year, I used the phrase that we, in the City, will be slapped in the face because of the tremendous increase that is looming on the landfill cost. We pay \$6.50 a ton now; it's very conceivable that it could go up to \$20, \$30, \$40 a ton.

I am urging, Madam President and members of Council, that we call on the Administration to move more expeditiously on letting out of the contracts which they are tentatively planning to do in July. But I think the urgency of this issue, I think the

Administration should consider letting out the bids much earlier to allow for a planning process to deal, not only with the financial calamity but also the possibility, as discussed in the meeting, of a number of different alternatives such as the trash separation, the possibility or feasibility of a trash recycling plant. There are a number of alternatives, some of which are going to be mandated by a Senate bill and a bill the Governor has before us which Councilwoman Madoff had circulated information to all of Council on that.

I guess what I'm asking, in summary of the post agenda, is for Council to consider calling in the Administration to let out the bids much earlier than the July period so that we can plan accordingly and also to have the Administration establish a planning process with Council to review some of the alternatives such as trash separation. I'm calling on Madam President and members of Council to please consider this and join me in urging the Administration to deal with this concern.

**Michelle Madoff:**

On the same subject, Madam President. I believe that the County Commissioners have set up some kind of a task force to look at the viability of any and all alternatives. If they have not, they should be, and you cannot have any of these alternatives without a joint effort. You must have the whole County involved; the City does not generate enough garbage in order to do any of these processes as an independent body. But I think there needs to be a committee set up immediately to look into all alternatives because it's not just this year and, indeed, there's no question it will go up by a factor of 300 percent this year and it could be a lot more.

But I was calling upon the President, I think we talked about this earlier, to hold a public hearing because, unfortunately, in the process of having a post agenda, the public at large does not know what we as Councilmembers are going to have to vote on and why their taxes may indeed go up. And I think we have an obligation to, excuse the expression, air this fragrant matter in public, to have the hearing publicized, have a public hearing and invite all the interested parties. We have a list, including all of yours, Mr. Ferlo, the list that you provided for your post agenda. We'll include everybody and if anybody has anyone else they wish to include, and it might be productive to have somebody here from EPA, Environmental Protection Agency, Department of Environmental Resources, Mr. Davis, and again, the Commissioners, to see what direction we're going to take.

But more important, I am offended that I didn't hear about Bill 528 until I went to the Gephardt dinner to listen to him, not committed, just to listen, and I learned there, because there were a lot of people in the business, that Bill 528 was pending and it already passed the Senate and would likely pass the House, which means a tremendous burden on City of Pittsburgh taxpayers. I think we have an obligation, or somebody should have had an obligation to tell Councilmembers because we are the final vote on the budget. The Administration has been feverishly working on this issue, but nobody told us about it. That's unfortunate and I would hope, even though I was assigned to an energy committee by the President at that time, Mr. DePasquale, I had never been invited to a meeting. I've sent letters over continuously saying, "Next time there's a meeting on energy, would you please include me?" There seems to be an unwillingness on the part of the Administration to do that.

So, I would suggest that we proceed with the public hearing, look at every avenue of what can be done to save taxpayers' money, have input from the public because we may have to go to separate of our refuse. We may find that it is economical or not economical. We may find that, although the law permits a cogeneration and the producing of electricity that the local utilities under law must buy, that with the 40 percent excess demand we may be causing ourselves a greater problem with unemployment. We need to look at it in an intelligent manner and do it in full view of the public.

**Mr. Ferlo:**

Madam President, I will support the notion of having a public hearing; I have no problem with that. I don't want to point an accusatory finger at the Administration but what I gathered from the hearing from the Administration as well as comments in the paper stated by Executive Secretary Jacoby is that in fact they are not working feverishly on the alternatives, that what they have in mind is an acceptance at the end of the year of having to bite the bullet and read just the budget for a major increase in the amount of the landfill. I think what we need to look at, rather, is alternatives and that's a planning process that needs to start right now.

The other thing that worries me, quite frankly, and I'm trying to raise that issue now in January, not at the end of the year when it is typical that the Administration will present Council with a fait accompli. You have to do this, they were in a budget crisis, and I fear, quite frankly, from the Director's comments that the institution of garbage fees that has individuals paying aside from the four percent wage tax and everything else, that the Administration will present a proposal to Council

because of the financial calamity of instituting garbage fees, a separate service fee that residents will have to pay to get their garbage picked up. If that's going to happen, I'm going to resent being presented with that kind of dilemma at the eleventh hour come November and December during the budget discussion with the Administration.

So, I don't want to sound like Paul Revere but I am trying to sound an alarm here and I think it's important that we urge the Administration to expedite the bid process and set up this planning process independent of the County. The County planning process is all well and good but I'm talking more specifically about the needs of the City of Pittsburgh as a municipality.

**The Chair:**

But didn't your post agenda cover most of the things that Ms. Madoff speaks of?

**Mr. Ferlo:**

Yes it did and she's pointed to many important things. But the point is, the public hearing is needed and the Administration needs to react, the Administration needs to give a response to this Council and not just one lone Councilmember as to what their feelings are about moving up the bid and dealing with some of the alternatives. I did not sense from the representatives and spokespersons of the Administration that they were seriously working feverishly, as Michelle said. I did not gather that from their testimony and I'm hoping that other Councilmembers and Madam President will join with me in expressing this concern to the Administration.

**Michelle Madoff:**

Same subject. With all due respect to Director Botsford, she did say that traditionally they go out for a contract three months prior to the signing. In this case she's going out six months in advance.

And when I said they're working feverishly, I'm referring to looking for immediate sites, alternative sites, and again, perhaps doing some kind of joint effort with the County.

I again expound on the realities. You cannot have a separation of the garbage; you need volume in order to do anything productive. You're going to need the input of County and City.

I again call for a public hearing because it's going to be hitting all the taxpayers, City taxpayers, in the pocket, who can least afford it.

When I said they're working feverishly, I mean on resolving the problem at the least dollars and I think what they're thinking of is perhaps they'll get three times the bill which will be \$18 a ton compared to the rest of the nation which is \$90 or \$50 a ton, in one community \$120 a ton, that they could live with \$18 a ton. Well, they may be able to live with it but, as Mr. Ferlo is pointing out, \$18 a ton would mean a raise of \$2 million in our budget process and perhaps having to go to the taxpayers for a tax increase. So, I don't think the people should be hit with a budget increase without knowing why; they should be part of the process.

And I would respectfully ask that as soon as possible a public hearing is scheduled, the same people that were at the post agenda so the public at large will understand what the alternatives are, and that the Administration be here

and that the County be invited to partake and come up with some recommendations on how we can work together. We are not working against each other. I'm not defending the Administration; I'm only saying, let's go on from here and let's be productive.

**The Chair:**

I will do that; I'll set a hearing with all the names that you've given me.

**Mr. Ferlo:**

Thank you, Madam President.

**Mr. Woods:**

You need a motion for that.

**Michelle Madoff:**

I move to set the hearing.

**Mr. Ferlo** seconded the motion.

Which motion prevailed.

**Mr. Woods** moved to excuse Mr. DePasquale for absence from the meeting.

**Michelle Madoff** seconded the motion.

**Michelle Madoff:**

May I ask a question? I thought it was the prerogative of any member of Council to request a public hearing because I know there's a question that members can either get the traditional 25 signatures or we have the prerogative of having a hearing just by asking for it.

**Mr. Perry:**

They could ask for it, Michelle, but it's not granted automatically.

**Michelle Madoff:**

Okay, I did not know that. You see, that's the kind of thing I would love to have a solicitor here for, to tell me because, you see, it depends on who is in power. If you're in power, you can get things through.

**Mr. Woods:**

We have a motion on the floor, Madam President. May I call a point of order and please vote on the absent member?

**The Chair:**

On the motion to excuse the absent member, all in favor? Opposed?

WHICH MOTION PREVAILED

**Michelle Madoff:**

On the same subject that I was on, I think we need clarification so that we don't have rules that apply to one members and not to another. I think that our voting again to not allow Councilwoman Masloff to get a legal opinion when the vote was clearly illegal was very detrimental to this Council. People watching us must think we're a bunch of baffoons.

**Mr. Woods:**

Madam President, point of order. We are on another subject and my colleague knows, and she's been on this Council a lot longer than I have, that it takes five members to set a public hearing unless you have 25 signatures. What's the joke? Either you're a stone idiot or you haven't been here.

**Michelle Madoff:**

Madam President, I was unclear, as

was Mr. Wagner, when he asked for a legal opinion.

**Mr. Woods:**

Bull.

**Michelle Madoff:**

And that's exactly what you're full of, Mr. Woods.

When Mr. Wagner asked for a legal opinion, he was under the impression that he was getting the same. He asked for it again and he didn't get it. I have been under an erroneous impression that any member of Council could ask for a hearing; previous Presidents have permitted that. There has not been a definitive rule. If you're a friend of the President, or if the President was in a good mood that day, because I personally have been granted public hearings for community groups just by requesting it and not by having to have the 25 signatures. If the procedure is going to be that we adhere the rules and the rules, indeed, are that you need five votes to call for a hearing, I certainly will go with the rules. But I want to tell you that I was totally unclear on that issue simply because other people have said, "Gee, we ought to have a hearing"; "Sure, we'll have one", and that's it. The same way that you, yourself, today were really — I apologize that this Council would not see fit to support you in just getting an opinion because I think you're going to be proven very correct in the long term and we could have a big problem.

**The Chair:**

I believe that it's the jurisdiction of the Council President to set the hearings at anyone's request. However, I'll check it with the City Solicitor to be sure.

---

**Michelle Madoff:**

I'm talking, again, about the issue of our vote today. That's why I said we need to have votes to make sure how things happen. Here, we had a vote that I think again was an illegal vote.

**Mr. Ferlo** moved to approve the Minutes of Monday, January 4, 1988; Monday, January 11, 1988; and Tuesday, January 19, 1988.

**Michelle Madoff** seconded the motion.

Which motion prevailed.

And on the motion of **Michelle Madoff**

Council adjourned.

#### ONE-HUNDRED TWENTY-FIFTH COUNCIL

SOPHIE MASLOFF ..... President  
MICHAEL PERRY ..... City Clerk  
LINDA M. JOHNSON .. Asst. City Clerk

Pittsburgh, PA  
Monday, February 8, 1988

#### PRESENT:

|                 |              |
|-----------------|--------------|
| Mr. Coyne       | Mr. Pollock  |
| Mr. Ferlo       | Mr. Wagner   |
| Mr. Lyons       | Mrs. Masloff |
| Michelle Madoff | (Pres't)     |

#### ABSENT:

Mr. DePasquale  
Mr. Woods

The Meeting was opened by the recitation of the pledge of allegiance to the Flag of the United States of America.

I pledge allegiance to the Flag of the United States of America and to the Republic for which it stands, one Nation, under God, indivisible, with liberty and justice for all.

#### PRESENTATIONS

Mr. Coyne presents

No. 176 WHEREAS, John and Madeleine Wallace who reside in Hazelwood have been married for 61 years; and

WHEREAS, Governor Robert P. Casey recognized Mr. and Mrs. Wallace, along with 111 other Pennsylvanians, for voting consecutively in every November election for the past 50 years or more; and

WHEREAS, Governor Casey has called voting "the essence of American citizenship", and nearly 800 people have been inducted in the state's Voter Hall of Fame since it was created in October 1986.

NOW, THEREFORE, BE IT RESOLVED, that the Council of the City of Pittsburgh join in offering our congratulations to John and Madeleine Wallace for their outstanding voting record which includes voting in every November election for at least 50 years.

Mr. Coyne moved to adopt the resolution.

Michelle Madoff seconded the motion.

Which motion prevailed.

Mr. Coyne:

I'd also like to say that Mr. Wallace still swims once a week over in Oliver

Pool and he can still swim a mile in 32 minutes. I think that's really something to be admired.

**Mr. Ferlo presents**

No. 177 WHEREAS, the Pennsylvania Conference on Black Basic Education is a statewide coalition of educators and individuals striving toward improving the quality of basic education in the black community; and

WHEREAS, the Conference works on such issues as overcoming roadblocks to reach excellence, self esteem, preparing for higher education, family math, and delivery of services to middle school students; and

WHEREAS, from February 12-14, 1988, for the first time in the 17 year history of the organization, the Conference is being held in Pittsburgh at the Hyatt Hotel at Chatham Center.

NOW, THEREFORE, BE IT RESOLVED, that the Council of the City of Pittsburgh welcomes keynote speaker Thomas Gilhool, Secretary of Education of the Commonwealth of Pennsylvania, and all other conferees in their noteworthy efforts.

**Mr. Ferlo moved to adopt the resolution.**

**Mr. Lyons seconded the motion.**

Which motion prevailed.

**Mr. Ferlo:**

Thank you. I'd like to allow two individuals to speak briefly to members of Council in accepting this resolution. To my left is Gelora Wilson; she's President of the Western Region of the Pennsylvania Conference on Basic Black Education and also to my left Geneva Twyman. I know her as one of the

Administrators out at the Pittsburgh Board of Education and I know that she's also a participant and one of the leaders of this organization. I'd like them to come forward and just let you know about the important work of this conference.

**Ms. Wilson:**

We graciously accept this proclamation for Conference on Black Basic Education.

We're very happy the caucus is in Pittsburgh for the first time; it took us a long time to get it here. We really have a lot to be proud of, being from Pittsburgh, and we always brag about Pittsburgh, the Number One City.

Conference on Black Basic Education was organized 17 years ago. In fact, one of the founders was representative K LeRoy Irvis. He saw, along with some other fellow workers, the need to be concerned about basic education for all children, not only Black and minority youth. This has continued for 17 years.

We'd like to invite you to the conference and we hope that this will be the best conference that Black Basic Education has ever had.

**Michelle Madoff:**

How many people are coming?

**Ms. Wilson:**

We're expecting between three and four hundred.

**Ms. Twyman:**

I would like to thank Council also. We're very honored to have the Conference on Black Basic Education

come to Pittsburgh because, you see, many people still feel that we are living in the smoke, in the cinders, and all those kinds of things. So, we welcome each and every one of them to come. We wanted a place to be located in Downtown Pittsburgh and we also want you to know as Councilmembers that all of the talking about the good things that occur in Pittsburgh, we all don't reside at Grant Street. So, we're out there and we're pitching and we're talking about our City, we like what's happening in our schools, and one of the highlights and I think one of the things that excites me the most is the fact that we are always getting together as adults to talk about students and what they ought to do and how. Not too many people give them an opportunity to show how.

So, at this conference, the persons that I have sought to be my convenors and recorders are coming from all over this system; they're coming from the science and math program at Westinghouse High School. They're also coming from the business and finance department of that high school. We have a young lady who is going to MC the youth luncheon, of which Reverend Donald Clay will be the speaker. And too often, when we're talking about young people, we suit people up and tie them down and at this conference we want to bring people before these young people, somebody that they can look up to as role models.

Thank you. Thank you, Mr. Ferlo.

**Michelle Madoff:**

This next resolution is one that is dear to my heart and one that I am glad to see that we're having a meaningful response from Bell Telephone of Pennsylvania. It addresses an issue of the hearing that we had here in Council which was very vocal, where parents

were paying \$4,000 bills for their children who were at home using the telephone with nobody to restrict them. We all have children and we know what children are prone to do.

**Michelle Madoff presents**

No. 178 WHEREAS, Bell of Pennsylvania has announced a new plan restricting dial-a-porn and live gab lines; and

WHEREAS, under the proposed plan every subscriber will be blocked unless they authorize unblocking; and

WHEREAS, under the proposed plan Bell of Pennsylvania operators will no longer connect anyone to the new prefix and calls will no longer be placed from Bell of Pennsylvania coin telephones; and

WHEREAS, under the proposed plan all of these calls will be separately identified in customer's bills.

NOW, THEREFORE, BE IT RESOLVED, that the Mayor and the Council of the City of Pittsburgh commend Bell of Pennsylvania for its continuing efforts and urge the Public Utility Commission to approve this new plan.

Michelle Madoff moved to adopt the resolution.

Mr. Wagner seconded the motion.

Which motion prevailed.

**Shirley Risoldi:**

I would like to say that this is a very important issue to us and it means a great deal for us to have your support.

Thank you.

**Mr. Wagner:**

Madam President and members of Council, I also want to commend Bell of Pennsylvania for adopting that new system because, obviously, we had a public hearing here about a year ago. It was a very turbulent public hearing; we had many participants from the public that were requesting that something be done and it's very satisfying to see that a public utility, Bell of Pennsylvania, reacted to that and is addressing the problem.

This next resolution, I'd like to ask Tom Miller from Knoxville to please step forward to receive it. The resolution deals with an individual, the Reder family from Knoxville and is represented through the Knoxville Community Council. Mrs. Reder couldn't make it here today and Tom is receiving the resolution for her.

**Mr. Wagner presents**

No. 179 WHEREAS, the Knoxville Community Organization has established a scholarship fund for high school seniors who live in Knoxville and plan to further their education; and

WHEREAS, the fund is known as the William J. Reder Memorial Scholarship in honor of William J. Reder, a wounded Vietnam Veteran who was always lending a helping hand to those in need; and

WHEREAS, William J. Reder is the son of Knoxville Community Organization member Marie Reder; and

WHEREAS, one student from a public high school and one student from a parochial high school will be selected to receive this scholarship; and

WHEREAS, the scholarship

recipients must be Knoxville residents and must qualify in academic achievement, volunteer service to the community and extracurricular activities; and

WHEREAS, community support is vital to the success of this scholarship fund.

NOW, THEREFORE, BE IT RESOLVED, that the Council of the City of Pittsburgh does hereby commend the Knoxville Community Organization for establishing the William J. Reder Memorial Scholarship; and

BE IT FURTHER RESOLVED, that we ask the people of Knoxville and the entire City of Pittsburgh to support this worthwhile cause which will greatly benefit two dedicated and deserving students.

**Mr. Wagner** moved to adopt the resolution.

**Mr. Lyons** seconded the motion.

Which motion prevailed.

**Mr. Wagner:**

I also want to commend the Knoxville Organization for doing this on behalf of the students and on behalf of Mr. Reder. Tom Miller who is with us, also a Viet Nam Veteran, Tom, please say a few words.

**Mr. Miller:**

Thank you. On behalf of Marie Reder who is feeling a little ill today and couldn't make it, and on behalf of the Knoxville Community Organization, I would like to express our thanks to Councilman Wagner for drafting this resolution and to Council for passing it. We appreciate it very much. Thank you.

**Mr. Coyne presented**

No. 131 Resolution providing for the letting of a Contract or Contracts, or the use of existing Contracts for concrete repairs for the Department of Parks and Recreation at a cost not to exceed \$60,000.00, chargeable to and payable from Code Account PR 88-06, Concrete Repairs to Park Facilities, Department of Parks and Recreation.

Which was read and referred to the Committee on General Services.

Mr. Coyne moved to suspend Rule 8 by providing for consideration of the bill only until or after the 9th calendar day following the meeting in which the bill was introduced so the bill will be on the agenda this Wednesday.

Mr. Ferlo seconded the motion.

Which motion prevailed.

Also,

No. 132 Resolution providing for the letting of a Contract or Contracts, or the use of existing Contracts for the furnishing and delivery of a fogging system for the Department of Parks and Recreation at a cost not to exceed \$16,000.00, chargeable to and payable from Code Account Phipps Conservatory Trust Fund (PCTF), Department of Parks and Recreation.

Which was read and referred to the Committee on General Services.

Also,

No. 133 Resolution providing for a Lease or Leases and/or a License or Licenses for the use of certain property for a Community Recreation Center located at 200 Tabor Street at a yearly rental cost not to exceed \$8,400.00,

chargeable to and payable from Code Account 1801, Miscellaneous Services in the Department of Parks and Recreation.

Which was read and referred to the Committee on Parks and Recreation.

**Mr. Coyne for Mr. DePasquale presented**

No. 134 Resolution amending Resolution No. 414, effective May 16, 1986, entitled: "Providing for a Contract or Contracts for Sidewalk Construction and Reconstruction at various locations in the Spring Garden Neighborhood including work on private property and other work incidental thereto; and providing for the payment of the cost thereof," by decreasing the total project allocation by \$10.70 (from \$50,000.00 to \$49,989.00) chargeable to and payable from the 1985 Community Development Block Grant, "Unspecified Local Options" (CC-85-01).

Also,

No. 135 Resolution amending Resolution No. 429, effective May 7, 1985, entitled: "Providing for an Agreement or Agreements with a Consultant or Consultants for architectural/engineering services in connection with the Rehabilitation of No. 5 Police and No. 8 Fire Station; and providing for the payment of the cost thereof," by providing for a Supplemental Agreement or Agreements and by increasing the total project allocation by \$48,000.00 (from \$30,000.00 to \$78,000.00) chargeable to and payable from Code Account EC 85-52.

Which were read and referred to the Committee on Engineering and Construction.

**Mr. Ferlo presented**

No. 136 Resolution providing for

the issuance of a warrant or warrants in the amount of \$75,564.68 in favor of the Buncher Management Agency, Inc. for payment for necessary renovations at the Gateway View Plaza Facility, not covered under lease agreements, payable from Capital Account GS86-06, Department of General Services.

Which was read and referred to the Committee on Finance.

Also,

No. 137 Resolution providing for the letting of a Contract or Contracts, or to exercise against existing Contracts, for various repairs and renovations at a cost not to exceed \$125,000.00, chargeable to and payable from Code Account GS88-04, Bureau of Repairs & Operating Maintenance, Department of General Services.

Also,

No. 138 Resolution providing for the letting of a Contract or Contracts, or the exercise against existing Contracts, for various energy conservation projects for the Department of General Services at a cost not to exceed \$112,500.00, chargeable to and payable from Code Account GS88-02, Energy Conservation Improvements for Public Buildings, Department of General Services.

Also,

No. 139 Resolution amending Resolution No. 146, effective February 26, 1987, entitled: "Providing for a Professional Services Agreement or Agreements for an internship for graduate student(s) to perform various energy related services for the Department of General Services at a cost not to exceed \$17,500.00," by extending the term of the Agreement to

the present calendar year from January 1, 1988 through December 31, 1988, payable from Code Account 1134, Miscellaneous Services, Department of General Services.

Also,

No. 140. Communication from Dawn Botsford, Director, Department of General Services, requesting authorization for Susan Gove, Joseph Bucci and Henry Cafardi to attend the Best Locking System seminar, in Indianapolis, Indiana, March 23-25, 1988, at a cost not to exceed \$1,800.00, payable from Code Account No. 1128, Miscellaneous Services.

Which were severally read and referred to the Committee on General Services.

**Mr. Lyons presented**

No. 141 Resolution amending Resolution No. 1145 of 1982, entitled: "Residential Parking Permit Program Trust Fund," which created a special trust fund for the deposit of fees to cover costs associated with the administration, implementation, maintenance of the Residential Parking Permit Program, to allow for payment of salaries and contract or contracts associated with the program.

Which was read and referred to the Committee on Planning, Housing and Development.

**Michelle Madoff presented**

No. 142 Resolution providing for the issuance of a warrant in favor of the Commonwealth of Pennsylvania, Department of Environmental Resources, Certification, Licensing and Posing, 6th Floor, Fulton Building, P.O. Box 2063, Harrisburg, PA 17120 in the amount of \$1,400.00 in payment for

Certification of the Water Treatment Plant Laboratory, furnished for the benefit of the City in connection with the Pennsylvania Safe Drinking Water Act of May 1, 1984, chargeable to and payable from Code Account No. 1972, Miscellaneous Services, Purification and Pumping Division, Department of Water.

Which was read and referred to the Committee on Finance.

Also,

No. 143 Communication from Alex Sciulli, Director, Department of Water, requesting authorization for ten (10) Department of Water personnel to attend a three-day training and licensing course in backflow prevention inspection and certification, March 3, 10, and 12, 1988, at a cost not to exceed \$1,300.00, payable from Code Account No. 1922, Miscellaneous Services.

Which was read and referred to the Committee on Water.

**Mr. Pollock presented**

No. 144 Resolution providing for the issuance of a \$1,025.07 warrant in favor of Gary L. Brooks in settlement of claim for automobile damage by a Bureau of Fire vehicle on the Swindell Bridge, payable from Code Account No. 46, Judgments.

Also,

No. 145 Resolution providing for a Professional Services Agreement or Agreements for the provision of design/programming new or revising existing miscellaneous data processing and/or automated information systems/applications for the Departments of Public Works and Finance at a cost not to exceed \$45,000.00 for the Bureau of Information

Systems, City Information Systems, Department of Mayor, Code Account No. 1043, Miscellaneous Services.

Also,

No. 146 Resolution providing for a Professional Services Agreement or Agreements for the provisions of training City employees in the use of personal computers and personal computer software packages at a cost not to exceed \$35,000.00, payable from Code Account No. 1043, Miscellaneous Services.

Also,

No. 147 Resolution providing for a Professional Services Agreement or Agreements for the provision of automating the Maintenance Management System in the Department of Parks and Recreation at a cost not to exceed \$50,000.00, payable from Code Account No. 1043, Miscellaneous Services, Bureau of Information Systems, City Information Systems, Department of Mayor.

Also,

No. 148 Resolution authorizing the Mayor and the Director of the Department of Finance on behalf of the City of Pittsburgh, to lease to Tri-River Marine, Inc., six hundred seventy six (676) lineal feet of wharf frontage on the Ohio River near the foot of Main Street, for a term of five (5) years, subject to a ninety (90) day cancellation clause with year to year renewal provisions, at a rental of Eight Hundred Forty Five (845) Dollars per month, and providing for certain terms and conditions.

Also,

No. 149 Resolution Repealing Resolution No. 38, Item G, approved

February 2, 1987, which authorized the sale of property in the 19th Ward, being a 2 Story, Brick house and garage, located at 1529 Orangewood Street, designated as Block 35-H, Lot 75 to Don Baker, for the sum of \$7,500.00. The reason for the above Repealing Resolution is that HUD is redeeming the property.

Also,

No. 150 Resolution Repealing Resolution No. 446, Item D, approved June 4, 1987, which authorized the sale of property in the 12th Ward, being a 2 Story, Brick house located at 1323 Pointview Street, designated as Block 173-J, Lot 28, to Beverly Davis, for the sum of \$3,500.00. The reason for the above repealing Resolution is that HUD is redeeming the property.

Also,

No. 151 Resolution, Whereas, City Council has heretofore enacted Resolution No. 110, Item A, approved March 2, 1983, for the sale of property in the 1st Ward, being a 2 Story, Brick house, located at 2034 Forbes Avenue and a vacant lot, located at 2034 Tustin Street, designated as Block 11-K, Lots 163 and 246, to Willard T. Harrison, for the sum of \$2,000.00. At an Auction, W.R. Kaelin became the Successful Bidder, for the sum of \$2,200.00.

Also,

No. 152 Resolution Repealing Resolution No. 342, Item K, approved April 23, 1987, which authorized the sale of property in the 10th Ward, being a 3 Story, Brick house and garage, located at 5015 Penn Avenue, designated as Block 50-K, Lot 335, to Thomas Buchser, for the sum of \$6,500.00. The reason for the above repealing Resolution is that by Court Order of November 23, 1987,

signed by Judge Bernard J. McGinley, the former owner, Spencer Ledbetter was allowed to redeem the property.

Also,

No. 153 Resolution providing for the filing of a petition or petitions for the sale of certain properties in various Wards of the City of Pittsburgh, acquired at tax sales in accordance with Act No. 171 of 1984.

Also,

No. 154 Communication from Richard S. Caliguiri, Mayor, City of Pittsburgh, requesting authorization for George Jacoby to attend meetings on Strategy 21 in Harrisburg, PA, January 26-27, 1988, at a cost not to exceed \$800.00, payable from Code Account No. 1017, Miscellaneous Services. (PRIOR APPROVAL GRANTED)

Also,

No. 155 Communication from James Turner, Director, Department of Finance, requesting authorization for himself and Henry Sciortino to attend the Government Finance Officers Association seminar on Public Pension Investment Strategies, San Diego, California (via Los Angeles), February 21-24, 1988, at a cost not to exceed \$2,600.00, payable from Code Account No. 1063, Department of Finance. The seminar will focus on the investment process including the allocation of assets i.e. the mix of stocks, bonds, real estate, and other investment vehicles. The total combined assets of the pension funds currently exceed \$40 million dollars.

Also,

No. 156 Communication from Reginald Young, Acting Director, Department of Finance, requesting

authorization for Henry Sciortino to travel to Washington, D.C., February 16-19, 1988 and to Atlanta, Georgia, April 29 - May 5, 1988, at a cost not to exceed \$2,600.00, payable from Code Account No. 1063, Department of Finance. (PRIOR APPROVAL GRANTED)

Also,

No. 157 Communication from Richard S. Caliguiri, Mayor, City of Pittsburgh, requesting authorization for Mark Zabierek to travel to Harrisburg, PA on various dates from February 15, 1988 to July 1, 1988, at a cost not to exceed \$8,500.00, payable from Code Account No. 1017, Miscellaneous Services, Mayor's Office. (PRIOR APPROVAL GRANTED)

Which were severally read and referred to the Committee on Finance.

**Mr. Wagner presented**

No. 158 Resolution providing for a Contract or Contracts or the use of existing Contracts to purchase equipment generators (8), quartz lights (52), deck mount/portable monitors (10), and hydrant valves (9) for the Bureau of Fire at a cost not to exceed \$65,500.00, chargeable to and payable from the Department of Public Safety, Bureau of Fire, Code Account 1464, Equipment.

Which was read and referred to the Committee on General Services.

Also,

No. 159 Communication from Glenn Cannon, Director, Department of Public Safety, requesting authorization for Fire Chief John R. Leahy, Jr., Bureau of Fire, Department of Fire to attend the Metropolitan Fire Chiefs Annual Conference, El Paso, Texas, April 9-14, 1988, at a cost not to exceed 1,084.00,

payable from the PSTA Code Account.

Also,

No. 160 Communication from Glenn Cannon, Director, Department of Public Safety, requesting authorization for Arthur L. Day, Detective Arson Investigation Division, Bureau of Fire, Department of Public Safety to attend a seminar at the State Fire Academy, Lewistown, PA, February 8-12, 1988, at a cost not to exceed \$430.00, payable from the PSTA Code Account. (PRIOR APPROVAL GRANTED)

Also,

No. 161 Communication from Glenn Cannon, Director, Department of Public Safety, requesting authorization for twenty-eight (28) Police Lieutenants and Sergeants to attend the Police Supervisor In-Service Training Program at the Public Safety Training Academy, Pittsburgh, PA February 29, 1988, and March 1-2, 1988, at a cost not to exceed \$2,990.00, payable from the PSTA Code Account.

Also,

No. 162 Communication from Glenn Cannon, Director, Department of Public Safety, requesting authorization for Assistant Chief Mark Martorano and Andrew Mesaros, Programmer Analyst 3 to attend a C.A.D. Consortium meeting Minneapolis, Minnesota, February 26-27, 1988, at a cost not to exceed \$1,134.00, payable from the PSTA Code Account.

Also,

No. 163 Communication from Glenn Cannon, Director, Department of Public Safety, requesting authorization for Assistant Chief Mark Martorano and Andy Mesaros, Programmer Analyst 3 to attend the C.A.D. Consortium meeting in

Kansas City, MO, January 8-9, 1988, at a cost not to exceed \$893.00, payable from the PSTA Code Account. (PRIOR APPROVAL GRANTED)

Which were severally read and referred to the Committee on Public Safety.

**Mr. Wagner for Mr. Woods presented**

No. 164 Resolution providing for the issuance of a warrant in favor of the AGF, Co., in the amount of \$3,250.00 in payment for Poly Bottles that were used during the water crisis that was caused by the oil spill in the Monongahela River, chargeable to and payable from Code Account 1612-2, Equipment.

Which was read and referred to the Committee on Finance.

Also,

No. 165 Resolution amending Title and Paragraph two (2) of Resolution No. 676, approved August 13, 1987, effective date August 25, 1987, entitled: "Adopting Official Sewage Facilities Plan for McElhinney Plan", by including Block and Lot Numbers.

Also,

No. 166 Resolution providing for a Contract or Contracts, or the use of existing Contracts, for furnishing and installing and/or reinstalling steel guiderails and facilities related thereto at various locations within the City of Pittsburgh, and other work incidental thereto, at a cost not to exceed \$50,000.00, chargeable to and payable from Code Account 88-11, Flexible Beam Guiderails.

Which were read and referred to the Committee on Public Works.

**The Chair presented**

No. 167 Communication from Louis Gaetano, Director, Department of Public Works, requesting authorization for Brother Richard Emenecker, F.S.C. to attend the National Cable Television Association Convention, Los Angeles, California, April 30 - May 3, 1988, at a cost not to exceed \$1,497.00, payable from the Community Communications Trust Fund.

Which was read and referred to the Committee on Finance.

Also,

No. 168 Petition from the residents of the City of Pittsburgh, requesting a public hearing to discuss the increase of non-union contractors working on publicly funded and supported construction projects. This petition is valid in accordance with Section 320 of the Home Rule Charter. Also, requesting that this hearing be cablecast.

**Mr. Ferlo:**

I move to cablecast the public hearing that is being requested on the construction issue.

**Mr. Pollock** seconded the motion.

Which motion prevailed.

Also,

No. 169 Communication from Daniel Pietragallo, Executive Director, Housing Authority of the City of Pittsburgh, submitting an alphabetical listing of Housing Authority employees, as of January 1, 1988.

Which were read, received and filed.

## UNFINISHED BUSINESS

### The Chair presents

No. 170 Communication from Richard S. Caliguiri, Mayor, City of Pittsburgh, returning with his veto Council Bill No. 47 entitled, "Resolution instructing the City Solicitor and certain Directors to undertake certain activities in regard to contamination in the Allegheny River."

Which was read.

### (MAYOR'S VETO LETTER)

February 3, 1988

Honorable President and Members  
City Council  
City of Pittsburgh

Dear Madame President and Members:

I am returning as vetoed Council Bill 47 which instructs certain Directors to undertake certain activities in regard to contamination in the Allegheny River.

The actions that Council requested are reasonable, and I am sure that the Director of Water and the Water and Sewer Authority Board would undertake the actions if they were requested to do so. However, it is not within the powers of Council to order department heads to take any administrative action. Section 201 of the Pittsburgh Home Rule Charter provides that the Mayor is the chief executive and administrative officer of the City.

Accordingly, I am vetoing Council Bill 47, but I will ask the Departments to carry out the tasks you asked to be performed.

Very truly yours,

Richard S. Caliguiri  
Mayor

RSC:brc

(END OF LETTER)

### The Chair:

The question is, shall the bill become a law, notwithstanding the objections of the Mayor. Is there any discussion?

### Michelle Madoff:

My understanding is that the intent of the bill has been accomplished. The Mayor is, indeed, going to follow through with his department heads to accomplish the request in the resolution. And I understand the reason it was presented as a resolution instead of a wish of Council was that it was a rule that said you could only have three bills as introductory resolutions, as wills of Council. And I think the Mayor has agreed that he's going to do it in any event so the sponsor of the bill, I believe, was Mr. Ferlo has achieved what he set out to do; am I correct, Mr. Ferlo?

### Mr. Ferlo:

I don't have the floor but I don't think you're correct at all.

### Michelle Madoff:

Madam Chairman, when we get to the next bill on the veto, I would like to point out that you can't have it both ways and we'll talk about that at the next bill.

### The Chair:

Mr. Perry tells me that we have to have a motion first. So, the motion is, shall the bill become a law

notwithstanding the objections of the Mayor.

**Michelle Madoff:**

The motion is to sustain the Mayor's veto?

**The Chair:**

Shall the bill become a law notwithstanding. Those in favor of the bill becoming a law, notwithstanding the objections of the Mayor, will vote aye; those opposed, no.

**Michelle Madoff:**

I'm still not clear, Madam President.

**Mr. Ferio:**

The motion is to override the Mayor.

**Michelle Madoff:**

The motion is to override and you need a second in order to have a vote. Is that correct?

**The Chair:**

Yes.

**Michelle Madoff:**

I will second it but if you wish to sustain the Mayor's veto the you will vote aye?

**Mr. Pollock:**

No.

**Michelle Madoff:**

You vote no. If I wish to sustain the Mayor I vote no. Is that correct?

**The Chair:**

That's right.

**Michelle Madoff:**

Thank you. That's why we need legal counsel to tell us whether it's aye or no.

**The Chair:**

Those opposed to the Mayor's veto will vote no and those sustaining his veto will vote aye.

**Michelle Madoff:**

We just changed it again. You reversed it.

**The Chair:**

No to override and aye to sustain.

**Michelle Madoff:**

If you sustain the Mayor, you're going to vote aye.

**Mr. Perry:**

The motion is to override and that's what you're voting on. You're voting on whether to override his veto; that's the motion.

**The Chair:**

No to override and aye to sustain; is that clear?

**Mr. Perry:**

No.

**Mr. Lyons:**

Madam President, the motion was to override the veto. You would need a

yes to override it and a no to sustain the Mayor.

**Mr. Perry:**

That is correct.

**Mr. Ferlo:**

Discussion. First of all, if my understanding is correct, the motion is to override and if you support the override you would vote yes. Is that correct, Mr. Perry?

**Mr. Perry:**

That is correct.

**Mr. Ferlo:**

Thank you. On the actual motion, being the Councilman who introduced this originally, I think the Mayor is acting in haste here and, quite frankly, I think it's somewhat childish. I think in response to comments that I had during the past week on the minority business enterprise report and other criticisms that I've levied against administrative directors, I think it's clear that this has come forward as a veto in retaliation politically for some of my independent behavior for the last week.

I don't agree with Councilwoman Michelle Madoff and the reason why I think the Mayor is being childish in this regard is, if we're both concerned about upstream water contaminants into the Allegheny and if we're both concerned about cleaning up the river so we don't react after we have a catastrophe and environmental spill that we ought to be preventive as a municipality, if we are concerned mutually about the environmental and the ecological contamination of our water system, then I see no reason whatsoever for the Administration to have vetoed this bill.

The reason why I would please ask Councilmembers to override this veto is twofold. First of all, there are two sections of this bill; while it may be true, in fact, that the Mayor feels that we do not have the authority to direct his administrative department directors to clean up the rivers, what's the big deal? We're asking something to be done that is needed to be done. If the Administration agrees, then let them do it.

On the other point, we're asking the Solicitor who, according to the Home Rule Charter, is also our Solicitor, to file a specific concern with the Environmental Protection Agency and requesting an inventory of upstream contamination threats to our drinking water in the Allegheny. We are asking and instructing the Solicitor to file some legal communication to this governmental agency so that we can find out what the DER is doing about the upstream contaminants and we can take some course of action. If this is not overridden today, I will not be able to reintroduce this concern in this year that Council will be meeting and I will have to wait until the following year.

So, please, Council, if you agree, as the Mayor does, that he is concerned about the rivers and you will have the department directors do the on-site water testing, then so be it. But if you're concerned that the Solicitor act on our behalf, the municipality, then follow the information with the DER. I hope you that you would please consider overriding the Mayor's veto. Thank you, Madam President.

**Mr. Wagner:**

Madam President and members of Council, my question gets back to a question of procedure here because looking at the letter that the Mayor sent to all members of Council, he is

indicating in that letter, and I'll read the paragraph, two paragraphs:

"I am returning, as vetoed, Council Bill 47 which instructs certain directors to undertake certain activities in regard to contamination in the Allegheny River.

The actions that Council requested are reasonable and I am sure the Director of Water and the Water and Sewer Authority Board would undertake the actions if they were requested to do so. However, it is not within the powers of Council to order department heads to take any administrative action. Section 201 of the Home Rule Charter provides that the Mayor is the chief executive and administrative officer of the City."

Therefore, he is concluding that that should be done but it should not be a formal action of Council.

Basically, I think what is being suggested here is, even if the votes are here to override, the Mayor is saying it is not within the confines of Council to be suggesting that this be done. I should rephrase that; not suggesting, mandating, that this be done. Somehow, I would like us to achieve our goal here because I think the goal is a very deserving goal and we should proceed in this manner and I certainly will let the people in the Water and Sewer Authority know of this resolution. But I would like to see it accomplished in harmony somehow. In other words, if the Mayor is saying yes, we will do it, and this ordinance is not proper, maybe we should be presenting it in a different fashion, maybe with a non-binding resolution as a will of Council rather than a formal resolution. That gets back to my original point; even if the veto were overridden, the Administration, according to his letter, is not mandated to act, but they certainly appear to be very receptive to act. So, I would not want us to get into a

battle on this one with the Administration; I would just rather them do it. And however we can achieve that without having the veto, let's do that.

**Michelle Madoff:**

Madam President, I think you're going to say what I'm about to say; there is a veto. The purpose of the Mayor's veto is, he is saying to us that he has certain rights and we have certain rights. And one of his prerogatives is to be an administrator and we are the legislative body, he is the administrative body, and he is saying to us that we cannot order his department heads to do things. But you left out the third paragraph which is the most important, which says, "Accordingly, I am vetoing Council Bill 47, but I will ask the department to carry out the tasks you ask to be performed." In other words, he is agreeing that this is the very important issue. He's not begging the issue; he's going to do it. Everything in the request will be directed to his people but he's saying that we don't have the prerogative of ordering his department heads, and we'll get to that in the next bill. But if that is his position and he's already said he is going to do what was requested in this bill and we've already had lengthy dialogue, I think all we have to do is sustain his veto and get on with the fact that we want it and he is going to do it. We don't need to present it in another form. When someone acquiesces and says they're going to give you a loaf of bread, you don't need to have a resolution asking for a loaf of bread. Or, as someone said, you can't take yes for an answer.

**Mr. Ferlo:**

My only other point is that, in the past, there have been communiques to the Solicitor to do various things. I am reminded of the Alcosan interpretation

requested by Councilmember Wagner. I think Michelle, probably in the past, on many, many occasions has asked the Solicitor and various department directors to do things. So, it's with that concern, cooperation is a two-way street and I hope that, obviously, this will not win in override but I hope the Mayor and the Administration is being sincere when they say that they share our concern about the upstream water contaminants. I still maintain my earlier concern that it's not a big deal and he should do it.

**Mr. Wagner:**

Finally, I'd like to say I think it's simply a matter of procedure here. The Mayor has indicated that he will move forward with it. I would suggest, obviously, the votes are not here to override the veto, I am personally not going to vote to override it but at the end of the Council meeting I would suggest that we present the same resolution as a non-binding resolution and send it to the Administration.

**The Chair:**

Is there any further discussion on the motion?

And on the question, "Shall the motion pass finally?"

The ayes and noes were taken agreeably to law, and were:

**Ayes:**

**Mr. Ferlo**

**AYES 1                      NOES 6**

**VOTING NO:**

**Mr. Coyne**

**Mr. Lyons**

**Michelle Madoff**

**Mr. Pollock**

**Mr. Wagner**

**Mrs. Masloff**

**(Pres't)**

And there not being two-thirds of the votes of Council in the affirmative, the motion was defeated.

**The Chair presents**

No. 171 Communication from Richard S. Caliguiri, Mayor, City of Pittsburgh, returning with his veto Council Bill No's. 75 and 76 entitled, "Resolutions amending the budget by adding as an employee a legal advisor, and appropriating additional funds from the Social Security fund."

Which was read.

**(MAYOR'S VETO LETTER)**

February 3, 1988

Honorable President and Members  
City Council  
City of Pittsburgh

Dear Madame President and Members:

I am returning as vetoed Council Bills 75 and 76 which amend the budget by adding as an employee a legal advisor, as well as appropriating additional funds from the Social Security fund.

In a time of diminishing City resources, the expenditure of \$40,000.00 for a legal advisor, as well as the inevitable attendant staff and support costs, is excessive. It is not my intention to deny Council access to independent legal advice, but I believe that a full-time staff position is inappropriate.

Very truly yours,

Richard S. Caliguiri

(END OF LETTER)

**Mr. Lyons:**

Madam President, I move that we sustain the Mayor's veto.

**Mr. Pollock** seconded the motion.

**Michelle Madoff:**

Discussion. I think it's very interesting that the Mayor wants to keep his prerogatives and I am grateful that he agrees in principle with the motion before us in the previous bill and has indeed given us a yes answer without having to be ordered to do it, and can't be ordered to do it. My concern is that he agrees that Council can have its own legal counsel and he says, "It is not my intention to deny Council access to independent legal counsel, but I believe that a full-time staff position is inappropriate."

Let me refresh everybody's memory. My initial bill was to have a consultant; I had amended my bill to have a consultant for the exact reasons that the Mayor is expounding and those that Mr. Pollock and others have stated, that with economic times ahead, there was no reason to put a \$40,000 expenditure that would require the benefits and the supporting staff and perhaps could grow. I also felt that perhaps it should be a lawfirm because a lawfirm has broad legal knowledge as opposed to very focused information.

I voted to allow my bill to be amended again for a legal counsel full-time at \$40,000 because there were only five votes. If we didn't amend it to say full-time legal counsel, if I didn't go

along with that, there would no legal counsel advising this body. I really had no choice; it was that or nothing.

I think it would be appropriate to proceed with the original bill. I'm afraid we're going to have to vote according to procedure on the Mayor's veto and then, again, perhaps since we didn't win this one, in the case of the water litany and doing the review of the Ashland Oil spill, the Mayor has agreed to do it but he has not agreed to allow us to have legal counsel that is full-time, but it is not his intention to prohibit us from having an attorney, that we proceed with the original motion, my original bill, which is to have legal counsel as a consultant as opposed to not having any legal counsel. That will show whether this Council is wanting to engage in snitfits, political snitfits with the Mayor, or whether we really want to be professional.

It doesn't matter to me whether we have a full-time legal counsel or whether we have a consultant, and it does matter in the sense of the economic factors. But I believe we need to have some kind of independent person here assigned to us. When I say independent, I don't mean independent in that they're going to take on the Administration because, frankly, our legal counsel cannot go to court on anything substantive. But what they will be here for is to guide us on issues such as the ones we're having right now; we don't know whether aye means nay and nay means aye in the veto. We'd have somebody standing telling us, not having to rely on Mike Perry all the time. We'd have somebody helping us in the phrasing of the bill, to say, "Michelle, when you're introducing a bill to have legal counsel and it's going to be full-time, do you know what this could mean?" so that I may have had the bill he'd introduced it another time until we could get enough support to have a lawyer who would indeed be a consultant and not

have the debt that would be extra costs that would be attributed to having a full-time on-staff person.

It seems to me that there was a great deal of sentiment. I think Councilwoman Masloff expressed interest, and so did Mark Pollock, in supporting legal counsel if it was on a consulting basis, but we were so adamant, never thinking the Mayor would veto the bill, thinking \$40,000 was not significant.

Well, now that he is vetoing, and he has that prerogative, and I don't think there are enough votes to override his veto, I'm disappointed that he did that but, on the other hand, I want somebody here, whether it's one of the 17 attorneys assigned to the City, one of them assigned to Council and the Mayor's staff. We asked Mr. Pellegrini and he said no, he would not assign one person to us. I think his reasoning is that he has a broad spectrum of expertise through the whole Law Department and would have us use the entire Law Department, but it's not somebody here all the time when we need information.

And I think probably the most important thing is, again, I want to be very, very clear, the only way that we can hope to get any legal counsel, an attorney for this body, is to have a consultant. The Mayor is not opposed to our having legal counsel or independent, if it's a consultant firm. He is opposed to the potential of hiring a full-time person and the staff that that might grow to need in time. I don't think there are enough votes to sustain this bill and we'll end up with nothing.

My concern, if I may finish, is that the most glaring example, and I cannot believe what I read in the editorial in the Press, I think they didn't have all the facts, the fact that was missing was the

fact that Mr. Wagner, last June, tried to get an opinion as to whether the Mayor had the authority to appoint members to Alcosan and therefore has the authority to remove. He wasn't given the information by our Law Department because it is a rule that in order to get a legal opinion it has to be requested by the body, and the body meaning five members of this Council. Now, Mr. Wagner could have gotten five members of this Council to make that request, but nobody even went back to him and said, "Mr. Wagner, the reason we're not answering your request is that you have to have a letter come from the body, therefore, five members." Now, we're talking about June, July, August, September, October, November, December, January; for eight months we did not have a legal counsel --

#### **The Chair:**

Michelle, stick to the issue before us.

#### **Michelle Madoff:**

I'm sorry, Madam President, that is the issue. The issue is that we need legal counsel. The Mayor is saying he does not object to our having legal counsel; he said so in his veto. He said, again, "It is not my intention to deny Council access to independent legal advice but I believe a full-time staff position is inappropriate."

I'm then suggesting that we go to a consultant as soon as we deal with this veto or at the appropriate time.

#### **Mr. Lyons:**

Madam President, I am informed that the form of my motion should be amended to read that the Mayor's veto be overridden, not sustained.

**Mr. Coyne:**

Madam President, I disagree with Councilwoman Madoff. I don't see anywhere here where the Mayor suggests in any manner that he would agree to have a consultant for an attorney for Council. I see where it says, "It's not my intention to deny Council access to independent legal advice", but I don't see anything where it says, "But I would agree to the fact that Council could have an on-going consultant basis." I don't read that in there. And I do believe that if you do see that in there, you're reading something that isn't there.

I believe that too often this Council has been the butt of jokes. I believe that too often the Administration has used City Council's not having a legal person here to their advantage and to our disadvantage. I believe that in a time where people in the Administration are receiving bonuses and are getting extra amounts in their pay, that City Council deserves to have a professional legal person on staff and I would ask members of Council to override the Mayor's veto on that point. Thank you.

**Mr. Ferlo:**

Madam President, I concur with Councilmember Coyne. As far as I'm concerned, this letter from the Mayor is both ludicrous as well as laughable. The fact of the matter is that the Administration, from a financial point of view, is financially run amok. We have an Administration, this past week alone I raised criticisms about spending \$36 a book on which something that amounts to nothing more than a political publicity piece for the Administration on the MBE program. It's over \$12,000.

The Administration, who was upset about the fire arbitration award, allowed \$80,000 in bonuses for top administrators

regardless of the issue of the merit pay increase. This administration spent over \$250,000 for department directors' automobiles. It spends \$50,000 for car phones. It allots \$370,000 for city travel which amounts to basically funds for those employees who would like to travel around the country at great expense. We have a department director who spends \$14,000 on art pieces for his wall. We have an Administration, quite frankly, that has issued several million dollars a year in consultant contracts which are nothing more than political plums for those people who contribute heavily to his political aspirations. We have an Administration that has allowed \$36,000 in gas credit cards for people to float around the City so that they don't have to go to the gas pumps on 29th Street. With this kind of amount of money being allowed by this Administration, I find it laughable that the Administration is concerned about \$40,000 for this independent legislative body to act on it's own and have its own independent legal advisor.

I think it's important that we override the Mayor's veto; it's very clear that this has nothing to do with City finances in amount of money. It has to do with politics; it has to do with whether the Administration wants this Council to be independent. And if Councilmembers refuse to override this, I question whether or not they seriously review their own responsibility and role here as a legislator and as an individual to be independent. It has nothing to do with finance; it has everything to do with the Mayor not wanting this Council and this new Council to be independent and to make the kind of contribution I think we go elected to make.

**Michelle Madoff:**

Madam President, you are aware, having been here as long as I have been

here, that I have introduced a bill for a legal counsel at least four times and went to court on a 5-4 vote to get some help, both a fiscal advisor and legal counsel. It is apparent that we don't have the votes to override. If the five of us were to vote, it's not enough votes. You need six and there are not six votes in this body, that if know of. If anybody knows of any other vote, I'd like them to share it with me. Since we cannot get that, I don't think we should cut off our noses to spite our faces. Therefore, we get an attorney that is a consultant as opposed to no attorney that can still be independent because we hired them from a law firm.

**Mr. Wagner:**

Madam President and members of Council, I've also supported this bill and a similar bill at least twice before because a bill can come up within one legislative session. The bill gets back to the basic concepts of the Charter. There are three branches of government in this City, the Mayor representing the Administration, Council the Legislative body, and the Controller. The Mayor has 17 lawyers on his staff; the Controller has a lawyer. Council has none. In order for this body to be respected as a professional body, of which it is not today, it must bring professionalism into it. Every borough surrounding and part of Allegheny County with a City Council has a solicitor or a lawyer. This municipality, the largest in Allegheny County, does not. It's a basic ingredient that's necessary to professionalize this body. When the makers of the Charter put the Charter together, they gave us that opportunity. The specifically indicated in the Charter that Council has the right to hire its own solicitor. This, I believe, is a councilmatic situation, it's a councilmatic action.

The Administration's position here,

I don't believe, is that important. Even though the Mayor has the right to veto, he is doing it for budgetary reasons. I can't blame him for doing it for budgetary reasons. I can blame Council, though, for not unanimously, 100 percent across the board, supporting this bill. All this bill can do is to professionalize this Council. It can do nothing else but that. And I can state numerous examples whereas if this Council had its own legal advisor, we would have saved this City a lot of embarrassment and a lot of dollars. One good example, ARC House. Some members of Council were not here when ARC House came up. Council denied permit to ARC House; ARC House took City Council to court and the City had to pay \$50,000 lump sum to ARC House plus all the legal fees involved in that whole court action.

It would be very difficult for this body to disagree with its own solicitor, with its own lawyer. We have none; we've never had one. When are we ever going to upgrade ourselves and professionalize ourselves? I truly believe that we have to do that today. This is not a conflict with the Administration; this is whether or not Council itself, within itself, wants to do something to professionalize itself. That's what this issue is; that's all it is. I can't see how this vote cannot be unanimous on this Council.

**Michelle Madoff:**

I have introduced this bill in exactly the same language that was just used by my colleague, Mr. Wagner. We need to professionalize Council by having an attorney, our own, for all the reasons that he's given, and every reason that has been given at this table. But I'm trying to get this Council to deal with reality. The reality is that we don't have enough votes to override the Mayor's veto.

I will support my bill simply because I made the bill and I voted for it previously. But what happens when we lose? Are we going to say we're going to punish ourselves and not go out to independent counsel as a consulting firm? The Mayor's not saying we can't do that. One of my colleagues said he doesn't say that we can, but he doesn't say we can't. My interpretation of what he is saying is he's only opposed to full-time and a full-time staff position; he's not opposed to having a consultant as a legal advisor to this body for the same \$40,000 because it then does not appear that it would grow.

What I'm trying to address here, in case it got lost here in all this rhetoric, is that obviously I introduced the bill because I believe we need legal counsel. Mr. Wagner has introduced the bill. I've introduced it for years for the same reason that we need to professionalize this body; we need the help. But if we lose it, what are we going to say; it's the Mayor's fault? Or are we going to be professionals and say, alright, we couldn't get full-time, we're not going to go out for a consultant where we don't have the supportive staff and have something.

That's what the issue is here; we're going to lose it. We're going to vote for our own bills. There will be five votes and we've lost the veto. What do we do then?

**Mr. Pollock:**

Call the question, Madam President.

**The Chair:**

We are now voting on the Mayor's veto on Council Bills 75 and 76. To override the Mayor's veto, you will vote aye.

Is there any further discussion on the motion?

And on the question, "Shall the motion pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

|           |                 |
|-----------|-----------------|
| Mr. Coyne | Michelle Madoff |
| Mr. Ferlo | Mr. Wagner      |

|        |        |
|--------|--------|
| AYES 4 | NOES 3 |
|--------|--------|

VOTING NO:

|             |              |
|-------------|--------------|
| Mr. Lyons   | Mrs. Masloff |
| Mr. Pollock | (Pres't)     |

And there not being two-thirds of the votes of Council in the affirmative, the motion was defeated.

#### REPORTS OF COMMITTEES

**Mr. Pollock presented**

Bill No. 172

Report of the Committee on Finance for February 3, 1988 transmitting sundry resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 73

A Resolution entitled, "Resolution providing for the issuance of a warrant in favor of Humphrey, Herbert, and Alber in the amount of \$11,842.16 for payment for work related to the production of the MBE/WBE 1986 Annual Report, furnished for the benefit of the City without

previous authority of law; and providing for the payment thereof."

Which was read.

**Mr. Ferlo:**

Madam President, on Bill No. 73, the much talked about \$36 publicity document of the Administration, I wish to make it clear that I'm voting no on the for the lengthy discussion that took place last week, and I would ask that those people who voted no last week, please vote no here today also.

**Mr. Coyne:**

Madam President, like Councilman Ferlo I also am going to vote no on Bill No. 73. The thing that really bothers me about the bill is that the folks went out and spent the money and came to us, an afterthought, asking for authorization to do so. I think that proper procedure should be now and in the future to come to Council with plans and ideas on how they plan to spend money and to see if it's something that we're going to support in the future.

I, like Mr. Ferlo, have several questions about the book, including its contents and the company that was used to do the study.

**Mr. Ferlo:**

Mr. Perry, no last minute lobbying on this bill, if that's what you're doing.

**Mr. Perry:**

I'm not lobbying; I'm informing the President that we need six votes to pass this bill.

**Mr. Ferlo:**

I understand that.

**Mr. Lyons:**

Madam President, what we had pointed out at the time, this is the procedure of the City, to make the debt and then come to Council for payment. That's the procedure that is used by all departments, to go out and make the debt and come back and ask Council to sustain their efforts.

**The Chair:**

In some instances, yes, that's permissible.

**Mr. Ferlo:**

Is there a vote in motion?

**The Chair:**

We're discussing this bill.

**Mr. Pollock:**

I make the motion to recommit Bill No. 73.

**Michelle Madoff** seconded the motion.

**The Chair:**

Is there any discussion on the motion?

And on the question, "Shall the motion pass finally?"

The ayes and noes were taken agreeably to law, and were:

**Ayes:**

|                 |              |
|-----------------|--------------|
| Mr. Lyons       | Mr. Pollock  |
| Michelle Madoff | Mrs. Masloff |
|                 | (Pres't)     |

|        |        |
|--------|--------|
| AYES 4 | NOES 3 |
|--------|--------|

(MR. COYNE, MR. FERLO AND MR. WAGNER VOTING NO)

And a majority of the votes of Council being in the affirmative, the motion was approved.

**Mr. Ferlo:**

Madam President, in the future I would ask that the City Clerk refrain from lobbying on this.

**The Chair:**

He wasn't lobbying.

**Mr. Ferlo:**

I think he was lobbying. I think it was clear the vote was going to take place; we should have had the vote today.

**Michelle Madoff:**

Point of order. Madam President, the reason I voted to put the bill back in Committee is that we need information as to whether we're going to be sued or whether, the question I had asked, whether Duquesne Light was going to be approached to pick up the difference, whether Duquesne Light has agreed to pick up the difference.

**Mr. Ferlo:**

Thank you, and if you remember, Madam President, I had asked that this bill be held a week ago for that very reason.

**The Chair:**

You're out of order. This bill has been recommitted.

Also,

**Bill No. 77**

A Resolution entitled, "Resolution providing for an Agreement or Agreements for stenographic reporting services in connection with Public Hearing(s) and providing for the payment of the cost thereof."

Which was read.

**The Chair:**

Is there any discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

|                 |              |
|-----------------|--------------|
| Mr. Coyne       | Mr. Pollock  |
| Mr. Ferlo       | Mr. Wagner   |
| Mr. Lyons       | Mrs. Masloff |
| Michelle Madoff | (Pres't)     |

AYES 7                      NOES none

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Also,

**Bill No. 103**

A Resolution entitled, "Resolution authorizing the issuance of a warrant in favor of the Commonwealth of Pennsylvania in the amount of one thousand three hundred and seventy-six dollars and thirty-four cents (\$1,376.34) to return costs disallowed by the City and collected from its JTPA subrecipients in conjunction with the 1987 subrecipient audit."

Which was read.

**The Chair:**

Is there any discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

|                 |              |
|-----------------|--------------|
| Mr. Coyne       | Mr. Pollock  |
| Mr. Ferlo       | Mr. Wagner   |
| Mr. Lyons       | Mrs. Masloff |
| Michelle Madoff | (Pres't)     |

AYES 7                      NOES none

And there being two-thirds of the votes of Council in the affirmative, the bill passed finally.

**Mr. Woods presented**

Bill No. 173

Report of the Committee on Public Works for February 3, 1988 transmitting sundry resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 83

A Resolution entitled, "Resolution granting unto Mr. Jerry Lebovitz, 109/111 Market Street, his successors and assigns, the privilege and license to construct, maintain and use, at his own cost and expense, an elevator and shaft in a portion of the sidewalk of Market Street in the 1st Ward of the City of Pittsburgh."

Which was read.

Also,

Bill No. 84

A Resolution entitled, "Resolution granting unto Charles Merlino, Samuel Fevig, Robert Saffron and Marie Good, their successors and assigns, the privilege and license to construct, maintain and use at their own cost and expense an off-street parking area on a portion of the Road right-of-way of Cherryland Street in the 26th Ward of the City of Pittsburgh."

Which was read.

Also,

Bill No. 85

A Resolution entitled, "Resolution granting unto Forbes and Allies Center, 3109 Forbes Avenue their successors and assigns, the privilege and license to construct, maintain and use at their own cost and expense a parking area on a portion of the right-of-way of Maurice Street in the 4th Ward of the City of Pittsburgh."

Which was read.

**The Chair:**

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

|                 |              |
|-----------------|--------------|
| Mr. Coyne       | Mr. Pollock  |
| Mr. Ferlo       | Mr. Wagner   |
| Mr. Lyons       | Mrs. Masloff |
| Michelle Madoff | (Pres't)     |

AYES 7 NOES none

And a majority of the votes of Council being in the affirmative, the bills passed finally.

**Mr. Ferlo presented**

Bill No. 174

Report of the Committee on General Services for February 3, 1988 transmitting two resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 13

A Resolution entitled, "Resolution providing for a Professional Services Agreement or Agreements for consultation on 'Underground Storage Tank Management' at the City's Garage Facilities, Department of General Services, Bureau of Fleet Management, and providing for the payment of the cost thereof."

Which was read.

**Michelle Madoff:**

Madam President, on Bill 13, the \$60,000 for the consultant, as you know, I objected to that strenuously the other day and I have since made arrangements for a consultant to meet with Director Botsford on Wednesday morning, free, no charge, to give us some direction as to what to take. I notice she's very anxious to get on with this bill because we're in violation of the federal laws, the environmental laws, and we are subject to fine. But I really don't think that one week is going to make all that much difference and I would like to hold the

bill for one week.

**Mr. Pollock** seconded the motion.

**The Chair:**

Is there any discussion on the motion?

And on the question, "Shall the motion pass finally?"

The ayes and noes were taken agreeably to law, and were:

**Ayes:**

|                 |              |
|-----------------|--------------|
| Mr. Lyons       | Mr. Pollock  |
| Michelle Madoff | Mrs. Masloff |
|                 | (Pres't)     |

AYES 4 NOES 3

(MR. COYNE, MR. FERLO AND MR. WAGNER VOTING NO)

And a majority of the votes of Council being in the affirmative, the motion was approved.

Also,

Bill No. 14

A Resolution entitled, "Resolution providing for a Professional Services Agreement or Agreements for the direct purchase of natural gas for use by City facilities, and providing for the payment of the cost thereof."

Which was read.

**The Chair:**

Is there any discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

|                 |                          |
|-----------------|--------------------------|
| Mr. Coyne       | Mr. Pollock              |
| Mr. Lyons       | Mr. Wagner               |
| Michelle Madoff | Mrs. Masloff<br>(Pres't) |

AYES 6 NOES 1

(MR. FERLO VOTING NO)

And a majority of the votes of Council being in the affirmative, the bill passed finally.

**Mr. Coyne presented**

Bill No. 175

Report of the Committee on Parks and Recreation for February 3, 1988 transmitting one resolution to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 43

A Resolution entitled, "Resolution authorizing the Mayor and the Directors of the Department of Parks and Recreation, and Finance, on behalf of the City of Pittsburgh, to enter into an Agreement or Agreements with Bell Atlantic Mobile Systems, Inc. to allow installation of Mobile Telephone Equipment at 6720 Stanton Avenue in Highland Park, for a one (1) year period, with an option for two (2) additional years. The purpose of this installation is to guarantee telephone service throughout the Highland Park area."

Which was read.

**The Chair:**

Is there any discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

|                 |                          |
|-----------------|--------------------------|
| Mr. Coyne       | Mr. Pollock              |
| Mr. Lyons       | Mr. Wagner               |
| Michelle Madoff | Mrs. Masloff<br>(Pres't) |

AYES 6 NOES 1

(MR. FERLO VOTING NO)

And a majority of the votes of Council being in the affirmative, the bill passed finally.

#### MOTIONS AND RESOLUTIONS

**Mr. Wagner:**

Madam President, I would like to defer to Councilman Ferlo to present this resolution as a non-binding resolution to Council.

**Michelle Madoff:**

I think its unnecessary simply because the Mayor has already agreed; he has said yes. Why are we going to vote to embarrass the Mayor when he's agreed on it? The issue is to get the job done, not to fight amongst departments, amongst Council and the Mayor. He said yes, he will do it. Why are we going to have it as another motion? If you want to go through the format, I'll vote for it again, but it's silly.

**The Chair:**

I'll allow the resolution to be introduced and then we'll vote on it, whether or not we'll pass it as a non-binding resolution.

Mr. Ferlo, do you want to introduce the resolution?

**Mr. Ferlo:**

I move the resolution is a non-binding resolution.

**Michelle Madoff** seconded the motion.

Which motion prevailed.

**Michelle Madoff:**

On another matter. I would like to get some help from the President of Council, and from the Finance Chairman if I have your permission, and from the City Clerk. It is apparent that we lost the battle to have our own legal counsel as a full-time job. Now it's time to find out where this body stands, whether we're really interested in being professionals, and whether the Mayor did mean, as I interpreted his letter to mean, that he has no objections to our having an independent counsel providing it doesn't increase the future budget allocation by having that person be a consultant.

Now, if I make it as a floor motion, and I think I have support on this Council from Mr. Pollock and yourself, Madam President, it would be a non-binding resolution and we need it to be binding. That's why I'm asking for direction; I believe there is a way of doing it from the floor but it is still binding and the Mayor could include it in his budget. He could prove to us that he's not opposed to our having our own counsel by allowing it to be in the budget, in the Mayor's

budget. This is the last week for us, is it not? Or are we past our deadline?

**Mr. Perry:**

We're past our deadline.

**Michelle Madoff:**

So now it's a matter of actually -- then it is a wish of Council because we're past the budget. Is that correct, Mr. Perry?

So, my motion would stand as it is, if I have a second, and we'll see whether my colleagues really and truly mean to professionalize this Council and we'll find out whether the Mayor really meant what he said, as I interpreted his letter, that he has no intention of stopping us from having a counsel, he just doesn't want it to be a full-time person, he wants it to be a consultant so that we will not expand the indebtedness of the City.

My motion is specific, that we have legal counsel, hired by this body, not to exceed \$40,000, to be a consultant, not a full-time legal counsel. Do I have a second on that?

**Mr. Pollock:**

Before seconding it, I don't know what the motion was but before clarifying what the motion was --

**Michelle Madoff:**

What do you mean you don't know? I was very specific.

**Mr. Pollock:**

If I can possibly paraphrase what I think Michelle is saying, and she can correct me if I'm wrong, it would not be a line item in the budget, a separate

code account, but it would come under professional services as the City Controller does. It's on a contractual basis for professional services as certain departments, including the Mayor's own office, does have professional services. We only have that line item and I know the amount of it was changed at the end of our budget and I forget the final figure -- \$10,000 is the final figure?

**Michelle Madoff:**

Excuse me. There's a companion bill.

**Mr. Pollock:**

As of right now, where the City stands now, the final budget approved by Council at the end of 1987, Mr. Perry says there's \$10,000 for professional services which we have the right to use for attorneys on a contractual basis. And in the two years I've been on Council, we have dipped into that fund on one occasion that I can recall to retain the law firm of Meyer, Unkovic and Scott to advise us on the Minority Set Aside Program which I believe was Michelle's bill which the Administration and Mr. Pellegrini did not support and felt was illegal. We had our own legal counsel who gave us an opinion saying it was legal and we paid that firm for its work.

We now have \$10,000 in there which we can use right now to retain outside counsel on a case by case basis, on an as needed basis, and the Mayor wouldn't have to do anything. But if Michelle feels that the \$10,000 is not sufficient, and she would like to ask the Mayor since he can do it and we cannot at this point, to increase the amount of that line item for professional services for Council, if she would give a specific amount, I would be happy to entertain supporting her on that. But I am trying

to clarify where she is coming from and if I'm inaccurate I would ask that you grant her the floor to correct what I said, if I'm inaccurate.

**Michelle Madoff:**

Before Mr. Pollock got to Council, you will recall, those of us who were here, some were here, I'm not sure, that we had a \$25,000 bill, I believe, for a consultant out of the same fund that was used for the vote on the Pirates. And then we had, I don't remember how much money it was on the consultant we hired on the Water and Sewer Authority; it was a substantive amount. And I believe there was a consultant on the plant closing legislation. So, the amount of \$10,000 would not be sufficient.

I'm asking that we use the \$10,000 and we ask the Mayor in good faith, in harmony and peace, to work together for the good of the public to help this Council to be more professional, to see if he means what I interpret his letter to mean, that he has no objection -- I repeat, it is not his intention to deny Council access to independent legal advice but it should not be a full-time staff position. I am therefore asking that we continue to request that we have our own legal counsel, it be a consultant, and the figure not exceed \$40,000. We have \$10,000. Ask the Mayor if he would please allow us to transfer \$30,000 from another code account to this account.

**The Chair:**

We'll still be spending \$40,000 --

**Michelle Madoff:**

That's not the Mayor's objection, Madam President. His objection was an objection you had and Mr. Pollock had, that we will need supportive staff, that it will grow to be many attorneys with

other people, paralegals, and that we would need staff and space and there would be two attorneys and three attorneys, and pretty soon Council would have the same number of attorneys that the Administration has, the difference being that the Administration's counsel goes to court and ours does not. I'm thinking, let's get something as opposed to nothing.

The budget, for all intents and purposes, is closed to Council. We do not have the option to open the budget. The Mayor does have that prerogative still; is that correct, Mr. Perry?

**Mr. Perry:**

That's correct.

**Michelle Madoff:**

Therefore, if we appeal to him in good faith, I think he will act in good faith. And I think the Mayor will allow us to transfer from one code account to another, the amount of \$30,000, which account he deems to be appropriate. We will then have \$40,000. We will go with my original bill which was to hire an independent consultant, legal firm, as opposed to one person only. And then we will have something as opposed to nothing.

Now, let's find out how this Council feels. Do we want to be professionals or do we not want to be professionals? The Mayor is basically supporting us but in a different way.

**Mr. Wagner:**

Madam President, there is no bill in front of us.

**Michelle Madoff:**

I made a floor motion and I have a

second, and floor motions are legal, is that right, Mr. Perry? I have a second to my floor motion. I am asking my colleagues to support the floor motion because we only have a week. I would hold it a week and I would have put it in writing --

**Mr. Perry:**

You can do this a month from now, two months from now, transfer money.

**Michelle Madoff:**

The Mayor's budget is not about to close?

**Mr. Perry:**

The transfer of funds you can do anytime.

**Michelle Madoff:**

You told me, if you recall, that Council only had until last week to close --

**Mr. Perry:**

To open the budget, right.

**Michelle Madoff:**

And the Mayor is going to close the budget when?

**Mr. Perry:**

He can take as long as he wants. He can open the budget any time he wants.

**Michelle Madoff:**

So that if you wish to submit this in writing, I have no problem with that as the wishes of my colleagues. But I think the intent -- There's no problem with the

floor motion to get intent and I would like to know what the intent of this Council is; do they really want to have legal counsel with the understanding that we cannot get enough votes for a private full-time consultant.

**Mr. Coyne:**

Now that I'm finally glad other Councilmembers are going to be given the opportunity to speak on this issue, I have no problem with Councilwoman Madoff's proposal here at all. But I do believe that any Councilmember who feels that in the Mayor's veto you see anywhere, any sign that the Mayor is encouraging City Council to have their own legal advisor, you're totally off base. I support you 100 percent on the idea and the principle but, for the record, I would like to state that the Mayor's Office, by his veto, is showing no encouragement to me, none that I possibly can see on his desire that we have a legal staff. Thank you.

**The Chair:**

Before we go ahead, we can transfer anything anytime we want from one account to another. If we went over our \$10,000 appropriation, we can appropriate anytime we wanted. So, I don't think it's necessary to do that at this moment. Let's use that \$10,000 for whatever we need and if we need further appropriation, we'll ask for it.

**Mr. Ferla:**

I agree with Michelle. It's just a question of when we need to fight this battle and I would like to fight it at a later time when we have Mr. Woods' vote on the need for legal counsel.

The other thing I would remind Councilmembers is that Mr. Woods had a bill previous to the introduction of the

resolution by Councilwoman Michelle Madoff on the need for the solicitor and that bill was to increase the professional consultation code account to, I think, \$40,000 from the \$10,000, excuse me, the \$60,000, and that is a motion that is still on the table. It presently has been tabled but I would suggest that we meet when Mr. Woods comes back and we untable that motion and do exactly what Michelle is saying.

But I think very clearly Mr. Coyne has eloquently stated the fact and the fact is, if we can wake up and smell the coffee, this is not a financial issue; this is an issue that the Mayor does not want this Council to have independent legal advisor. I'm not interested in the person from the Solicitor's Office any more than I would want the Congress to entertain Mr. Meese as their solicitor. We need independent counsel. I think it's clear the Mayor does not want us to have this and I would suggest that we untable, when Mr. Woods returns, his motion to increase the professional service code account. Thank you.

**Mr. Pollock:**

I think it's clear that we clarify exactly what would happen and everyone so far, as I interpret it, accurate on the facts. We can always increase this line item any time in the year if we exhaust the \$10,000. The \$10,000 that's in there for professional services can only be expended, though, by a majority vote of Council. In other words, a bill would have to be introduced to retain so and so law firm or so and so attorney to do work on this item. If the five votes are there to retain that attorney, then we can go into that code account or that line item to expend the money. So, any preliminary approval for increasing the amount would be meaningless without subsequent five votes by this Council to approve a specific, number one, desire to

retain an attorney on the certain issue and, number two, the actual firm or attorney delineated in the bill. Have I stated that correctly, Mr. Perry?

**Mr. Perry:**

Correct.

**The Chair:**

That's my understanding too.

**Mr. Lyons:**

Madam President, we're saying what the Mayor would do without knowing what he will do. The Council has their right to ask the Mayor to come in and let's have a meeting with the Mayor. I think from that point we can better determine the course that Council will take. I feel this would be the sensible thing to do. We're here guessing what the Mayor will do or what the Mayor won't do. And I feel since Council, since the Home Rule Charter gives Council the right to ask the Mayor to come in, then we should do that, and we'll have his answers without any further guessing. I feel that that should be the next order of business so we can determine the course which we'll take in the future in regards to counsel.

**Michelle Madoff:**

Madam President, it appears to me from a quick count that we have six votes at least to hire an independent counsel consultant, not a full-time person. There's a difference of interpretation between my esteemed colleague, Mr. Coyne and myself. He believes that the Mayor's letter says he's opposing our having an attorney; I believe he's opposing our having an attorney that is full-time but not one that would be a \$40,000 attorney as a consultant to this Council. We will find

out by virtue of having the bill introduced and seeing if the Mayor will allow the majority of Council to have its will, since I believe that that is his intention. The thing I'm a little bit concerned about is a misunderstanding between your position and mine, and that's, respectfully, that you are saying we have \$10,000 and we can go out and hire as needed. That's what we don't want to do again. We don't want to be caught 20 minutes before a vote and say quick, we have to go out and get a consultant. Even the consultants we hired on the Pirates were after six weeks of hell. The consultant we hired on the Water and Sewer Authority where at the last minute we had to fly somebody in, zip, and we didn't even have time to really get the proper input.

I think we need to go out and hire counsel the same way that the Controller's Office does. They used to pay forty; they're now paying sixty-five but they're getting a thousand and they're getting something like \$200,000 worth of work. I think law firms have a tendency to want to return a little bit of what they earn out of the City by being good neighbors, being good citizens, and being helpful.

I think that when the President of Council appoints a committee, I would not be on that Committee. I just don't want to be on it; it would not be a good idea. I'm sure that I would trust whomever the Committee chose provided it was not someone who had represented anyone, a person assigned to us from that firm who had represented any of us in litigation of any sort. But in the general concept, it seems to be that I've made my point, I've won my victory. There are six votes here already, I don't know Mr. Wagner's vote, to have a consultant as opposed to a full-time attorney. So, on the basis of that, I'm willing to have the bill drafted in its proper form, but I

would ask that the President of Council meet with the Mayor to clarify the meaning of his veto. My interpretation is that he is not opposed to our having it, as he has stated. Mr. Coyne's interpretation is that he is. And perhaps the President of Council could find out from what code account the Mayor would be willing to shift the \$30,000 for the consulting attorney.

**The Chair:**

I think you would have to prepare that motion, put it in writing, and present it to us at the next meeting. This issue is now closed.

**Mr. Wagner:**

Madam President, we have a public hearing tomorrow, I believe, on the Troy Hill Fire Hall and I know Public Safety personnel have been invited to the meeting. Because this is more of a Construction and a Planning project than a Public Safety project, Public Safety decision, it involves more of a budgetary in Planning, I would like the appropriate people from those departments —

**The Chair:**

Who, specifically, do you want?

**Mr. Wagner:**

Someone from the budget staff, someone from the Planning Department, possibly someone from Engineering and Construction.

**Mr. Ferlo:**

I have several other matters unrelated to this, and I concur with Mr. Wagner, but, members of Council, on Thursday we'll begin discussion on several bills that I have submitted last week. First, I have proposed that we

rescind the swimming pool user fees which were approved by the last City Council. These fees amount to a tax increase for the families who use our swimming pools and, further, it's in no one's interest, I feel, to have low income kids locked out of recreational facilities this summer.

**Michelle Madoff:**

That's coming up on Wednesday, Madam President.

**Mr. Ferlo:**

I want to introduce the discussion, Madam President. While I'm against the swimming pool fees, I'm not insensitive to the financial necessity of maintaining our swimming pools. For that reason, I've introduced two bills which will more than compensate for the loss of these fees. I propose that the City sell asphalt to local municipalities outside the City of Pittsburgh. These sales will produce about a half million dollars in additional income to the City.

I've also proposed that \$100,000 be moved into the pool repair fund from the funds which the Administration has used for out of town travel. As I have commented in the past, in 1980 the City spent about \$87,000 on out of town travel and last year alone the total was over \$360,000. That's an increase of over 450 percent. I think the situation is out of control.

Members of Council, I'm asking that we put a limit on these travel expenditures and in that sense we will be making a value judgment on whether its more important to fund seemingly unlimited travel or to keep our pools available to the citizens who paid for them.

The reason I'm speaking about this

now, prior to Thursday's discussion, I hope that members of Council will be available during the week for me to talk to them further about these several bills that I will be bringing before you on Thursday.

On two other matters, Madam President. I would like to win support here today from my colleagues on Council to send a communication to the Administration regarding what I think is a very unfair situation, and that is the negotiated contract which has yet to be signed for the foremen's union. These are individuals, as we know, who are the front line supervisors over our work crews in various departments. I think it's very clear from the in service session that we had with Mr. Schneider that these men and women have been singled out, unlike any other group of City workers, for what I would consider very unfair treatment, and that is that they, unlike any other City employee, are being asked to pay for the amount of their health care coverage that is in excess of the lowest available care. I think that's an unfair situation. I think it was clear, from what I understand of the situation, that there was bargaining in bad faith on the part of individuals, including Mr. Schneider, and I think we on Council should express our concern and support for these men and women. I think we should communicate to the Administration.

It's my understanding that this contract has not been signed and that all that has to happen is a willingness on the part of the Administration to reconsider their position. The union is willing to reopen the negotiation and discuss this issue because, unfortunately, a number of the members were not aware of what they were giving up and they were led down the primrose path by Mr. Schneider.

I know a number of Councilmembers participated in the session, along with myself, and at this time I would like to make a motion that the members of City Council pass a resolution in support of the foremen's union expressing their concern on this contract issue, communicating to his honor, the Mayor, and the Administration their willingness to reopen and rediscuss this contract.

**Mr. Coyne** seconded the motion.

**Michelle Madoff:**

May I just clarify?

**Mr. Ferlo:**

It's a letter to the Administration showing our sympathy and concern for this group of workers in the City and asking the Administration to reopen and reconsider their position on this contract issue regarding the health care coverage.

**The Chair:**

There's no question, anybody can write a letter, but if you want us to write one, we'll write one.

**Mr. Ferlo:**

I'd like a will of Council on this.

**The Chair:**

Fine. We'll write the letter. Mike, will you see that that letter goes out?

**Mr. Ferlo:**

In closing, and then I'll yield the floor to Michelle, and maybe Michelle wants to talk about this, but there are a lot of concerns and misinformation on the issue of the 911 situation. I realize Michelle may want to talk about it now.

and I welcome that discussion, but I'm a little bit confused about conflicting reports I have read. I'm also a little bit alarmed that individuals in the Department of Public Safety are being accused of inappropriately handling their job duties and my limited understanding of the information is that that has not been the case and I think they're getting an unfair rap.

I think it necessitates a discussion by this City Council. I've been criticized in the past for conducting post agenda sessions but on this matter I would hope that the Council President would want to bring the parties involved, Public Safety, representatives from the Mayor's Office, forward so that we can have a discussion on exactly what took place.

So, I am requesting, and I'm not trying to limit the discussion here, that we bring parties before Council in a post agenda session or whatever format appropriately is convened by the President on the issue of the 911 situation.

**The Chair:**

Since that issue is before us at the moment, I'll ask for a post agenda this Thursday.

**Mr. Ferlo:**

Thank you, Madam President.

**Michelle Madoff:**

Madam President, may I just request that that not be a post agenda but that it be changed to a hearing because if it's a post agenda it will not be televised and the public will not be privy to that information. I can tell you from personal experience that the media is very, very concerned. The public is up in arms; it's on the lips of everybody,

discussion groups. Everywhere you go, you hear people talk about the woman who was raped while the police were there and we're now hearing about the person who wasn't saved because the paramedics didn't know where the address was.

I think it's really a very simple issue. I think what happened is that we don't have professionals taking the messages or there's a communication gap in translating the information to the dispatcher. I believe we have, what is it, 43,000 or 73,000 calls a year. It is an aberration; it is not the usual thing but when you hear about it it sounds terrible and it certainly is terrible to the victim.

But I think, and believe, I have talked to the Safety Directors and many people in that department, they're working feverishly to try to correct this problem and working with the police officers and the paramedics to prevent this kind of incident from happening again, finding out what the problem is, having a procedure that will eliminate this from happening repeatedly. And if there's going to be a discussion, it should be done in public so the public can know what's happening. However, if it is the will of the President of this Council that she set up a meeting with the Safety Department so we know what has happened, I personally would like to hear the two tapes myself. I'd like to hear the tape and I would like to know exactly what happened between the time the person took the message and the dispatcher, whether they're one in the same, whether there was somebody else, and how the error was made. And again, on the paramedics, I'd like to hear the tape and whether instructions went out giving directions to go to the house. They were looking at a map as opposed to being told exactly where the house was.

**The Chair:**

We'll let them tell us that.

**Michelle Madoff:**

I don't want to have a kangaroo court and condemn people when they handle 73,000 calls correctly and have two that go awry. But I don't think that we can let this issue go by; I think there's too much public concern for it. And how you choose to deal with it will be acceptable to me, a post agenda or a hearing.

**The Chair:**

I hesitated at setting a hearing because practically all the days are taken with hearings for the next couple of weeks. So, I'm going to set a post agenda for this Thursday.

**Michelle Madoff:**

I'm only saying instead of calling it a post, call it a hearing. Just change the name and if you do that — Oh, there's not enough time to advertise, is that it? Why don't we do it the following Wednesday as a hearing right after session? It should be very brief; it would be 20 minutes.

**The Chair:**

You never know how long it will take. We'll have a post agenda this Thursday on that matter.

**Mr. Wagner:**

On 911, Madam President. As Chairman of Public Safety, the two incidents that occurred within the last week have been very unfortunate. The first incident last week in regard to the rape victim, I want all members of Council and the public to know that

Director Cannon has indicated that a report will be completed within the next couple days indicating whatever problems occurred during that particular incident. They are now performing an internal investigation and they will definitely have that information available by week's end.

The other unfortunate that occurred yesterday, they know what the problem was. The problem was obviously not finding the location, the people in that particular vehicle, and the proper management procedures will be taken to correct that.

I would also like to say, though, in regard to 911, and I think this is very important, that there is a problem at 911 and it's a very serious problem. I have discussed this with Director Cannon and also Deputy Director DiNardo. The public is under the impression that the proper number to call for just about anything in this City is 255-INFO. What the public doesn't realize is, when you dial the number 255-INFO, you are calling the 911 system and you are further obligating an emergency telephone system in the City of Pittsburgh.

We don't have 73,000 calls a year; we have 750,000 calls a year to 911 and 255-INFO. I have asked the Director that something has to be done with this and done soon. We have people that have been trained as emergency operators that are serving as information operators for all general city services. That has to stop and it has to stop immediately. We have a 911 system that is there specifically and only for emergencies. We have approximately six operators working at any time and they cannot be handing out general information about the City. We have a Mayor's Service Center in the City of Pittsburgh; on any general information or any general

problem in regard to the City of Pittsburgh, the proper number to call is the Mayor's Service Center. They are fully staffed and they will let the appropriate department know what the problem is in regard to any situation.

When it relates to an emergency, an emergency dealing with paramedics, fire and police, the proper number to call is 911. That number should only be called when there is an emergency. The 255-INFO number is obligating the 911 system and, in my opinion, should no longer be used.

**The Chair:**

I didn't know that. I thought that was the whole purpose of 255-INFO, so that 911 would be able to get the emergencies.

**Mr. Wagner:**

255-INFO is answered by 911 operators and this has to stop. I have asked Director Cannon to correct that situation as soon as possible. He can take the 255-INFO number and put it in the Mayor's Service Center; he can do whatever is necessary. But I ask the public, and I am asking everyone, to call the Mayor's Service Center for general information in regard to this City. Do not call 255-INFO; that is the 911 emergency line system. We have people that are operators that are taking and giving the wrong information while other people are trying to get into the emergency line system and they are being put on hold or no one is answering the phone.

So please, everyone, don't use the 255-INFO number; use the Mayor's Service Center number or use 911 for emergencies only.

**Michelle Madoff:**

On the same subject, Madam President. I think it's inappropriate to throw the baby out with the bath water. The purpose of the 255-INFO number was to not tie up 911. It was not until after this Council approved and supported that effort on my part, which was my legislation, and we obtained that number from Bell Telephone Company and from Westinghouse who gave up that number. We found out subsequently that the Public Safety Department was using 911 to answer that line and their justification, Mr. Wagner, was the fact that they're going to answer 911 first of all, but what Mr. Wagner said was very obvious, if you're already on a line, you're tying up a line.

Instead of throwing the baby out with the bath water and instead of taking 255-INFO out of operation, which is really the Mayor's Service Center which closes at 4:00 or 4:30 and then there's no one answering it, so people call up at night when they get home from work and their garbage hasn't been picked up and say, "My garbage hasn't been picked up, 911" or "There's a dog out here, 911", tying up the emergency lines. People must understand that 911 is crime in progress and the victim could be you. It could be any one of us. So, what we need to do is to make sure that the Administration provides dollars for an answering machine for 255-INFO or a person for 255-INFO or persons to answer that number 24 hours a day, 7 days a week, or has a call answering machine on it, or an answering service, so that it's taken out of 911 which is the intention of the Public Safety Department according to the Director who spoke to me personally, all three people from that department, that at the end of this year there would be budgetary considerations and monies put aside for the 255-INFO to give what it

says - info. Info meaning where to get your cage for your raccoon, where to pick up some papers in the City if your neighbors are giving you a problem, if there's a tree on your property, if your garbage hasn't been picked up, not to tie up 911.

The villain is not Michelle Madoff who introduced a bill to get those calls off of 911. The proper procedure would be to get the monies allocated to deal with that line or to hire an answering service. Other people use answering services; for example, Cable uses an answering service. I don't know that it's adequate when somebody wants to call in if their cable isn't working, they call a number and that number is an answering service.

So, there's more than one way to achieve an objective but I think it's unfortunate that someone in the Safety Department, excuse me, a member of Council, Mr. Wagner, would say, "We have to stop using 255-INFO." I think what we have to do is start having that Mayor's Service Center as a separate entity, answered as a separate entity, and today put on a call machine you can pick up for \$100, and have the calls on 255-INFO going into that machine which would say, "This is the Mayor's Service Center; that information will be available to you tomorrow. Do not tie up 911 unless it's an emergency."

I think it's unfortunate that if you don't have 255-INFO, everybody who doesn't understand will call and will continue to call. If there's a dying dog in the street - 911. My garbage hasn't been picked up - 911. It's human nature; we cannot change human nature. What I tried to do was provide an alternative and I would hope that Council would support that.

#### Mr. Perlo:

First of all, this information that's being discussed now, if it is accurate both on the part of Mr. Wagner as well as Councilmember Madoff, is very alarming. If it is true that the 255-INFO phones are being answered by the professional emergency trained staff of the 911 system, and if that is accurate and I don't know, that's one of the reasons why it's good that we're having a post agenda, but I think this information is very alarming and I can't believe it's happening. If that is the case, then I think the 255-INFO system should be immediately disconnected, period, until such time that this thing is discussed because, in fact, what is happening, and I agree with the intent of what Michelle initially introduced and I applaud her for that effort, but what is happening is that with that line we are greatly increasing the likelihood that people are flooding those lines regardless of the merits of their complaint or concern with City services. And if the people answering anyway are the 911 emergency personnel, then we have compounded the problem. And if this is the case, I think we should be prepared to take immediate action to have that 255-INFO disconnected immediately. It's a crazy situation that we have these 911 Public Safety personnel trying to answer questions in the middle of the night about garbage and refuse and raccoon cages when they should be answering calls that have been talked about earlier. If that is the case, Madam President, I think it's outrageous that we haven't called for the immediate disconnection of that system until such time that there's proper staffing.

#### The Chair:

We'll discuss it with Mr. Cannon at the Thursday post agenda and then decide what action we want to take.

**Mr. Coyne:**

Madam President, I'd just like to concur with Mr. Wagner and Mr. Ferlo. The idea of the 255-INFO system sounds very good but I think until these questions are answered, I would recommend also that it be taken out of service until we can find out who really is answering the phones down there and if they are emergency personnel, then I don't think that they're doing something that they should be doing.

**Michelle Madoff:**

Madam President, I think that everybody is on the right track; everybody is showing their concern to service the public. But, again, it's the prerogative of the Administration and we are not the Administration. And in this case I would say it's unfortunate because it was my understanding when this bill passed that 255-INFO would be the Mayor's Service Center; it would be the number that would be answered in the evening by other people. I did not find out until we approved it in this Council that indeed it was being picked up by 911. But may I point out to my colleagues who are very bright, or they wouldn't have been elected, right, that prior to the 255-INFO number people were calling 911 for their raccoon cages and were calling 911 for their garbage and calling 911 for everything after 4:30 when they got home and the Mayor's Service Center closes at 4:30. People don't know that so they call in the evening and they call 911. What I've done with the 255-INFO number is to delay that answer on that call after they take 911.

The solution is very simple. I'll give \$100 right now; let's go out and buy a little answering machine, plug it into the Mayor's Answering Service at 255-INFO with a message that says "Call

tomorrow". Then those calls on 255-INFO will not go in to the 911 line and will eliminate those calls that are coming in at 255-INFO being picked up by 911. But I will tell you that until that happens and that number advertises "Do not tie up 911", it will continue. People will not use 255-INFO; they will use 911 to report their garbage not being picked up. That is the problem and that is why we went to the other mechanism.

**Mr. Pollock:**

Madam President, I think it would be best if this Council had all the information before it before calling for any action, and since you're calling for a Public Safety post agenda on Thursday, that we hold off taking any action until we have all the facts and data and the appropriate parties informing us.

**The Chair:**

I will do that. We'll have a post agenda this Thursday.

**Mr. Wagner:**

Madam President; if I may, as Chairman of Public Safety. First of all, this is not a councilmatic action; this is an administrative action. The Administration determines the numbers; this Council cannot, through legislation, do that. This is totally, 100 percent, an administrative procedure. 255-INFO, I have already asked, as Chairman of Public Safety - now the Administration does or does not have to meet my request; obviously, I would like them to - is to take 255-INFO and incorporate that somehow into the Mayor's Service Center.

Councilwoman Madoff is wrong in saying that she didn't know that this went into 911. I knew it, she knew it, Director Cannon told her, Deputy

Director DiNardo told her -

**Michelle Madoff:**

After the fact.

**Mr. Wagner:**

The over-obligation that this has put on the emergency system is incredible. One-half of the 750,000 calls per year are coming in under 255-INFO. Now, if that number is eliminated, will people call 911? They possibly may; know Councilwoman Madoff has done it in the past. I know many people have done it and should not be doing it. The 911 operator is not going to take and give information relating to City services. That is not the purpose of 911. This is a special, short, 3-digit number for emergency purposes throughout the City of Pittsburgh. We will have a cadillac system in about three weeks that has enhanced 911.

Now, it's very important that the public know that 255-INFO, we should not be using anymore. And I know you have used this repeatedly on political literature and many other things. The tying has to stop; this is an emergency number, 911. If you call 255-INFO, you are getting an emergency 911 operator. You are tying up the emergency lines. And as Chairman of Public Safety, I am suggesting that it stop today, now, because the 911 operators cannot handle all the calls that are coming in. They are not qualified to handle calls pertaining to Public Works, to other issues. They have enough responsibility. That is a pressure cooker position, as a 911 operator. It's more of a pressure cooker as a dispatcher in 911. It's understandable that they have become over-obligated in that system. We have to stop it and we have to stop it today.

The Mayor's Service Center number is 255-2621; I'll repeat that, 255-2621. I would like if anyone has a problem to call that number, a general City number. I agree with Councilwoman Madoff; there should be a tape machine put on in the evening or there should be an employee working in the evening. I think Council should make that suggestion. But let's keep emergency, emergency; and general information, general information. The Mayor's Service Center number, 255-2621. The emergency number, 911, for emergencies only.

**Michelle Madoff:**

Madam President, I am very distressed. I am distressed because something that was done to benefit the public in the sense that when the public calls 911 in the evening and we were having problems with that number, I was guilty of it myself, I was looking for Mr. Cannon one night and I called 911 because I didn't know how to call him any other way, there was no other source of calling. When you call 255-INFO, whether there's a live, breathing person there or an answering service, they have every department - The issue I was calling about was an emergency; I was trying to get the Director, I think it was a water leak and we needed some help and I was trying to get hold of someone. We needed some police involvement, I don't recall what the issue was but it was very serious. I did not have the Director's number at home at my house.

On the one hand, the Chairman of the Safety Department, Mr. Wagner, is saying, yes, Michelle Madoff is correct. We should have the Mayor's Service Center, which is 255-INFO and 255-2621, and since he referred to my public literature, I will tell you that it has both numbers. It has the Mayor's Service Center at 255-2621 and then it says 255-

INFO as an easier number to remember because nobody remembers 2621 but they will remember an acronym. INFO is easier to remember.

And while Mr. Wagner is correct, that it indeed does come in on 911, when I was informed after the fact by Mr. DiNardo and Mr. Cannon, I was informed that the reason it's still a good idea was that when the call comes in on the 255-INFO line, they do not pick it up if there's a 911 call coming in. They will take the 911 preference or if someone is on the 255-INFO, they'll say, hold the line, while they take the 911 number.

I agree with Mr. Wagner, it's a pressure cooker, it's a boiler room, and certainly we should not have those people taking 911 calls taking 255-INFO calls. That means, let's not have two wrongs make a right; let's correct the problem by having a call machine put on right away on 255-INFO. Let's have an answering service with a live body by next week where people can get information if they have a water leak or if they have a dead dog in their front yard. I've had calls where dogs are in the back yard and people can't go out of their houses; that's coming in at 911. And I've see three police cars answering that call because the dog could be rabid and he's chasing children, and well they should be there.

But to make this a political issue and an attack on something that was done in good faith and which I think will benefit the public by having a 255-INFO number with an answering machine which is really the Mayor's answering service as an acronym, and to say that that is detrimental to the City, it is not accurate. It is very productive so that people will not call 911, will remember the acronym and not remember the number. If you ask anybody on the street, you go out and ask the first ten

people who live in the City, "Do you know the Mayor's Service Center number?", they don't know. What do they call? 911. But if you say 255-INFO, I'm delighted to hear Mr. Wagner say that half the calls people are beginning to learn that 255-INFO means to call in on the Mayor's Service Center. But he's correct; that should not be tying up 911. And that's a very simple matter. As Safety Director, he would have far more influence than I would in getting the Director to immediately see to it that the Mayor take that number off of 911 and provide a separate answering service. But to accuse me of putting it on my political literature and all this, I don't think it belongs in this Council, I don't think that's the issue. It makes it sound like we're more worried about our own situations than we care about the public and I would like to think that isn't the situation.

#### The Chair:

It was pointed out that this is an administrative move and we'll meet with all the people on Thursday and get the information we want and we'll get it corrected on Thursday. They'll find a solution then and we'll talk to people knowledgeable.

#### Michelle Madoff:

On my last issue. Members of Council or their staffs met with Mr. Mark Zabierek today to discuss and to be briefed on the tax reform hearings that are taking place Wednesday which is the purpose of our cancelling our Wednesday meeting and having it on Thursday. Many people on this Council are going to be testifying. It would seem to me that there are some real reasons that we learned today that it might be to our advantage to have a letter come from this Council supporting the Mayor's position on tax reform because I think it

is a very sound position and Mark Zabierek should be commended for what he has done to bring it so far over overwhelming odds. He's done a really fantastic job.

I would like to have a letter going to the Senate Hearing Commission on tax reform urging them to pass the tax reform legislation as soon as possible and to have that letter go as a body. I make that in the form of a motion.

**Mr. Lyons** seconded the motion.

**Mr. Ferlo**

I don't know what the Mayor's plan calls for but if it calls for an increase in sales tax, I'm not for that. I mean, I don't know what the Mayor's plan calls for and I think it's an inappropriate letter unless we know fully what the Administration is asking for.

**The Chair:**

Michelle, I think the Mayor can speak for himself. Those of us who want to go and testify on his behalf have that privilege. We can't send a letter because, obviously, some people don't agree with the tax package. So, we can each go and speak for ourselves; I intend to go and the Mayor intends to go.

**Mr. Pollock** moved to excuse Mr. DePasquale and Mr. Woods for absence from the meeting.

**Mr. Ferlo** seconded the motion.

Which motion prevailed.

And on the motion of **Mr. Ferlo**

Council adjourned.

# Municipal Record

## Proceedings of the Council of the City of Pittsburgh

VOL. CXXII Monday, February 15, 1988

No. 7

### Municipal Record

#### ONE-HUNDRED TWENTY-FIFTH COUNCIL

SOPHIE MASLOFF ..... President  
MICHAEL PERRY ..... City Clerk  
LINDA M. JOHNSON .. Asst. City Clerk

Pittsburgh, PA  
Monday, February 15, 1988

#### PRESENT:

|                 |              |
|-----------------|--------------|
| Mr. Coyne       | Mr. Pollock  |
| Mr. DePasquale  | Mr. Wagner   |
| Mr. Ferlo       | Mr. Woods    |
| Mr. Lyons       | Mrs. Masloff |
| Michelle Madoff | (Pres't)     |

The Meeting was opened by the recitation of the pledge of allegiance to the Flag of the United States of America.

I pledge allegiance to the Flag of the United States of America and to the Republic for which it stands, one Nation, under God, indivisible, with liberty and justice for all.

#### PRESENTATIONS

Mr. Coyne and Mr. Ferlo present

No. 211 WHEREAS, the Tri State Conference on Steel and the Steel Valley Authority have advocated that the electric furnaces at LTV's South Side

Works be restarted as a partially employee owned company to produce semi-finished slabs for the domestic market; and

WHEREAS, the soon to be released Metals Retention Study, conducted by Hatch Associates Consultants Inc. and A.D. Little, states that there will be a long-term demand for steel slabs based on the changing steel industry structure in the United States; and

WHEREAS, the reopened furnaces would employ up to 350 persons; and

WHEREAS, a company that is partially owned by individuals, partially owned by workers and partially owned by the Steel Valley Authority will protect private investment and, will give the workers and the community a stake in seeing the business operate successfully, while protecting them from decisions by absentee owners.

NOW, THEREFORE, BE IT RESOLVED, that the Council of the City of Pittsburgh hereby supports the Tri-State Conference on Steel and the Steel Valley Authority along with the United Steel Workers of America in their attempt to finance and re-open the South Side electric furnaces.

Mr. Coyne moved to adopt the resolution.

Mr. Ferlo seconded the motion.

Which motion prevailed.

**Mr. Coyne:**

I have with me Mr. Frank O'Brien from the Steel Valley Authority and Father Garrett Dorsey of the Tri-State Conference on Steel.

**Mr. O'Brien:**

I would just like to take the opportunity to thank the Mayor and the members of Council for the support that you've given us over the last year and a half. I think what we have going here now is a few fires burning around the electric furnaces and I think - I don't think, I know - that we can do the same in Pittsburgh that they did in Weirton Steel. I look forward to the support of the Mayor and the Council in the future. Thank you very much.

**Father Dorsey:**

Madam President and members of Council, the first reason that I'm here today is so that you can know that there are not just one of us but two of us. There's some rumor that Frank O'Brien sometimes wears a Roman collar; there are really two different people. We appreciate the support on behalf of the Tri-State Conference on Steel of this resolution and see it not as a symbolic act on the part of Council but as part of the continuing support that City Council and the Mayor has given to these proposals for trying to restart and continue industrialization in our area. The influence of Council as was shown in the past in the LTV matters went far beyond this room and far beyond our state; Youngstown and Cleveland noted what you had done and used your resolutions. So, we think this kind of support, continuing support that we've counted on in the past and will continue to count on, is very important in our efforts for industry in our area in the

City of Pittsburgh. Thanks very much.

**Mr. Ferlo presents**

No. 212 WHEREAS, Pa Pitt was created by the nationally recognized Editorial Cartoonist of the Pittsburgh Post-Gazette, the late Cy Hungerford; and

WHEREAS, Pa Pitt has unofficially represented the Spirit of Pittsburgh for over 50 years; and

WHEREAS, Pa Pitt has proudly ushered Pittsburgh from its industrial beginnings as a smoggy and dirty city to its present status as America's most liveable city; and

WHEREAS, in its efforts to attract tourism and interest into a growing economy, the City of Pittsburgh would benefit from having Pa Pitt as an official mascot; and

WHEREAS, New York has its Apple, San Francisco has its Golden Gate, St. Louis has its Arch, Chicago has its Loop, and Pittsburgh has its Golden Triangle.

NOW, THEREFORE, BE IT RESOLVED, that the Council of the City of Pittsburgh urges the Pittsburgh Convention Exposition Center and the Pittsburgh Convention and Visitors Bureau to adopt Pa Pitt as one of their official mascots; and

BE IT FURTHER RESOLVED, that the City of Pittsburgh proclaims Pa Pitt as one of its official mascots and let it be known that Pa Pitt will represent Pittsburgh through the warmth of a handshake and the sincerity of a smile.

**Mr. Ferlo moved to adopt the resolution.**

**Mr. Woods seconded the motion.**

Which motion prevailed.

**Mr. Ferlo**

Thank you, members of Council. I'd like to introduce Pete Iole who best has brought this character to life.

**Mr. Iole**

Thank you very much, Jim. Pittsburgh, through its very proud heritage in the City and its surrounding neighbors, now have someone who can speak for them in that same heritage line.

Also, looking ahead to the future of Pittsburgh with its Renaissance I and II, we can now look with pride and display that heritage and that renaissance to the world to continue to make Pittsburgh the most liveable city in the United States. And that's what I pledge myself and Pa. Pitt to do.

Thank you very, very much.

**Mr. Ferlo**

I just want to thank Mr. Iole on behalf of Council and let everybody know, including the public, that this man for the last couple of years in particular has been literally at hundreds of events, ribbon cutting ceremonies. He's been working night and day to increase the visibility of the City as being a wonderful place to live and to work and his services are available. Thank you.

**The Chair**

Would Dr. Richard C. Bower, President of the Society of Professional Engineers and Herbert C. Higgenbotham, II, Second Vice President come forward to accept this next resolution, please.

**The Chair presents**

No. 213 WHEREAS, in past decades, Americans have become increasingly aware of the wasteful use of our limited natural resources and our nation's reliance on foreign energy sources to maintain our standard of living and

WHEREAS, in future decades, efforts to develop the use of our resources in the most productive ways and to reduce waste, while minimizing the possibility of harmful impacts on the environment, will be a primary concern of the people of Pittsburgh, Allegheny County and the nation; and

WHEREAS, the creativity and hard work of America's engineers have been instrumental in every phase of the development of this City, County, Commonwealth and nation; and

WHEREAS, engineers have solved now forgotten problems, conquered new ones, and defined future problem areas; and

WHEREAS, in future decades, we will look more than ever to engineers and their knowledge, skills and ingenuity to help meet the challenges of the future; and

WHEREAS, the Pittsburgh Chapter of the Pennsylvania Society for Professional Engineers will honor Silvio Lorenzi, P.E., as the young engineer of the year; Tom Foerster, for distinguished service; and a recipient of the chapter's prestigious Hornbeck Award for Meritorious Services to be named at the annual Engineers' Week Banquet on February 27, 1988, at the Edgewood Country Club; and

WHEREAS, it is fitting that we recognize and honor the continuing

contributions of America's engineers by observing Engineers Week with the motto "Engineers - Turning Ideas Into Reality".

NOW, THEREFORE, BE IT RESOLVED, that the Mayor and the Council of the City of Pittsburgh do hereby proclaim the week of February 21-27, 1988 as "Engineers Week" in the City of Pittsburgh and urges the citizens of Pittsburgh to recognize the contributions made by this special group of people.

Mr. Lyons moved to adopt the resolution.

Mr. Ferlo seconded the motion.

Which motion prevailed.

Dr. Bower:

Thank you, Madam President. My name is Richard Bower and I am President of the Pittsburgh Chapter of the Pennsylvania Society of Professional Engineers. Herb Higgenbotham, as was mentioned, is our Second Vice President; he's also here today.

As some of you may know, the National Society of Professional Engineers first sponsored National Engineers' Week in 1951 as a means to give visibility to our nation's engineering profession. National Engineers' Week is always celebrated the week of George Washington's birthday. Our nation's first president was a military engineer and a land surveyor and he helped found the first engineering school at Valley Forge, PA. That school later became the Military Academy at West Point.

Engineers' Week is an annual observance that's been celebrated each year since 1951. This year's observance provides a time for Americans everywhere to recognize the many contributions that have been made by

this country's 1.6 million engineers.

As mentioned, our theme this year is "Engineers - Turning Ideas Into Reality". This year's celebration will culminate in an Engineers' Week banquet at the Edgewood Country Club on Saturday, February 27th. Six o'clock it starts.

By your proclamation, Pittsburgh City Council has exhibited leadership in providing similar recognition for thousands of engineers who work in the Pittsburgh area and who have made this area the technological leader that it is.

Madam President, Pittsburgh City Councilmembers, on behalf of the officers and directors of the Pittsburgh Chapter of the Pennsylvania Society of Professional Engineers, and for all Pittsburgh area engineers, I gratefully accept your resolution and sincerely thank you for your recognition of Engineers' Week.

The Chair:

Thank you very much.

Mr. Coyne presented

No. 181 Communication from Joseph Cogley, Deputy Director, Department of Parks and Recreation, requesting authorization for Henry Blyth, Duane Ashley and Diane Roth to attend the Sponsorship Now Conference, Chicago, Illinois, March 27-30, 1988, at a cost not to exceed \$3,424.80, payable from the Special Parks Program Trust Fund.

Which was read and referred to the Committee on Parks and Recreation.

Mr. DePasquale presented

No. 182 Resolution providing for a

Cooperation Agreement or Agreements with the Carnegie Library (The Carnegie) for the Central Branch Renovations to the Main Reading Room at a cost not to exceed \$316,000.00, chargeable to and payable from Code Account EC 88-56.

Also,

No. 183 Resolution providing for a Cooperation Agreement or Agreements with the Carnegie Library (The Carnegie) in connection with the Central Branch Rehabilitation at a cost not to exceed \$70,000.00, chargeable to and payable from Code Account EC 88-55.

Also,

No. 184 Resolution providing for a Cooperation Agreement or Agreements with the Carnegie Institute (The Carnegie) for Miscellaneous Renovations at the Carnegie Institute at a cost not to exceed \$75,000.00, chargeable to and payable from Code Account EC 88-54.

Which were severally read and referred to the Committee on Engineering and Construction.

**Mr. DePasquale** moved to suspend Rule 8 by providing for consideration of the bills only until or after the 9th calendar day following the meeting in which the bills were introduced so the bills will be on the agenda this Wednesday.

**Mr. Coyne** seconded the motion.

Which motion prevailed.

Also,

No. 185 Resolution Repealing Resolution No. 519, effective July 11, 1983, entitled: "Providing for an Agreement or Agreements for professional services in connection with elevator maintenance at various City

facilities at a cost not to exceed \$2,500.00, chargeable to and payable from LB 83-17, Engineering Services Contracts."

Also,

No. 186 Resolution providing for a Contract or Contracts, or use of existing Contracts for the P.J. McArdle Roadway Sidewalk Rehabilitation at a cost not to exceed \$225,000.00, chargeable to and payable from Code Account EC 86-31.

Also,

No. 187 Resolution amending Resolution No. 933, effective October 27, 1986, entitled: "Providing for an Agreement or Agreements, or Supplemental Agreement or Agreements with a Consultant or Consultants, for Professional Engineering Services in connection with the Design and Consultant Management of the Retrofit/Rehabilitation/Renovations/Asbestos Removal of the Public Safety Buildings; and providing for the payment of the cost thereof," by increasing the total project allocation by \$185,000.00 (from \$605,000.00 to \$790,000.000) chargeable to and payable from Code Account EC 86-88.

Also,

No. 188 Resolution further amending Resolution No. 1283 of 1985, as amended, entitled: "Resolution adopting and approving the 1986 Capital Budget and the 1986 Community Development Block Grant Program; and approving the 1986 through 1991 Capital Improvement Program," by increasing a line item and by adjusting the Summary Total. EC 86-88, Retrofit of Public Safety Building was increased by \$185,000.00 to provide sufficient funds for a Supplemental Agreement with Schneider Engineers. This increase is

necessary due to design changes requested by the User Department (Public Safety).

Which were severally read and referred to the Committee on Engineering and Construction.

**Mr. Lyons presented**

No. 189 Resolution providing for the implementation of a Residential Parking Permit Program in the South Oakland community pursuant to Pittsburgh Code, Chapter 549.

Also,

No. 190 Resolution Repealing Resolution No. 939, effective October 1, 1981, entitled: "Providing for an Agreement or Agreements with the Garfield Community Organization, Inc., and the Stanton Heights Civic Association, Inc., for the staffing and operation of an inter-community office in connection with the Stanfield Urban Development Action Grant Program at a cost not to exceed \$30,000.00, chargeable to and payable from CD 81-10, Department of City Planning."

Also,

No. 191 Resolution amending Section 11 of Resolution No. 1420, effective December 31, 1980, as previously amended by Resolution No. 359 and 835 of 1981; and by Resolution No. 417 and 830 of 1982; and by Resolution No. 212, and 1012 of 1983, and by Resolution No. 151 of 1984, entitled: "Providing for the filing of an application by the City of Pittsburgh with the U.S. Department of Housing & Urban Development for a grant in connection with the 1981 CDBG Program," so as to decrease line item CP-81-10, "Stanfield (-\$30,000.00) and increase City Council, "Unspecified

Local Option" (CC-81-01).

Also,

No. 192 Resolution No. 793, effective September 22, 1986, entitled: "Resolution providing for an Agreement or Agreements with Hill House Association of Pittsburgh and the Urban Redevelopment Authority for renovation of the building at 2083 Bedford Avenue at a cost not to exceed \$27,000.00", so as to increase the project amount by \$25,000.00 (from \$27,000.00 to \$52,000.00) chargeable to and payable from the 1986 CDBG Program "Unspecified Local Option" (CC-86-01) - \$27,000.00 and the 1981 CDBG Program "Unspecified Local Option" (CC-81-01) - \$25,000.00; total \$52,000.00.

Also,

No. 193 Resolution amending Ordinance No. 31 of 1978, effective November 24, 1978, entitled: "Declaring the need for a Vacant Property Review Committee to function within the City of Pittsburgh and creating the same pursuant to the authority of the Urban Redevelopment Law, Act of May 25, 1945, P.L. 991, as amended" is amended to change the composition of the membership of the Vacant Property Review Committee.

Also,

No. 194 Resolution authorizing the Urban Redevelopment Authority of Pittsburgh to expend \$340,000.00 of Giant Eagle Urban Development Action Grant repayment funds for the Streetface Program.

Also,

No. 195 Resolution amending Resolution No. 1048, effective December 22, 1987, entitled: "Providing for the

execution of a Cooperation Agreement with the Urban Redevelopment Authority of Pittsburgh for the implementation of the Commonwealth of Pennsylvania, Department of Community Affairs Enterprise Zone; and providing for the payment of the costs thereof not to exceed \$23,841.00" to include the Penn Gate Enterprise Zone and increase the funding by \$1,755.00 (from \$23,841.00 to \$25,596.00) chargeable to and payable from the East Liberty Enterprise Zone Trust Fund \$25,596.00.

Which were severally read and referred to the Committee on Planning, Housing and Development.

**Michelle Madoff presented**

No. 196 Resolution transferring the sum of \$40,000.00 from Code Account 57, Social Security Fund to Code Account 1001-2, Salaries, Wages and Services of Council as needed. —  
(SPONSORED BY MICHELLE MADOFF)

Which was read and referred to the Committee on Finance.

**Michelle Madoff** moved to suspend Rule 8 by providing for consideration of the bill only until or after the 9th calendar day following the meeting in which the bill was introduced so the bill will be on the agenda this Wednesday.

**Mr. Pollock** seconded the motion.

Which motion prevailed.

**Mr. Pollock presented**

No. 197 Resolution providing for the issuance of a \$1,400.00 warrant in favor of Mary Ruth Aull in settlement of claim for automobile damage and car rental by a Bureau of Refuse truck at Penn and Braddock Avenue on August 26, 1987, payable from Code Account No.

46, Judgments.

Also,

No. 198 Resolution providing for the issuance of a \$873.00 warrant in favor of Thomas and Geneva Adams in settlement of claim for sidewalk damage by City tree roots at 7111 Gladefield Street, payable from Code Account No. 46, Judgments.

Also,

No. 199 Communication from James Turner, Director, Department of Finance, requesting authorization for himself and Reginald Young to attend the Government Finance Officers Association Conference in Atlanta, Georgia, April 30 - May 4, 1988, at a cost not to exceed \$2,850.00, payable from Code Account No. 1063, Miscellaneous Services.

Also,

No. 200 Communication from Melanie Smith, Director, Department of Personnel, requesting authorization for Barbara King to attend two separate pre-proposal conferences for Summer Training and Education Program Initiatives and Urban Service Corps Initiatives, Harrisburg, PA, February 17-18, 1988, at a cost not to exceed \$450.00, payable from the JTPA-1 Trust Fund. (PRIOR APPROVAL GRANTED)

Also,

No. 201 Communication from Melanie Smith, Director, Department of Personnel, amending Council Bill No. 26 of 1988, requesting authorization for David Farley to attend the U.S. Conference of Mayor's Urban Job Training Annual Conference in Washington, D.C., January 20-21, 1988, by increasing the total cost from \$600.00

to \$660.00, payable from the JTPA-1 Trust Fund, federal funds.

Also,

No. 202 Communication from Dante Pellegrini, City Solicitor, Department of Law, requesting interim approval to enter into an Agreement with Wilson, Elser, Moskowitz, Edelman & Dicker to pay outside counsel for the anticipated challenge to the map drawn by the Pittsburgh Apportionment Commission in the amount of \$10,000.00 or more, payable from Code Account No. 1075, Miscellaneous Services, Department of Law.

Which were severally read and referred to the Committee on Finance.

**Mr. Wagner presented**

No. 203 Resolution authorizing the issuance of a warrant in the amount of \$5,600.00 in favor of Ace Demolition Inc., 3810 Crooked Run Road, North Versailles, PA 15137 in payment for emergency demolition of 560 Singer Place, Ward 13, chargeable to and payable from Code Account, Capital Project Funds.

Which was read and referred to the Committee on Finance.

Also,

No. 204 Communication from Glenn Cannon, Director, Department of Public Safety, requesting authorization for Sergeant Michael Brown, Bureau of Police, to attend a seminar entitled, "Crime Stoppers Program" Birmingham, Alabama, February 11-14, 1988, at a cost not to exceed \$595.00, payable from the PSTA Code Account.  
**(PRIOR APPROVAL GRANTED)**

Also,

No. 205 Communication from Glenn Cannon, Director, Department of Public Safety, requesting authorization for any of a certain twelve (12) Public Safety representatives to attend one or more committee and board meetings for the Pennsylvania Emergency Health Services Council during 1988, Harrisburg, PA, at a cost not to exceed \$3,000.00, payable from the PSTA Code Account. Permission is also requested for use of a City vehicle.

Which were read and referred to the Committee on Public Safety.

**Mr. Woods presented**

No. 206 Resolution amending Resolution No. 1094, effective January 1, 1988, entitled: "Resolution adopting and approving the 1988 Capital Budget and the 1988 Community Development Block Grant Program; and approving the 1988 through 1993 Capital Improvement Program", by creating a new line item entitled, EC 88-65 "Troy Hill Fire Station #39, Rehabilitation" - \$500,000.00. —(SPONSORED BY MR. WOODS)

Which was read and referred to the Committee on Engineering and Construction.

Also,

No. 207 Resolution providing for a Contract or Contracts, or the use of existing Contracts, for the purchase of an Appliphase Squeeze Roll Applicator machine to be used at the Painting Division at a cost not to exceed \$21,500.00, chargeable to and payable from Code Account No. 1635, Equipment.

Also,

No. 208 Resolution granting unto

Robert F. Berberich and Kathleen M. Szuch, their successors and assigns, the privilege and license to construct, maintain and use at their own cost and expense a shed and side yard on a portion of the Right-of-Way of Ray Avenue in the 19th Ward of the City of Pittsburgh.

Also,

No. 209 Resolution vacating an Unnamed Way 7-Foot from Windom Street to the northerly line of Norton Street extended for a distance of 90-Feet, reserving the 2" water line located therein in the 17th Ward of the City of Pittsburgh.

Also,

No. 210 Resolution vacating a portion of an Unnamed Way from Colwell Street, as vacated, for twenty more feet, in the 3rd Ward of the City of Pittsburgh.

Which were severally read and referred to the Committee on Public Works.

#### REPORTS OF COMMITTEES

Mr. Pollock presented

Bill No. 214

Report of the Committee on Finance for February 11, 1988 transmitting sundry resolutions to Council.

Which was read, received and filed.

Also, with a **NEGATIVE** recommendation,

Bill No. 98

A Resolution entitled, "Resolution transferring the aggregate amount of

\$100,000.00 from various Code Accounts to Code Account 1807 Repairs, Index Code (180703), E-15 Swimming Pools, in the Department of Parks and Recreation."

—(SPONSORED BY MR. FERLO)

Which was read.

The Chair:

If you want to support the negative vote, you will vote aye.

Michelle Madoff:

Okay. If I do not want to have a pool fee —

The Chair:

This is not the pool fee; this is the transfer of funds.

The bill is negative. If you want to vote in favor of the negative bill, you will vote aye.

Mr. DePasquale:

No, you vote on the bill itself. Regardless of whether it's a negative vote or not, Sophie, we're still voting on the bill. So, you vote aye for it and no if you're against it.

The Chair:

That's right; I said that. If you are in favor of the negative recommendation, you will vote aye.

Mr. DePasquale:

No, you'll vote no.

Mr. Perry:

Forget the negative. Just vote on the bill.

**Mr. Lyons:**

Madam President, what was the negative recommendation? I know it was \$100,000 to repair the pools.

**The Chair:**

No, it's No. 98. It's transferring funds from various code accounts as listed in the bill. Bill 98.

**Mr. Lyons:**

Okay, it's not to take the money for the travel now, is it? That's what I want to make clear; I think the negative recommendation was to take the \$100,000 from the travel —

**The Chair:**

Various code accounts. He wants to transfer this amount of money and we had a negative recommendation at the meeting. He wants to transfer to swimming pools in the Department of Parks and Recreation.

**Mr. Lyons:**

But it's coming out of the travel accounts, though, isn't it?

**The Chair:**

Yes, various accounts. Yes.

**Mr. Ferlo:**

Madam President, I don't want to reiterate all the lengthy debate that took place last week but as the sponsor of the resolution I would just, in summary, ask Councilmembers to reconsider. I think it's important to point out that the swimming pool fees are unfair for the reasons I stated previously.

In closing, I would like to say that

the travel, as I've indicated, on the part of the City is out of control and, as I indicated, the travel has gone from \$80,000 in 1980 for a 450 percent increase to \$370,000 in 1987. Travel is out of hand as it relates to the City budget. I'm only asking Councilmembers to transfer and reduce the code accounts of out of town travel by \$100,000 in order to put that money into the swimming pool maintenance trust fund in order to raise some of the money that the Administration would like to do instead of raising it by instituting another nickel and dime hidden swimming pool fee tax. So, please reconsider your vote.

**Michelle Madoff:**

Madam President, the reason the confusion is happening is that the bill itself, 101, will not come up until we get to Parks and Recreation.

And as Mr. Ferlo stated the other day, we took Bill 101, first of all, and then went back because there was no point in transferring dollars if the bill fails. I think that we ought to proceed in the same manner again; we ought to take 101 first of all, or leave this bill and come back because it doesn't make any sense. If the bill fails, we're not going to transfer the money. That was the point he made originally; we agreed to it and we took it in that procedure. Why would we change now?

**Mr. Ferlo:**

Having lost on both issues, both the transfer of travel as well as the rescinding of the fees, it really doesn't matter at this point how we're going to vote unless Michelle and others have seen the light and would like to reconsider. So, it really doesn't matter that much.

**Michelle Madoff:**

Madam President, the reason I raised the issue is that there may be people listening and we're transferring money for the pools and then when we get to the pool we vote no on it. It doesn't make sense. I think we almost need to take them together.

**The Chair:**

We have a vote on 98 now and that's what we're going to vote on.

Is there any further discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Ferlo

AYES 1                      NOES 8

VOTING NO:

|                 |              |
|-----------------|--------------|
| Mr. Coyne       | Mr. Pollock  |
| Mr. DePasquale  | Mr. Wagner   |
| Mr. Lyons       | Mr. Woods    |
| Michelle Madoff | Mrs. Masloff |
|                 | (Pres't)     |

And a majority of the votes of Council not being in the affirmative, the bill was defeated.

Also, with an affirmative recommendation,

Bill No. 99

A Resolution entitled, "Resolution authorizing and directing the City Controller to conduct a performance

audit of the City of Pittsburgh Housing Authority pursuant to Article IV Section 404 of the Home Rule Charter." ---  
(SPONSORED BY MR. FERLO)

Which was read.

**Mr. Lyons:**

Madam President, I ask that Bill No. 99 be voted on separately.

Michelle Madoff seconded the motion.

Which motion prevailed.

**Michelle Madoff:**

Madam President, would you clarify what that bill is?

**The Chair:**

It's authorizing the City Controller to conduct a performance audit of the City of Pittsburgh Housing Authority.

**Michelle Madoff:**

Thank you.

**Mr. DePasquale:**

In regards to discussion, someone mentioned to me today that the problem with the bill was not so much a problem that actually under the Home Rule Charter, that the Controller has the right to conduct an audit on any authority. And if that's the case, what is it in front of Council for and why does Council have to give approval or disapproval if it's mandated by the Charter that the Controller can conduct the audit?

**Mr. Ferlo:**

Madam President, first of all, I went into lengthy discussion last week

and since some members were not able to be at the meeting I'd like to try to reiterate some of the reasoning and concerns as the sponsor of this resolution.

First of all, this issue has nothing to do with the City Controller directly. It has everything to do with this City Council as a legislative body, as the body that's responsible ultimately for the quality of housing in this City to fulfill its fiduciary role. In this sense, I am invoking the prerogatives of Council as it relates to the Home Rule Charter, Article IV, Section 404, where it specifically empowers City Council to direct the Controller to conduct a performance audit. In this case, it's the Housing Authority of the City of Pittsburgh.

As I had mentioned, I do have a specific bias and concern. I indicated at the last meeting that the Housing Authority, with 1000 units vacant in the City of Pittsburgh and a waiting list of 2700 people, having personally visited all but maybe a couple of the housing communities, I'm concerned about the quality of life in those communities and I think it's long overdue for there to be an independent performance audit to talk about how the dollar is being utilized at the Housing Authority. Not where the dollar is necessarily directed to or is the dollar lost, but how well is the federal dollar being spent at the Housing Authority.

The Housing Authority has never undergone an audit as it relates to their performance. The Housing Authority is the largest single authority of City government with a \$28 million budget. Regardless of the fiscal audits that they have done with the Department of HUD, the City Controller and City Council itself is not engaged in a review as to the performance of the Housing Authority.

I think it's long overdue and this sets into motion a basis on which this can happen. The Controller, at the table, indicated to Council that he is being legally stymied in his attempt to do this. What this is is an affirmation on the part of City Council that these authorities are under our wing; they are not unto themselves like other authorities that exist in this City and Allegheny County. We are ultimately the ones, elected officials, responsible for their performance, not unelected members of their board and directors. I think the Authority audit is long overdue; this would enable the Controller as well as this body to have a more qualified legal standing in a court of law in order to make sure that this performance audit gets done.

**Mr. Lyons:**

Madam President, I think that in our thrashing out of this resolution, I said that it was wrong because of the single audit law that was passed by the Commonwealth of Pennsylvania. HUD has carried their fiscal office, has done the fiscal audits year in and year out and have found no wrong. I feel, personally, it's a harrassment of the Housing Authority and Mr. Ferlo heard, when Director Pietragallo brought his suite of officers here why the apartments were vacant and such a long list is because there were apartments that the people didn't want and didn't suit their needs.

Finally, the letter that was written from the Dickie, McCamey law firm which are the attorneys for the City Controller was confusing at best relating to various audits that they were allowed to have and not allowed to have and no one could tell what the point was of the letter that was displayed here from Dickie, McCamey who were the attorneys of the City auditor. That's the reason I oppose this resolution...

**Michelle Madoff:**

Madam President, for the record. I did not find the Dickie, McCamey letter at all confusing. I thought it was very specific, right to the point, and right on target. I understood it perfectly.

**The Chair:**

Is there any further discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

**Ayes:**

|                 |             |
|-----------------|-------------|
| Mr. Coyne       | Mr. Pollock |
| Mr. Ferlo       | Mr. Wagner  |
| Michelle Madoff |             |

AYES 5 NOES 4

**VOTING NO:**

|                |              |
|----------------|--------------|
| Mr. DePasquale | Mr. Woods    |
| Mr. Lyons      | Mrs. Masloff |
|                | (Pres't)     |

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Also,

**Bill No. 104**

A Resolution entitled, "Resolution providing for the issuance of a \$1,467.50 warrant in favor of William B. Dixon in settlement of claim for property damage and providing for the payment thereof."

Which was read.

Also,

**Bill No. 105**

A Resolution entitled, "Resolution providing for the issuance of a \$1,800.81 warrant in favor of Duquesne Light Company in settlement of claim for property damage and providing for the payment thereof."

Which was read.

Also,

**Bill No. 106**

A Resolution entitled, "Resolution providing for the issuance of a warrant to Howard L. Burkholder, c/o John M. Kasaback, Esquire, Suite 140, Fort Pitt Commons Building, Pittsburgh, PA 15219, in the amount of \$10,000.00 in full settlement of a claim for personal injury, and providing for the payment thereof."

Which was read.

**The Chair:**

Is there any discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

**Ayes:**

|                 |              |
|-----------------|--------------|
| Mr. Coyne       | Mr. Pollock  |
| Mr. DePasquale  | Mr. Wagner   |
| Mr. Ferlo       | Mr. Woods    |
| Mr. Lyons       | Mrs. Masloff |
| Michelle Madoff | (Pres't)     |

AYES 9 NOES none

And there being two-thirds of the votes of Council in the affirmative, the bills passed finally.

**Mr. Woods presented**

**Bill No. 215**

Report of the Committee on Public Works for February 11, 1988 transmitting two resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

**Bill No. 100**

A. Resolution entitled, "Resolution amending Section 1 of Resolution No. 1215, approved November 27, 1982, entitled: 'Providing for an Agreement or Agreements with the Parking Authority, the Stadium Authority, the Urban Redevelopment Authority and other City of Pittsburgh governmental agencies for the purchase of bituminous materials; and providing for the creation of a Trust Fund for receipt and payment of such materials including expenditure of funds from said Trust Fund for expenses incurred in operation of the Asphalt Plant,' by including other municipalities and governmental agencies outside the City." —(SPONSORED BY MR. FERLO)

Which was read.

**Michelle Madoff:**

Madam President, I think it's terribly important to point out that all of us were intensely lobbied by the asphalt people and that if you go back and read the quote in the Pittsburgh Press by Mr. Gaetano which is very accurate and exactly what he said here in Council, Gaetano said the City would provide small quantities to suburban municipalities for minor projects such as pothole patching. We're not going to put anybody out of business with that limited amount of asphalt but it will make a big

difference to a city that is terribly in debt, hurting, thinking about cutting back facilities. We have a Troy Hill resolution coming forward to keep their fire station; it's half a million dollars.

In many cities today, as I've stated in previous years, there are cities working on lease back arrangements, building hotels where they keep part ownership of that facility or that entity that generates revenue to help with the general fund. As the entity grows, as buildings are rented, as rents go up or as taxes go up, it helps the tax base of the city. And I can see no reason why we should be lobbied, we should be terrified and be afraid to vote in the best interest of this community. I support voting for this legislation.

**Mr. Woods:**

I would like to move that we recommit this bill.

**Mr. Ferlo:**

Discussing the actual motion since I'm against recommitting it, obviously there was extensive lobbying since Friday and, as far as I'm concerned, that's good government; I think everybody has the right to lobby and I'm glad that those who own some of these companies outside the City took the time to lobby. They obviously feel that they have a vested interest. I'm not too hung up on that point unless I thought that Councilmembers who voted affirmatively to support this originally have now changed their tune solely on the basis of that information. So, I hope there will be some lively debate and discussion here today so that we can resolve any new questions that might have popped up in the minds of Councilmembers and some of those questions may be legitimate.

I just want to say as the person who

reintroduced this bill and revived it from many years ago that there's one thing that I do agree with some of the asphalt companies and that is questionable as to whether or not the plant should have been built originally many years ago. It was a lot of money; a bond issue was required, or part of a bond issue, and at the time I did express opposition and concern because of those very reasons. The problem is, it's now 1988, we now have the plant, and that is, to me, a moot point. I think it's important now that we look after our interests just as the asphalt plant owners are looking after theirs. I think it's clear from what Councilwoman Michelle Madoff has said, and others, that if this had been approved originally, we would have had an additional \$2 million to \$3 million in revenue since 1980. And as Michelle has said, also, we could have hired police; we might not have to be charging for swimming pools and a lot of other things that we need money for in City government.

I think it's very clear that in response to some of the concerns that our workforce is unionized and we pay these people well on our City workforce. I dispute the notion that jobs would be lost and somehow we are hurting the union movement locally in Western Pennsylvania. As somebody who has stood on many a picket line and in fact has been in jail a few times in support of union issues, I have to debate that point heavily.

The City government does sell many of its services, and I point to Section G under the Home Rule Charter, Section 310 under Powers of Council, where it states specifically under Powers of Council that we have the right to authorize the sale of City services outside the City so long as these services to the City are not impaired. Also, very clearly, there are some legal issues here

which are attempting to be raised at the last minute. There are no legal issues; clearly, City government has the prerogative legally under the Intergovernmental Cooperation Act. And some of the information from the Asphalt owners, while it's well-intentioned on their part is clearly not accurate.

In closing, I hope that you will remain firm and support this resolution once again here today. Thank you.

**Michelle Madoff:**

Madam President, in support of Mr. Ferlo, we do sell our water; we'd like to sell more water. We have the capacity to double our water sales and generate some money. There's no doubt in my mind that this will generate some money. Mr. Gaetano, as you know, received an award from this Council because on his legislation to relight the City he's going to save us about \$1 million in energy costs. So, we're going to be generating some money to the general fund from his efforts and this is just another effort in that direction.

If memory serves me well, maybe someone else could talk to this issue, didn't the asphalt plant develop a - didn't we support a hydraulic energy plant close by so they get their energy from the hydraulic plant at a lower cost? We sell the surplus to the utility companies and we're producing our asphalt which we needed in any event at a much lower cost than we could purchase it. Also, we are producing jobs for people; we don't want those people out of work.

I think the statement that was made by Mr. Ferlo which was also made to me when I was lobbied by the asphalt people is that we should not have built that plant is ludicrous. We built it, we built it as an efficient, cost effective

plant for the City of Pittsburgh. I voted on it at the time; as I recall, you did as well, Mrs. Masloff. And they run it with some low-cost energy from a hydraulic plant. We need it for the patching. In any event, it was a way of saving the City money and we're just expanding on it because we have the facility. It was not built foolishly; it was build very wisely.

**Mr. Pollock:**

Mrs. Masloff, on Bill No. 100, I have been probably the greatest advocate and ardent proponent of generating revenue by the City in any way possible; user fees or sale of material. I think this is an excellent bill and I support it. My only caveat would be that while this sale is occurring, hopefully, if this bill passes, that there be a study, and I will ask Director Gaetano this and hopefully he'll receive permission from the Administration to comply with this request, that a study be conducted as to whether or not it might be feasible to actually sell the plant. I have been told that it would have a market value, that there would be a market for the plant, and if there should be a study done, maybe we'd be better off selling the plant for \$7 million and purchasing the asphalt ourselves and having the money to invest and maybe we would come out ahead. These are things that have to be looked at. They're not mutually exclusive. We certainly should sell the asphalt while we're examining whether or not we should sell the plant. Who knows what it's worth? And if we can bring in \$4 million or \$5 million and have that money to invest and purchase asphalt, then maybe that's the way to go. Everything's a cost analysis and a cost benefit analysis.

So, I would ask that Director Gaetano do this and I will be talking with him on this. But in the meantime, definitely sell whatever we can.

**Mr. Wagner:**

Madam President and members of Council, I voted for Bill No. 100 last week and I will vote for it again if it's not put back in Committee. But I have also been lobbied by many people and it's not that I am concerned about the lobbying effort and the opposite side; my concern is whether or not we are proceeding in a legal fashion here. For that reason, I think it would be in our best interest to at least get a legal opinion from our Solicitor as to whether or not it's appropriate for the City to sell asphalt in competition with asphalt companies that are located in the City or in the region. If the official legal opinion is yes, I would certainly support the bill. I will support the bill either way today if we vote on it, with or without a legal opinion, but I would prefer to have a legal opinion prior to the vote.

**The Chair:**

I agree with you.

**Mr. Woods:**

Since we're not selling asphalt at this moment, it's not the season to be out paving streets and roads, I would ask my colleagues to recommit the bill until one week from today. You can't compare this bill of selling asphalt to selling water; it's altogether different. Water is run by an authority or, in the private sector like West Penn, it is governed by the PUC. Asphalt is a private industry and you're talking about private people.

All I'm asking, and I'm making the motion now, is to recommit this bill until Wednesday.

**Mr. Lyons** seconded the motion.

**Michelle Madoff:**

Can we discuss the motion recommitment?

**Mr. DePasquale:**

Wait a minute. Are we finished with discussion on the bill itself?

**The Chair:**

There was a motion made to recommit.

**Michelle Madoff:**

My reason for not recommitting is that this bill has come up a number of years ago. It was checked at that time to be, and found to be, legally sound. It was defeated because of the lobbyists and I see no reason that we should put it back in Committee to give the lobbyists a chance to work on us and work us over again. I think we ought to vote on it right now.

**Mr. DePasquale:**

Point of order, Madam President. I doubt if there's discussion on a recommitment; either you vote it up or you vote it down.

**Mr. Ferlo:**

You can discuss any motion before us.

**The Chair:**

Mr. Parliamentarian, is there discussion on recommitment?

**Parliamentarian:**

The motion is not debatable.

**The Chair:**

Is there any discussion on the motion?

And on the question, "Shall the motion pass finally?"

The ayes and noes were taken agreeably to law, and were:

**Ayes:**

|                |                          |
|----------------|--------------------------|
| Mr. DePasquale | Mr. Wagner               |
| Mr. Lyons      | Mr. Woods                |
| Mr. Pollock    | Mrs. Masloff<br>(Pres't) |

AYES 6                      NOES 3

(MR. COYNE, MR. FERLO AND MICHELLE MADOFF VOTING NO)

And a majority of the votes of Council being in the affirmative, the motion was approved.

**The Chair:**

Mr. Wagner, would you make a motion to refer this to the Legal Department so that Mr. Perry can do so?

**Mr. Wagner:**

I certainly will. So moved.

**Mr. Woods** seconded the motion.

Which motion prevailed.

**Mr. Ferlo:**

Madam President, at what point will the Solicitor come to us with an explanation? It should have been done last week if people had questions on the legality.

**Mr. Woods:**

He already prepared one a couple of years ago.

**The Chair:**

Yes, we have one.

**Mr. Ferlo:**

So what was the point of delaying it if we know the Solicitor says it's legal?

**The Chair:**

We don't know whether he said so.

**Mr. Ferlo:**

I know what he said because that's one of the first things that I checked.

**The Chair:**

Well I don't know; I haven't seen it. Wait until we see it.

**Mr. Ferlo:**

That's why we have lengthy Finance Meetings where we debate these for hours.

**Mr. Woods:**

Point of order, Madam President. You already took the vote and Mr. Ferlo is out of order.

**The Chair:**

Yes, that's right.

Also,

Bill No. 119

A Resolution entitled, "Resolution vacating Mary Street between South 24th

Street and South 25th Street, reserving the 4-inch and 12-inch waterlines therein in the 16th Ward of the City of Pittsburgh."

Which was read.

**The Chair:**

Is there any discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

|                 |              |
|-----------------|--------------|
| Mr. Coyne       | Mr. Pollock  |
| Mr. DePasquale  | Mr. Wagner   |
| Mr. Ferlo       | Mr. Woods    |
| Mr. Lyons       | Mrs. Masloff |
| Michelle Madoff | (Pres't)     |

AYES 9

NOES none

And a majority of the votes of Council being in the affirmative, the bill passed finally.

**Mr. Lyons presented**

Bill No. 216

Report of the Committee on Planning, Housing and Development for February 11, 1988 transmitting one resolution to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 102

A Resolution entitled, "Resolution providing for an Agreement or

Agreements with Consultant(s) to provide equipment software and aerial photographic products for a Land Records Management System and to computerize records and base maps therefor, and providing for payment of the cost thereof."

Which was read.

**The Chair:**

Is there any discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

|                 |              |
|-----------------|--------------|
| Mr. Coyne       | Mr. Pollock  |
| Mr. DePasquale  | Mr. Wagner   |
| Mr. Ferlo       | Mr. Woods    |
| Mr. Lyons       | Mrs. Masloff |
| Michelle-Madoff | (Pres't)     |

AYES 9 NOES none

And a majority of the votes of Council being in the affirmative, the bill passed finally.

**Mr. Ferlo presented**

Bill No. 217

Report of the Committee on General Services for February 11, 1988 transmitting two resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 13

A Resolution entitled, "Resolution providing for a Professional Services Agreement or Agreements for consultation on 'Underground Storage Tank Management' at the City's Garage Facilities, Department of General Services, Bureau of Fleet Management, and providing for the payment of the cost thereof."

Which was read.

**Michelle Madoff:**

On Bill 13, Madam President, just for the record, because this is the final vote and it will only be on the Monday Record that we record statements, this is a bill wherein Dawn Botsford, Director of this department, has now met with the consultant who is not charging us anything, will not bid on the item, and has given her some direction for which she is enormously pleased. And if anybody else on this Council has that kind of help to provide the City in light of our fiscal plight, it would be a very good idea.

I'm very pleased we can go ahead with it because she will spend only what is essential but, more important, will be able to curtail the costs on the actual bill. This is only the consultant, but on the actual contractual work. I am enormously pleased.

**The Chair:**

Is there any further discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Coyne            Mr. Pollock  
Mr. DePasquale    Mr. Wagner  
Mr. Lyons           Mr. Woods  
Michelle Madoff    Mrs. Masloff  
                      (Pres't)

AYES 8               NOES 1

(MR. FERLO VOTING NO)

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Also,

Bill No. 131

A Resolution entitled, "Resolution providing for the letting of a Contract or Contracts, or the use of existing Contracts for concrete repairs for the Department of Parks and Recreation, payable from Code Account PR 88-06, 4-10-10-1700-88, Index Code 321869, Concrete Repairs to Park Facilities, Department of Parks and Recreation and for payment thereof."

Which was read.

**The Chair:**

Is there any discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

Mr. Coyne            Mr. Pollock  
Mr. DePasquale    Mr. Wagner  
Mr. Ferlo            Mr. Woods  
Mr. Lyons            Mrs. Masloff  
Michelle Madoff    (Pres't)

AYES 9               NOES none

And a majority of the votes of Council being in the affirmative, the bill passed finally.

**Mr. Coyne presented**

Bill No. 218

Report of the Committee on Parks and Recreation for February 11, 1988 transmitting one resolution to Council.

Which was read, received and filed.

Also, with an **NEGATIVE** recommendation,

Bill No. 101

A Resolution entitled, "Resolution Repealing Resolution No. 987, approved December 4, 1987, entitled: 'Resolution establishing a schedule of fees and charges in connection with the Department of Parks and Recreation's Swimming Pools Programs,' approved December 4, 1987." —(SPONSORED BY MR. FERLO)

Which was read.

**Mr. Ferlo:**

As the sponsor of the bill to rescind the swimming pool fees, I would like my comments brought forward. I'm still in favor of this resolution to rescind the swimming pool fees.

**Mr. Wagner:**

Madam President, I'd like my comments brought forward for the record also.

(REMARKS ON FOLLOWING PAGES)

---

(BEGINNING - MR. FERLO'S REMARKS ON BILL NO. 101 - THURSDAY,  
2-11-88)

Mr. Ferlo:

Yes. Obviously I'm for it having submitted the bill. I feel strongly that the swimming pool fees are a problem for a very large number of low-income and working class people in the city. I feel strongly about this issue. Last year when this was discussed prior to the election, I did submit along I think at least 100 other citizens a petition requesting an opportunity--a public hearing on the issue of the swimming pool fees. That was prior to the primary. The petition was not recognized and the hearing was not initiated because prior to the primary, the Administration withdrew it and there was no need to implement it and after the primary it was a different situation. However the petition was never either deemed valid or entertained by Council and there was no actual public hearing on the merits of whether or not swimming pool fees are a problem for a large number of people in the City of Pittsburgh. That's a little bit of background. Now that I am on Council I have at least the opportunity to raise the debate again and I'm doing that here today.

I'm not opposed to the creation of the swimming pool trust fund. I think it's a good idea for a separate code account to have been created by the Administration. The problem that I have is that the small amount of money which I feel will be raised off the backs of families who I think have a problem being able to pay this amount of money. I have a problem with the amount of the administrative bureaucracy that will be created in trying to determine who is low income and what is low income.

I had a discussion with the Director prior to introducing this to let her know that I was going to re-introduce this concern and to allow her an opportunity to collect her thoughts and come forward with a specific plan relative to the issue of the low income guidelines, so I would like to at some point engage with the Director on this discussion.

I have raised several other bills here today to try and convince Council not only of the necessity of eliminating the

---

swimming pool fees but to raise money of the elimination and reduction of the out-of-town travel which I think has gotten out of hand and also the issue of raising one-half million dollars by selling asphalt to municipalities outside the city. I raise that as a way for Council to suggest to the Administration there might be other ways in which moneys can be created for something they feel is important and that is a separate sum of money available for the maintenance and repairs and construction of swimming pools.

As I said I'm not opposed to the trust fund, I think it's a good idea. I would like to see rather the elimination of the swimming pool fees and an approach to community neighborhood groups and other neighborhoods throughout the city what the possibility of them adopting a pool and trying to raise money for a pool. I'm still skeptical and I believe strongly that a very small amount of money will be raised with this for the amount of headache that it's going to be to determine who is low income. I'd rather see a more positive approach in trying to get neighborhood groups and et cetera, involved in the process of adopting a pool and helping to raise money if money is needed. There are other innovative ways and certainly the Director of Parks and Recreation probably has the best track record of approaching the private sector in raising money for various parks events. An example would be advertising billboards of some sort around these pools to collect money from swim trunks, sneaker companies, and all kinds of people that might want to advertise for a small amount of money and contribute to the trust fund.

At this time I'd like to have a number of questions answered by the department director.

I talked to you briefly and you know I'm concerned about the swimming pool fees, I have a major problem with them. I think they are discriminatory and it's inappropriate to raise money off this group of people. I was wondering, what are the specific guidelines and what's the administrative process for raising this money?

Ms. Brown:

As I mentioned to you, number one, we feel, and I believe Council did--the Council that passed this original resolution,

---

felt that the fees themselves were extremely nominal, minimal fees. Five dollars a year for a child, \$10.00 for an adult with a family getting a break on that.

However, we also agreed that there will be people that either could not afford or didn't want to pay the fee that were low income. We will be establish a program that persons on public assistance will have that fee waived. We have been working on the administrative aspect of that and do not feel that will be too burdensome because people do have public assistance cards and by showing that card they will be able to get the free tags. That card also tells how many dependents that family has, so with the showing of that card those people will be able to get free tags. It will be done at same sites that the tags will be sold at so we will not be required to set up additional stations.

Mr. Ferlo:

So in the past find the 70,000 odd tags that were given out, there was a decentralized approach--people came to these respective places for the tags, showed city ID or suburban ID and received the tag. This was done by various administrative support staff.

Ms. Brown:

That's right.

Mr. Ferlo:

The problem that I have--one, there's not a form of written policy at this time on what the guidelines would actually read.

Ms. Brown:

We will have that by the end of February.

Mr. Ferlo:

At what point do you begin this process of actually giving out the tag?

---

Ms. Brown:

At this point we are considering but this will be finalized by the end of February--considering--a lot of different ways. The week before the pools open and the week after the pools open the tags will be available for sale or if proof of public assistance is shown. We had thought about doing it a lot earlier but came to the conclusion that most people that swim in our pools are kids. They don't always plan ahead and we would be wasting a lot of time and money to be starting back in April.

With the proper public regulations promotions which I'm sure we can get from our local media to inform them that if they go to their swimming pool this is where they can get it. In addition, after that they will be able to purchase the tags throughout the rest of the year at four regional pools that will also charge daily admissions.

Mr. Ferlo:

In the past, a child would come to the pool with some type of ID. They would come and receive a tag.

Ms. Brown,

Yes.

Mr. Ferlo:

Under the new situation you are now asking that the parent must come with some type of ID relative to being on public assistance.

Ms. Brown:

That is correct.

Mr. Ferlo:

You radically altered already who all comes to these centers for the proper identification.

---

Ms. Brown:

For the fee waiver the adult or the child could come with the card if the adult wanted to give the card to the child.

Mr. Ferlo:

The problem that I have is again we're unduly stigmatizing the young kids who are now going to have to take this public assistance card or some indication of their low-income status and they will have to go and barter with the clerical support staff that Parks and Recreation has out at the various centers so I have problem with that just in terms of the mechanics and the relationship of this child showing the proof of ID.

Secondly, you had mentioned that you would accept the public assistance card. You can be on public assistance in Pennsylvania and be only at two-thirds of the anti-poverty guideline so already we're creating a situation where there are a lot of people in the city--at least the by the 1980 census that are low income as based the on CSA poverty guidelines so you're already creating a schism between the people that formally have a DPA card and a card for medical assistance and another larger group of people that meet the CSA poverty guideline but aren't actually low enough to be formally on some form of public assistance.

The other large group of people which also worries me, I would describe as working class and working poor. These are people, many of whom are single head of households who are not low income enough to be on medical assistance or general assistance but in fact have very little income for any kind of user fees or additional tags in order for their kids to swim in the city pools. And that figure coupled with the low income people is, as far as I'm concerned, maybe Mr. Turner can talk about this, is better than maybe 25 or 30 percent likely of those 70,000 tags that you are talking about.

The other problem that I have in closing and maybe some other people would like to ask questions, is that for the 70,000 tags coupled with the percentage that you would take out for either low income based on medical assistance, general assistance or Medicaid, coupled with the other group of people that I talked about that are low income and are still within the

CSA poverty guidelines you're talking at least 40 percent of those 70,000 tags, just in terms of the amount of money that the Administration says would be raised. I can't see more than \$50,000.00 or \$60,000.00 being raised as I understand your fee schedule to be and for that amount of money and for the amount of administrative hassle, for the amount of problems that I foresee and I think there are going to be problems with little kids at these various centers engaging in dialogue and debate and hassles at the point when they are supposed to be trying to get these fees--for all of those combinations of reasons coupled with the fact that there are other ways for the Administration to get money, I'm still opposed to the swimming pool fees and I hope Council will consider rescinding this pool fee. I don't want to attack Council but it is accurate to say that many people on this Council including some who were not here were fundamentally opposed to this prior to an election but now that it's after election they've completely switched the vote on this issue.

Mr. Ferlo:

Mr. Pollock, first of all I think your position on this issue has been extremely consistent and I respect the fact that we have a disagreement on this.

In terms of the user fee issues I want to make it clear not only am I not opposed to having a swimming pool trust fund for the reasons that I stated earlier in terms of independent contributions to that fund, I may not necessarily be opposed to user fees across the board whether it be for garbage or the hassle that's going into the pool fees or a broad range of various user fees that we have yet to conjure up but I find all of these to be a nuisance--not only a nuisance but I find all of these to be unfair because of the presence of the four percent wage tax and all kinds of other revenue enhancement ways that we have of getting money from people across the board so until such time that one that the fiscal house is in order and two, we re-order some of our priorities of spending, I'm fundamentally opposed to not only the swimming pool fees but garbage fees and the whole other things that will come before this table before the year is up.

So I want to make it clear that ultimately in principle I'm not opposed to a user fee but I don't think we've reached that

point yet. We haven't reached the point where user fees are fair and they would be non-discriminatory and they would be necessary. There is still a lot of waste in this budget. I see Council spending money and approving expenditures on all kinds of things that I don't think we need to be spending money on. So it gets to be a question of priority and a question of one's fiduciary role in City Council.

I don't agree with the notion that--Councilman Coyne makes a good point that we don't have the resources but I think if we look further even in terms of the budget of Parks and Recreation, I would raise the question of what one's priorities are. I'm saying here to my colleagues and to the public that as a priority, I am more concerned about the swimming pool fee and I want to rescind it and I'm less concerned about spending money for Mellon Square concerts or the Grand Prix auto or a lot of other events that in the main draw suburbanite crowds and we can get into a lengthy discussion about that in terms of the income and well and good but in terms of the priority I think there are things that we should spend money on that directly relate to the working people and to families of this city who pay all of the taxes to which the suburbanites benefit from and I use that as another example. And senior citizens and certain people may not use the pools and Councilman Coyne makes a valid point that in the end they're not the ones using the pools so why not have people pay who are using them? But I would argue that in the end I think all of us are going to pay by having a lot of kids who don't have job opportunities in the summer and don't have a lot of opportunities to do things, recreationally and I think--I foresee a major problem still with the implementation of the system that the Director describes and I still think we're going to be denying a lot of kids use of the pools and I still see a situation where in the end we're going to have a lot of kids running around in neighborhoods trying to find things to do and kids get into mischief and I think this is going to be a situation that will bear fruit through the summer months and I'm trying to avoid that situation. So I just wanted to amplify those points further.

---

(BEGINNING - MR. WAGNER'S REMARKS ON BILL NO. 101 - THURSDAY,  
2-11-88)

Mr. Wagner:

Mr. Chairman and members of Council and Director. In regard to both bills and I believe we're talking about both right now. Bill No. 98 which changes fees or takes fees out of one department and puts them in for the swimming pools from various departments anywhere between 15 and 20 account numbers, I oppose. I will vote against mainly because I believe if we were to eliminate or repeal the user fees, I think we should find some other way within the Administration and I believe that should be the Administration's prerogative to find the funds for the user fees just as occurred last year when they were repealed and the Administration did find ways to come up with those funds. So I will vote against Bill No. 98.

Bill No. 101 is the actual repealing of the user fees. In two previous votes on Council I voted against implementing the fees and I will vote for this because this is repealing the user fee. So my three votes will be consistent in that area. And I have on record stated my reasons, probably have been redundant both times in stating my reasons and I don't want to be redundant today, except to state that I believe that a user fee is viewed by the public as simply being a new way of government charging the resident of the municipality and the resident or the person doesn't really care if they're paying a wage tax, an occupational tax or any other type of tax or a user fee. They are simply paying out of their pocket, so therefore a user fee which is a new user fee is viewed I believe by the public or the resident of the City of Pittsburgh as being a new tax for a service and I have said from the beginning that I believe that's dangerous because traditionally we have not done that in the City of Pittsburgh and if we do it with this particular item, it means that in the future this item may increase in costs even though it's minimal today, it may increase in costs in the future simply by an amendment of Council and the possibility exists for us to get into other areas such as refuse disposal, if your house is on fire, you have to pay a fee for the firefighters to come, paramedics, etc., etc., and I believe that's dangerous and Councilman Coyne is right--four and one-half cents doesn't sound like much if you use the pools everyday but if you take the Pennsylvania CAT Fund that started

---

out at \$8.00 a year and still is; that's two cents a day. Well now it's being proposed to be increased to \$24.00 a year, that's six cents a day. Ask anyone in the public what they think about the increase in the CAT Fund. The same exact thing could happen with user fees in swimming pools or refuse pickups or whatever it may be. Because it's a new tax it's dangerous; it's a new item; it's a new charge to the residents of the city.

My basic reason why I've been opposed to it from Day 1 is that our taxing structure is significantly higher than surrounding municipalities. Therefore, we have to have advantages that surrounding municipalities don't have. One of those advantages is us not having user fees. Most municipalities in Allegheny County it costs \$60.00 a year to have refuse picked up. In the city it's part of your taxes. Most municipalities, you have to pay a fee to the volunteer firefighters. In the city you have the service as part of your taxes. In most municipalities you have a user fee for swimming pools. In the city traditionally it's been part of your taxes. Until we can reduce the four percent wage tax which half of that responsibility and I keep saying this, belongs to the Pittsburgh School Board which is a separate entity of government, 1.9 percent of that is the School Board, 2.1 is the city, until we can reduce that and hopefully we will in the near future, I don't think we should be implementing user fees because we are making ourselves non-competitive in terms of a living environment in the City of Pittsburgh and that's been my basic premise and basic philosophy from the start on this issue. We cannot look at the city with blinders on, we have to look in competition to other municipalities to get people to locate here and get people to stay here, not only the Dormonts, Craftons and the Churchhills, but also the Columbus and the Cincinnati's and all the other cities in America. We have to have certain advantages and I believe traditionally this has been one of them. I think we have a good pool system and I think that's reflective of Parks and Recreation. We have 30 some pools in the city more so than other cities in America--a great advantage we have, a great selling point of Pittsburgh. Many cities don't have that, many municipalities don't have that. Let's make that part of our selling tool and let's not damage that for now while our taxes are higher and let's offer this for nothing as we have traditionally done because the taxpayers of this city have paid for our pool system and they are still paying for it through bond issues, the construction of new pools, the revamping of

---

some of the pools. Until we can put a dent in the other taxes that are significantly higher than other communities; let's not implement another one.

I'm not optimistic that will happen here on Council today but I'm opposed for it for that basic reason. I believe it's a new fee and the public views it as just another fee of government. And any new fee of government is dangerous because it will never be repealed it seems and it probably always you could bet that it's going to increase somewhere down the line just as we're hearing with other fees that are going on at other levels of government.

So I'm opposed to Bill No. 98 and I will vote in favor of repealing the user fee which is Bill No. 101.

(END OF REMARKS)

PREPARED BY: MARY ANNE HRUSKA, STENOTYPE REPORTER

**Mr. Wagner:**

I'd simply like to state that it does not appear obvious that this bill will pass but I believe it's a valid attempt to eliminate these fees at the appropriate time, early in the year. If they were to be eliminated, it should be now.

Again, I have said in creation of fees, I think that should take place only if there is a reduction in taxes in the City of Pittsburgh. Unfortunately, there is not at this time; therefore, I will support the bill.

**The Chair:**

Is there any further discussion on the bill?

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

**Ayes:**

Mr. Ferlo                      Mr. Wagner

AYES 2                      NOES 7

**VOTING NO:**

Mr. Coyne                      Mr. Pollock  
Mr. DePasquale              Mr. Woods  
Mr. Lyons                      Mrs. Masloff  
Michelle Madoff              (Pres't)

And a majority of the votes of Council not being in the affirmative, the bill was defeated.

**Mr. Wagner presented**

**Bill No. 219**

**Report of the Committee on Public**

**Safety for February 11, 1988**  
transmitting sundry resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

**Bill No. 110**

A Resolution entitled, "Resolution providing for an Agreement or Agreements effective January 1, 1988 with James K. Staud, VMD, for veterinarian services in connection with the treatment of dogs assigned to the Canine Unit of the Operations Branch of the Department of Public Safety, Bureau of Police, and providing for the payment of cost thereof."

Which was read.

Also,

**Bill No. 111**

A Resolution entitled, "Resolution providing for an Agreement or Agreements with the Salvation Army for professional services in connection with the Public Inebriate Program; and providing for the payment of the cost thereof."

Which was read.

Also,

**Bill No. 112**

A Resolution entitled, "Resolution providing for an Agreement or Agreements with a psychologist or psychologists for professional psychological services for the Department of Public Safety and providing for the payment thereof."

Which was read.

**Mr. DePasquale:**

Where is Bill 112?

**Mr. Perry:**

It must have been omitted. It's an agreement with 'psychologists for psychological services at a cost not to exceed \$48,000.

**Michelle Madoff:**

Madam President, I think that that is just a motion to allocate the dollars and not discussion of the psychological testing itself.

**Mr. DePasquale:**

Point of order, Madam President. I don't believe we can vote on a bill that isn't in front of us.

**Michelle Madoff:**

The point is, the money is needed and if the bill was left off, we can still vote on it, can you not?

**Mr. Perry:**

I don't know what happened on the File Copies, Michelle.

**Michelle Madoff:**

But is there pressure and need for the money? Can we vote without having it in the File Copy, or do we have to wait?

**Mr. Perry:**

You can suspend that rule, whatever rule that is —

**Mr. Coyne:**

Madam President, it was discussed at Thursday's meeting and I think we all understood it at that time. I think it was affirmatively recommended so it can be voted on without it being there.

**Mr. Pollock:**

Madam President, I move to suspend Council's rules so we can vote on Bill 112 although it's not in front of us.

**Michelle Madoff** seconded the motion.

Which motion prevailed.

**The Chair:**

Is there any further discussion on the bills?

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:

|                 |              |
|-----------------|--------------|
| Mr. Coyne       | Mr. Pollock  |
| Mr. DePasquale  | Mr. Wagner   |
| Mr. Ferlo       | Mr. Woods    |
| Mr. Lyons       | Mrs. Masloff |
| Michelle Madoff | (Pres't)     |

AYES 9

NOES none

And a majority of the votes of Council being in the affirmative, the bills passed finally.

#### MOTIONS AND RESOLUTIONS

**Mr. Ferlo:**

Madam President, I'd like to ask three separate questions and I'd like

support from City Council in this regard.

One is a question that I'd like to have Council, through Madam President, direct to the Solicitor, if he's the correct person, or to Mr. Schneider, the arbitrator for the City. It has to do with the issue of the firefighter pay increases, an arbitration award that was granted to them. I would like to know if there's any truth to the question of whether or not our City is responsible for interest payments for these individuals not receiving in their paychecks since January this increase granted to them as a result of arbitration. I'd like to know that specifically, if we could direct that question to the Solicitor.

**The Chair:**

Give us a note in writing and we'll direct it to the Solicitor.

**Mr. Ferlo:**

Thank you. The second note to the Director of Parks and Recreation or to the Mayor. It has to do with the Leslie Park Recreation Center. As we all know, it burned down and I'd like to know what the viewpoint and position is of the Administration regarding either renovation, rehabbing, reconstruction, something to do with the Lawrenceville Recreation Center, and specifically, what are their plans relative to the destruction of that building.

**The Chair:**

Thank you.

**Michelle Madoff:**

I have two very important items. The first one is a resolution; Mr. Perry, do you want to read it, please? It's the legal counsel and then I'd like to discuss it once it's read.

**Michelle Madoff presents**

No. 220 BE IT RESOLVED, that the Members of Pittsburgh City Council hereby authorize the hiring of a consultant to serve as Council's Legal Advisor for the purpose of providing Council with legal advice.

Relative to the operation of the City of Pittsburgh, at a rate of 25/100 per hour, not to exceed \$40,000 per year, for wages plus allowable expenses chargeable to and payable from Code Account No. 1001-2 Salaries, Wages and Services of Council, as needed.

Which was read.

**Michelle Madoff:**

The reason for my reintroducing the bill is, as you know, my original bill asked for a consultant. The reason I voted to have a full-time legal counsel is that there was not five votes. If we did not have full-time counsel, we were going to lose having any assistance for this Council in the form of a legal person.

Subsequently, the Mayor, as you know, has vetoed the bill on the basis that economically he feels that that department would grow out of bounds. But I felt from his veto that he said it is not his intention to deny Council independent legal advice. Mr. Coyne, at that point, said that he felt that he didn't see anywhere in the statement by the Mayor that he was for it. I said the only way we're going to find out, and it would seem to be six members of Council that agreed at that point, that we reintroduce the bill as a consultant and we will find out whether the Mayor intends to deny us a legal counsel. I believe he does not; I believe what he said in the letter. There are other opinions here. The proof will be in the pudding. We vote for the bill

and the Mayor vetoes it, then we'll know.

And the intentions to have legal counsel as mandated or allowable, I shouldn't say mandated but certainly allowable in the Home Rule Charter, to give us some independent kind of information and to proceed to have a committee that you are going to appoint, Madam President, of three people to look for this person or this firm or this consulting entity so that we would not have law books, a law library, law clerks, etc., etc. That is, indeed, a fear of some of the members of this Council. It was your fear at the time, Madam President, and there was no problem in having a consultant. Let's find out whether the Mayor feels that way and whether this Council is going to stand firm on their desire to have some legal counsel. We're going to find out what we really want here.

**Mr. Woods:**

Madam President and members of Council, in Council's budget we presently have a code account where we can go out and hire any consultant as we deem necessary as long as five members of Council agree to that.

I had a bill in Council some weeks ago that I tabled providing \$50,000 for that code account. I tabled it because we all voted to hire the specific legal counsel. This Wednesday I will ask Council to untable that bill and provide that \$50,000 back into that code account and it will accomplish the same thing.

Secondly, and this is not meant in any way to be derogatory to you, Ms. Madoff, the bill or the resolution just presented is non-binding. The Mayor doesn't have to veto it or anything; it's just a wish of Council. It has no effect at all. But what you're asking, we already have.

**Mr. Lyons:**

I have no qualms with a part-time counsel. One thing I don't know if we're all set on, it would be the same person. As I see it written here, it would be a maximum of \$40,000 a year that would be allowed to that attorney. I see here as an individual that we can use anyone, anytime. Is that the intent of your bill?

**Michelle Madoff:**

No it is not. That was a restatement by Mr. Woods of what he would like to see.

**Mr. Lyons:**

It's not clear in the resolution. It would be well with me, as an individual, if we would just use individuals as we need them. It doesn't have to be the same person. This is all I'm saying.

**Michelle Madoff:**

Madam President, to clarify for Mr. Lyons, my intention is to hire a consultant. That could be a person or a firm; I would prefer a firm because you get a broader spectrum of information. But I do not wish to have my bill restated by Mr. Woods as being the fact that we already can and have had in the past a line item for consultants. What happens, Mr. Lyons and members of Council that are new, we don't usually call on that kind of expertise until we get down to the wire and we have 20 minutes to vote and then under great pressure we say, "Gee, we better get our own legal counsel", as opposed to having somebody aboard or a firm such as Mr. Flaherty has, one of the outstanding firms that gives him over \$200,000 worth of work a year for a stipend of \$65,000. Ours is \$40,000. I would like to have a consulting firm work for us, be available to any member of Council without having

to get five votes to get an opinion that any one of us may want to get. I think I'm very clear. \$40,000.

There's another bill coming up that's been introduced today, we waived Rule 8, it comes up on Wednesday, to get the dollars to substantiate or provide the monies for this legal person or this legal firm. If Mr. Woods would care, he could allocate his \$50,000 when he untables his bill, amend it, and turn it over to — The purpose of this bill is to indeed hire a consulting counsel, not an individual with all the benefits and perks that come along with it, Blue Cross, Blue Shield, pension and et cetera, which the Mayor is attempting to avoid. I got the sense that this Council, indeed, supported that. I hope that this Council is not going to go back to business as usual when the Administration says, "If this doesn't go through now, this business is going to shut down. We have exactly 24 hours, at the most we'll get a week to vote." We need to do it in a professional, informed manner and we need to have that kind of input so we can vote intelligently.

I would hope that you support this bill in its form, albeit a wish. If enough people vote for it, and the money is approved on Wednesday, it will become the will of Council providing the Mayor doesn't take it out. And I don't think he will. But we'll find out what he meant by his letter.

**Mr. Woods:**

Madam President, it's a wish of Council. The Mayor cannot veto it; it doesn't mean anything. If the other bill that was read that's going to go into Committee to provide \$40,000, it will go into that code account for consultants. We still have to go through the same thing and get five members of this Council to vote for that. This is a wish.

If you want to hire a consultant full-time, a legal firm, put it in as a piece of legislation, not as a wish of Council. That's all I'm trying to state.

**Mr. Wagner:**

If I may, Madam President and members of Council, I'm sure all members of Council realize, and I don't know if the public realizes it, there are two types of resolutions that come in front of Council. There's a binding resolution that is law and there is a non-binding resolution that is now. The resolutions prior to the meeting that are ceremonial are non-binding resolutions. Resolutions after the formal reading of bills are non-binding resolutions. This is a non-binding resolution. The resolution asking for a solicitor failed because the vote was not there to override the veto. This resolution, we can pass 100 of them and the mean nothing. Therefore, the significant resolution, the important resolution, was the one that failed a week or two ago. I would simply say to my colleagues, if we want to do this, it has to be in the form of a formal resolution.

**Michelle Madoff:**

I agree with Mr. Wagner. My purpose of bringing it today was that I was instructed that that was the feeling of most of the members of this Council. I wanted to be sure that before we went through the exercise again that, indeed, that is the wish of Council and then I would introduce a formal resolution. I want to know the sense of this Council because the money will have to be provided in any event and I want to know whether the Mayor will veto or we could just have a letter going to him as a wish of Council, would he support having a consultant attorney as opposed to the fact that he vetoed a full-time attorney.

**The Chair:**

We already have money in the budget.

**Michelle Madoff:**

We don't have money in the budget.

**Mr. Ferlo:**

First of all, I'm in favor of the attorney; that's why I originally voted for it. I was upset that other Councilmembers refused to go along with what was a majority of Council, five members. I had raised, after losing that vote, in Mr. Woods' absence, the need to untable his earlier resolution appropriating a larger sum of money under the code account that we had already established. I think there was a \$10,000 figure. If you remember, I had raised that issue when the vote was taken and we were not able to override the Mayor's veto.

None of this is going to mean a hill of beans, quite frankly, unless five members on this City Council who want an attorney are willing to meet, work together, and stick to our guns. I want to see a time established by the Council President where we can meet and discuss this issue of the legal advisor. I'm not saying meet in secret; we can meet right in this room and the media is invited. But we should have a meeting where the five people, especially, who want an attorney can meet and figure out what is the best strategy to develop to get what we want. Personally, I think we should stick to our guns and we should hold up something that the Mayor wants until such time that he yields to our will.

I think it's very clear statutorally that this Council has the power to have its own legal advisor. I'm disappointed that some of the members of Council

who are not part of the majority wouldn't at least afford the opportunity of the rest of us to have what we want; I think its democratic. But until there are five people who are willing to stick to their guns, we're not going to go anywhere.

So, I'd like to see Mr. Woods' resolution untabled and discussed but I would also like to see us set a separate time to discuss the issue of how we can best get the attorney. This calls for a strategy session on how we can get what we want. I'm saying none of this is going to mean a hill of beans unless we're willing to stick to our guns and hold up something the Mayor wants.

**The Chair:**

It seems to me we've discussed this back and forth for weeks now and nothing more can be said about it.

**Michelle Madoff:**

For years, Madam President; for year.

**Mr. Coyne:**
